- Lot III—All \$2.50 Hats for 49c each..... **49c**

CHANGE OF TROOPS DELAYED

Shifting of Stations Will Not Occur Until Some Time in the Fall.

RETIREMENTS IN THE NEAR FUTURE

Department Refuses the Request of the Cheyenne County Agricultural Society for Use of Abandoned Fort Sidney Reservation.

WASHINGTON, Aug. 3.—(Special.)—One of the questions now being considered by the War department officials, is that of whether or not Governor's Island at New York, the headquarters of the Department of the East, shall be converted into an army post. This island is now, and has been for some time, used as an arsenal. The quartermaster general of the army originated the idea of having Governor's Island made the headquarters of troops, and the question is now under consideration. It is urged by some that this place should continue to be used as an arsenal, for the reason that it is a splendid point for the storage of ammunition. It is situated in New York harbor, at a convenient distance from the metropolis, and, being separated from the mainland, the ammunition stored there would be out of reach of an assault. It is also urged against the proposition to make the island a post that in case of an emergency the troops would be at a disadvantage when on the island, and could not be easily transported to the city of New York in case of an attack.

On the other hand the friends of the proposition claim it will be a great advantage to have the troops on the island, because they could more easily protect the city and harbor against an attacking force when stationed on the island than they could were they on the mainland. The proposition has been opposed by a number of leading daily journals in the east, and the Army and Navy Register has also published a strong editorial against establishing an army station, and suggesting many reasons why the island is fitted for use as an arsenal. The secretary of war has not given any information as to his opinion in the matter, and it is not known whether a decision will be reached soon or not.

Another argument against establishing a post on the island is that, if it is made the headquarters of a large number of troops, the headquarters of the Department of the East will necessarily have to be moved to New York city. This is a change which would be a very serious one, and it is said that it would also involve an increase in expenses.

DEFERRING CHANGES OF TROOPS.

It is possible that the War department officials may conclude to defer the proposed change in the stations of the troops until the latter part of the summer, or until the fall season. It has been decided that it will be better to delay as long as practicable any expenditure of the appropriations of this year for the army, so that at the end of the fiscal year there may be sufficient funds on hand to permit such transportation of the troops as may be deemed necessary. It is the policy of the department to retain a sum large enough to be available in case of an emergency. A very profitable lesson was learned last year when such a large amount of money was spent on the transportation of troops during the labor troubles at Chicago. It will be recalled that only a small amount of the army appropriation was left during the latter portion of the fiscal year, and hence there was not an extensive shifting of troops as was desired. From present appearances, therefore, it seems very likely that the change which has been so long contemplated may be postponed for several months.

It was said for a time that prior to his departure for his tour through the west, Lieutenant General Schofield left with Secretary Lamont a memorandum of the changes which he then deemed desirable. The secretary did not seriously consider the proposition before his own trip, and had not made up his mind as to just what transfers should

be made, but he was fully determined that a change of some kind should occur and that this should be a change of troops, even if it was only a slight one. It is now said that since the secretary has made a tour of inspection himself, and has visited a large number of army posts in the west and north-west, he has obtained some information about the exact conditions and needs of the various troops, so that he now has a different impression of the changes which would be desirable. The secretary has become better acquainted with the situation, and has gained information which will enable him to deal with the army better than ever before, so that such changes as may be decided upon will be the most effective and beneficial to the country on the part of the secretary. It is expected that Lieutenant General Schofield will return to Washington about the last of this month. There are a number of important matters upon which the secretary desires the counsel and advice of General Schofield.

INTEREST IN RETIREMENTS.

Interest is revived in the army retirements which occur during the month of August. There have been no retirements on account of age for some time past and army officers are looking forward to the event which will furnish them food for thought and personal gossip. Colonel William Winthrop will retire today. He will be promoted Lieutenant Colonel P. F. Barr to be colonel and Major George B. Davis of the judge advocate's department, to be lieutenant colonel, leaving a vacancy in the grade of major in this department. This vacancy will be filled by presidential appointment. The retirement of Captain Elting of the Third cavalry will occur on August 8. First Lieutenant George L. Converse, Third cavalry, will go up to the captain's grade, but being incalculably in the grade of lieutenant, will immediately after his promotion, First Lieutenant Henry L. Ripley, Third cavalry, will retire. Second Lieutenant Solomon P. Vestal, Fifth cavalry, will be promoted to first lieutenant in the Third cavalry. By the promotion and retirement of Lieutenant Converse Second Lieutenant Charles A. Hedekin, Third cavalry, will be promoted to first lieutenant. Additional Second Lieutenant Hamlin has been promoted to second lieutenant of the Fifth cavalry, and Additional Second Lieutenant Joseph Oberfelder has made second lieutenant in the Third cavalry.

The third and last retirement during the month of August will be that of Colonel Hains, who will be promoted to the colonelcy next month. Another party has asked for the retirement of Lieutenant Colonel Peter C. Hains, who will be promoted to the colonelcy next month. Captain J. H. Willard will be promoted to major, First Lieutenant James C. Sanford to the captaincy and Second Lieutenant Charles Keller will be promoted to the grade of first lieutenant, while Additional Second Lieutenant George P. Howell will be made a second lieutenant.

WANTED FOR A FAIR GROUND.

The abandoned military reservation at Fort Sidney is wanted for other than educational purposes, as another party has asked for the allowance of a special privilege in connection with its use. As was stated in the issue at the time, the secretary of the Interior has taken action in compliance with the request of Joseph Oberfelder and Congress, who asked that the land be held until the Western Nebraska Educational Association, in whose behalf Oberfelder wrote, could petition Congress to donate to them the land which they desired to use for school purposes. James L. McIntosh, custodian of the reservation, has asked the interior department to grant the Cheyenne County Agricultural association permission to establish a temporary race track on the Sidney reservation. The department has refused to grant the request. In answering the communication of McIntosh the acting secretary of the interior informs McIntosh that the department has taken action in compliance with the wishes of Oberfelder, and that to extend the privilege now asked for would not be consistent with the department's former action and would tend to complicate the department. The letter also says that the

policy of the department is to refrain from granting permission for the use of buildings or land in abandoned military reservations, except by court order and temporarily for benevolent, educational and other purposes of like nature. The department's reply says: "In this instance it is not deemed wise to grant the permission recommended, and thereby officially sanctioning the incurring of the expense necessary to attain its object on the part of the agricultural association." This last statement has been interpreted as being a polite way of informing the agricultural association that the interior department does not desire to give its sanction to horse racing. From the above reply it will be seen that the officials of the interior department are inclined to look with favor upon the plans of the educational society to use this abandoned reservation for school purposes.

SURVEYOR GENERAL'S REPORT.

The officials of the survey division of the general land office are now gathering together data for the preparation of their annual report for the fiscal year, which ended on the 30th of June. In order that the work may proceed with haste, nearly all of the routine matters of the office have been laid aside and will be taken up again when the report is submitted to the commissioner of the general land office. Up to a short time ago the employees of the bureau were kept busy working on the contracts for surveys for the year, which has recently passed. They succeeded in getting all but a small number of the contracts before the secretary of the interior, and approved by that official. The few which were unapproved will not be carried out, and the surveys cannot be made unless authorized by another act of congress. As soon as the annual reports are completed the survey division will give its attention to the appropriation of the money appropriated by the last congress for surveys during the present fiscal year. This sum amounts to \$225,000, and it will be divided among the various states according to their respective needs in surveys.

PAYMASTER HAD A GOOD THING.

Loaned Money to the Ship's Crew at Fort Washington, Aug. 3.—Acting Secretary McAdoe today announced the conclusion of the Navy department in regard to the court of inquiry ordered to investigate alleged irregularities in making payments on the receiving ship Vermont, navy being charged. He severely criticizes the court of inquiry for lack of thoroughness, and says the department is thereby embarrassed in arriving at a conclusion. He adds, however, that enough has been obtained to show that there have been irregularities and payments made in violation of navy regulations and that in at least two instances loans have been made by the paymaster, Yeoman J. Rasmussen, at exorbitant rates of interest, and that when the men wanting the money were unable to pay, Moriaris, the amounts and interest were deducted, the men signing false receipts. McAdoe closes his statement by saying that the best interests of the service will be subserved by the following course:

1. A letter censuring Captain Casey for his failure to observe the navy regulations respecting payments to the crew of the vessel under his command.
2. A similar letter to Paymaster Tiffany, who is placed on a furlough when he has completed the settlement of his accounts.
3. The appointment of W. V. Moriaris as paymaster's clerk is immediately revoked, and he is to be informed that the department will not approve of his selection for appointment by any paymaster, or permit his entrance into the service in any capacity in the future.
4. Jeppie Rasmussen to be discharged from the service, with an endorsement on his discharge to the effect that he is not deemed a desirable person for re-employment in any capacity.

Pender Trouble Vintouched.

WASHINGTON, Aug. 3.—(Special Telegram.)—Commissioner of Indian Affairs Browning today had a short conference with the secretary of the interior. A number of matters affecting the Indian office were taken up, but the conversation did not revert to the Indian trouble at Pender, as the secretary

has not yet had time to give attention to this subject. Secretary Smith will leave Washington tomorrow and the matter will be continued by Acting Secretary Reynolds, and if any action is taken it will be by that official. The various communications received by telegraph and by mail were sent to the interior department for the consideration of the acting secretary next week.

NEWS FOR THE ARMY.

Changes in the Regular Service Announced Yesterday.

WASHINGTON, Aug. 3.—(Special Telegram.)—Following transfers in the regular cavalry are ordered: First Lieutenant John C. Waterman, troop M to troop A; First Lieutenant Elwood W. Evans, troop A to troop M; First Lieutenant Thomas Q. Donaldson, Jr., troop L to troop C; First Lieutenant George M. Williamson, troop C to troop L. The following transfers in the Fourth cavalry are ordered: First Lieutenant James B. Erwin, troop M to troop H; First Lieutenant John A. Lockwood, troop H to troop M; Second Lieutenant Clough Overton, troop D to troop M; Second Lieutenant Hamilton S. Hawkins, troop M to troop D. By retirement of Colonel William Winthrop, of judge advocate department, Lieutenant Colonel T. F. Barr was promoted to grade of colonel and Major George B. Davis was promoted to lieutenant colonel. This leaves a vacancy in the grade of major, to be filled by presidential appointment. The War department today said that the president will not make any appointment until his return to Washington in the fall.

GREAT VICTORY FOR A BREWERY.

Anheuser-Busch Company Will Receive the World's Fair Award. WASHINGTON, Aug. 3.—Judge Cole in the district court today granted the Anheuser-Busch Brewing association of St. Louis an injunction to restrain John Boyd Staehle, one of the members of the Chicago World's Fair Board of Awards, from making or publishing the award on the first analysis of the beer of the association and requiring them to accept the second analysis of the beer. The dispute has been a long one. Prof. Wiley, the chemist of the Agricultural department, who made the analysis, acknowledged that a mistake had been made at first, but the commission refused to change the award, asserting that it had no authority to do so. Staehle then had to take the matter to the courts by the brewers.

INDIANS ON THEIR WAY BACK.

General Coppinger Reports All Quiet in Jackson's Hole. WASHINGTON, Aug. 3.—The following dispatch was received at the War department today from General Coppinger's headquarters: "All quiet at Jackson's Hole. Two scouting parties were sent out yesterday, one to the country east about Buffalo Forks and one southeast to Hoback's River. One company of Biele's battalion, Eighth infantry, has been sent to Swan River for the protection of citizens. "The acting Indian agent at Fort Hall reservation reported 164 Indians were camped four miles from Soda Springs and 300 at the outlet of Gray's lake in Idaho, all claiming to be on their way back to the reservation. The acting agent says trouble is about over."

Another Negro Boy Shot.

WASHINGTON, Aug. 3.—The Flagler tragedy of yesterday was almost duplicated today when a young colored boy was shot by a servant of the Japanese legation, while stealing fruit in the yard in the rear of the legation. The shot struck the boy in the arm and is not dangerous. The negro population of the district is considerably excited over the Flagler shooting and an indignation meeting has been called for next week to protest against the verdict of the coroner's jury.

Printers in No Hurry for Examination.

WASHINGTON, Aug. 3.—The Civil Service commission has not succeeded in obtaining as many applicants for positions in the government printing office as are desired. So far

only forty-one composers, twelve bookbinders and four pressmen have been examined, and probably a number of these have failed to pass. With the opening of congress several hundred of these mechanics must be employed. It is probable that the commission will advertise a special examination for the purpose of increasing the eligibles.

Rejected the Southern Pacific Claim.

WASHINGTON, Aug. 3.—Secretary Smith has rejected indemnity list No. 24 of the Southern Pacific railroad for 4,443 acres of land in California. The list is rejected because the lands so chosen were covered by several hundred of these mechanics must be employed. It is probable that the commission will advertise a special examination for the purpose of increasing the eligibles.

Sending Out Plans for Torpedo Boats.

WASHINGTON, Aug. 3.—Commodore Hiebhorne, chief of the construction bureau, today sent plans and specifications of the twin screw torpedo boats, Nos. 7, 8 and 9, to a number of firms who have expressed a desire to bid on the boats. Under the law, if reasonable bids can be obtained, one of the boats must be built on the Mississippi river, another on the Gulf of Mexico and another on the Pacific coast. Commodore Hiebhorne has sent plans to all firms in these localities.

Federal Contracts Awarded.

WASHINGTON, Aug. 3.—(Special Telegram.)—Benjamin Hyde of Chicago was today awarded a contract for the completion, including some changes in the original plans, of the federal building at Duvenport, Ia., at his bid of \$72,523.

J. J. Shamburg was today appointed postmaster at Hartford, Conn. Neb., vice G. B. Kelly resigned.

Marshalltown Case Settled.

WASHINGTON, Aug. 3.—Secretary Hoke Smith has decided the land contest of the town of Aberdeen, S. D., against J. S. McFieley and A. McAllister, in favor of the town. McFieley wished to locate the land in question in the territory of the town, but the town wanted it as a townsite.

Minister Ransom Makes a Call.

WASHINGTON, Aug. 3.—United States Minister Ransom was at the State department today in conference with Acting Secretary Adie. He is improved in health and expects to start for his post in a few days.

Twenty-Five States to Be Represented.

MEMPHIS, Aug. 3.—Senator Harris, on being asked concerning the conference of binomialists to be held in Washington August 14, said that letters had been received from representatives of about twenty-five states announcing their purpose to attend the conference. It would undoubtedly, he said, be a representative conference of democrats and its action would be of the greatest importance to the party, and with a view to influencing party action, silver democrats in every state, it is said, should see that there is a fair representation sent from their respective states. Senator Harris left for Washington today, where he will be joined a few days by Senator Jones of Arkansas and other senators who are co-operating with him in bringing about the conference.

Hereschoff Makes Herbert an Offer.

NEWPORT, R. I., Aug. 3.—Nat Hereschoff made an offer to Secretary Herbert of the navy yesterday before he left for Gray Gables to build a torpedo boat capable of attaining twenty-seven and one-half knots for \$150,000. A short time ago congress made an appropriation of \$450,000, to be used in the construction of three torpedo boats capable of twenty-six knots an hour. If Mr. Hereschoff's offer is accepted he will use in the construction of the new boat all the new principles which have been combined to make Defender a speedy boat.

BOIES IS NOT A CANDIDATE

Lowa Democratic Statesman Declines Hours in This Direction.

WRITES TO THE STATE CHAIRMAN

Has Personal Reasons for Wanting to Keep Out of the Political Arena on This Particular Occasion.

CEDAR RAPIDS, Aug. 3.—Ex-Governor Horace Boies has written a letter to H. O. Bishop, chairman of the Linn County Democratic convention, in which he says his attention has been called to resolutions favoring his nomination for governor, and stating that he cannot consent to the use of his name in connection with the nomination, for purely personal reasons. He says he is in accord with democratic principles upon national issues, and believes, from the many able men in the party, that the convention will select one for a standard bearer who will prove entirely acceptable to all.

TRAVELING MEN HOLD A PICNIC.

Marshalling the Scene of an Anticipated Meeting.

DES MOINES, Aug. 3.—(Special Telegram.)—Over 400 traveling men and others went from Des Moines today to attend the traveling men's picnic at Marshalltown. Information from that point says the picnic was the biggest in the history of the local organization. Over 2,000 commercial travelers were in attendance, besides their families. The parade in the afternoon was over a mile in length. Des Moines, Okaloosa and Marshalltown bands furnished the music. The city is elegantly decorated and a general holiday prevails. The crowd in town is estimated at 30,000.

Advocated Free Silver.

SIoux CITY, Aug. 3.—(Special Telegram.)—The Woodbury county populist convention to the state convention and candidates for county offices and representatives in the legislature were chosen. Free coinage was advocated and the legislative candidates were instructed if elected to introduce a bill for such equalization of taxes as shall place all property on a like proportion.

Damages for a Ruined Home.

CRESTON, Ia., Aug. 3.—(Special Telegram.)—Mrs. Martha Howard of Lorimer, has brought suit against Asa Berry, a saloon keeper of the same place, for \$5,000 damages in her petition for charges that Berry sold her husband liquor, which caused a loving and providing husband to become a drunkard. Howard spent all his money and is now about to lose his home, and his wife brings action for damages.

Senator Allen Speaks at Sioux City.

SIoux CITY, Aug. 3.—(Special Telegram.)—Senator W. V. Allen of Nebraska addressed the Woodbury county populist here this evening. The meeting was to have been held in the court house, but the building was inadequate to accommodate the crowd, and an adjournment was taken to the lawn. The speaker brought out nothing new, condoning himself entirely to the aims and object of his party.

Diamond Joe Reynolds's Widow Dead.

DUBUQUE, Ia., Aug. 3.—"Diamond Joe" Reynolds' widow died at McGregor today. She was childless. Presumably her two brothers, including J. A. Marton of Chicago, will inherit the large estate, of which E. M. Dickey of Chicago is the administrator. "Diamond Joe" Reynolds was one of the most prominent statesmen from the upper Mississippi.

Vice President Starts for Alaska.

BLOOMINGTON, Ill., Aug. 3.—Vice President and Mrs. Stevenson and daughters, Misses Julia and Letitia, left this morning for an extended journey through Alaska and the great northwest and do not expect to return to this city until September. The trip is to be made in the hope of benefiting the health of Miss Julia, who has been indisposed a greater part of the summer.

Lived Long Past the Century Mark.

PROVIDENCE, R. I., Aug. 3.—Mrs. Minnie Murray died at Cheyetteville today. She claimed to have lived 116 years old. It is known she was alive 108 years ago. She died of old age and leaves many members of three generations of her family.

Herbert Will Call on the President.

NEWPORT, R. I., Aug. 3.—Secretary of the Navy Herbert will go to Gray Gables tomorrow.

discussion a number of delegates become dissatisfied and left the hall. After considerable discussion the populist-prosilver plank was adopted, which will be repudiated by a large number of democrats of the county. P. McDermid of Fontanelle was nominated for representative, J. B. Hour for treasurer and J. D. Adams for sheriff. The remainder of the ticket was the same, which is significant that a fusion deal is in contemplation.

White Metal Ignored.

CHEROKEE, Ia., Aug. 3.—(Special Telegram.)—The populists of Cherokee county met in convention here today and selected delegates to the senatorial convention. They also nominated a ticket, with the exception of coroner and superintendent. No action was taken on the silver question.

The democratic county convention was held here today and selected delegates to the state and senatorial conventions. The silver question was shunned. The attendance was very small.

Traveling Men Have a Picnic.

MARSHALHTOWN, Aug. 3.—The annual reunion and picnic of the Iowa Traveling Men's association held heretofore was an unqualified success. The parade composed of actual traveling men was over a mile in length and was witnessed by 20,000 people. The program at the fair grounds consisted of forty contests of various kinds, with prizes offered by wholesale and jobbing houses all over the country. The city is elaborately decorated.

Advocated Free Silver.

SIoux CITY, Aug. 3.—(Special Telegram.)—The Woodbury county populist convention to the state convention and candidates for county offices and representatives in the legislature were chosen. Free coinage was advocated and the legislative candidates were instructed if elected to introduce a bill for such equalization of taxes as shall place all property on a like proportion.

Damages for a Ruined Home.
