RECEIVER EGAN GIVES UP IN DISGUST

Bondheiders Will Proceed at Once to Foreclose the Mortgage-Months Will Etapse Before a Sale Can Be Ordered.

PORYLAND, Ore., July 1.—This is the day on which the Oregon Short Line was to have pussed out of the hands of the Union Pacific and into the control of the American Loan and Trust company, which represents the consolidated mortgage bondholders, but there will be no change of management. The road will not be separated from the Union Pacific was also one of the kindest. Many an engineman now high up in the ranks of his craft will recall a kind word of encouragement or system at present at least. In the United States and Trust company, which represents the consolidated mortgage bondholders, but there system at present at least. In the United States company, said that the road will not be taken by the consolidated mortgage bondholders; that Mr. Egan would not become receiver, and that the American Loan and Trust company would not pay the interest, amounting to \$764,000, due today. The case will now come up on the bill and an answer filed last December. This hill asks for the foreclosure of the consolidated mortgage through the fallure of the company to pay it, "We shall proceed to foreclose the mortgage immediately," said Senator Dolph today. "We have given notice that on next Wednesday we shall ask that a date be set for the final

"The effect of Judge Merritt's decision was such as to stop all further proceedings by the American Loan and Trust company along the line it has been pursuing. The Utah court has simply imposed conditions which the second mort-gage holders cannot afford to comply with and have decided upon the better policy of foreclosing. The American Loan and Trust company would not raise the interest due on the prior mortgage and take the road if it was to be controlled in any degree by the Union Pacific.

The American Loan and Trust company will proceed to foreclose this mortgage im-mediately. The Oregon case in the United States circuit court has been set for a hear-on the bill and answer and we have given notice of an application to the court next Wednesday to fix a day for the hearing. The American Loan & Trust company will sell the road and the foreclosure proceedings will undoubtedly be brought by the bondholders under the junior mortgage. This will mean that the prior mortgage would be paid off and a general reorganization of the property be undertaken."

Union Pacific officials were cognizant Sunday that the American Loan and Trust company had decided to proc ed under forcclosure rather than accept the terms of Judge Merritt's order in the Oregon Short Line & minority bondholders, left for Portland that night to be present at the preliminary hear-ing on the bill, and answer before Judge Billinger next Wednesday, Senator Thurston has also been acquainted, by telegraph, with the situation, and he will undoubtedly be present to represent the present receivers of

The action to be taken tomorrow is merely preliminary to the taking of a decree in forcelosure, which may not be obtained for three months, if the legal principles involved be pressed to their limit. Judge Kelly of the Union Pacific, when asked what action would be taken in Port-land on Wednesday, said: "The application for a hearing on the bill and answer is merely preliminary. He is in Omaha, holding a conference with Managing Receiver Clark and General Manager Dickinson, probably with a view of increasing the forces in the shops at Cheyenne. "Nover have the great plains of Wyoming looked so well as now, Where only the sage brush and the jack rabbit were seen, grass that reaches to your knee is scattered all over the alkali wastes We have never had so much rain as this year and the oldest inhabitant has been comelled to take to the mountains, for the youngest sojourner in our midst can discount Old Remembrance on the rain question. Ar a consequence of good rains the ranges are in aplendid condition. Cattle are improving, and if present conditions keep up till fall the west will see the biggest movement of cattle and grain in its history. I believe the people of Cheyenne are satisfied with the result in the Oregon Short Line & Utah Northern case. I am sure the officials of the Union Pacific are pleased. Should a separate receiver have taken possession of the property would have resulted in the opening of the Ogden gateway, and consequently the Union Pacific would have been shut out of traffic

CHICAGO, July 1 .- The western lines were greatly pleased today over the practical settlement of the Oregon Short Line receivership. The status of this matter has been such that it was impossible heretofore for the Union Pacific to have taken any action in Museum of Art. the reorganization of the Western Lines Passenger association. It is now free to act as it chooses and there is little doubt that it will seen have rates placed on a stable basis or take such a stand that the other roads will be able to establish them.

The freight men also are confident that the turn things have taken will induce the Union Pacific to restore the freight rates to Utah common points, which it cut deeply when there was a prospect that it might lose the
