A good Saturday afternoon growd witnessed the first tilt between Omaha and Jacksonville at the Charles Street park yesterday afternoon. It was a flercely contested game and belonged to no one until the fast man was out There was any amount of good hitting and brilliant fielding and baserunning-in fact, the game fairly sparkled with good things from start to finish. Uncle David's boys got through with but a single blunder, a high fly misjudged and muffed by Ulrick. Aside from this their work was of the gilt-edge kind. The Jax also played ball. Their hitting was terrific and their fielding marred by

Balsz was in the box for Omaha. He was wild as a hawk and presented the Illinoisans with no less than eight bases on balls. Eagan relieved him in the eighth and finished out the game in masterly style.

Swartz did the twirling for the Jax up to the eighth. He was also wild and was displaced to give O'Connor a show, and he got it. On three singles, two bases on balls and two men hit by the pitcher Omaha piled op six runs and clinched the game. It would have been better judgment to have allowed Swartz to pitch out the game. He was just getting fairly warmed up, and when he got out of the game it was a tie, with everything looking favorable for Devinney's gang.

For the first time this season Mr. Warde was a little bit lax in adjudicating the fine points of the game, but both sides suffered about alike, and on the whole his work was far from bad. Umpires, like players, have their off days, the very best of them.

This afternoon there will be two games or one admission. Both teams were anxious to play off Friday's postponed game, and Captains Hutchison and Devinney were not long in coming to an agreement. The first game will be called at 3:15 and the second immediately after the completion of the first Darby will do the pitching in number one for Omaha and Carrish in the second game.

Manager Rowe has added another strong man to the team in the person of young Nattress, who has been playing third for Kansas City. He will arrive here tomorrow and go right into the game. Nattress is a superb fielder, a good sticker and a very promising all round man, and will go a long way toward rounding off Omaha's team. The

GATE CITY CLUB WINS HANDILY

Omaha Cricketers Meet a Tough Proposition in Neal's towling. The Omaha and the Gate City clubs tried conclusions on the grounds of the former yesterday afternoon, with the result that the latter club was victorious by the small margin of sixteen runs.

For its victory the Gate City club deserves all credit, as yesterday's game was won on its merits. The batting of Tuffield and the bowling of Neale may be said to have done the trick, as both these players in their different ways covered themselves with Tuffield's 31 was put together in firstclass form, while Neale's nine wickets speak for themselves. For the Omahas, the long stand made by H. Lawrie, the batting of F. H. Hilditch and Rev. J. P. D. Liwyd and the bowling of G. H. Vaughan were the features of the

DATE FOR CITY TENNIS TOURNEY

Games Will Open Saturday, June 1, Entries Closing on May 30. Two weeks from next Saturday has been fixed for the opening of the city lawn tennis tournament. The state tournament for singles begins on June 10 at Lincoln, and it was, therefore, necessary either to have the local event earlier than usual or postpone the conclusion of it until so late in the season that many people who would wish season that many people who would wish either to take part in the competitions or watch the play might have left the town for the summer. For that reason the tournament committee has decided that it would be better to begin the tournament on Saturday, June 1. The entries will close on May 30 and the drawing will be made on the evening of that day. Names should be sent as early as possible to the secretary of the evening of that day. Names should be sent as early as possible to the secretary of the club, Mr. G. E. Haverstick, at the United States National bank. In the singles event the weaker men will have the same chance of carrying off the prizes as the stronger, for every competitor will be handleapped according to his merit.

A meeting of the members of the club will be held, probably some night this week, to fill a vacancy on the executive committee and for other purposes.

The game was stopped in the fourth inning on account of rain; therefore it was no game.

NO PRESENT RECORDS WERE IN DANGER

None of the Men Showed Up to Form, but All Were Well Matched and the Trials Were Very Interesting.

PRINCETON, N. J., May 11.- 'Varsity field has never looked to better advantage well paid for their journey, for excellent racing was seen. The new betting rules were somewhat of a punzle during the first race, but after this there was little trouble, for the men who were known placed their betting on the credit system and the betting ring was a thing of the past. Five went in the first race, and, although Primus fell at the last hurdle, the jockey was quickly on his back again. Lafayette led in the last haif mile, and then had to be content with third place, as Sayonarola came up at the end and won easily. In the second race Hiawasse let for two miles, Pat Oakley and Oakwood going well behind, until the water jump, when Oakwood got over nicely, but stumbied and threw his jockey. In the last half mile Oakley came away and won easily. The St. Nicholas hurdle handicap had a good field, with than it did today when the athletic team picked from the crack men of the University of California, which reached here from the west a few days ago, defeated the Princetons by a score of 61 points to 51. The wearers of the California blue and gold were looked upon as being very dangerous by all those who saw them in practice here. It was generally conceded they would take first and second bonors in the hurdle races, the jump and the 600-yard race. Bradiey was looked upon to take the mile and a half and mile runs, but before the games began Manager North stated Bradley had been called away to Philadelphia last night, and was not in good condition. He also said Dozier was not in good condition either. On the other hand, the students claimed that there could have been selected a stronger team from among those eligible to compete, and said the orange and black had better men than some of those whose names were on the program. Some thousand collegians and visitors, many of the latter being of the fairer sex, were gathered on the stands when the first event was

The weather was excellent. Although the sun's rays were too warm for the runners, a gentle breeze began to blow across the fields, which made the day a most beautiful one. The running track and infield were pronounced by the contestants to be in splendid condition, but, as the result will show, not one of the men equaled his previous best record. As the visitors had only one man entered in some of the events it was arranged to score five points for first place and three for second in each contest. WHY THE HORSES WERE SCRATCHED Dick Croker Explains the Action of Himself and Dwyer.

(Copyrighted, 1895, by the Associated Press.) LONDON, May 11 .- In sporting circles there is much comment on the fact that all of Mr. Richard Croker's 2-year-olds, except Montauk, have been scratched and that not one of Mr. M. J. Dwyer's horses will race again until August. The announcement on Thursday last that Harry Reed and Stonenell were scratched for the Jubilee Stakes caused much sur-prise. This was the first big race for which the American horses were entered and it is one in which they would have met some of the English cracks, including Avington, Ravensbury, Throstle, El Diablo and Priestholme. Mr. Richard Croker yesterday in notifying the Associated press representative at Newmarket of the scratching of the American horses, said: "We consider that the American horses were not exactly fit for hard work. Understand me; they are in good condition, but we are obliged to admit they are somewhat weakened by the voyage and not yet climatized. We want them to be up to their work, which at they are not. Our horses will not start in any more races until August 1, and then we intend to keep up our end thoroughly. We may be disappointed in the result, but we will at least have a

good deal of fun." GREAT CROWDS WATCH WHEELMEN

his jockey. In the last half mile Oakley came away and won easily. The St. Nicholas hurdle handicap had a good field, with St. John as the favorite at 7 to 5, and Judge Morrow second choice. The flag fell to a good start and Morrow at once took the lead. None of the others seemed able to head him, with the exception of Red Cloud. The two cleared the last hurdle abreast. Morrow, however, stumbled a bit and finished second by half a length, both horses being all out. In the New York steeplechase handicap, Iron Duke was heavily backed, closing at 9 to 5, with Rodman second choice and The Peer third. There was a good start and Iron Duke took the lead at once. He was badly ridden and fell at the last hurdle. Ecarte fell in the first round. Lady Raymond and Rodman were well together up to the last haif mile, when they were challenged by The Peer and Rodman gave it up. The Peer could not pass the speedy mare, and she won by a short head in the hardest kind of a drive. Rodman third, beaten off. Results:

First race, eleven-sixteenths of a mile, six hurdles: Sayonarola (3 to 1) won, La Fayette (8 to 1) second, Winship (late Columbia) (6 to 5) third. Time: 2:53.

ST. LOUIS, May 11 .- The opening day of Once again will the college yells re-echo the St. Louis Fair association spring meetaround the university park as they did last ng was attended by a concourse of people Thanksgiving day at the foot ball game when umbering 12,000, who braved the elements the Nebraska State university won the cham pionship of the Western Intercollegiate association, for Omaha is to be treated to a series of college base ball games.

The yell of the Nebraska State university

"U-U-Uni, var-var-var-si-ty, Ne-Ne-Nebraski, Oh-My! The yell of the University of Michigan is 'U of M. rah! rah! rah! rah! U of M, rah rah! rah! rah! Hoorah! Hoorah! Michigan Michigan, rah! rah! rah!"

ing was attended by a concourse of people numbering 12,000, who braved the elements and shivered in the cold, boreal winds. The track was dusty, and from the half to the three-quarters poles each race was a typhoon in which the hindermost horses were completely enveloped and lost to view. The event of the day was the Inaugural, a handicap sweepstakes for 3-year-olds and upwards, the winner pulling down something over \$5,000. The distance was one mile. Dr. Hasbrouck was the favorite among the knowing ones until his name was scratched, together with that of John Cooper and David. Chris Smith's entry, 'Yo Tambien and Urania, quoted at 9 to 5, was much liked. Urania was to have set the pace and Yo Tambien was to have set the pace and IV of the seme unaccountable reason O'Connel carried the most money at the same figures. O'Connel, with McDonald up, was left riderless at the half-mile post, the bridle having broken and the Jockey fell to the ground. The horse came in second to last with his gearing and caparison dangling between his legs. Yo Tambien had a poor start and did not get in the builth until reaching the head of the stretch. Libertine got away well and set the pace for the field, defying any of them to overtake him, and finished easy, with the Kendall stable's entry close up for the second. Twenty-two books were opened. Summaries:

First race, five furlongs: Magnet (10 to 1) The University club of Omaha has not adopted a yell as yet, but there is no doubt that when the excitement of the game is on that some of the many witty beelers will bring forth something original. The first game will be next Saturday, May 18, with the Nebraska State team, and the local team will try to get back at them for the when she was beaten by the 'varsity boys

last year with Barnes in the box.

The next game will be with the University of Michigan on Tuesday, May 21, and as Abbott, Crawford and Jefferis were formerly members of that team of course it will be played for all it is worth. Michigan has won entry close up for the second. I wanty to books were opened. Summaries:

First race, five furiongs: Magnet (10 to 1) third. Time: 1:0134.

Second race, five furiongs: Beau Ideal (7 to 19) won, Virginis Dixon (6 to 1) second, Ida H (6 to 1) third. Time: 1:035.

meager. The only object of the raid was to prevent the selling of pools, there being no attempt to interfere with the racing proper. The bookmakers, warned by their experience of yesterday, hoisted no blackboards today. Only four arrests were name. They were of men who had been selling pools on, the quiet, "making private beta," they called it. All four were bound over to the district court, to appear at the time the cases for offenders are called on Tuesday. This was the last day of Hawthorne's turn at the public, and Menday Harlem will open for its share of sport and trouble. President Baker of the Cive Preserving at the University of Michigan Base Ball club, will have all sorts of unpleasint things some to them. Edward Corrigan of Hawthorne is roused by the raid n.tile in his track yesterday. He declares that the public morals are no more affected by bets on horses than by speculation in grain, and that President Baker not been president of the Board of Trade for nome time, and its popularly credited with having been on the sweet side of the recent buil moveners, when wheat went from 56 to 64 cents. Public morals, Corrigan things, woull be greatly improved by the arrest of the directors of the Board of Trade as comment gamblers.

PREDICTIONS COME TRUE,

Accepted by the People With Unbounded Gratitude.

> RAIN WATER MAKER -13-

THE ACME OF

There is no doubt regarding Kirk's Rain Water Maker." The prediction was made that this wonderful preparation would be used in every household. This statement was not made in vain, as it has become a household necessity, and good housekeepers are never without a package of "Rain Water Maker," for it saves money and lessens the labor in all kinds of washing.

Its Worth Symbolized on the Package.

"Rain Water Maker" is symbolized by the savage on the package to its package and true meaning. To all those who are familiar with the works of that romantic novelist, Rider Haggard, this figure becomes manifest at once. The Rain Maker of Central Africa pretends to be to his superstitious people what Kirk's "Rain Water Maker" really is to the civilized world-a wonder. The rain making savage invokes the clouds to give forth rain so that the drouth stricken valleys may prosper, while "Rain Water Maker" revolutionizes the preparation of all waters so that the true system of economy in washing may be accomplished, to the benefit of the universe, while the public is given an article that in rality ushers in a new era in all washings.

"Rain Water Maker" will soften the hardest of waters, making all waters velvety and pliable. It will also hold colors from running in printed goods, such as calicos, etc. It is also invaluable for washing flannels and woolens, as it will positively prevent shrinkage. For the bath "Rain Water Maker" is exquisite, as it accelerates the action of soap to remove any superfluous excretions that may adhere to the body.

Paul Meyen, residing at 1452 South Sixteenth street, Omaha, Neb., an expert on water, having experimented on all kinds of water, especially the alkali waters found in the west, says: "My wife and I have made some thorough tests of Kirk's Rain Water Maker and find it to be the finest thing I ever saw. We followed the directions carefully and obtained the most astonishing results. We have had a wide experience in washing delicate fabrics with delicate colors and could never find anything to prevent the colors from running before without using expensive chemical preparations.
