Aug. 16.—The protest which the English bicyclists arrested at Chadron, Neb., say they are going to make has not arrived at the State department and if it should be received it is probable they would be promptly informed that the department would take no action in a case where a municipality had punished any one for violating a police regulation. American bicyclists frequently are arrested in 2. battle which preceded his capture, now lies orics all summer; cough up here, old fel-ow—how much have you got?" etc.

SIOUX FALLS, S. D., Aug. 16,-(Special.)

-Now that the supreme court has upheld President Shannon of the State Board of Regents, in that it holds that the governor has no right to remove members from the Board of Regents, a neat story is told by one who knows of a clever scheme of Governor Shelan order removing Shannon from the board and immediately appointed Dr. Coller, who was displaced by a decision of the supreme court. This gave the governor a good work-ing majority on the board, and he and his friends went to Brookings to attend the meeting of July 30 in the highest state of spirits. In the meantime, however, Dr. Coller had notified the governor that he would not accept the position, and the governor has secretly appointed Judge Mead of Pierre. The scheme was to keep the appointment of Mead a secret until

t was too late to get an injunction against him, and then to have him come forward with a's commission and sit on the board. Thi was rather suspected and a telegram to Pierre brought the information that Dr. Coler was the appointee. In order to make hings sure, Shannon's attorney, Judge Palmer, secured the sweeping injunction which restrained the whole board from doing any ousiness. Sheldon's friends were sangline of their ability to carry the day and had arranged for a jolification. Music had been secured, and Governor Sheldon was down for a speech. Several traveling men tell the story that they were asked to remain in town to take in the fun. In the board meeting all efforts of Judge Palmer's to be heard were summarily squelched, and the commission of Judge Mead had just been sprung on th opposing side when the sheriff served the sweeping injunction referred to. It is said by those present that the governor and

old board are in possession of Clerk of the Supreme Court Campbell, but not filed, nor can they be before an order to such effect is received from the supreme court. In form the title of the quo warranto jeliton is as follows: "Arthur S. Churchill, atterney general of and for the state of Neterney general of and for the state of Ne-braska, plaintiff, against George P. Bennis, Charles H. Brown, D. Clem Deaver, Wil-liam J. Broatch, Paul Vandervoori and Albert C. Foster, defeadants." The petition sets up the facts with which the public is familiar, relating the status of the two opposing boards, and stating the facts con-nected with the election of Mayor Bennis and his connection with the Poard of Fira and his connection with the Board of Fire and Police Commissioners. It quotes largely

> sioner. The sole authority to call this board together, it is claimed, is vested in the governor, who is authorized by the pretendal law thirty days from August 1, 1895. The answer then cites that on August 2, between the hours of 10 and 11 o'clock a. m., Attorney General Churchill and Land Commissioner Russell asked the governor to meet with them for the purpose of appointing three members of the Omaha Fire and Polici com-mission, which the governor declined to do, whereupon they went ahead and mule the appointments on August 2, without further reference to him. All of this action is held to be null and void under the allered law-passed by the legislature of 1895. For this reason it is held that the appointments of han a year hence.

Section 145, chapter x'i, of the Compiled Statutes of Nebraska, 1893, authorizes the governor to appoint the members of the Omaha Fire and Police commission. This act, it is claimed, has never been reputed by any subsequent act. In conclusion the maswer holds that the new act, passed by the last legislature, under which the appointments of Broatch, Vandervoort and Foster were made, s unconstitutional. Attorney General Churchill said to a re-

porter for The Bee that he did not apprehend that the supreme court would come together until August 22. There would be nothing for them to do until all the briefs and papers in the case were filed. W. J. Broatch and A. C. Foster came down from Omaha on the noon train. They were in consultation with the attorney general for some time this afternoon, The nature of their mission remains undis-closed, so far, as they were very relicent.
