A MAN SHOULD LOCATE IN

ORCHARD HOMES.

Because There is There—

An abundant and regular rainfall for crops, cool breezes from the gulf during the summer, a climate that will permit raising all kinds of fruit and vegetables, a very rich soil, a good dairy-farming country, the best climate, an abundance of lumber, houses built at a very low cost, free fuel, a very hospital and kindly population, good public schools, a section in which severe frost and long winters are lacking.

Fairly jumped into success—Pearline. Right from the very start. * Notwithstanding all these hundreds of years of precedence behind that old-fashioned, back-breaking way of washing with soap, too.

Now, why was it? Why is it that hundreds of millions of packages of Pearline have been used in the few years since this washing-compound was invented? Just do your washing and cleaning with Pearline for a month, and you'll see. It takes away the rubbing, but without any risk of harm. That puts it at the head of every known aid for washing. WASHES NOW USE Pearline
