SPRINGFIELD, III., May 19.—(Special Telegram.)-Two thousand people witnessed spirited game here today between Omnha and Jacksonville. At the end of the third inning the score stood 3 to 1 in favor of Omaha and odds were heavy that the western men would make it three straight from Jacksonville. The latter team, however, sprang a surprise in the fourth, securing from Darby two singles, two doubles and a triple, which netted four runs. In the last half of this inning Omaha tied the score, but at that stage her run getting stopped abruptly. Jacksonville scored two more in the fifth by timely hits, and still another two in the eighth on good stick work and a series of errors by Omaha. Jacksonville secured nine singles, three doubles and one triple and made four errors. Omah's hits were seven singles and two doubles. Her six errors were costly. At his first time at bat Don nelly, who is a Springfield boy, was presome bouquet by local admirers. Score: Jacksonville 1 0 0 4 2 0 0 2 0-9 Omaha 0 1 2 2 0 0 0 0 5

Preparing for an Energetic Commercial Campaign in the Northern Part of the Enemy's Vast Empire-Some Opposition to Overcome.

WASHINGTON, May 19.-The latest budgets of mail received at the Chinese, Japanese and Corean legations at Washington give much space to the changed conditions resulting from the war. Lord Li, son of Li Hung Chang, is expected to be the new Chinese minister to Japan. The peace settlement will soon be followed

by a restoration of diplomatic relations. Mr. Otori, now a member of the Japanese privy council, is mentioned as a probable minister to China. He was formerly minister to China and knows the country thoroughly. In an interview he tells the Japanese that having need much tact to carry on trade with the Chinese. He says British merchants have aiready pretty weil occupied Southern China, which is the best field, so that the Japanese had better turn their atetation to Northern China, where the markets are comparatively untouched, although they supply millions of natives. He gives the details of Chinese trade, showing among other things that the natives never pay cash for goods. They are

Quiet has been restored and the armed guards have been withdrawn. The trouble followed the rebellion of the Tonghaks. In suppressing them the government used great severity. STORY OF A TRAVELER.

A traveler who lately returned from the disturbed districts reports that wherever he vent he saw houses burned, corpses of people murdered and towns desolated and abandoned. This brought on mob agitation, which threatened Seoul and led to the armed defense of the legations. The authorities at Seoul are that they will be decapitated. The influence which Japan is now exerting in the modernizing of Corea is indicated by the formation of a court council to look after that section suffering from the recent outbreak. Of this council of six members there are three Coreans and three Japanese. The govern-ment of Corea recently devised an unique means of raising much needed revenues. Observing that Japan was making heavy de-mands on China, and that China was not in condition to resist, the acting minister of condition to resist, the acting minister of public works of Corea suggested to Count Inoy, the Japanese envoy, that Corea should also put in a claim for damages against China. Hearing that China's arbitrary course had brought on the war, and as Corea had many calamities therefrom, he urged also that he should personally undertake the duty of negotiating and of meeting Li Hung Chang at Shimoneseki, where the Japanese-Chinese terms were then being arranged. Couny Inoy discouraged the project and it was not executed.

What President Hill of the Great Northern Sees in the Japan-China Peace,

NEW YORK, May 19 .- President James J. Hill of the Great Northern rallway, who arrived from Europe yesterday, conferred with the Northern Pacific reorganization committee and then started for Chicago, Previous to his departure he said in an interview that Collis P. Huntington did not put the 10 per cent estimate KEEP AWAY FROM HOUSTON on increase in business a bit too high as a result of the deal between these two companies. Rates will be put up slightly all along the line and many expenses cut off. Moreover, it means that the Canadian Pa cific will be given a lively race in the building up and development of the northwest President Hill expects much from the town of Great Falls, Mont., as the Pittsburg of the vest, and should Tesla succeed at Niagara Falls in making steel from iron ore by electricity, as he says he will soon, the Montana metropolis will become one of the great industrial cities of the northwest, with its contiguous coal, iron and silver mines,

"Will not the Canadian Pacific be a dan gerous competitor?" he was asked. "Not in the least," answered Hill. "We can compete with any transcentinental line in the matter of fast time. We have nothing to fear from Canada." Speaking of the proposed new line of steamships between Japan and the Pacific coast, Hill said: "Now that the war between China and Japan is virtually over I expect that there will be a big industrial development in those two nations and the United States will have as a consequence good deal of business with them. If such line of steamships is established it will have to have new ships for fast service. like the Atlantic liners, and of course that would take some time. But it will come."

"What is the general feeling toward Amer-

ican rallways in Europe? The present European buying seems to me to be the result of investors having more funds on hand than they knew what to do with. There has been overspeculation in Africa and a great many millions sterling have been made in Africa in mining enterprises. Hence the people are looking for places to invest their profits. It is very difficult to get good European securities, so they are driven somewhat relationship to invest in our stocks and what rejuctantly to invest in our stocks and bonds. Of course this does not apply to American securities that have always stood well, but to those that have been more or less questioned by investors. THE PARTY DAMES NOTED AND MY STREET

Last night andience at Boyd's was much more like a New York audience than the usual gathering of theater goers seen in an Omaha play bouse. It may have been "The Country Sport" which excited those in front to a pronounced show of enthusiasm, but judging from the well considered applause, it seemed to be resore the appearance of old favorites in disc, cast than the play itself that caused wave on wave of pleasure to show how good directly satisfied were the auditors over the work of the clever company of players appearing in "A Country Sport." If anything the farce-comedy is stronger than when first seen in Omaha last season The supporting company is certainly much more wisely selected, the additions to the cast adding strength to McNally's well and brightly written up-to-date farce.

In addition to her old songs, as the night with a neighbor who lives two miles "Mamle, Come Kiss Your Honey Boy," which has brought her as the composer large royalties, she introduced a number of bran new songs, which won pronounced recognition. Andrew Mack is a force in the company, and his specialty in the second act placed him among the top notchers. The next day Miss Armstrong's father went the house to bring her home and was alarmed to hear that nothing had been seen of her. Mr. Armstrong alarmed the neighbors and a search was made. The woods were scoured and the Suwanee river dragged. Finally about midday, between the home of Armstrong and the neighbor's house, the handkerchief of the girl was found clinging to a bush, and all around were evidences of a desperate struggle.

FOUND THE GIRL'S BODY. The searchers followed the trail thus indicated, finding all along that the girl had been dragged into the woods. After proceeding for a mile the corpse of Miss Armstrong was found in a thick clump of bushes. The body of the girl was in a horrible condition. Every shred of clothing had been torn from it and she had been assaulted. The lower limbs had been torn apart, her head crushed and her throat cut. It was evident that the girl had made a desperate fight, for under her nails were found pieces of black cuticle, which she

had torn from her assailants.
Sam Echols was suspected and threatened with instant death unless he confessed. He did so and implicated Sim Crowley and John Brooks. Echois said they kept the girl for twenty-four hours before killing her, forcing her in the meanwhile to repeatedly submit to the most horrible indignities. For the greater part of the time the negre said Miss Armstrong was unconscious. Jeride Shivers Drowned for Taking Advantage of a Girl. MONTGOMERY, Ala., May 19.-About a nonth ago Jerido Shivers and two other negroes enticed three young daughters of a white farmer away from home in Coffey county and detained them in the woods for a week. The girls finally made their way home again, but the rascals who led them off could not be found in spite of a diligent search made for them. Last night, however, it was learned that Shivers was in a certain house quietly organized last night and went there not far away. A rope with a sinker was tied the river and drowned. The other two have

MEMORIAL DAY ORDERS.

Instructions to Union Veteran Legion as to Observance of the Day. Official orders of the Union Veteran legion with reference to Memorial day have been

with reference to Memorial day have been issued as follows:

Comrades, once more the time has arrived when we are called upon to strew the flowers of spring over the graves of our departed comrades. In decorating their graves we should consider it not only a sacred duty to those that have gone before us, but a duty that we owe to ourselves in teaching those great principles of fraternity, charity and patriotism to our children and grandchildren, for the time is not far distant when we shall have answered our last roll call and passed over the dark river into that undiscovered country beyond the grave, when they will be called upon to perform the duty now devolving upon us.
Comrades, our Great Commander above has been exceedingly gracious to this encampment since its organization in 1892, having called but one of its members to answer his last roll call, Comrade John Lindsay, our late color bearer, and in order to pay a fitting tribute to his memory, not only on account of his record as a faithful soldier during the war, but also on account of the great esteem in which he was held by his fellow comrades of the Union Veteran legion, it is therefore ordered that as many as can attend, will meet on Memorial day at the lirex-l hotel at 8 a. m., sharp, to proceed to the Forest Lawn cemetery and decorate the grave of our departed comrade.

In accordance with the action taken at the last assembly of the encampment, the ssued as follows:

sharp, to proceed to the Forest Laws center tery and decorate the grave of our departed comrade.

In necordance with the action taken at the last assembly of the encampment, the comrades will bring with them all the flowers they can procure, and, as far as possible, use their own private conveyances; those residing in the northern part of the city will join enroute at or near Fort Omaha at about \$230 ofclock.

The quartermaster will provide the necessary flags from those now on hand and the transportation as directed by the encampment at the last meeting.

"The Daughter of the Encampment" will accompany the comrades to take part in the ceremonles at the grave.

Should the weather be such that it would make it impossible to go to the cemetery on Memorial day, the decoration will be postponed until some future time.

The next regular assembly of the encampment will be held on Saturday evening. June 1, at which time there will be important business brought before the encampment, and muster in of new members will take place. All comrades should endeavor to be present at this meeting. By order of Colonel Davis.

Petition for His Reinstatement as Chief of Omaha's Police Force Coming.

Last evening at roll call something in the nature of a surprise was sprung on the night shift of the police force, and some of the members are still wondering what it means. Astounds the Public and the Medical The surprise party consisted of General Lowe who came into the station a few minutes after 6 o'clock and asked permission from Acting Chief Mostyn to address the men. Mostyn discovered what he wished to say he granted the permission, and a few minutes later the men were called together in the court room.

General Lowe stated in course of his remarks that there was now prevailing among the citizens of Omaha a sentiment that W. ville, Fla., to the Republic, says: Three ne- S. He said that some time ago charges swamp on the Suwanee river by white men against the character of Seavey were given they were flayed alive and then burned, after might be thoroughly sifted Seavey had asked to be suspended from duty pending an investigation. The investigation was held and the charges were not proved. This being so, General Lowe said that Seavey had the right to demand that he be reinstated, but that he did not do so. But the citizens of Omaha. continued General Lowe, feel that as these charges were not proved, and as Seavey performed the duties of his office in an upright nanner, he ought to be reinstated as chief.
A pelition to that effect is to be presented to the Board of Fire and Police Commis-

In order to help this movement along, General Lowe said that he wished to present a petition to the police force for signatures. a petition to the police force for signatures. It could be regarded in the nature of a graceful testimonial to the retiring chief under whom they had worked. It was short and stated in effect that the signers had always found Chief Seavey upright, honest always found Chief Seavey upright, honest always found the discharge of th and stated in effect that the signers had always found Chief Scavey upright, honest and fearless in the discharge of his duties. General Lowe asked that all members who could sincerely do so, and who felt that their able and efficacious as his guaranteed rheu-interests would not be injured by doing so, to matism cure. Through the free distribution sign the paper.

After reading the petition, which stated, in effect, that the signers had always found Chief Seavey an upright and fearless official, General Lowe asked such officers as wished to sign to do so. Captain Mestyn was the first to affix his signature. Although some hesitation was evident, during which the officers were probably meditating on the ef-fect of putting their names to the paper. all, with the exception of two, followed Mosyn's example. After the paper had been signed a reporter

for The Bee aproached General Lowe and requested a copy of the petition. He declined o give it, saying that, although for his own part he was willing to give the copy, he did not think it was the part of propriety do so until the paper was presented to t Fire and Police commissioners. He also stated that he did not think he could give a copy and do justice to the police departments. Being asked if it would do any harm to the movement to give publicity to the peition, he said it would not, but that it would ot be proper. He said that when he was addressing the department he thought he was doing so privately, and further remarked that he hoped to keep the matter quiet until it was brought before the Fire and Police

The paper is to be presented to the day hift of the department this morning at roll call for signatures. It will be presented to he meeting of the Board of Fire and Police commissioners tonight.

from Dickinson, Grand Forks, Minnewaukon, Jamestown, St. Johns and Neche, N. D., indicate that the frost of last night was the severest in many years. In some places les formed to the extent of more than an inch Young wheat is frozen off the ground in many localities. One estimate places the damage as high as 70 per cent. This, however, is believed to be an error, as wheat frozen down so early in the season generally grows up again from the roots. Corn is believed be ruined. There is a heavy frost in Minnesota tonight which is especially sever in the northwestern counties. It cannot be known until tomorrow how serious is the I jury. The frost of last week is known to VALPARAISO, Ind., May 19.—A number of farmers will this week plow up their wheat and plant corn. The freeze last night killed all corn which was up, and a number of farmers are replanting.
