IOWA VISITORS TO HAWAII

Major and Mrs. Higley Make Observations Reopecting the Pacific Ocean Republic.

PRESENT GOVERNMENT ONLY TEMPORARY

Desire to Come Under the Bauner of the United States General-What Japan May Do-Some Points Regarding the Natives.

Major Mortimer A. Higley and wife of Cedar Rapids, Is., are in the city visiting at the home of F. A. Nichols on Spencer street. They are just returning from a trip to the Hawaiian islands, for the past four months having spent a delightful trip through the paradise of the Pacific ocean. "God might have made a more beautiful country," as Bishop Berkley says, "but he did not," remarked the returning pilgrims to the famed islands of the mid-Pacific.

The government of Hawaii, Major Higley says, is copied after that of the United States. "They have a thoroughly organized republic in every particular. But the more ional necessarily. The sentiment in favor of annexation is strong. The most kindly feelings are cherished toward the United States among the natives, as well as the rest of the population. I predict that if the United States does not annex the islands Japan will. You know what the effect of the late war was on Japan. It made her jubilant and self-confident. She has 40,000 allies in the island in the persons of Japanese who have settled there. Besides, the Japanese are restless under the Hawailan govrnment, because the government does not allow the orientals to participate in not allow the orientals to participate in affairs. The balance of the population, however, are allowed to vote. They are only placed under a property and educational qualification. Yes, I think that if the United States does not take control of the islands during the course of the next administration Japan will. But I think that the Hawailans realize the complexity of the the Hawaiians realize the complexity of the problem and are in favor of coming in as a territory, and not as a state. President Dole of the republic told me that he is in favor of annexation, and many of the most prominent royalists are also, including Cummings, the leader of the rebellion, who is now under \$30,000 bends, and the English guardian of Princess Kaulani, who has been pronounced royalist, has lately expressed himself to the effect that annexation is the only salvation for the islands. In the United States we have many Hawaiian exiles. They are unanimously in favor of annexation, as it would result in the restoration of their

PRESIDENT DOLE. President Dole is described by Major Hig-ley as a quiet, unassuming gentleman of New England extraction, though born in the pares him to S. H. H. Clark of the Union Pacific. During the rebellion his bravery was severely tested. When the govern-ment house was being attacked President Dole boldly faced the crowd of insurgents. He is a man of broad views who realizes the impossibility of the Hawaiian islands sustaining their independent position and consequently he favors annexation.

Major Higley speaks in high terms of the

Regarding the people of the islands, it and exceedingly good natured, happy-goeasy race of brown-eyed, black-haired people, for the most part well developed physically. A fat matron is their ideal of beauty. The native has, like the North American Indian, been willing to sell his rights to the whites, and they have consequently obtained control of most of the The wants of the natives are simfermented product made from the taro root, pasty in appearance, and holds the place in the islands that the potato does in

LIKELY TO EXCEL IN COFFEE. Major Higley speaks of a new industry springing up in the islands, which promises to eclipse the sugar industry. They raise a coffee berry called kona, which is today quoted 2 cents higher in the London mar ket than the Java or Mocha grades. The soil of the islands is of a reddish

color, and in the lower regions needs irri-This has been followed up exten-The land is a land of flowers, the lantania growing into a perfect weed to vex the agriculturist. Of the two important harbors. Henolulu

and Pearl harbor, Major Higley says that ing a special train at the Webster street the latter, twelve miles from Honolulu, is which the United States has a roadstead. In these two harbors all the vessels of the world could float. The importance to the United States of the Pearl harbor as a coaling station cannot be overestimated, especially should the Nicaraguan canal be built, as it then would lie in a park course line to Japan. The island is very anxious to have a cable constructed, and a San Francisco company, under General W.

Honolulu is described by the travelers as a place of about 25,009 population. The buildings are low. The school facilities are excellent, a Mrs. Bishop of royal lineage having several years ago left \$480,000 for the higher education of the native women.

WANTS TO RETURN TO HAWAIL

Claims to Have Known Nothing About the Late flevolution.

SAN FRANCISCO, June 2 .- H. M. Rooney. who was exiled from Hawaii after the recent aprising, has made public his complaints to the United States. He says he is an American citizen of New York, but has resided in Hawaii since 1879, where he was successively chief overseer of Spreckels' sugar plantation and business manager of the Daily Holomus, the royalist paper. He states he was ar-rested by the Citizens' guard after the rebel-lion, and that he was absolutely ignorant of the plans and purposes of the revolutionists. He claims he was kept in an unhealthy prison for thirty-two days and given just enough food to live on, finally being forced to consent to deportation in order to gain his lib-erty. His property in Honolulu has suffered by his absence. He desires to return to the islands and considers himself damaged to the extent of \$70,000.

AFFAIRS AT SOUTH OMAHA.

Rev. Dr. Wheeler on America's Greatest Danger Which He Calls Infidelity. Yesterday forenoon at 11 o'clock Rev. Dr. Wheeler, pastor of the First Presbyterian

church, preached a sermon on "Infidelity."

In brief, Dr. Wheeler said: A people in transitition from the bondage of Egypt to seats of power in the new government of Israel, from whose common wealth in future years should be given to men the wisest philosphy, the ablest jurisprudence, an unequaled military, art, science, painting, music and schools-that such a people should worship a golden calf is pitiable, and then sit down to eat and rise up to play, forgetful of all usual convictions, while the pillar of cloud trembled above them, a sign of God's faithfulness in leadership and protection.

unbelief. Our history is not less marvelous in its genesis, in present possession or in the expectation of future greatness, than that of the Hebrew nation. From the days of the Pilgrim fathers to the days of Grover Cleveland our has been a forward march, which neither foreign foe nor civil war could check, and drunken with the pride of our glory we are threatened with danger from the fruits of our disobedience toward God and contempt of his commandments. America's danger is from her refined and republic in every particular. But the more intelligent classes realize that it is provisional necessarily. The sentiment in favor wiser than to keep a holy Sabbath, and we make it a day of pleasure and dissipation. God's law of temperance and chastity in our superior wisdom we annul and by our system of license and fines fill our treasury boxes and bow down to the calf of gold, while our populous centers tremble under the weight of municipal corruption, fraud and extortion. It is time to return to the convictions of our God-loving fathers, for a nation that will make a race track or base ball ground on the burial ground of her heroes and take the hours set apart for decorating their graves to spend in animal pleasures and sensual sports is swiftly for-getting the God that brought them out of their political Egypt.

Magic City Gossip. This is the last week of school.

The big reservoir at Cudahy's is nearly Colonel Frank Ireland of Nebraska City was in town yesterday. Superintendent Paxton of the Union Stock

WAS A YEAR OF GOOD WORK

Anniversary of the Young Men's Christian Association Celebrated Yesterday.

INCREASED ACTIVITY IN ALL LINES SHOWN

Addresses by Rev. S. K. Jessup of New York and Major Halford - Leading Facts as to the Endeavor in the Departments.

The Sunday afternoon meeting at the Young Men's Christian association rooms yesterday celebrated the anniversary of the association Only one sin is potent enough to produce and aroused somewhat more than the usual such a result, and that is the sin of willful interest on that account. The board of directors occupied seats on the rostrum with the speakers, and the large auditorium was filled, in spite of the rain which preceded the opening hour.

Secretary Ober presided and introduced

Rev. S. K. Jessup of New York, who spoke briefly on "Character." He took the ground that his hearers, like himself, were all day laborers in this world. They were all building character. Upon how they built and materials that they used depended inything. Character was a bundle of graces. If they wished to leave an influence in the community in which they lived and a name that should be honored and respected they should so build their character that when trials came they should be able to bear them. The most important essential in this work of character building was the material of which the foundation was constructed. Of hese the most important were honesty, pernal purity, temperance and Christian A man might have any one of these virtues and not be a Christian, but he could not be a Christian unless he had them all. The anniversary address was delivered by Major Halford, who briefly reviewed the work of the last year and outlined what was to be attempted in the future. At the end of the year the membership roll of the association contained 1,236 names, of which 453 were those of active members. Financially the association had more than held its own in spite of the hard times and the outlook was very encouraging. The athletic features of the organization had been much improved. The new park at Twenty-eighth and Dodge streets was much more accessible than the old grounds, and an increasing interest was manifested in this department.
One of the most encouraging features of the year was the increased interest in the junior

ng, and they were uniformly enthusiastic The educational department was constantly mproving. During the year the various classes had included 317 members, and the lirectory was contemplating measures to

proaden the scope of this department. The religious work of the association had fully kept pace with its other interests. There had been an average attendance of over 300 at the Sunday afternoon meetings for young men, and these were becoming one he most helpful features of the work, bible classes and consecration meetings and had a vivifying influence on the religious tmosphere and were well supported. In the intervals between the addresses Me," and Mrs. Wilhelm sang "Come Unto Line."

NEW PENTECOST SADLY NEEDED Whit Sunday Sermon at the Church of the

Good Shepherd Last Evening. Rev. J. P. D. Llwyd of the Church of the Good Shepherd took for the subject of his sermon last evening "The New Pentecest." The substance of his remarks was as fol-

From one point of view the great fes Feast of Pentecost or Whit Sunday, repre-sent historic events which happened once at that time an employe of the Chicago through sparsely settled districts, and by such for all in ancient days in Palestine. another point of view enshrining an equal truth these festivals are ever repeated, both in the progress of the church as a whole and in the soul life of individual Christians. Pentecost is thus the remembrance past event, and also the reminder that the same face which then descended upon the waiting disciples of Christ is forever being ured out into souls prepared for its en-

When we examine the spiritual attainments of the disciples before Pentecost it is hard to see why any further equipment for their work was necessary. For three years they had been companions of Christ They had received from His lips the gospe to be preached. Their commission had been issued by Him. Within their souls His portrait lay as in a mirror. Engraved upon their hearts was the impression of His marvelous life. Scarcely any church in Christendom today would ask a grander educa-tion for its candidates for the ministry. The main features of the kingdom's organ ization and the plan of campaign had also been communicated to them by Christ. sentences them, in spite of all this, to wait for something further, some mysterious power from above, without which all else was inadequate. Not until the spirit was poured out from on high was the

armor of the church of Christ complete. The present age shows a remarkable parallel to this. Scientific discoveries have revolutionized our notions of the universe. The investigations of independent seekers after truth in every branch of learning have brought in a new knowledge. The church has been sometimes misguided enough to antago-nize such researches from fear least her truth might suffer, but experience has demonstrated the unwisdom of such policy. Far better to welcome these new truths and attempt the restatement of the old gospel in forms modified to meet the modern need. This attempt has been and is being made. The age of revision is upon us. The day of authorized versions is past. We have a revised and reinterpreted bib'e, a prayer book enriched in elements of devotion; im-possible creeds are being abandoned; the gospel is the same, yet stated in terms of present day thinking; salvation is no longer efined selfishness, but brotherhood. Everyhing in church life and church ways ex-emplifies the abiding presence of Him who forever making all things new.

This is a grand result, but not enough

n itself a readjusted church will never rival the conversions under Peter's electric words on the day of Pentecost. The one thing yet lacking is a fresh communication of divine energy. All is useless without the touch of the soul of God upon the soul of man. For this we wait; for this we ought to pray. And when our preparation for it is complete it will come, bringing in its train creative force to turn every preacher into an inspired apostle and every layman a steadfast helper of the kingdom

CHASE FOR A BURGLAR.

ound in a Hardware Store, But Made His Escape. Yesterday morning shortly before 4 o'clock

burglar was seen in the hardware store of Alexander M. McCrager, 410 North Sixteenth street, but he got away. Officer Bower was passing the store and

noticed a man within busily filling a gunnysack with knives, razors and other hardware articles. The officer went to the rear, but and the back door fastened. found the back door fastened. Thinking that the burglar had entered at the front door he returned to the front. By this time the man inside had become alarmed and he ran out of the back door. Bower ran through the alley after him and fired a couple of shots, but failed to hit him. Several passers-by joined in the chase, but the burglar escaped. It was later discovered that the burglar It was later discovered that the burglas It was later discovered that the burgar entered the store through the back door. He broke one of the panes of glass and then reaching in unlocked the door. When he got in he closed the door and fastened it with a stick of wood. Two gunny-sacks were found on the floor almost filled with goods.

MARRIED FREE OF COST.

Enterprise Marching to the Music of the Cake walks and erap-shooting parties are

not popular in middle-class colored society in Washington justenow, says the New York Sun. Getting married free of cost is their latest "fad." The local authorities have en called Edmunds act, which prohibits people living together as man and wife who have neglected to go through the formalities of a legal marriage. This law was framed to stamp out polygamy in the territories. The law is now held to be applicable in the District of Columbia.

For more than a week past the police have been filling the police court daily with offenders against this law, the large majority of them being colored people. Many of the victims, when brought into court, declared that they did not have the price of the marriage license-\$1-nor the fee for the minister. On several occasions the hat has been passed among the lawyers in court and the ceremony then and there performed. Finally the presiding judge declared that he was tired of having the court business in-terfered with by these frequent marriages, and he threatened to enforce the law to A few days ago the owner of a morning

Maximum Freight Rate Care Comes Up for Hearing on Appeal Today.

tered upon a vigorous enforcement of the so- QUESTION OF JURISDICTION RAISED

State Prepared at Once to Go to the Supreme Court if Court of Appeals Decides it Cannot Hear the Case-The Brief.

John L. Webster, counsel for the state in the maximum rate case now pending in the federal court of appeals, left last evening for St. Paul. Today he will appear before Judges Thayer, Caldwell and Sanborn of the United States court at St. Paul and argue for an immediate hearing of the appeal.

Mr. Webster said, just as he was preparing o depart last evening: "The question has been raised as to whether or not the United States court of appeals has jurisdiction to hear the case. It is claimed by the attorneys representing the railways that the Nebraska maximum rate law is in contravention of the constitution of the United States and takes property without due process of law. To protect the interests of the state the records have been prepared to pecunious colored population, and the im- take the case direct to the United States suprovised matrimonial market is doing a preme court, in event the federal court of appeals decides that it has no jurisdiction. The brief filed in behalf of the state sets

Diffuse Help!

In this way. When you see how Pearline has helped you, tell others and let it help them. Where a woman is trying to do housework in the old, hard-working, rubbing way, it's actual charity to

tell her about Pearline. Perhaps she uses it for scrubbing, washing dishes, etc., but can't believe that in washing clothes it can save so much work and wear without doing harm.

Peddlers and some unscrupulous gro-

Your personal experience might convince her. That would help Pearline, to be sure -but think how much more it would help her, by saving time and strength and real money.

Beware cers will tell you "this is as good as"

FALSE—Pearline is never peddled: if your grocer sends you an imitation, be honest—send it back "JAMES FYLE, New York

Neglige Shirts . .

A well known insurance man took to drinking simply because the heat got the best of him.-Du Maurier.

Here is a profitable lesson to those who permit the heat to best them. Buy a Negligee Shirt or drink. A good many kinds and a good many of a kind of Negligee

Shirts here—as usual—big pick in colors and in patterns. 50 cents, percale, done up collars and cuffs, are good value;

same kind 75 cents last year. 75 cents, percale, starched collars and cuffs, are good value; same

thing a year ago, \$1.00.

65-cent madras soft shirts are fine value; formerly 85 cents. 75-cent sateen soft shirts are fine value; used to be \$1.00.

85-cent silk striped madras, soft, are of splendid value; same quality last season, \$1.15.

\$1.00 batiste silk stripe, soft, shirts are also splendid value; were \$1.25 imported madras silk striped soft shirts are excellent value;

never sold here at less than \$1.25 before.

We detest short body shirts-too childish-all ours are 36 inches long. So much the better for a tall person, and a short man can cut off a yard and keep it for patching.

The Standard

remedy for all stomach and liver complaints is Ripans Tabules. One tabule gives relief, but in severe cases one should be taken after each meal until the trouble has disappeared.

tion of a famous French physician, will quickly enteryon of all nervous or diseases of the generative organs, such as Loss Manhood, Insomnia, Pains in the Back, Seminal Emissions, Nervous Debility, Pimples, Unitness to Marry, Exhausting Drains, Varicoceie and Constitution. It stops all losses by day or night. Frevents quickness of discharge, which if not checked leads to Spermatorrhea and lithe horrors of Impotency. CUPFIDENE cleames the fiver, its gidneys and the urinary organs of all impurities.

CUPIDENE strengthens and restores small weak organs.

The reason sufferers are not cursed by Doctors is because finety per cent are troubled with Prostatifits. CUPIDENE is the only known recreedy to cure without an operation. See testimonials. A written guarantee given and money returned if six boxes does not effect a permanent cura ideas bayon with the control of the centime field.
