"It is generally known that John L. Through the kindness of Mr. Ethelbert G. Wood, an American citizen, Mrs. Wailer and her family were furnished with means to reach the sea at Vatomandry, and thence to take passage to Mauritius, where they are now stranded and living on charity for want

of means. It is to be hoped that system and immediate efforts will be made by the colored people in their churches and through other channels to raise funds for the relief of his needy and unfortunate family. It is believed that a grievous wrong has been done to Mr. Waller and Bray by the French military authorities in their war of conquest against Madagascar, for which an apology will be made to the sufferers.
