Terrific Display of Elemental Power Results in Wiping Out Corn and Garden Truck Over a Narrow Strip.

filden, Neh., Aug. 11.-(Special.)-At It approached in the shape of a huge black has been sent for and the matter will be indicating that there was some hall and wind, but it was so quiet in its approach that the danger was expected. At the start the fall the size of a crabapple to the size of a man's fist. The corn crop was pounded into the ground as though by a pile driver, and all garden crops, with the large beet fields are beyond redemption. Every window light facing the north and west was broken with the first fall. The length of the whole hall fall continued about twenty-five minutes. Several teams in the street broke loose, making a great uproar, and several people coming home from the Neligh reunion were caught in the storm and slightly injured. A team driven by two young people, Will Yeoman and his sister, Ida, ran away upsetting the carriage and dragging them into a barbed wire fence. Miss Yeoman was picked up in-sensible, but the boy escaped undurt.

NELIGH, Neb., Aug. 11.—(Special.)—A ter-rific hall and rain storm, accompanied by a high wind, visited this section, commencing at 7:40 last evening. Telegraph, wires were down and no communication east pos-sible. The duration of the hail was about fifteen minutes. The extent of the hall belt is about three miles in width, with the length unknown. It came from the northwest and the heaviest portion of the storm passed north of town, taking a southeasterly direction. Window lights on the north and west of buildings were demolished where unproteeted. There is not enough glass in town to supply the demand. Gardens are practi-cally destroyed, but generally corn will be all right, while small grain is all cut and either in shock or stacked. However, it is apparent that some fields of corn in the storm center are practically ruined. Hall fell the size of a hen's egg. The headlight of the engine on No. 3, arriving last evening, was broken and the cars flooded with water The train encountered the storm between this

place and Oakdale.

GRANT. Neb.. Aug. 11.—(Special.)—A heavy rain is falling here this afternoon which will do much good to the corn crop. Corn is doing nicely. We also had a good rain Thursday night. Farmers feel greatly WAHOO, Neb., Aug. 11.—(Special.)—Over i inch of rain fell here between 10 and

11 o'clock last night which greatly benefited

WILL TRY A SENSATIONAL CASE. York County Court to Henr Evidence Against Harry Fitzpatrick.

YORK, Neb., Aug. 11.-(Special.)-The preliminary examination of Harry Fitzpatrick will be heard before County Judge A. C. Montgomery tomorrow morning. This case has been continued repeatedly, but it is thought that' the same will come to trial this time without fall. Fitzpatrick was arrested on June 27 at the instance of Rosetta Wright, a young woman of this county, charged with having committed a criminal assault upon her. As alleged by her he committed the act on June 23, while out riding, and in at-tempting to carry out his purpose pounded, and injured the young woman. The hearing of the defendant was continued until the of the delegant was continued until the 20th of July and from then until the 12th of August. The case is causing quite a stir in the community, and there are many different storics affect. The young woman has borne a good name. It is alleged that threats were made against friends of the complaining witness by the defendant and his friends, who threatened, if they persisted in carrying out the prosecution, to injure the Miss Wright is probably 20 years of age, and appearing young

Yesterday was a busy day for York, and is city was crowded with persons. From the talk of the farmers of the county it apthat the magnificent rain of Friday y encouraged them, and many of them state that notwithstanding the lateness of the season a great many of the fields have been greatly benefited and will yield much better than was expected. Oats are not being sold at the present price, which is not

BROWN HAS BRADY ARRESTED. Result of a Row in Which a Jag and a Shotgun Figured.

NEBRASKA CITY, Aug. 11 .- (Special.)-John W. Brady was arrested last night on a warrant sworn out by Willis Brown, charging him with shooting with intent to commit muratopped at the house of Brown in Kearney and attempted to clean out the place. Brown, however, procured a club and drove him away. Brady saying he would get his gun and return. Brown went to telephone for the police and while gone Brady returned with a doublebarreled shotgun and fired both loads at the house, the shot striking a few feet from the door, in which Mary Brown was standing. He then left, but was afterward arrested. Brady denies the shooting, claiming there is a ng story before this. His trial will occur

At the meeting held at the Grand Pacific hotel last night for the purpose of forming a lecture club a temporary organization was effected. W. C. Kidd was elected temporary chairman and Prof. Harry Morgan secretary, the subject of the federal jail here. Cittenden is a half breed Cherokee Indian, and he and Craven are classed as two of the most desperate men of the territory. The men were arafter which the meeting adjourned until next Tuesday evening.

Grand Army of the Republic reunion was aftended by 5,000 people. The old veterans are enthusiastic over their cordist reception killed. and have enjoyed themselves immensely. Speeches were made yesterday by Senator Allen and Hon. T. L. Mathews. That of the latter was especially brilliant and received unusual praise. Only slight reference to political questions was made by either speaker The wind, rain and hall storm of last night made a portion of the grounds untenable, and a larger portion of the crowd was brought to 2.000 people were in the camp at the com-mencement of the storm. The large tent blown down and badly damaged. No

PITCHED BATTLE IN A BOX CAR. Three Stonecutters and a Trio of

Tramps Have a Shooting Bee. ASHTABULA, O., Aug. 11.-Six men had Pa., and this place last night. Three stone cutters, named H. G. Eastlick, Bert Smith and John Meinhart, boarded the train at Erie to come to Ashtabula. At a water tank three tramps entered the car. When the train had gotten under way again the tramps drew revolvers and asked the men to hand over what money they had. Smith had a revolver and showed fight. In an instant a battle between him and the three tramps was in progress. Eastlick was shot through the groin. Smith received a wound in the through his neck. Upon the arrival of the train here the wounded men were cared for. The tramp, who gave his name as John Cuddy of Waterbury, Conn., is in a critical condi

Trying a New Mortar Carriage. SANDY HOOK, Aug. 11 .- A very interesting test of the Spiller twelve-inch pneumatic mortar carriage has been in progress at the proving grounds for some time past, and is expected to be successfully concluded in a few days. This mortar carriage is designed to wholly take up the recoil by compressed air stored in a receiving cylinder attached to the side of the carriage. The recoil is always in the line of the bore of the gun. so that the strain remains the same at any elevation. In other mortar carriages the recoil is taken up by springs of hydrostic cylinders. One of the great advantages claimed for this carriage is that it can be fired at an elevation from zero or point blank to an elevation of 75 degrees, the highest elevation obtained by other mortar

SAN FRANCISCO, Aug. 11.-Adolph Sutro, mayor of San Francisco, has offered the State university regents thirteen acres of land within the city limits on which to erect buildings for the affiliated colleges of the university. In addition to this, he will deed to a trustee of The city thirteen acres adjoining as a site for the Sutro library of over 200,000 rare volumes. The library and property are to be held in trust for the city and the library will be free to all, irrespective of race or color. The gift, which has not yet been accepted, is valued at \$1,500,000, and will be worth \$2,000,000 when the contemplated improvements are made. Mayor Sutro is said to own one-tenth of the total real estate in San Francisco city and county Most of it. however, is unimproved.

Going Over to the Russian Church. CHICAGO, Aug. 11.-The corner stone of All Saints Catholic church was laid today and it is said that the edifice will be blessed by a Russian Catholic bishop, instead of a Roman Catholic bishop. This is in consequence of internal dissensions which resulted in the congregation which is building the new church leaving the parent church, which was then known as St. Hedwig's church. The congregation is for the most part composed of Poles, but it was evident today that i would be considerably augmented by people of other nationalities. Considerable excite-ment attended the corner stone laying and the presence of the police was necessary to preserve order. As it was, there were several personal encounters. It is said that in the new congregation there will be a majority of socialists and radical thinkers.

Held for the Murder of Miss Shanks BLOOMINGDALE, Ind., Aug. 11 .- At midnight Justice Penny held for trial Daniel Kelly, his wife and sister, Nancy, for the murder of Miss Clara Shanks, the beautiful der. From the story told by Brown it ap-woolf creek falls. The theory of the prose-pears that Brady, who was out on a tear, cution, that Miss Shanks was murdered in young girl found dead a few weeks ago at the Kelly house, was substantiated by the evidence. Sheriff Moore told of going to the Kelly house and taking the chips from the floor where the girl was killed and also a pair of pants that had blood on to Indian-apolis and having the stains analyzed by a chemist, who found mammallian blood on was also proved that Mrs. Kelly threatened Miss Shanks!

Two Desperate Prisoners Escape PERRY, Okl., Aug. 11.-At 5 o'clock this orning Ben Craven and Bill Crittenden, two noted United States prisoners, broke out men of the territory. The men were ar-rested a few days ago six miles east of here after a running fight of six miles. The men Veterans Had a Good Time.

Shout from Hastings. HASTINGS, Neb., Aug. 9.-To the Sportclaimed the Omaha University ball club now holds the state championship, giving as a reason that it beat Wahoo, and that if they win from Kansas City the 9th and 10th they will hold the championship of Kansas, Missouri and Nebraska. This assertion Hastings challenges. We have for the past year offered the University ciub repeatedly a chance to show its strength. On our last trip we were within twenty-five miles of

Omaha and tried hard to got dates with the University club, but could not. We played Wahoo its games and won four, so beating Wabsh does not mean championship. We will play on middle grounds any time the University club desires, if championship is at stike.

NELIGH, Neb. Aug. II.—(Special.)—The game of ball played here yesterday between the Neligh Pirates and the Plainview Coltsleaves the home team with an unbroken record. The Pirates played almost an errorless game. They not only did good work at the bat, but the fielding was remarkably fine, including three elegant double plays. Score:

meister pitched an elegant game for the home term. Hits: Grand Island, 11; Lin-coln, 5. Errors: Grand Island, 3; Lincoln, 2.

ARE FEELING QUITE GOOD AGAIN. London Papers Dispose of American Ynchts Quite Offhandedly.

LONDON, Aug. 11.-The Times will say Niagara was as decidedly beaten as she so good, either in regard to material or shape, as the English make. Isolde is to have a new suit of sails by Lapthorn and Ratsey.

The Cowes letter to the Chronicle says:

The Cowes letter to the Chronicle says: Emperor William promises to return next autumn as the personal bearer of a new challenge shield and a new kaiser's cup. Luck has been decidedly against him this time, but it is hoped that he will redeem his reputation as a yacht owner in 1896.

The Chronicle also has an editorial on Valkyrie's chances, and complains of the shortness of time to get her in trim. The Chronicle however ventures to predict Valkyrie's chances, and complains of the shortness of time to get her in trim. The Chronicle, however, ventures to predict that she will win the cup, and, comparing the two yachts, goes on to say: "Both are built on identical plans and the result will depend upon the skill of the design, the fit-out of the sails and the genius of the helmsman, in each of which we consider ourselves somewhat superior to the Americans. Messrs. Watson, Henderson, Lapthorn and Cranfield are names to be backed against the world. In this race, moreover, a previous error has been repaired. Many critics are alarmed to find Valkyrie III overcanvased. This was done with a set purpose to adapt her to a lighter American wind. From all accounts it does not seem that Defender is a superlatively excellent sailer. The English vessel never had such a good chance of victory. If the cup comes back, it will stay here."

NEWPORT R. I. Aug. II.—There was no meeting of the regatta committee yesterday and the Defender will not race this week in Newport waters. She was towed to New Rochelle, N. Y., today.

"NEW YORK, Aug. II.—The America's cup committee announced that the trial races will be sailed off Sandy Hook on August 20 and 22 and in case a third race is deemed advisable, on August 24.

Mobbet in Terre Haute.

TERRE HAUTE, Ind., Aug. II.—The Indianapolis ball players were mobbed here today at the conclusion of the game. During the game there were many close points of play, and several decisions of Umpire Sheridan were excepted to by the bleachers. In the eighth inning the game was stopped for fully fifteen minutes, the crowd surging onto the field and making all sorts of itotus demonstrations. Umpire Sheridan was threatened, as were the Indianapolis players, who stood by him and prevented violence. After the game had been finished and Indianapolis had won the crowd was frenzied. A rush was made for Sheridan, as a result of which three of the Indianapolis men were injured, Motz, Hogan and Fisher. The latter's ankle was sprained, and Motz and Hogan received bruises about the face and body, though their injuries are not serious. The game was close all the way through, and was lost mamly on errors by the home team. when the base ball magnates will discuss tioned concerning the reports that he in-tends to give up base ball to go into the racing business.

> RAPID CITY, S. D., Aug. 11.—(Special Telegram.)—The closing day of the firemen's tournament was distinguished by some remarkably fast races. The 250-yard hub and hub race was won by the Gat-City hose team. Time: 0:28 1-5. The we test, a run of 250 yards and laying 300 fee test, a run of 250 yards and laying 350 fee of hose, was won by the Gate City team Time, 0:35 2-5, being but thirteen-twentieth of a second slower than the national recor-made at Denver in 1884. The 100-yard foo race was won by Frank Graves of Rapic City. Time: 0:10. Juvenile hose race, 20 yards, won by Rapid City. Time: 0:23%.

Joe Patchen Will Try for the Record JANESVILLE, Wis., Aug. 11.-H. D. Mc-Kinney, secretary of the Wisconsin Breeding association, announces that Joe Patchen will be sent to beat the World's pacing record of the breeders' horse meeting at Milwaukee. The trial will be on Thursday and a \$1,500 purse is offered. PULLMAN WALLED IN.

Brick and Boards and a Searcity of Gates Make the Town Exclusive.

The wall is the latest feature of Pullman scenery. It surrounds the entire plant of the Pullman company. As the tourist rows out into Lake Calumet to view the great car shops from the water, his eye is delighted with the varying scene. Along the shore of the lake for half a mile a high board fence

rears its front. The whole gives the works the appearance of a fortification. Since the great Pullman strike, says the Chicago Record, there has been wall building going on at odd intervals, but not until recently did it seem to be the desire of the ompany to seclude itself altogether from the outside world. Then gangs of men worked continually digging trenches and pilling up the mortared bricks to a height of eight feet. On top of the bricks they put a tiling, and now the whole is being painted a peculiar shade of Pullman red to match the brick in

the buildings of the city. The main wall begins at the northeast corner of the Allen Paper Car Wheel company's works at One Hundred and Eighth street and runs a few yards to the east. Then it extends in a northeasterly direction across op property to the knitting works in One Hundred and Sixth street. The building here makes a new angle and the wall runs to the east again. Turning north after a few rods. continues to One Hundred and Fourth street, deflects to the east and strikes the shore of Lake Calumet. The high board fence takes care of those who try to approach from the lake from One Hundred and Fourth street to One Hundred and Eleventh street the southern boundary of the Pullman plant. Along One Hundred and Eleventh street the wall has been extended where it did not al-ready shut in the shops, and along the west of the works openings into the interior yards the plant have been walled up,

The north end of the walled city is pretty much open country, the foundry and the steel mill being the only buildings in that region. The wall on its way north to in-close these buildings cuts off a good portion of the common which the workingmen of works previously enjoyed. The employes of the company are not pleased with the encroachment on their breathing ground, but care less about this than they o about the loss of the numerous entrances

to the plant. The new fortification has few gates. The LONDON, Aug. 11.—The Times will say morrow, regarding Saturday's yacht race: be used any longer for the employes, and a new entrance has been opened at Stephenson street, a block farther to the east. Then was at Cowes on Friday by Luna and there are gates at One Hundred and Eighth Audrey, while Isolde was never once in the front. It is thought that the American under the clock tower. With the fewer made sails of Niagara and Isolde are not gates has come a stricter method of ad-so good, either in regard to material or mitting the men. Workmen living in the tenements to the northwest of the city and employed in the shops at the south central part of the plant cannot enter as heretofore through the old openings between the build-ings facing them, for they are not there now, nor through the gate at One Hundred and Eighth street, for the company will not let them. The gate nearest them admits only the men who work in the freight car shops and the men in the car shops, forges and repair shops have to walk around the west and south sides of the plant and in through the gate at One Hundred and Eleventh street. Here the company is planning to put in turn

stiles.

The new order of things takes up an extra half or three-quarters of an tour of the day of the employes in walking to and from their work, and many of them are complaining at what seems to them to be a harsh rule. Those who have boats on Lake Calumet cannot take the time to reach them for a row. Officials of the Pullman company deny that the wall was built to guard against future attacks of striking employes. Vice President Wickes said yesterday: "We built the wall to keep out trespassers and because we desired to have a better method of keeping track of the men as they were admitted to the works. The works are entirely inclo now, and we shall not be bothered with trespassers on Sunday, as heretofore.

Stabbed by a Vicious Negro. KALAMAZOO, Mich., Aug. 11.-Simon and Edward Kastead, father and son, were frightfully backed and stabbed by William Rose, a burly negro, in this city tonight while they were trying to protect three girls whom Rose was trying to overtake on a lonely street. The father had part of the uscles of the arm severed and received a thrust over the heart, and the son received a bad gash in the neck and several deep thrusts in the body. The girls had taken refuge from the negro in the Kasteads' yard and the two men were attacked when they ordered him to leave. Rose has been arrested. His victims will probably be crippled

Action Postponed Until After Harvest. ST. PAUL, Aug. 11 .- A special to the Globe from Winnipeg says: Premier Greenway informed your correspondent today that the latest communication from the Ottawa government on the school question is to the effect that it is not to be considered until after harvest. It is inferred that should the harvest be safely gathered Greenway may safely appeal to the people. In the present temper of the people this would assuredly result in Greenway's being given another four years' term of office.

Japan Wants More War Ships. SAN FRANCISCO, Aug. 11-Japan is evidently preparing for another war. The little island empire wants twenty new war ships and on Tuesday Irving M. Scott will sail for Japan to secure the contracts for building some of the war vessels. San Francisco is the nearest port to Japan, where Francisco is the nearest port to Japan, where the ships can be built, and as the Union Iron works have a reputation for building first class ships, Mr. Scott expects to return with enough contracts to keep his company busy for some time.

Italians Are Leaving Spring Valley PRINCETON, Ill., Aug. 11.-The situation has been quiet in Spring Valley today, and the coal mine will be operated tomorrow. The colored policemen are still on duty, and little or no fear of another outbreak is expressed. Many Italians are currently reported to have left there, fearing that arrests on

CANADIANS AS COMPETITORS

Foreign Trade of the Dominion Exhibits a Phenomenal Increase.

EXPORTS MOSTLY GO TO GREAT BRITAIN

In Addition to Grain Our Northern Neighbors Are Becoming Competitors of the United States In Dairy Products.

WASHINGTON, Aug. 11.-The extent of the competition of Canada with the United States in foreign markets is pointed out in a bulletin to be issued by the secretary of agriculture in a few days. The bulletin is the fourth of the world's market series in course of publication by the department, and embodies the reports of thirty of our consols in the Dominion. It shows that the total exports of Canada increased from \$89,000,000 n 1885 to \$118,000,000 in 1894, or 33 per cent; the imports from \$19,000,000 to \$23,000,000, or 13 per cent, and the total trade from \$198,000,000 to \$241,000,000, or 21 per cent, during the same period.

The largest proportional annual increase taken first rank with the United States second. An important fact is that a large share of the agricultural products going abroad from Canadian seaports are cereals and flour in transit from the United States. Of \$27,000,000 of such products shipped last year \$9,000,000 was American merchandise. Of late years increased attention has been given by the government of Canada to dairy

interests, encouraging the dairy associations throughout the country and passing strict sanitary laws regulating the manufacture of cheese and butter. No adulterations can be consciousness and her diamond earrings used, and the importation, manufacture and torn from her ears. Her husband was rid-sale of oleomargarine and other similar sub- ing ahead of her, but when he reached his sale of oleomargarine and other similar substances is prohibited. Though the quantity of butter experted decreased from 10,500,000 pounds in 1868 to 5,500,000 pounds in 1894. nearly 50 per cent, the value declined from \$1,700,000 to \$1,100,000, or only about 30 quality of butter exported. The export of cheese has increased notably. it was 6,141,570 pounds, valued at \$620,543, in 1894 it rose to the large figure of 154,977,-480 pounds, valued at \$15,488,191.

The statistics of the fishing industry and forest products show that the value of the former in 1894 was over \$30,000,000, and the latter over \$80,000. In wood pulp in 1894 the United States alone has imported from the Dominion \$369.010.

OPENING CHINA TO COMMERCE. Frenty With Japan to Render Previous Agreements Operative.

WASHINGTON, Aug. 11.-Word reaches the Japanese legation that the new Japanese minister at Peking has begun the negotiation of a treaty of commerce and navigation with China, and that everything is moving smoothly without the difficulties that had been contemplated. This new treaty followed the treaty of peace made at Shimoneseki, which briefly recited that when peace was fully restored a new commercial treaty would it gives in detail the terms on which China is to be opened to commerce, whereas the peace treaty recited only the general fact. The negotiations have proceeded far enough to show that Japan will have the favored

nation clause as to commerce.

This will be the first time China has granted this clause to Japan the lowest rate of duty on articles sent to China that the latter country exacts from equal terms, for the first time, with Great Britain, the United States and other great

powers. Another feature of the treaty is the estab-lishment of Japanese consular courts in China for the trial of Japanese. This is t insure the Japanese against the crude judicia system and harsh punishments of China, and s similar to the consular courts that othe leading nations maintain in China, but as Japan has raised her judicial system to a plane, abandoning all punishment, there is no need of foreign in Japan. Great Britain and the United States have agreed to abolish their consular courts in Japan, and following this new order of things Japan will not let Chinese consular courts be established there, although they in sist that Japan should have the same protection as other powers against the crud-methods of Justice in China.

Protecting Indians from Swindlers WASHINGTON, Aug. 11.-Special precau tions have been taken to prevent any trouble at the Nez Perces reservation in Idaho at the date of paying out to the Indians there the \$500,000 appropriated for them by the last congress. Usually when it is known that a sum of money is to be paid to Indians a crowd gathers around the reservation, whose purpose it is to rob and swindle the Indians For this reason a troop of cavalry has been ordered to camp at the reservation during the payment and preserve order. The commis-sioner of Indian affairs has also instructed the agent not to pay any of the checks until the troops arrive. The checks for the mone left Washington yesterday and will not reach the reservation for several days. The Indians will be amply protected until they have cashed their checks and deposited the money in the

Yellow Fever Gradually Spreading. WASHINGTON, Aug. 11.-Writing under date of August 3, the United States sanitary inspector at Havana reports to the surgeon general a total of eighty-three deaths in that city from yellow fever during July, twenty-nine of which occurred the last week. During this last week there were eighty-five cases. The disease continues to increase there The surgeon general is also advised that yellow fever is prevalent in nearly all cities of importance on the Pacific coast from Senta Ana, Salvador, to Acapulco, Mex. The latest reports from Eagle Pass, Tex., are that out of 355 returning negro colonists quarantined there there are 115 cases of Patents to Western Inventors.

WASHINGTON, Aug. 11 .- (Special.)-Patents have been issued as follows: Nebraska-Emil R. Draver, assignor to F. M. Draver, Alliance, conveyor; Adelbert O. Muller, Fre mont, fuel feeding apparatus for boilers Robert A. Twiss, Fremont, pressure regulator, Iowa-John E. Clarey, Des Moines, furnace; William J. Green, Cedar Rapids, automatic cut out for electric converters; Caroline A.

Hinsch and W. G. Price, Sloux City, skate; John M. Morton, Cedar Rapids, combined mat and scraper; William J. Pugh, Muscatine, shingle planing machine; Anthony Rhodes, Shenandoah, lifting jack; William T. Smith and J. C. Hartman, Creston, car door; Peter Ulirich, Cedar Rapids, cabinet; Phineas Whiting, Des Moines, lubricator.

A COUNTRY ROW.

Details of a Hot Social Function in "Old Kaintnek.

A big dance on Brushy fork of Tygart creek, says the Courier Journal, was attended by a majority of the people of that and adjoining neighborhoods with a sensational incident. George Daniels and Jack Spencer were rivals for the hand of Miss Lotta West and Daniels accompanied her to the dance, a proceeding that so enraged Spencer that he did not attend the dance, but secured a companion and went hunting. About 10 o'clock their dogs caught a skunk, which they intended to take home. On their way home they were compelled to pass the house where the dance was in prog-

ress, and upon looking in at the window Spencer saw Daniels and Miss West standing a little closer together than he thought they should. This further enraged Spencer so much that he took the polecat by the tail and threw it at Daniels. His aim was not good and the animal struck Miss West fairly in the face, nearly knocking her down.

Daniels lost no time in getting outside to see the author of the unpleasantness and, seeing Spencer getting away, started in pur sult, overtaking him in a few minutes, and bringing him back to where the crowd had was in 1892, when the value of the total gathered outside the house. Several modes of trade exceeded that of the preceding year punishment were suggested, but the one that about 11 per cent. During the years 1888 to 1891, inclusive, the trade of Canada with the United States exceeded that with any tied securely behind his back and the skunk other country, but since then the United fastened to his breast in such a manner as Kingdom of Great Britain and Ireland has to make it impossible to escape the foul odor arising from it. The fellow was then told to go home, a mile distant, followed by several to see that he did not get the animal loose. The proceedings broke up the dance and also won the young woman for Daniels, as he and Miss West are to be married soon.

Robbed a Woman Cyclist. ST. LOUIS, Aug. 11.-Mrs. Hayden Rubelmann, prominent in west end society, while out cycling Friday night, was knocked from her wheel by highwaymen, pounded into un-

wife the highwaymen had fled. Spread of Smallpox Checked. EAGLE PASS, Tex., Aug. 11 .- Ten deaths from smallpox and five new cases are reper cent. This indicates improvement in the ported at the quarantine camp. Dr. Magruder of the federal marine service took full charge of the camp. The further spread of the disease has been practically checked

> affected negroes. Miners Strike for a Weighman. CHARLESTON, W. Va., Aug. 11.-Fifteen nundred miners along the Loup creek railway struck last night and will not go to work tomorrow morning. They claim they were to get paid by the ton and are paid by the mine car, which holds more than is claimed. The men demand a weighman.
