

DEEP CHASM STILL YAWNS

Split in the Democratic Party of Nebraska Shows No Sign of Closing.

STRAIGHT OUTS DENOUNCE THE BOLTERS

Meeting of Mr. Smyth's Central Committee Brands Several Members Traitor and Calls a Convention to Meet in Omaha Next Month.

"I'll vote for a republican, a populist or anything outside of it, but I won't vote for a bolting democrat."

That was the sentiment expressed more forcibly than elegantly by Colonel C. D. Casper of David City at the meeting of the democratic state central committee last night, and it was adopted by the committee after a discussion that lasted several hours.

All anti-meeting talk of conciliation and efforts to get together with the rump democrats were thrown to the wind, and the messenger of peace was given a vacation until after the next election, with chances strongly in favor of his being permanently out of a job in the camp of Nebraska democracy.

The administration democrats have called their convention to meet on September 5. The silverites allege that the other fellows hope to get in early and have their candidates entered upon the ballots as the straight democrats of Nebraska. This move was checkmated by the silverites, who will hold their convention on August 22 in Omaha, and now the fight is on.

The meeting of the committee was called by Chairman Smyth at the Paxton cafe. He stated that he was gratified to see so many members of the present committee actually in view of the difficulties touching the transportation problem that had been in the way of the committee since its organization.

Since the last meeting the committee had gone through a campaign and had elected a governor of Nebraska. He is not a democrat in name, but he is a democrat in fact, and commended him as a democrat and justified the action of the democratic convention in nominating him. His nomination was a necessity in view of the choice of the republican convention last year, and no true democrat could regret the action of the party in selecting him.

ELIOT TO THE POPULISTS. The chairman hoped that an early convention would be called and that a good man would be named for justice of the supreme court. Then if the republican party felt like reciprocating for past favors and joining with the democrats in the coming fight, well and good. If it did not, the democrats would carry their fight as usual.

The financial report of the committee was received and showed that the receipts and expenditures since the last convention balanced to a cent, and the report was adopted. Edwin Fallon of Falls City moved that the vacancy in the committee caused by the death of Hon. Robert Clegg be filled by the appointment of W. H. Crook of Falls City. A delegation of Falls City democrats presented a petition asking for Mr. Fallon's appointment, but the committee declined to serve, and Mr. Crook was selected to fill the vacancy.

Then came the slaughter of the "traitors." It was announced that Judge J. C. Crawford of West Point, Dan Cook of Beatrice, and several other men who had been named as members of the committee, but who had gone over to the bolters, and a desire was expressed that the committee decide upon a manner of inflicting the political death penalty. Mr. Fallon moved that in all cases where members of the committee had refused to serve, or had written letters to the chairman denying any allegiance to the committee, that their places on the committee and the vacancies filled by the committee.

Mr. Thompson of Grand Island offered an amendment that the members of the committee had been selected by the last state convention, any further resignations, removals, or moves out of the state, their places could not be filled except by the coming state convention.

SENTENCES OF CASPER. Colonel Casper of David City was very emphatic in his declarations in favor of the immediate decapitation of the bolters. He said that the bolters had no right to be heard, and he had no right to be heard, and he had no right to be heard, and he had no right to be heard.

Mr. Burke of Omaha asked how Mr. Thompson would get the bolters to act, in fact, the bolters had no right to be heard, and he had no right to be heard, and he had no right to be heard, and he had no right to be heard.

Mr. Rittenhouse of McCook said that the refusal of Judge Clegg to act, was in fact, a resignation, and created a vacancy. He wanted to see full delegations at the convention and wanted the committee to take steps to secure the convention.

Mr. Holtebeck of Fremont declared that the positions of Judge Crawford and his ilk were as certainly vacant as though the men had gone to the opposition party openly, instead of by the side door.

NOT ENTITLED TO RECOGNITION. Mr. Fallon said that party discipline was as necessary as school or army discipline. When men were expelled from the committee, they were expelled from the committee, and they were expelled from the committee, and they were expelled from the committee.

Mr. Edwards of Lincoln was tried and did not work. One reason for the lack of success in the democratic campaigns was that too many of the alleged leaders of the party were really republicans. Now was a good time to clean them out, and he wanted all the bolters to get out of the committee and make room for honest democrats.

Frank M. Davis of Beatrice told how the rump democrats of Gage county had been hoodwinked into selecting delegates to the rump convention to be held on September 5. Cook had helped engineer the deal, and now the true blue boys wanted authority to call another convention to select delegates to the convention to be held by the only recognized state committee that has the 15 to 1 trade mark.

Mr. Thompson's substitute was voted down and the motion to fire the bolters went through with a whoop.

HARD TO NAME THE SUSPECTS. Chairman Smyth was asked for the list of the members of the committee who had placed themselves outside the pale of the party under the motion that had just been adopted. It was not an easy list to furnish.

STRUCK A BIG LEGAL SNAG

Irrigation Companies Must Pay for School Lands Crossed by Ditches.

VERY SERIOUS PROBLEM PRESENTED

Had Constructed Extensive Works on the Theory that State Lands Could Be Utilized for Right of Way Without Compensation.

LINCOLN, July 16.—(Special.)—The big irrigation ditch companies up west have run against a legal snag, which is just now causing them considerable trouble. Section 40 of the general irrigation law provides that:

"All persons, companies, corporations or associations being desirous of constructing any of the works provided for in the preceding sections, shall have the right to occupy state lands and to obtain right of way over and through any highway in any county in this state for such purposes without any compensation therefor."

Under this clause the ditch companies claim the right to dig through school lands without first going through the formality of an appraisal and making arrangements to pay for the same. The promoters argue that the ditch is a benefit to the surrounding country and, in reality, increases the worth of the land. However true this may be, section 18, article III, of the constitution of 1875, says:

"Land under control of the state shall never be donated to railroad companies, private corporations or individuals." This clause is, at present, the bete noir of the ditch companies. At present it is not clearly shown how they are to avoid payment for school land traversed by their canals, and some of these long ditches traverse hundreds of acres of the most valuable school land in the state.

INSPECTING NEBRASKA MILITIA. Adjutant General Barry left Lincoln today at 3:35 for Fairbury. Here he will meet Major A. J. R. Johnson, who will inspect company D, Second regiment, leaving there after for Nelson, where they will inspect company H, First regiment.

According to returns of the Lincoln assessor there is but one bicycle in the city, and that one is owned by Dr. Simmons. The real number of bicycles is estimated at 100, and the assessor's tax is put down as \$300, and their average cost price \$100 each. It is quite possible that the discrepancy between this fact and the assessor's report is due to the condition of the bikes. As is well known, a majority of bicycles are purchased on time, and the would-be owner, having never made the final payment, does not hold the title. The bicycle dealer, on the contrary, in giving in the list of his personal property, would not readily turn a wheel, or wheels, that he had every reason to believe were sold. Thus the bike becomes lost in the shuffle. The same condition exists with typewriters, which are also sold on time payments.

Mrs. Jackson has applied to the secretary of the State Historical society, requesting him to make up a list of the names of the members of the society, which she claims is her due on account of her being the first white child born within the limits of the city of Lincoln. She declares that her father, Lincoln real estate set aside for her benefit and she wants it. State and city officials are in ignorance of the fact, if it be true, but it is thought Mr. J. A. Johnson, who is referred to, may set the matter at rest at an early day.

MRS. JENNIE REID DESPERATE. Intelligence from Lincoln, Mo., where Mrs. Jennie B. Reid, a 20-year-old girl, is in jail on suspicion of having killed her husband with chloroform, is to the effect that she recently concealed her husband's body in the trunk of a trunk. When informed that she would have to go to jail to await indictment and trial she declared that there was no use in waiting, and she would keep her there and that she would die before she would remain in close confinement. She is reported to be quite nervous and hysterical and is being treated in conversation with a lady caller she intimated that she had received a portion of the poison which she had used to kill her husband. "I got her out of the trunk," she said, "from some of the Cummins family."

TO FORECLOSE ON THE HOTEL. The National Life Insurance company asks in district court the foreclosure of a \$15,000 mortgage on the Hotel Lincoln. The property is owned by Walter G. Bohannan. This afternoon a large delegation of free silver democrats went to Omaha to attend a meeting of the state central committee of that branch of the Nebraska democracy to-night.

Conflicting stories reach the office Jack Bohanna in the morning and robbery of Cash Williams at Lodge Park. The party called Williams had nothing whatever to do with it, while another man writes that Jack was strictly in it.

Secretary Hickey of the Lincoln base ball club has invested \$250 in railway tickets, which will take them to Chicago, and he has circuit and land them in Lincoln August 9. The boys yesterday received their pay for the half month of July. The paid attendance this year has not been so good as last. The stockholders will be in luck to escape without assessment.

FORNUS TELLS FINED. This morning an Arabian fortune teller was arrested for telling fortunes without a license. This indelicacy cost him \$10.10, which he paid.

The warrant against Dr. Dante, the alleged "wonder worker," had the effect of driving him out of town. He did not appear to think of the matter and fight the medical fraternity of the city. A number of the newspapers are out considerable sums of money on advertising accounts which the doctor has neglected to pay. He has been living with his daughter, Mrs. ex-Senator Pittman, in this city.

Harold Grant, teacher of music in this city for past five years, today told the story of his life. He was born in Norway, and he has been elected teacher in the primary department at Talmage.

Demise of a Pioneer. AURORA, July 16.—(Special.)—P. B. Abbott, an old resident of this county, died of heart disease today. He was 70 years of age. He was married and had one son living with his daughter, Mrs. ex-Senator Pittman, in this city.

Curiosity Discovers at Shelby. SHELBY, Neb., July 16.—(Special.)—George Mothey recently found a curiosity on the Blue river south of town. It is a pair of horseshoes embedded nearly a foot in a log which he found in the half finished bridge on a limb years ago and the tree grew around them. They retained their former shape.

Will Build the Yarkon & Norfolk. BLOOMFIELD, Neb., July 16.—(Special.)—The English creditors of J. T. Pierce have decided to take hold of the half finished Yarkon & Norfolk railroad and complete it. Work will be commenced before September 1. This will give eastern Knox county farmers a new outlet for their produce.

La Platte Items of Interest. LA PLATTE, Neb., July 16.—(Special.)—Rev. W. Hill came up from Lincoln, Saturday morning, to attend a meeting at the place. Mr. Hill was pastor of the Free Methodist church in this county, but at present he is not preaching for any denomination.

A Sufferer, St. Louis—Will you please give me a remedy for neuralgia. I have it in my face.

CROPS IN FINE CONDITION

Magnificent Yield of Oats in Most of the Counties.

HOT WEATHER MAKING CORN GROW

Little Danger from Terrible Winds Since the Ground is Quite Thoroughly Soaked with Moisture in Many Parts of the State.

BLOOMFIELD, Neb., July 16.—(Special.)—The crops in eastern Knox county never looked better than at present. Oats are being harvested and will yield from sixty-five to ninety bushels per acre, and barley thirty-five to forty-five bushels per acre. Wheat and corn are simply immense. Grass looks good and the hay crop will be large. Farmers have taken on the lofty air of the harvest hand and declare "there is not a trade going worth knowing, worth showing, like that of cereal growing," etc. There is a good demand for both raw and improved farms.

TECUMSEH, Neb., July 16.—(Special Telegram.)—Tecumseh and the immediate vicinity tonight was visited by a very violent rain and hail storm. For five to ten minutes both hail and rain fell in torrents. Much damage is thought to have been done to such crops as wheat and corn. Some of the wheat was broken and the gardens, fruit and flowers totally lost. Three inches of rain fell. Reports received this morning from the eastern portion of the county had a good rain, but no rain fell in other portions. However, the indications are favorable.

VIGILANTES AND THEIR ROSTER PRISONERS CANNOT BE LOCATED. BUTTE, Neb., July 16.—(Special Telegram.)—Dillon inquirer could not elicit what has become of the men captured by the Kaya Paha vigilantes Sunday. The band passed through Fairfax, S. D., last evening, going west, stating it was their intention to proceed to a point north of Springfield before crossing the state line.

STATE BOUND TO RUN BEHIND. Assessed Valuation of Nebraska Shows a Starting Decrease. LINCOLN, July 16.—(Special.)—The State Board of Equalization, consisting of Governor Holcomb, Auditor Moore and Treasurer Bartley, has commenced its annual labors. Abstracts of assessments from every county in the state, except Boyd, have been received and the figures representing the total assessed valuation of Nebraska show a startling decrease. This year the total is \$172,238,520. Last year it was \$182,717,498. In 1903 the total was \$184,232,125. Thus the decrease in the assessed valuation of the state over two years ago amounts to \$23,478,678. The worst feature of the report is the fact that the state will not meet the expenditures of the state as authorized by the last legislature.

Talking Politics at Beaver City. BEAVER CITY, Neb., July 16.—(Special Telegram.)—The republican county central committee met today and issued a call for the county convention, to be held August 20. Candidates for county office are very numerous and a hot campaign has already commenced.

Stenokamp's Condition Criticized. LOUISVILLE, Neb., July 16.—(Special.)—Henry Gabel, who shot Stenokamp, was taken to Plattsmouth this morning. His victim is said to be in a critical condition.

WESTERN ROADS MAY GET TOGETHER. Effort Being Made to Revive the Western Lines Passenger Association. CHICAGO, July 16.—It is highly probable that a meeting will be called for next week at the office of Chairman Caldwell to attempt once more the reorganization of the Western Lines Passenger association. There is the feeling now that the work can be carried through without a great deal of trouble.

Yield in Iowa Will Be Heavy. Crop Prospects in that State Are Better. RED OAK, Ia., July 16.—(Special.)—The farmers of Montgomery county have every reason to feel joyful over the crop prospects. There will be the greatest yield of small grain in the history of the county. Oats will net forty bushels to the acre, and of the finest quality. The spring wheat crop is extra good, averaging twenty bushels per acre. Hay is about two-thirds of an average crop, but of fine quality. Corn, the principal crop, with greatly increased acreage this year, will undoubtedly be the biggest yield ever known. The rains have come all season at just the right time, so that the farmers are satisfied with everything, and are busy harvesting. Last year at this time everything was burnt up with drought. Now the entire county is a garden that is beautiful to see.

Insurance Company Falls. SAN FRANCISCO, July 16.—The Sun Insurance company, a local concern, has been forced to go out of business and has re-insured its risks with the Fireman's Fund. The result of heavy losses sustained on marine insurance on the great lakes during the fall of 1904. But one local company is left in the field.

Give Kansas City Her Start. KANSAS CITY, July 16.—Jacob L. Mitchell, founder of the first beef packing house in Kansas City, is dead, aged nearly 80 years. Mr. Mitchell was the father of Frank M. Mitchell, local manager of the Chicago Live Stock Commission company.

Was in the Atlantic City Accident. ASHLAND, Neb., July 16.—(Special.)—News was received from Edward Larkins, the real number of bicycles is estimated at 100, and the assessor's tax is put down as \$300, and their average cost price \$100 each.
