THE PATH OF MURTOGH.

BY HAROLD FREDERIC. CHAPTER III. (Copyright, 1895.) A young woman of the rarest beauty, tall and slender, and with the carriage of a great lady, came into the chamber and moved across to the high, carved chair which Murtoogh made ready for, and seated herself upon it as upon a throne.

They departed alive. For what cause should I go to them? Let the king of Spain tell me what it would be in his mind to do in my behalf when I did this thing for him.

Murtoogh, before he took his seat upon the throne, told her the Spanish name, and explained to her his errand. The Spaniard, bowing himself low, sank upon his knees before her, and kissed her hand.

Beautiful lady, the Spaniard said, I learn only now the power our language spoken by such lips, may have to enthrall the hearing. Condone my error, I pray you, but I caught from Father Donatus that you were this strong chieftain's wife, and I see that you are his daughter, and even that is strange, to look upon him and you.

And my wholly trust, she asked the Spaniard, who had been so long outstretched to secure silence for the thought that stirred within him—ask if the Holy Father would be granting just one spiritual favor I would crave of you, my lord, the king of Spain to that?

And my wholly trust, she asked the Spaniard, who had been so long outstretched to secure silence for the thought that stirred within him—ask if the Holy Father would be granting just one spiritual favor I would crave of you, my lord, the king of Spain to that?

CITY COUNCIL PROCEEDINGS.

Decided that the Eleventh and Sixteenth Street Viaducts Be Repaired at Once. RAILROADS WILL BE ASKED TO DO IT IF THEY FAIL TO ACT THE WORK WILL PROCEED AND THE COST BE ASSESSED—Committees to Secure Better Water Pressure Appointed.

It was determined by the city council last evening that the Eleventh and Sixteenth street viaducts shall at once be repaired. An effort will be made to get the railroads to bear the original expense of the work, which is to be under the direction of the Board of Public Works, but if they refuse the work will be done by the city and the costs assessed.

Ordered by resolution by introducing a resolution instructing the Board of Public Works to proceed at once with the repair of the Eleventh and Sixteenth street viaducts, the costs to be borne by the railroad companies proportionately whose tracks run under. The board is to give the railroads ten days' notice of the city's intention to make the repairs, and if no action is at the end of that time taken by them the board is to proceed and the costs are to be assessed against the railway companies.

The resolution was unanimously adopted. A resolution by Back was also adopted instructing the Board of Public Works to furnish an estimate in a week of the cost of the repair of the Eleventh and Sixteenth street viaducts.
