

DEADLY SUMMER! Cholera Infantum Puts in Its Appearance

Every Poorly Nourished Baby Liable to Its Attack.

Complete Security in Lactated Food.

A Rich Nutritive Relished in Hottest Weather.

Its Use Brings Sound Sleep and Steady Growth.

Every thin, pale-lipped, underfed baby is a shining mark for wasting diarrhoeal disorders that put in their appearance with the

advent of hot weather. Yet every death from an intestinal disorder shows either neglect or ignorance on the part of the parents. The only safety for pale, weak, sickly babies is to keep up their strength without irritating their intestines, and this great problem of feeding delicate babies in hot weather has been solved to the complete satisfaction of hosts of mothers by lactated food.

It is a perfect substitute for healthy, vigorous mother's milk, and the one infant food which possesses the best scientific combination of all the elements necessary to the complete nutrition of the growing child.

It has saved thousands of infant lives, and its praises have been said by thousands of grateful, happy mothers and nurses.

Read the following letter from Francis T. Waters, principal of the Gregory Normal Institute, Wilmington, N. C., whose beautiful baby's picture is printed above.

"I send you with this picture of our little girl, whose health is due to lactated food. One year ago she stopped using lactated food and tried another, but soon her bowels became irregular and we returned to lactated food. She is just past two years old, has all her teeth, and is the healthiest, merriest, rosiest little girl you ever saw. We have not had a doctor's bill to pay and have the sweetest and best baby in the world. I can speak in the highest terms of your lactated food for children."

PLAYED A VERY LOOSE GAME

Nine Members of a Combine in a Peculiar Position.

THEY NOW SEE WHERE ERRORS WERE MADE

Majority of the Board of Education Becoming Convinced that in Turning Dr. Marble Down the Work Was Coarse.

The predicament in which nine members of the Omaha Board of Education found themselves Thursday when it was announced that Superintendent Cooper had emphatically refused to be a party to their plans has not been explained away by subsequent deliberation. Several informal consultations have been held, but the only result has been to emphasize the impression that the members were in the fix of the man who held both handles of the electric shocking machine. He couldn't hold on and couldn't let go.

What renders the situation more exasperating is the fact that several of these members are aspirants for office at the coming election and the criticisms of their conduct that are heard on every hand bring premonitions of a very unpropitious future. It is becoming convinced that they have played a very clumsy game and made a practical failure of it.

The members who have been so vindictively opposed to Dr. Marble can scarcely go back on their previous utterances even if Dr. Marble were willing to accept the position for which he was once turned down. On the other hand, many of the larger citizens have already elected their superintendents and there is but little timber left which would be satisfactory to the people of Omaha. To re-elect a man of Dr. Marble's standing in favor of one of the numerous ambitious but incompetent candidates who are willing to accept the position, would place the members in a very unpropitious light and this they are just beginning to realize.

MUCH TROUBLE ON THEIR MINDS. Another thing that is causing these members a lot of trouble just now is the evidence that is being received that there is a fight against Dr. Marble has been in the air of an almost unanimous public opinion. Citizens, men and the better element of the city are expressing their opinions in favor of one of the numerous ambitious but incompetent candidates who are willing to accept the position, would place the members in a very unpropitious light and this they are just beginning to realize.

This being the situation the chief desire of the members is to gain time. Two weeks ago they were adjourning to the 24th and 26th streets for the purpose of holding a convention to remove Dr. Marble. Now they are adjourning to the 24th and 26th streets for the purpose of holding a convention to remove Dr. Marble. Now they are adjourning to the 24th and 26th streets for the purpose of holding a convention to remove Dr. Marble.

When Dr. Marble was asked if he should accept the position if he should be elected, he said that he would not do so. At present he is looking for a new position and hoped to be successful. It was not every day that there was a vacancy in the superintendency of schools of a large city and he expected to stay in Omaha until a satisfactory opening appeared.

AN UNMISTAKABLE INDICATION OF THE current of public sentiment in the present controversy is found in the experience of Mr. Cooper while he was in Omaha. It is not generally known that Mr. Cooper saw one else besides the members of the school board combine, yet, as a matter of fact, he took Mr. Cooper into his confidence and influential citizens. Nine out of ten of these assured him that in their opinion the action of the board was an outrage and directed opposite to the interests of the city.

It is understood that some of the members of the board are of the opinion that Mr. Smith of the High School of St. Paul, who is an applicant, and who is recommended by Superintendent of Schools of a small city and to be an educator of some ability.

WHAT CHAUNCEY M. DEPEW SAID

To the Alumni of Yale College Not Long Since.

The Hon. Chauncey M. Depew, in speaking of the south to the alumni of Yale college, said: "The net result of a visit to the south, to my mind, is that the south is the banana of the future. We have developed all the great and sudden opportunities for wealth—or most of them—in the northwestern states and on the Pacific slope, but here is a vast country, with the best climate in the world, with conditions of health which are absolutely unparalleled—with soil that under proper cultivation, for little capital, can support a tremendous population; with abundant water power for comfortable living, winter and summer, which exist nowhere else in the country; and that is to be the attraction for the men who go out from the farms to seek settlement, and not by immigration from abroad, for I do not think they will go that way, but by internal immigration from our own country it is to become in time as prosperous as any other section of the country, and as prosperous by a purely American development as any other section of the country."

Assaulted and Then Drowned. BOSTON, July 26.—The body of Alberta Stuart, a 14-year-old school girl, who disappeared from her home at 29 Myrtle street yesterday afternoon, was found in the Charles river today. Medical Examiner Harris has found evidence that she was criminally assaulted, and it is believed that she was thrown into the water while unconscious.

Will Feel Better After a White. Assistant General Freight Agent Wood of the Union Pacific, when approached as to the growing objections of Salt Lake City people to the present tariffs as readjusted recently, said: "As the business men of Salt Lake City are so generally in favor of the new tariffs they will not have the same reason for raising objections as now. Tariffs are made and then thrown aside. After a careful investigation I am sure it will be found by our Salt Lake friends that they never had a more equitable adjustment of rates in their favor than these new tariffs give them. Knowing the freight situation as I do, it took me a month before I appreciated all the conditions made by the new changes. I do not see how it is possible for the Salt Lake merchants to begin to realize how they are benefited, the talk of meetings and agitation will be abandoned."

SAVANNAH, July 26.—The board of depositors of securities in this city under the Central railroad reorganization plan was made this afternoon, as follows: Debitures, \$2,308,205; Central stock, 20,494; shares, Savannah & Atlantic bonds, \$22,000; the new \$1000 bonds, \$47,000, and Columbus & Rome bonds, \$113,000.

ASSULTED IN POLICE COURT

Colonel Tilly Horsewhipped by an Enraged Woman.

IRATE MRS. FRANKLIN APPLIES THE LASH

LABORING UNDER THE OPINION THAT JUSTICE HAD NOT BEEN METED OUT SHE TOOK THE LAW IN HER OWN HANDS.

An irate woman with a rawhide created a sensation in the police court just at the adjournment for the noon hour yesterday. The woman was Mrs. Franklin, proprietor of a restaurant for colored people on Dodge street, and her victim was Colonel James F. Tilly, a former city building inspector. The trouble commenced on July 11, when a warrant was sworn out by Mrs. Franklin charging that Colonel Tilly had insulted her in a meat market by chucking her under the chin and speaking to her in a familiar manner. The trial was set for yesterday morning and Mrs. Franklin was present with her witnesses. On the stand the woman did not make her own story very strong, for when the witnesses, employees of the meat market and others who were present at the time had told their stories Colonel Tilly's account was so convincing that the jury all swore that Mr. Tilly had not touched the woman and had not said a word to her. Judge Berkus promptly dismissed the case against Mr. Tilly.

During the progress of the trial Mrs. Franklin made a good deal of noise and had to be called back by the court. She was proceeding to the witness stand when she was called back by the court. THIRTY TRAMPS CAPTURE A TRAIN.

Refused to Pay Their Fares and Decried the Conductor.

ERIE, Pa., July 26.—Last night at Ashabula, Pa. a gang of thirty tramps boarded eastbound passenger No. 2 on the Lake Shore road. They refused to pay their fares, and as fast as they were ejected from one car, they jumped into another. The passengers became intensely excited and the conductor telegraphed this city for a force of policemen to meet the train. When it arrived here a number of officers surrounded the train, but the hobos made a dash for liberty on seeing the police, and only eight out of the thirty were captured.

Mr. Brown Saw the Town. "God darn such girls. They put their hands down in your pockets and take out what money they want. They don't act like that in my town," remarked Mr. John Brown of Kennard, this state, to an officer last night. This plaintive complaint of Mr. Brown's experience with one of Omaha's fairies, he and his brother dropped down into the prescribed district and the woman invited them into her house. Mr. Brown and Mr. Brown became very well acquainted with his fair captor. She told him that she was going to visit his town. Then she reached into his pocket and pulled out a \$5 bill. She sent it to him and he took it. But it never came back. Then Mr. Brown went out and hunted up an officer and wanted the woman arrested, but when he found that he would have to go to jail, he complained of the woman, he changed his mind. Besides, he said that he did not want his name to get into the papers.

For the Y. M. C. A. Outing. Mr. Mayne returned last night from Tekamah, where he had been visiting the new camping place of the Young Men's Christian association at Quinebaug lake, the new name for Holman's lake. While there he made arrangements for the accommodation of the crowd of youngsters, who will make up the first camping party, which leaves next Tuesday morning. A fine timber strip will be the first ground. An inlet of the lake with sandy bottom, which is water level from one to four feet deep, will form the place where the lads will learn to swim and play foot ball in the water. Grounds are laid out for the boys' association, and there is a fine bicycle road from Tekamah to the lake, which is fourteen miles distant. The lake is fifty miles from Omaha. The committee from Omaha was courteous met by Judge Hopwell of Tekamah, and Ticket Agent Hamblin.

Picnicked in the Park. The members of the Order of the Eastern Star, Vesta chapter No. 6, held an informal picnic in Hanscom park yesterday afternoon and evening. About a dozen couples arrived at 4 o'clock, and were later in the evening joined by a large number of others, who came in time to enjoy the cool of the evening. The picnic party spent the time in quiet conversation under the shade of the trees and in the evening opened a generous supply of viands provided in baskets.

Will Make a Slight Advance. SHREVEPORT, Mich., July 26.—A decisive stage has been reached in the great miners' strike, and it is believed that it will either be settled Monday or a determination reached to continue indefinitely. The local agents of nine Ishpeming and Negaunee mines that are largely owned from Ohio today received a letter from the union, in which a reply to the miners' demands. They are willing to concede a slight advance, but refuse to treat with the strikers as a whole. Investigation is extended to the workmen to meet at their respective mines Monday morning for a conference.

Grey Has Done This Before. W. H. Grey is in jail on the charge of insulting girls on the street. At 6 o'clock last night as the girls employed at the cracker factory at Twelfth and Jackson streets were leaving the building, Grey accosted two of them in an indecent manner. Detectives Savage and Donahue were witnesses and placed him under arrest. Grey charged with having acted in a similar manner on various previous occasions.

No Trouble on the Rateh. BOSTON, July 26.—The story of trouble aboard the United States cruiser Raleigh, now at anchor in Boston harbor, was today explicitly denied by the officers of the deck, who spoke for Captain Miller, who was ashore and in an associated position representative boarded the craft. The complaint of the men that they were overworked and ill treated was also denied.

Manly Favor Pacific Coast. Would Like to See the Republican National Convention Go West. AUGUSTA, Me., July 26.—In an interview today Hon. Joseph H. Manly, discussing a report that the republican national committee would meet in Washington early in November to decide the time and place of the next republican national convention, said that he had heard nothing of the plan. Mr. Manly said that he would prefer to hold the convention on the Pacific coast, where the continent would be equitable. He expressed himself in favor of holding the convention after the democratic convention had been held. "The democratic party is in power and it should be the first to announce its platform and candidates."

Rick Murderer Will Stand Trial. ST. LOUIS, July 26.—Arthur Duestrow, the millionaire murderer, has been taken to Union for trial. "Goodby, boys," he yelled to the guards, "I'll never come back again." Deputy Sheriff Terry and Mike Moutier accompanied Duestrow.

Today

We offer two thousand pair Suit Pants. We don't expect to sell them all today, but if you'll be wise you'll come in early, as you know the first pick is the best. They are the grandest values we ever offered. Goods will never be as cheap as they were last season and the Pants we offer are in proportion. We start them at \$1.00. Think of it. Pants from suits which sold at \$5.00 and \$6.00, only \$1.00. This

is almost giving them away. Pants of the finest suits we sold this season are marked only \$3.00. Among them are some of the choicest Worsteds and Cassimeres which other houses wouldn't dream of selling for less than \$5.00 or \$6.00. We want to make a clean sweep of them, as we must leave room for Fall Goods. Today we have all regular sizes and if your waist isn't over 40 and your length not over 35, we can fit you. There will be no altering and no pressing done on these pants. If you wait too long your size may be gone. So you better come early on

Pants Day.

PROGRESS IN THE TAYLOR TRIAL. Adds New Interest to the Case. Sensational developments in a New York Criminal Investigation. CINCINNATI, July 26.—There was a sensational development here today regarding Dr. Thomas B. Biggs, held in New York as accessory to the suicide of Lillian Low. The court records show that Dr. Biggs on October 5, 1891, sued for divorce from Lillian A. Biggs, although from the marriage contract, and that she left him sixty days after their marriage in 1890 at Sault Ste. Marie, Mich. She went to New York and did not oppose the divorce, which was granted December 23, 1894. Dr. Biggs was a prominent physician at Glendale, a suburb of this city, was connected with the medical college, was physician at the Glendale Hotel, and had sufficient influence to suppress all publication about his suit and decree of divorce. As his wife was not here with him, nothing was ever known of his divorce until today.

More Evidence Against Corbett. Members of His Dramatic Company Tell Lively Tales. NEW YORK, July 26.—The hearing in the Corbett divorce case was resumed today before Referee Jacob J. H. Wilson, a member of the dramatic company of which the plaintiff, Corbett, was the star, testified that the woman known as Vera traveled with the company as Mrs. Corbett. He also swore that Corbett and Vera occupied the same rooms at the Burnett house in Cincinnati, at the Parker hotel in Madison, Wis., and at a hotel in La Crosse, Wis. The dramatic company of the plaintiff, Corbett, was a prominent physician at Glendale, a suburb of this city, was connected with the medical college, was physician at the Glendale Hotel, and had sufficient influence to suppress all publication about his suit and decree of divorce.
