

Chair at School in Finance

George E. Roberts.

SECOND EXTRACT.

On the 24th of April, 1895, the Eagle Grove School of Finance opened its opera house...

man, looking first to the farmer and then to the bimetalist...

article ought to cost as much now as it did thirty or forty years ago...

the whole audience was smiling at this friendly chiding...

the chairman, Judge Birdsell, looked gravely over his spectacles...

the bimetalist continued: "On page 23 I find the following figures, showing the price of other products for every month in 1872..."

the bimetalist continued: "The bimetalist continued: 'On page 18 of this book a report of the prices of other products for every month in 1872...'"

you whole argument from the decline of prices is destroyed...

WHY FREIGHT RATES ARE LOWER. "Oh, come now," said Judge Birdsell...

LABOR BETTER PAID THAN EVER. "I don't see how that hurts me," said the engineer...

100 CENTS A DAY IN 1872. "You have no right to put words into my mouth," said the engineer...

150 MILES TO A RAILROAD-PRICE AT STATION, 45 CENTS PER BUSHEL. It is now selling at but 15 cents per bushel...

AUTHORITATIVE EVIDENCE ABUNDANT. "Well, these are official figures. The report of the bimetalist..."

WAR PRICES ON PAPER BASIS. "Certainly," said the bimetalist, smiling...

OLD WAR TIME PRICES. "If you are going back to before the war," said a substantial looking gentleman...

A FREE SILVER FALLACY. V. Farrell company, Chicago, said Mr. Miller...

NAME CLASS. No. Days Rate Total. Frank Force, engineer...

What do these men get now? asked Coin, and how many are laid off or worked half time?

As to the number laid off and out of work, if you notice the Chicago market...

What is your experience? "What is your experience?" asked the speaker...

These spontaneous contributions from men who had actually experienced the "gold times"...

are about as follows: Engineers, 2.7 to 4 cents per mile...

What do these compare with the wages of 1872? "We are comparing the condition of wage workers now with former times..."

erly, terminus of Cedar Falls & Minnesota railroad. "There is one thing you will be compelled to do, whether you want to or not..."

WHAT AFFECTS FARM PRICES. "These are several reasons," said the bimetalist...

"Corn crop out short by frost," continued the reader. "Had the frost been one month later the crop would have been doubled..."

"The 1871, 1872 and 1873 figures I have already given you." "In the 1873 report (page 281) I have an abstract of an address delivered by Charles H. Rogers at the Harrison county fair..."

in practical agriculture still the condition of the laboring man and farmer is far from what it should be...

"I don't know anything about them," said Coin. "I don't know anything about them," said Coin...

"I will venture," said the bimetalist, pausing for a moment...

"I don't know about hogs," said Coin. "I don't know about hogs," said Coin...

practice of first getting up a theory and afterward looking for the facts to support it.

"Coin doesn't seem at his best today," said the traveling man...

"This is Mayor Granger, of our neighboring city, Fort Dodge," said the chairman.

"Twenty years ago and even less," said Mr. Granger...

"I think it time," said the chairman, "to draw this phase of the discussion to a close."

"You are laying down a great many general propositions," said the chairman.

"One word more," said the bimetalist. "Before we leave this question of prices and debts..."

"What is our condition in recent years compared with twenty-five or thirty years ago?"

"I don't know about hogs," said Coin. "I don't know about hogs," said Coin...
