

POLICE PLOTTERS AT WORK

Extravagant Plans to Prevent Harmony and Discipline in the Department.

NUMEROUS SCHEMES TO OUST WHITE

Ex-Policeman Cox and Chief Detective Haze Working Hand and Glove with Police Commissioner Strickler to Accomplish This End.

"Just wait till tomorrow and you'll hear a tremendous explosion."

This exclamation, made by Billif Cox last Saturday, had reference to the plot concocted by the faction of the A. P. A. known as the "first" to oust Martin White from the position of chief of police, into which he was inducted last week.

The first intimation that an effort was to be made to prevent White from acting as chief was in the shape of a rumor that the plotters had arranged with Judge Scott, who is reported to be the leading spirit of the howling derisive crowd, to release the first person arrested under order of White on a writ of habeas corpus on the alleged ground that he had no authority to make or order arrests. It was discovered that this plan would be ineffective. Even if Scott should grant the writ the chief could still file complaints, as this was a privilege accorded by law to every citizen.

Driven to desperation the derisives finally conceived the idea of issuing a warrant for the arrest of the chief of police for impersonating an officer. This action would be taken under the ordinance which prescribes a fine of \$10 and imprisonment in the county jail for thirty days. If the chief could be disposed of in this manner for thirty days they expected that through the operation of the new law they would be able to get a chief of police who was in sympathy with their purposes and who would assist in making the police department a sectarian organization in which the plotters would swing on the inner circle.

Last night it transpired that the plot included the proposed arrest of Mayor Dennis and Police Commissioners Brown and Deaver on the trumped up charge of violating the anti-Pinkerton law.

STRICKLER AT A DISTANCE

It is of interest to know that although Strickler has been from the first at least a silent partner in these seditious schemes, he has taken care not to appear as an agent in their execution. Last Saturday he left town and gave it out that he would not return until next Saturday, thus giving the conspirators time to develop their plot during his absence and make it appear that he was not a partner in the scheme.

The two most active spirits in this movement against Chief White are ex-policeman, now Billif Cox, and Chief Detective Sergeant Haze. Haze is said to have the ambition to be made chief of police under the Churchill-Russell police commission, and Haze wants to become captain.

There is no doubt that Haze would have been made captain long ago had it not been for his scandalous record. About eight months ago Haze, aided with the Board of Fire and Police Commissioners against Haze and other officers, whose conduct had become so notorious that he continued to disgrace the police roster. But while several of the officers were dismissed, Haze was retained through the influence of Commissioner Strickler. Not only is Haze notoriously incompetent and unreliable, but various other irregularities in which women were concerned have contributed to return him utterly unfit to hold the responsible position which he occupies.

One of these was the case of a young woman who was arrested February 28, 1893, as an inmate of a house of ill repute. The girl was then less than 16 years of age and was induced by Haze to go to the industrial home at Millard. Transportation was secured for her, but on the same night the girl was visited by Haze. He induced her to go home with him, assuring her that she need not go to the home unless she wished. The girl went to Haze's house and remained a week, after which she was turned out to again become a resident of the tenderloin district. She was again arrested and was sent to the reform school.

In this case Haze contrived to pay the wages which he had promised the girl when he induced her to go to his house. The girl's sister went to Haze to collect the money, but Haze refused to pay it. She then turned, in turn, referred her to her husband, and this was all the satisfaction that could be obtained.

BUT ONE OUT OF MANY.

This was only one of several cases in which Haze interfered to prevent girls from going to the Millard home. Another was Laura Day, the girl who was shot and killed by a hater named George Faust in a room in the Anderson block. While Haze had nothing to do with the murder, the fact remains that if he had not interfered the girl would have gone to Millard, and a horrible crime would have been averted.

The charges against Haze were placed in the hands of Commissioner Strickler to investigate and report. Although they were substantially verified, Strickler, in consequence of Haze's verbal and his exerted every influence since then to keep him from leaving the two women. Haze became convinced that his time had come. He packed his belongings at police station and had goodbye to his associates, promising to come back as soon as the Churchill-Russell commission took control. But after the meeting of the police commission following his fearful odious and no action was taken. Haze again became emboldened and resumed the plotting and agitation which was to have culminated in the tremendous explosion predicted by his running-mate, Cox.

The utter inefficiency of the detective force under Haze has been a byword and reproach to the police department. It was only two weeks ago that Haze spent an entire day in a South Omaha saloon playing cards and indulging in the other diversions of the resort. And this is the sort of man who is at the head of the conspiracy to get his superior officer in jail and secure such an administration of the affairs of the department as will enable him to continue as chief of detectives in spite of his unsavory record and acknowledged incompetency.

WITH THE COUNTRY SCHOOLS.

Very Few Changes Made in the Corps of Teachers.

Douglas county teachers are now taking their vacations and many have reported at the county superintendent's office their intention of visiting the national meeting to be held in Denver. While nothing is being done in the country schools at present, preparations are already in progress for the opening of the new school year. Most of the teachers have signed their contracts, in many instances no changes having been made at all.

At Millard a new principal has been engaged, E. T. Gilbert, at Benson, Harry Ely will teach and at Valley, Mr. Stanford Bennett will also have a new principal. Some new buildings are in progress of construction and district No. 24 announces its intention of putting a new school house of one hundred and fifty seats, under the supervision of Superintendent Hill says Douglas county will have a supply of only eight out of the fifty who take the annual examinations. Eighteen of these were old teachers. Reports have been received at the superintendent's office from most of the school officers that they indicate that higher wages were paid on an average last year than during the year before.

Civil Service Examination.

SOO STIRRING UP TROUBLE

Breaks Over the Time Limit on Christian Endeavor Tickets.

SCRANBLE FOR BUSINESS COMMENCED

Kansas City-St. Louis Rates Again Demoralized—Cut Made the Basing Rate for Business to the East by the Alton and Rock Island.

CHICAGO, July 2.—Just as the western lines thought they had a chance for the reorganization of the passenger association comes a dash of cold water that chills the whole business. Ticket agreements to the annual meeting of the Society of Christian Endeavor at Boston are going to smash in all directions, and it is hard to see where the demoralization is going to stop. The original selling dates for these tickets from western territory were July 5 to 8, and the return portions were to be good until July 22. The Soo line began offering tickets with the return portions good until September 1. The Central Traffic association and the trunk lines, after some arguing with the Soo line, control the actions of the Soo, succeeded in getting a promise from the Soo line that it would observe the general agreement of the western lines and make July 22 the final return limit on all of its tickets.

Today the Alton and Rock Island today gave notice that because the Missouri Pacific has placed in effect a rate of \$1.00 from Kansas City to St. Louis, effective until July 6, it would be necessary for them to use the rate for basing purposes from Kansas City, Atchison, Leavenworth and St. Joseph, and business which can be properly routed via Chicago to all points west of St. Joseph, tickets are usually sold at short line rates.

FOR THE STATE FARE TERMINALS General Managers of Inter-city Lines Will Meet and Formulate a Plan. A meeting of general managers of the Burlington, Union Pacific, Elkhorn and Missouri Pacific will be held today, at which time the question of terminals for the state fair grounds will be definitely decided upon. From the blue prints prepared for this meeting it is safe to predict that the most complete arrangement for the handling of trains will be adopted. The plans are of a most generous nature and give the four railroads an opportunity to get to the fair grounds, each road having platform on either side of its own tracks to unload and take on passengers. The details are yet to be worked out, but the general plan has received the sanction of all the officials interested, to-morrow's meeting being called for the purpose of finally closing up the matter of train service and the amount of baggage to be built by each road. The Burlington will reach the grounds via Deerfield, through and stub trains running to the station named; the Elkhorn will run to the station named; the Missouri Pacific will run to the station named; the Union Pacific will run to the station named.

Many Let Out on Bonds. Within the past few days the criminal court has permitted to give their freedom several criminal cases, thus carrying them over to the next term of court. Among the parties released is Charles W. Edgerton, under indictment for embezzlement. A few days ago he was arrested on a charge of embezzlement, but he was allowed to give bond, L. A. Goldsmith, indicted for leaving a building to be used as a saloon, and the amount of \$300 bond, Norval W. Markwood, who was once convicted of grand larceny of \$5 of property and given a new trial, had his case continued to the next term of court. The embezzlement case against E. Gundelinger has been nolle prosequi.

For five consecutive years, Hatlie Newman alleges Jesse Newman, her husband, used every endeavor to drive her away from home. No later than last April, still carrying out this design, Mrs. Newman avers that her husband ordered her to leave home, and she refused to do so. She then went to her mother's home, but her husband followed her and hit her with a chair and hammer her with a lead pipe, abusing her in a most shameful manner. Mrs. Newman has been awarded a divorce. The couple have a child, a boy who is held for manslaughter, is bonded for \$1,000. The embezzlement case against E. Gundelinger has been nolle prosequi.

BURLINGTON'S TRACK WASHED OUT.

Water Spout Near Hagler Delays East-bound Trains.

M'COOK, Neb., July 2.—(Special Telegram.)—Early last evening there was a cloudburst or water spout in the neighborhood of Hagler and lives in western Dundey county, causing five different washouts to the Burlington railroad track in that vicinity. One of the washouts was about 100 feet long and 10 feet deep. It took 1 1/2 hours to get the track washed out. The water was so high that it was necessary to use a small pump to get the water out of the track. The Burlington road due in this city this morning, arrived late this afternoon. The cause of the delay was a washout near the station. The large tile pipes which were constructed a few years ago to convey the water from the mountain streams, gave way last night as a result of the enormous amount of water. The late rains, and washing out about sixty feet of track. A large force of men were put to work to repair the washout. The Burlington road is running as usual.

McCormick's Feet Hospital.

J. H. McCormick, who has just returned from a meeting of the master mechanics of the United States and Canada, held at the Thousand Islands, said that the manufacturers of the east, particularly the makers of plate steel, were overrun with work and were unable to supply the west with the material. There was a lot-up in the demand for boiler and plate steel. "Throughout the east the greatest confidence is shown that we have passed the period of depression and prosperity is following rapidly in the wake of Eastern Illinois, Indiana and Ohio, up to the state line of Pennsylvania, have suffered greatly from a dearth of small grain in straw and poorly headed out, which makes a partial failure of the crop in the vast section spoken of. Western Illinois, Iowa and Nebraska were never in so excellent a condition as now and I have never seen Nebraska look so well in my long residence in the state as it looks this year. There will be an enormous crop to move if present conditions hold up and I see a magnificent year in sight for this commonwealth."

New Book on Local Methodism.

The manuscript of a new book, entitled "History of the Methodist Episcopal Church in Omaha and Suburbs," is now in the hands of the printer. The first society of this denomination was organized in this city forty years ago and has maintained an existence ever since. The author has lived here for twenty years and has familiarized himself with the entire history of the church. But the contents are not of thirty of the pastors who have served the different pulpits embellish the book. It will also contain separate biographical sketches of several of the preachers who helped to give Methodism prominence in Omaha and vicinity.

IN THE DISTRICT COURT.

Effort to Make State Pay Costs in Clair and Cobb (contempt) Case.

The end has not been reached in the contempt case which the judge of the criminal court instituted against Silas Cobb and W. J. Clair. Over a year ago the proceedings taken by Judge Scott to punish attorneys in this case for having affidavits in defense of their client, Ed Morearty, came before the supreme court and the order was handed down, "reversed." Since then the case has been quietly slumbering on the supreme court docket, no mandate ever having been sent to district court.

When a grand jury was summoned three years ago Judge Scott gave the attorneys who the attorneys for Morearty, who was accused of bribery in the council, considered to be of a highly inflammatory character and they lost courage when the indictment was returned in filing a motion to quash it on this score. The court took umbrage at this and sized both attorneys up as fit subjects for contempt proceedings. A writ of habeas corpus was granted to the defendants and a \$25 fine. This the supreme court flatly overruled and taxed up the costs, \$44.70, against the state. These costs are in a way to be paid by a bond of contention in the courts and the basis for a test case on the subject of fees. Mr. Cobb has had the mandate of the supreme court placed on record and will make motions which the attorneys for Morearty, who was accused of bribery in the council, considered to be of a highly inflammatory character and they lost courage when the indictment was returned in filing a motion to quash it on this score. These costs are in a way to be paid by a bond of contention in the courts and the basis for a test case on the subject of fees. Mr. Cobb has had the mandate of the supreme court placed on record and will make motions which the attorneys for Morearty, who was accused of bribery in the council, considered to be of a highly inflammatory character and they lost courage when the indictment was returned in filing a motion to quash it on this score. The court took umbrage at this and sized both attorneys up as fit subjects for contempt proceedings. A writ of habeas corpus was granted to the defendants and a \$25 fine. This the supreme court flatly overruled and taxed up the costs, \$44.70, against the state.
