the Death of Patient Wood

STRUCK ON THE HEAD WITH A STONE

Superintendent of the Hastings Asylum for the Incurable Insune Declares No Effort Was Made to Keep the Tragedy from the Public.

LINCOLN, June 29 .- (Special.) -- Governor Holcomb has received a letter of explanation from Dr. Damarell, superintendent of the Councilman Ewan, has cited that gentleman Hastings Asylum for Incurable Insane, in relation to the death of Patient Wood, killed sible, purge himself of a very serious charge by Carroll. Dr. Damarell says that Carroll affecting his character as a citizen and one of attacked Wood June 15, beating him over the head with a piece of stone. Wood was rescued from the clutches of the maniac and taken to his room. For the following two days Wood seemed to be on the road to recovery, but suffered a relapse and died on hundred dollars, \$5 in cash and a number of the morning of June 18. Dr. Damarell is emphatic in his statement that there was no attempt at concealment, but says the utmost have been noticeable more for their lack of publicity was given to the affair. However, it is true that the governor was not informed of the tragedy until after June 20, and then will not until he had read an account of the to resign his seat in the council. affair in the papers. The dispatches from Hastings conveyed the intelligence that the the time the attack was made. This statement is evidently wrong.

Governor Holcomb has received word from Bt. Louis that a suite of rooms has been reserved for him at the Planters hotel for his vent W. H. Dorgan from receiving a state use on July 6 and 7, during the continuance of the St. Louis fair, to which he has been invited. At that time there is to be a military encampment of the state guards and a upetitive drill.

WARNING TO LABORERS. Deputy Labor Commissioner Powers is in receipt of a communication from L. G. Pow-brs, commissioner of labor of Minnesota, stating that conscienceless employment agents throughout the country are sending men to Minneapolis to work on the Mississippi dam now in process of construction near that city. Powers says that while there are places for 250 men only there are above 3,000 ap-plications, and that only such men are taken on as are residents of St. Paul or Minneolis and must have the backing of some lerman. Mr. Powers also directs attention to the fact that these same agencies are mending men on to Chicago to work on the banal near that city, which is a vain effort, as there are already on the ground 100 men to every job. The Minnesota labor commis doner invites the co-operation of the Ne-graska buread in eradicating the evil of these fraudulent labor agencies.

> CROP CONDITION EXCELLENT. Small Grain Yield Will Be Much Heavler

Than Expected. HOLSTEIN, Neb., June 29 .- (Special.) -- A light rain has been falling here since yesterday morning, and is coming heavier now This makes about twelve and one-half inches of rainfall for the month of June here. Oats and wheat will now make a full crop without further rainfall, and with one more rain about tasseling time the corn crop will be the largest ever raised in this comumnity. Farmers all feel good and crop conditions could not be improved.

EXETER, Neb., June 29.—(Special.)— much-needed rain began falling Thursday and continued until Friday evening, about an inch of water falling during that time. Most of the corn is looking well at present, but will need a good deal of exceptionally favorable weather if the most of it makes a crop M'COOL JUNCTION, Neb., June 29.cial.)-Southern York county was favored with another fine rain that assures the oat crop. Some of the oat fields here will not be over half a crop, but a larger number will yield nearly a full crop. There was never a better prospect for corn, which in many fields is over knee high.

WESTERN, Neb., June 29 .- (Special.)-A slow, drizzling rain set in at this place Thursday afternoon, but up to this time no great amount of water has fallen. BEATRICE CHAUTAUQUA VISITORS Several Thousand Crowd the Grounds and Listen to Addresses.

BEATRICE, June 29 .- (Special Telegram.) -The Chautauqua yesterday and today has been somewhat dampened, but none the less interesting. Rain began falling at an early hour yesterday morning and continued almost steadily throughout the day. However, the program was carried out as advertised, and the attendance was much better than was expected. In the morning Samuel Phelps Leland delivered an excellent lecture, with the "Lake Country and Its Poets" for his subject. This afternoon the Chautauqua horus, under the direction of Prof. M. S. Calvin, gave a magnificent concert, in which they were materially assisted by the Jennie Lind quartet and other talent. Tonight the tabernacie was filled by people eager to hear Sam Jones, who delivered his lecture upon "Shams and the Genuine." The audience was at least entertained and amused if not benefited by the southerner's peculiar vay of treating his subject. The management confidently expects an

other immense attendance tomorrow, the several railroads having arranged for nine different excursions, including one from Kansas ity and another from Omaha. At 9 o'clock Dr. Parkhurst will make his last appearance here, giving a biblical exposition upon the "Greatest Miracle of Jesus." At 11 o'clock Sam Jones will preach, and Dr. Eaton will occupy the evening hour. Cought an Old Offender. RAWLINS, Wyo., June 29 .- (Special Tele

NOW HEAR THE LION GROWL

United States Now an Active Factor in the

Venezuela Dispute.

AMERICANS IN THE DISPUTED TERRITORY Great Britain Will Protest Against Venezuelan Concessions to American Citi-

zens and Will Renew the Warnings

She Gave Ten Years Ago,

WASHINGTON, June 29 .- It is expected by officials that Great Britain will protest against the concession Venezuela has made to an American company and will warn the Amerleans against taking possession of the territory, part of which is claimed by Great Britain. Under similar circumstances the British foreign office protested against the same concession when it was first granted to Americans in 1884, and the warnings at that time were so determined that the latter did not push their concession, which has remained dormant until now Venezuela grants it and the Americans start to assume posses

sion of the territory. The warning given by Great Britain when the last concession was given to Americans covering the same lands was as follows: COLONIAL OFFICE, LONDON, October 1, 1886—Whereas, The boundary line be-ween her majesty's colony of British juiana and the republic of Venezuela is in

Guiana and the republic of Venezuela is in dispute; and whereas, It having come to the knowledge of her majesty's government that grants of land within the territory claimed by her majesty's government have been made, or purported to have been made by or in the name of the government of Venezuela, notice is hereby given that no title to land or to any right in or over or affecting such land, within the territory claimed by her majesty's government, purporting to be derived from or through the government of Venezuela or any officer or person authorized by that government, will be admitted or recognized by her majesty's government and any person taking possesion of or exercising any right over any such lands under color of any such title or pretended title will be liable to be treated as a trespasser.

This warning was the culmination of a controversy following the grant.

This warning was the culmination of a much contention but the American company at last abandoned its plans and the concession has remained in abeyance ever since. that it is revived, the purpose of Great Britain to protest is believed to be clearly outlined by the action taken ten years ago. It is even thought that the protests of that day remain operative today as they cover the same lunds, but it is not doubted that the British authorities will renew the warnings n order to give them more formal application to the present case.
