Cuban Revolutionary Leader Writes a Very Hopeful Letter.

Believes that the Spanish Will Soon Be Compelled to Give Up the Island and Allow Cubans to Be Free.

NEW YORK, Aug. 13.—Favorable accounts of the progress of the Cuban revolution were received today by General Gonzales de Quesada, secretary of the revolutionist party In the United States, in a letter from General Maceo. The letter follows:

"GENERAL HEADQUARTERS IN THE FIELD, MONOOMPOLO, July 31, 1895,-Dear Sir: The revolution is most powerful in Santiago de Cuba and in Camaguey. Every battle so far has been a trlumph for the liberators of this country. The Spanish their besiegers, who spare their lives. I think we shall soon oblige the Spanish government to give up the island to the Cubans composed of state officials and officeholders, it who wish to be free, and who are striving to who wish to be free, and who are striving to would naturally coincide with Cleveland and throw off this yoke which oppresses and Carlisle."

"The five representatives of the eastern department have left for Camaguey in order to establish the government of the republic. The representatives are: Dr. Joaquin Castillo Duany, Rafael M. Portuondo, Rafael Mauduley, Pedro Aguilar Kin-delan and Mariana Sanches Villauth. These will organize a government composed of a president and three secretaries, those of war, interior and foreign affairs. It is possible that the president will be General Bartolome Maso. I will send you soon El Cunano Libre, a newspaper which will be published in this department, giving our official news of the army of the east and of the progress of the revolution. We con-gratulate ourselves on the election of Thomas Estrada Palma and Manuel Sanguilly as representatives of our sacred cause in the United States. Give to the people of that generous country our regards, and assure them that Cuba has never doubted their sympathy, 1 am, yours with the highest consideration, "ANTONIO MACEO.

Major General." In an interview in an evening paper, Genal De Quesada says:
"It would not be surprising if General Campos did carry out his oft-repeated threat of throwing up the command in Cuba.

"Information received from Camaguey this morning tells of the success of General Genez and of daily reinforcements to his ranks. The city is in a panic, and the Spanish troops are afraid to venture be-yond its limits. General Campos has ordered that every body of troops shall leave a monument behind in order to show that they have operated in the places designated

Chief of Police Writes a Letter to the Churchill-Russell Board.

RESTS ON JUDGE HOPEWELL'S DECISION

Commissioners Also Write a Letter to the Pretenders, Asking Them to Follow the Advice of the Opinion Quoted.

W. J. Broatch, Paul Vandervoort and A. C. Foster have formally demanded that the Board of Fire and Police Commissioners, as it now exists, shall step down and out and turn over its office to them. This modest request will not be complied with.

Broatch and his backers have sounded the police force and fire department in an effort to gain recruits and so weaken the authorities. It is also a well understood fact that Breatch, Vandervoort and Foster have chosen a complete police force and will endeavor to put in in control of the city today. If this is done trouble is cer-

tain to follow. Martin J. White, chief of police, knows where he stands. He has written the following letter to the parties addressed;

OMAHA, Aug. 13, 1895.—To Hon. W. J. Broatch, Albert C. Foster and Paul Vandervoort: Gentlemen-Yours of the leth list, received and contents carefully nated, and in reply will say I feel that your request is placing me in a position that is hardly fair, because of the fact that you define me to decide the legal question of which is the legally constituted Board of Fire and Police Commissioners, and this I am unable to do.

I have carefully read the decision rendered by Hon. Judge Hopewell in the injunction proceedings just tried, and in said decision a paragraph appears wherein he says that "the plaintiffs have the right to remain in peaceable possessian and to exercise the functions of said office until otherwise ordered in a proper legal proceeding." Now, because of this position taken by Judge Hopewell, I feel that I am compelled to recognize and obey the orders of the honorable mayor and the Board of Fire and Police Commissioners, now acting and in possession of the control of the affairs of the board, until such time as the question has been legally decided by the courts, when I will chestfully recognize the board that is held to be the legal board. In the meantime I deem it my duty as chief of police to see that the law and the ordinances of the city are enforced.

Hoping that this answer will meet with your favorable approval and consideration, I remain yours truly.

MEETINGS DURING THE NIGHT.

MEETINGS DURING THE NIGHT.

After having given out the information that at 9 o'clock this morning they would take pos-session of the police station, the city jail and the Fire and Police commission rooms in the city hall, together with the books and records, the men who have been flocking around the Broatch-Vandervoort standard in the police fight last night described the street corners, which they had held down during the day, most of them returing to their homes. Several of the ex-policemen held a meeting in their rooms in the Manderson block, while some of their sympathizers and a number of would-be pollcemen held a meeting in rooms in the New York Life building. At both of these meetings the leaders stated that this morning the Broatch-Vandervoort forces would control the city. Outlining their plans they said that if the members members of the Churchill-Russell regime would establish themselves. These preliminaries having been disposed of the leaders in the movement said that patrolimon would at once be assigned to beats, with instructions to arrest all of the old policemen on the charges of impersonating officers.
