MAD LOVE OF A MARRIED MAN

Passion for His Servant Girl Leads to Terrible Tragedy.

PRESISTENTLY CHASED HER EVERYWHERE

Shot a Girl Who Spurned His Passionate Attentions on a Philadelphia Street and Turned the Weapon on Himself-Both Dead.

PHILADELPHIA, May 10.-A terrible tragedy was enacted on the sidewalk in front of 36 North Seventh street at 9 o'clock this morning, in the presence of a throng of passersby, by August Tepper, manufacturer of novelties, aged 36 years. He shot Clara Herhold, alias Schmidt, aged 26 years, twice in the right side and then sent a bullet into his right temple, dying almost instantly. The girl was removed to a hospital, where she died half an hour later without having regained consciousness.

Rejected love led to the tragedy. Tepper is a married man and lives at 313 Noble street, with his wife and family. He was desperately in love with the Herhold girl, but his advances were coldly received. The girl came from Germany about a year ago, and went to live with the Tepper family as a servant. Tepper's attentions became so an noying to her that she left the place about a month ago. Topper's annoyance of the girl did not cease and the latter part of last week she went before a magistrate and swore out a warrant for his arrest. She had no money to pay for the warrant, however, and Tepper continued to annoy her. Miss Herhold, who was a tailoress, left her room about 8 o'clock | \$1.78, this morning to go for work which she was | Lac to take to her home. On her way back Tep-per met her at Seventh and Noble streets The couple talked earnestly for a few minutes and the girl started to move away from him. She had gone but a few steps when Tepp:r produced a 38-caliber revolver and pointing at her stomach fired. The girl fell to the sidewalk and while she was lying there Tepper again fired. Both bullets took effect in her right side. After assuring himself that his victim was beyond human aid he coolly ed the revolver to his right temple and pulled the trigger. The man dropped dead on the pavement within ten feet of the girl. Tepper's body was taken to his former home, but his wife refused to receive it and It was taken to the morgue.

Burlington Stirs Up a Hornet's Nest in the Western Association. CHICAGO, May 10 .- The attempt to rerganize the Transcontinental Passenger asociation assumed definite form today, and there is on the surface no reason why the effort should not be successful. All of the ines interested were reported at the meeting, all announced themselves as being in favor of the reorganization and no line was able to give any reason why the reorganiza-tion should not be started at once. After ome discussion it was decided to appoint a committee to draw up a plan of reor-ganization, which is to be submitted to the general meeting not later than May 23. The committee consists of representatives of the Canadian Pacific, Northern Pacific, Great Northern, Union Pacific, Rock Island, Atch-

on and Southern Pacific.
Whatever the committee agrees upon is very sure of adoption, for the committee comprises nearly all the lines interested in he transcontinental traffic.

Yesterday the western lines in solemn onclave decided that after May 19, there would be no more demoralized rates, whether on account of the homessekers' excursions or for any other reason. Now there is every probability that not only will the regular summer tourist rates be slashed right and left, but that regular rates as well will beof \$5 per ticket instead of \$2 per ticket, as agreed on by the western lines. The Burlington circular related particularly to Colorado business, and today a secret conference of other lines interested in Colorado summer tourist business was held, and the decision was reached that unless the Burlington promptly withdraws its offer of a \$5 commision they will reduce the regular summer ourist rate to Colorado points by \$5. This row vill, without doubt, again postpone the reorganization of the Western Lines Passenger association, which is scheduled to begin next week, and there is a strong probability that the demoralization will become widespread

McBride as Representative of the Railway Strikers the Medium of Payment-Came from the Operators-Story of the Whole Transaction.

COLUMBUS, O., May 10 .- The investigation by the trades and labor assembly of this city of charges preferred by Mark Wild against John McBride being absolutely secret the following, from an outside source, is reliable, appearing in black and white, and does not violate any confidence. It has been given to the committee. It has reference to the \$600 which was given to Mark Wild by John McBride, and which, as claimed by Wild, was a bribe. He, as a Debs man, was, or had been, leading a strike of Hocking Valley railway employes. The coal miners' strike had been settled and the miners had returned to work when Wild's

men stopped the coal trains.

The facts, as given to a representative of the Associated press, are that the money was raised by Mr. Morris of Cleveland and of the Morris Coal company, after the railway strike had been settled, and in consideration of the fact that Mr. Wild had advised a settlement without regard to himself, and with the full knowledge that he should not be reirstated by the Hocking Valley Railway company. The railway company had refused to listen to him and he had John McBride go to the company in behalf of the railway

The coal operators entertained the opinion that such a disinterested act was worthy of a reward and that it would be wrong to permit circumstances. The state board of arbitration committees, composed of business mer of Columbus, also substantially endorse this action. The subject was spoken of at a public meeting in Nelsonville, so that there was no effort to cover the matter up. Mr. Morris handed the money to McBride for the reason that the latter represented the railway strikers and was therefore the proper channel through which the money should pass. The money was promptly turned over to Wild, who has never denied, but admitted having received it. The foregoing is a complete history of the many charges filed against McBride. Prearranged deal to surprise the boy folks.

Extra two prices beginning today-One-fifty for those all wool \$2.25 suits and Two-fifty for the black or blue cheviot we usually get \$3.50 for.

You save-let's see-but 75c on one and \$1.00 on the other. Apparently very little, but a good deal. Twenty-five cents less an former price and at least 75c more on what you'd pay to some other store for a suit like it-makes \$1.50.

Double breasted light or dark grey-all wool serge The-two-fity were \$3.50 and as good as any \$4.50 to be had. Also double breasted-black or blue cheviot-warranted colors.

Both of ages 4 to 14.

Tell you how many we have today. Precisely 250 suits of each. Don't know how long they'll last. Put in your appearance early, if you want any at all.
