

SMALL BABY DIE?

Cholera Infantum Now Menaces Homes.

Mothers Warned to Look Sharp to Child's Food.

Diet Wrong When Infant Cries Continually.

Children of Physicians Fed on Lactated Food.

Delicate, Sickly Ones Thrive Wonderfully on it.

The hot weather puts a pressing question to every mother—a question that demands an immediate answer.

It is impossible to postpone looking the great problem of infant feeding in the face. Has every precaution been taken to keep baby well during the summer? Is the baby running any risk from cholera infantum?

People have begun to learn that medicines for infants are more sparingly used in physicians' than in any other, and that the well-educated physician, when the mother's milk for any reason, is not sufficient, brings up his own children on lactated food.

There are no healthier or plumper babies than those fed on lactated food. Fewer cases of summer diarrhoea and cholera infantum occur in homes where this superb nutriment is employed than in others. The most carefully, intelligently guarded children are those fed on lactated food. Every infant who is not thriving has poor color or shows small gains in weight and size, should be given this perfect infant food.

When for any reason the mother cannot nurse the child, or when her milk is insufficient or poor in quality, the best trained nurses use lactated food at once. It is known to invariably make firm flesh, a clear skin, bright eyes, and to strengthen the body so that diarrhoea, cholera infantum and existing summer sickness do not easily gain a footing. And a great blessing it is to countless humble homes that for 25 cents a mother can buy a package that contains enough to make 10 pints of pure cooked food.

Max Schlager contributed \$5 to the city yesterday morning for having assaulted Teddy Burke, driver of a milk wagon. Max did not want any milk and told Teddy to get a hump on himself and take his milk can out of the store. Teddy retorted by saying that he would move along at his usual pace and that no Dutchman could hurry him very much. There was a scuffle and another store was damaged. Max Schlager was arrested and charged with assault and battery.

Milk, Groceries and a Fight. Max Schlager contributed \$5 to the city yesterday morning for having assaulted Teddy Burke, driver of a milk wagon.

Several laborers who worked last winter upon South Thirteenth street, bringing the hills to grade at various points, designated by Douglas county, are clamoring for damages from the county for injuries they received by the caving in of the embankment.

FUN AT THE FAMILY PICNIC

Floriell Made a Mistake at the Feast of the Meysters.

AN INVITED GUEST BECOMES TOO FRESH

He Interferes with the Privileges of His Hostess and Because Another Guest is Called to the Feast Knocks Her Out in One Round.

Frank Floriell hit the wrong fellow in a row at the picnic.

Floriell is a good fellow and went to the picnic as the guest of the Meysters.

The morning was spent in wandering through the woods, watching the athletic sports and picking wildflowers for the children.

Floriell had taken an active interest in the day's fun and had got on very friendly terms with his host and family.

They came the noon hour and the boys of the party were tapped.

About this time Mr. Meyster brought up a stranger and wanted to add his presence to the family circle.

Either from jealousy or from a fear that the beer would not go round, Floriell protested.

The circle was just the right size at the time and he was opposed to having a stranger brought into the camp to mar the pleasure of the day's celebration.

Mr. Meyster did not like Floriell's action. The beer would last like Floriell didn't make a hog of himself and there would be plenty for all.

Floriell's proposal to resist the admission of another member to the group and, like General Peabody of Pender, would resort to force to defend his rights.

Floriell was ready to do it. He was ready to crack a crack in the jaw that sent her to the ground.

She hurried home and went to the police station and had Floriell arrested on the charge of assault and battery.

Mrs. Meyster is the wife of the man of the family apparently, for her husband was in police court yesterday trying to get the case dismissed.

Mrs. Meyster wanted it continued for a month to give the police time to get at the facts.

ANNUAL FIGHTER THE GOAL

Charge that Board of Education Committed a Crime in the Fight for the Yearly Contract for coal to be furnished to the Board of Education is now being rung in with some variations from the usual procedure.

This time interest is added to the performance by the action of the committee on supplies in recommending that the contract for hard coal be awarded to the Nebraska Fuel company at \$7.95 per ton.

The Sheridan Coal company had a bid in on the same brand of coal at \$7.50. The difference between the two bids on the winter's supply is about \$100,000.

It is claimed that the action of the committee was induced by the influence of the Omaha Fuel company, which is the lowest bidder on hard coal is not a member.

This is assumed by Victor White, the manager of the Omaha Fuel company, as the reason why his bid was not accepted.

He said that he was informed that the committee intended to recommend the acceptance of the bid of the Nebraska Fuel company.

White called attention to the fact that he went to a member of the committee and asked why his lower bid was not considered.

A General Advance

Leather has advanced, shoe findings advanced, and we also take pleasure to herald the glorious news that the wages of those who make shoes have also advanced.

Shoes are dearer, but not here. Tell you why? All of our shoes are ordered and contracted for at least half year before the season. We don't deal in ready market product. Our fall stock is here, that's proof enough. Others are about getting ready to buy for fall season.

As we mentioned before, shoes have advanced, but we shall continue to sell that celebrated \$1.00 American calf Goodyear welt shoe at \$2.50, same as last season, when leather and labor were of the cheapest ever recorded.

Also that Coseo calf sewed shoe that was \$1.65 will continue to sell at that same price. With the advance that shoe will cost you \$2.50 elsewhere this season.

Our men's \$1.25 shoe is better than ever, made of full stock and sold throughout, and put together honestly. This shoe makes the best workmen's shoe ever placed on the market.

And what a benefit of the pick? We carry no women's shoes, but a store full of men's. We have but one study to battle with, and in that we are as nearly perfect as mortal can claim.

To show you that we know a good shoe from the ordinary and make up the kind that satisfy, we'll give you a new pair free or your money back in case a pair doesn't wear as long or as well as they ought to, or if not perfect in every respect.

Shoe dealers complain about that. They claim that we are demoralizing the business, but the public and ourselves are satisfied, and that's enough.
