Dissatistied with the Award. Mrs. Georgia A. Trephagen has appealed from the recent action of the board of supervisors and the appraisers who fixed a measure of damages for the laying out of a new road in Gainer township, as petitioned for by John M. Byers, John F. Garner and Willam L. Dilion. The board granted the pe-tition for the read, and appointed as ap-praisers J. P. Hess, J. P. Greenshields and D. Johnson, whose duty it was to assess lamages to the abutting property. Mrs. Frephagen was awarded \$550 us her share of the damages, but she claims this was not of the damages, but she claims this was not enough. She says the land actually used in making the road was worth \$2,265, besides which there is a seven-acre tract of land which is cut off from the rest of her farm by the road and rendered absolutely worthless for any purpose. Then she says her farm is injured \$1,000 worth by having the road where it is, and she demands \$4,255, instead of the \$550 which she was allowed.
