Men of All Political Parties Join to Promote a Citizens' Movement,

DENOUNCED SECTARIAN UNRESERVEDLY PROSCRIPTION

Address of the Voters in Umaha and Douglas County Who Demand a Businesslike Administration of City and County Affairs by Honest, Capable and Nonpartisan Officials.

We, the undersigned citizens and voters of Douglus county, hereby declare that there exists in our midst urgent need for a vigorous nonsectarian and nonpartisan citizens reform movement for the purpose of securing an honest, economical and businesslike administration of our city and county go vernment, and we invite all other citizens and voters of Omaha and Douglas county who agree with the following declaration of principles to join with us in organizing for the above mentioned purpose. DECLARATION OF PRINCIPLES.

The constitution of the United States ordains that no religious test shall ever be required as a qualification for an office of public trust. It furthermore ordains that the citizens of each state shall be entitled to all the privileges and immunities of citizens in the several states. An American citizen, whether native or naturalized, is endowed with all the rights and privileges that citizenship confers on ever foot of American soil.

Among the fundamental conditions under which Nebraska was admitted into the union was the guaranty that perfect toleration of religious sentiment shall be secured, and no inhabitant of this state shall ever be molested in person or property on account of his or her mode of worship. The freedom of conscience and the right of every clizen to the enjoyment of equal political privileges was engrafted into the organic law of this state in 'he most explicit terms, and all interference and discrimination on account of religious belief is interdicted in the bill of rights. Every man who takes the oath to support the constitution, national and state, is bound by the most sacred ties of honor and plights his faith to maintain inviolate these precious guaranties of the freedom of conscience and the right of all American citizens, regardless of creed, to an equal share in government and absolute equality before the law. A denial or abridgment of these rights is subversive of free government and destructive of civil as well as religious liberty.

2. Whereas, the machinery of our local government is dominated by vicious factions of secret political societies, who, under the cloak of patriotism and sectarian zeal, have usurped the legitimate functions of government, invaded the sanctity of the judiciary, fomented sectarian strife in the public schools, bred discord and insubordination in the police and fire departments, and have recklessly squandered the public funds to support their followers and promote schemes of spoilation to the detriment of the community;

Whereas, The people of this city and county are taxed over \$2,000,000 a year for the support of our city and county governments, our public schools and courts, and this falls principally on the small home owners and wage earners.

Therefore, We deem it of vital importance that the same system of economy and accountability shall apply to the conduct of the public service that is enforced in business houses and by private corporations.

3. We believe in home rule for the city of Omaha, with a municipal civil service that would make capacity, honesty and fidelity the sole tests of fitness for office, and we favor the acquisition of all public works by the city at the earliest time practicable, so that all necessities now furnished by franchised corporations shall be supplied at the lowest cost to consumers.

4. We believe that every problem and every issue to be determined by the ballots of American citizens can and should be openly, publicly and fairly discussed and star chamber methods of organizing and conducting political campaigns should be frowned upon by good citizens as fraught with danger to free institutions and good government.

5. We believe that the greatest obstacle to the success of efforts to obtain pure municipal government lies in the division of good citizens in city elections on national party lines, and we therefore favor independent, nonpartisan action in our local elections, and the entire exclusion therefrom of national and state issues.

6. We believe that in the selection of judges and clerks of elections a fair division should be made in good faith at each of the polling places among all the different political parties, and we demand such action on the part of the appointing powers.

7. We believe that all men not incapacitated by law have a right to aspire to a roice and influence in the administration of their governments, whether local or otherwise, and we denounce any attempt upon the part of any class or section of citizens whatever to proscribe any other class or section by reason of religious creed as unamerican and unpatriotic.

We hereby invite the co-operation of all good citizens of whatever party or creed who are in accord with the views and principles hereby enunciated to units with us in the effort to give this city and county a more economical and businesslike administration in all branches of government.

LINCOLN, June 28 .- (Special.) - There is not likely to be any riot growing out of the discharge of Engineer Vickers at the Hospital for the Insane by Dr. Abbott. It appears" that Vickers was appointed to the position of second engineer in response to a request from a committee of the Federation of Labor. 'Two days' service convinced Dr. Abbott that he was not qualified for the position and he was given his exeat. Vickers had never had any experience with an electric light plant, and the superintendent was afraid to let him handle it. But Dr. Abbott s firm in his denial that Vickers was removed to make room for a democrat or any one else. He says he has written to the populist committee informing it that the place was open for a competent man, reserving to himself the right to judge of his competency. In regard to this matter Dr. Abbott says:

"I don't intend to put another man in here until I, myself, know that he is com etent, no matter who recommends him. I am a demo-pop, but above all considerations of party, of Governor Holcomb or anybody else, are considerations for the state and the institution. It is work we want more than men. I don't intend to injure the institu-

tion to furnish zome man a job." The first engineer at the asylum, Mr. Roberts, was appointed by Dr. Bowman as second engineer, and who was appointed to be chief by Dr. Abbott. The latter says he has been overrun with applicants for the place, mostly unskilled men, while he has but ten places in the institution for men not specially qualified in some branch of skill. Vickers, the man who was discharged, not i skill. came from Havelock.

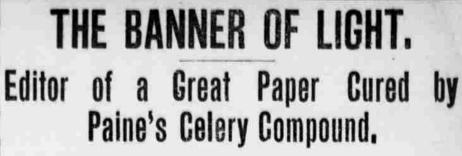

COOPER'S CASE CONCLUDED.

The case of the state against ex-Chief of Police Cooper, charged by E. H. Woolley with embezzling the \$300 reward received by him for the arrest of the murderers of Matthew Akeson, was completed this morn ing in the county court and taken under ad visement until Tuesday next by Judge Lan-sing. Cooper told his side of the case to lay. He denied that he had received the who was entitled until the num received the who was entitled to it. He denied that Woolley had ever made a demand for the money on behalf of Conway, although he had asked him to return it to Akeson. Colo-nal Philpott, attorney for Mr. Cooper, main-tained that the only action that could be man fluence fearlessly in matters of public importance outside of its principal field. tained that the only action that could lie was a civil suit to recover the money that had been paid. The court had held in the case brought by Conway against Akeson to re-cover the amount of the reward that Akeson should pay it to Conway and had dismissed the case as against Cooper and Malone. The court stated that the only question involved was whether the chief had received and held the money as ballee, or whether it had been mistakenly paid to him. If the latter, a

The Railway Officials' and Employes' Ac-cident association objects to paying the \$2.000 claim of Mrs. Susan E. Drummond, mother of Elmer Drummond, the telegraph operator who was killed by some one un-known at Mastings has to ear while riding a known at Hastings last year while riding a bicycle. The defense will not admit proof of death accidentally. The association claims that its rollelies do not covar death by multiplication of the second seco of death accidentally. The association claims that its policies do not cover death by mur-der, and says that the victim might have been killed intentionally. It is the general supposition that some tramp had demanded Drummond's money, and when he did not immediately comply shot him.

tle and the lower order of animals. Eight weeks ago the lad became afflicted with a sore in the form of a pustule upon the left ankle. It developed severe pain that beset the entire leg the next morning. The phy-sician called began a systematic treatment for inflammatory rheumatism. For six weeks sore in the form of a pustule upon the left very thin and subject to violent pains, which manifested themselves in various parts of the body, shifting from place to place. Dr. Stevens was called in the case and he became convinced that the boy was not suffering from rheumatism. He concluded to submit some of the sputa to Dr. Peters of the state farm for analysis. He did so and at the end of the examination Dr. Peters pronounced it a well developed case of anthrax. The dis-ease is ascribed to the presence of a rodshaped bacterium, the spores of which constltute the contagious matter. It may be trans mitted to man by inoculation. In som Oriental and European countries it has been responsible for great epidemics. Records show that in some of them thousands of people have fallen victims. Owing to the LINCOLN, June 28.—(Special.)—Sheriff J. strict quarantine laws under which infected Q. Jackson of Furnas county applied today at cattle are disposed of in this coun-try, and also to peculiar condi-tions of soil and climate, cases of anthrax in human beings have been of rare occurrence. Drs. Peters and Stevens have occurrence. Drs. Peters and Stevens have discovered that the blood of this lad is liter-ally alive bith the bacteria known as bacilli anthracis. According to Dr. Stevens there are billions of them in the boy's system. His since treatment was begun for the proper May. On the 28th of that month he was since treatment was begun for the proper ailment and on a proper diagnosis he has improved and hopes are entertained that he may

Has the Headache and Answers a Letter:

OMAHA, Neb., May 14, 1895. THE SHERMAN & MCCONNELL DRUG

THE SHERMAN & McCONNELL DRUG CO., City-Gents: In reply to yours inquiring as t o "what I know" about your "Io-MINUTE HEAD-ACHE CAPSULES," will say that my ex-perience with them covers a period of over three (3) years, during which timeI have used no other Headache Medicine, and aithough subject to violent attacks of Nerv-ous Headache, have never falled to obtain prompt relief. Furthermore, have never ex-perienced the slightest unpleasant after-effects. So great is my faith in these Cap-suls that I have taken (as you know) par-ticular pains to advertise them among my friends, aind can truthfully say that I do not know of a case where they have not af-forded relief. forded relief.

Yours very truly, W. B. WILKINS
