Dr. Snyder was freely condemned for the imperious manner he has used at all meetings of the board, and the conversations di vulged the fact that there was considerable feeling against him. Two of the members discussing him said unreservedly that he had been the cause of all the friction that had been felt in the board since its organization "He poses with too much dignity altogether to suit the more democratic members an lays too much stress upon the fact that he the only college graduate in the board. IN SOCIAL CIRCLES.

Hours.

One of the pleasant events of the week was the social evening at the home of T. H. Orcutt, on Oakland avenue. The entertainment was by the young men's class of Broadway Methodist church and was under the management of their teacher, Miss Bowker. About 200 young folks were present. An informal musical program was given, and ight refreshments served. Among those ook part were: Tulleys' orchestra, the Man dolin club, Rollin Spencer, Ned Mitchel, Paul Tulleys, Will G. Rigdon and the Luring-Brock quartet, consisting of Walter Luring Will Brock, Fannie Brock and Edna Luring The terraced lawn was brightly illuminated interior of the home presented a joyous ap-

Tibbets celebrated their twentieth wedding anniversary at their home, 423 Seventh avhave been spent in this city, and they have gathered about them a large circle of friends, whose expressions of congratulations and well wishes are as sincere as they are numerous. The anniversary evening was marked by a happy gathering of friends. The parlors were gally decorated and the lawn brilliantly illum-inated. Host and hostess were made the reciplents of many appropriate china gifts. Among those present were: Messrs, and Mesdames Frank Shifferil, Will Nicholson, Dan Graham, J. Smith, A. Harrington, F. G. Hitchcock, C. M. Trephagen, A. C. Lane, Dr. Snyder, D. Haggerty, J. E. Webb, Brenneman, Berthold Zerkowsky, Charles Nicholson, C. J. Roth, M. Pholffer, Peterson, H. Shifferli Marks, Holman, Dora Robinson; Messrs. James Holman, F. Shifferli.

The floral decorations of the parlors wer very pleasing, and above the beaming bride and groom appeared in floral letters, come, Friends," After a series of high five a committee consisting of Dr. Snyder, Dr. and Mrs. Deetkin and Mr. and Mrs. Pfelffer escorted the guests to the residence of Mrs. Harrington, the daughter of the celebrating where rooms had been thrown to gether and arranged as a banquet hall, with the stars and stripes draped as a canopy for the host and hostess. After partaking of the refreshments the toasts of the evening were given by William A. Mynster, followed by M. Pfeiffer and others. On the return of the company to Mr. Tibbett's home it was found that during their absence the parlors had been made ready for dancing. Charles Trephagen sang one of his appro priate songs, and various features of social enjoyment crowded the hours with pleasure

Society was pretty thoroughly wet down at Manawa during the week, and its functions became so arduous after the first two days that the stagnation point was reached. With the departure of the Omaha Guards on Mon day the great source of inspiration was with-drawn, and most of the campers prepared to break camp and go home. Several farewell parties were given. Misses Moore and Hutch-inson prepared a farewell lunch for their friends on Monday night and entertained them very pleasantly. Mand and May Bryant friends did the same Wednesday evening. The chieof the week, however, benefit given Colonel Reed the campers on Tuesday evening.
The program was filled entirely by home talent, each of the persons taking part being spurred to their best by the belief that th Omaha campers were going to do the sam thing and strive to outdo them. The rivalry gave a healthy vim and spice to all parts of the entertainment. It was a big success socially, as well as financially. The only thing to be regretted was the fact that Colonel Reed was obliged to leave the pavilion seriously ill before the program had been

fairly started. It was a very graceful compliment gracefully rendered, and was most heartily appreciated by the gallant colonel who has striven hard and successfully t make the season a pleasant one for all who have spent much time at Manawa. Harry Curtis of the Young Men's Christian is arranging for a tainment for the members and friends of that organization next Friday evening at the home of H. A. Steddard, 920 Second avenue. It will be a fagot party. Different person will each throw a bundle of fagots upon the camp fire, and entertain the crowd so long as

HARDIN CARRIED HIS POINT.

Refused to Withdraw or Modify His Silver Views. LOUISVILLE, Aug. 24.-The conference of leading democrats called for today met here at the state headquarters at 1:30 o'clock behind closed doors. General Hardin and all of the other candidates on the democratic ticket were present at the conference. General Hardin made a speech full of vigor. He did not recede one iota from the position he had taken on the financial question. He con tended he was standing on the platform. Hardin said in his speech to the committee that he would submit to a caucus of the party, but he would not yield to dictation He asserted his ability to construe the plat-form, and said he abides by his utterances which have been published, and had nothing

When he closed there was warm applause from the free silver men present. All of the candidates with the exception of Mr. Tyler, candidate for lieutenant governor, agreed to stand by Mr. Hardin in his construction of the platform. Mr. Tyler announced his purpose of continuing to speak for sound money, no matter what the ut-terances of the head of the ticket might be on the currency question. A committee of five, consisting of three silver men and two gold men, was appointed to draft an address to the democratic voters of the state. The voters will be called upon to support General Hardin, as well as the remainder of the ticket. The address will also urge democrats to drop the currency issue. It was after 6 o'clock when the meeting adjourned.

STILL LACK THREE JURYMEN.

Another Batch of Veniremen Will Have to Be Summoned.

SAN FRANCISCO, Aug. 24.-The trial of Pheodore Durrant for the murder of Blanche Lament will be resumed on Monday. As it is impossible that three jurors can be secured from the remaining 200 veniremen it is practically certain that a special venire will have to be drawn. When Durrant's preliminary examination for the Lamont murder was be held Rev. J. Gibson, paster of Emany church, was asked by Durrant's counsel he had ever been pastor on Rominy street London. He said he had not. After his graduation at Edinburgh he said he charge of a church in an outlying district but he did not remember the street. The ourpose of the defense in trying to connect the pastor with the Rominy street church is now apparent. The defendant's counsel say that Rev. Jesse Gibson while pastor of the Rominy street church became involved in a scandal through attempting familiaritie with the women in his congregation. He was compelled to leave England and came to America. The defendant's counsel insist that the two Gibsons are one and the same said that Jesse and George Gibson were fe low students at Spurgeon's college, London and they formerly preached at Rominy chapel declares that Jesse had always borne a good reputation.

"I was afflicted with catarrh of the whole system for about five years. People of Nebraska Taking the Treats

Mrs. Elizabeth McGougan, residing corner Tenth and Jay streets, Lincoln, Neb., a weman held in high esteem by her neighbors of that city, writes:

"So many of the people of Nebraska have been sending for symptom blanks, it occurred to me that there must be a good deal of merit in the system of mail treatment that has come into such general favor, and I finally concluded to make personal test of its excellence. I had been afflicted for some nine years with severa threat and bronchial trouble, complicated with a distressing and debilitating affection of the stomach and bowels, the outgrowth of common catarrh, and all I desire to say to my friends and to the world is simply, that the Copeland and Shepard treatment brought me the relief and cure I had so vainly sought in so many other directions. I need hardly aid that I strongly commend the system to the afflicted everywhere."

Colonel Spalding will call upon the CLEVELAND RECEIVES A SCORCHING cabinet officers with a view to clearing the way for a presentation of his plans and demands to congress in December next. In order to float successfully the enterprise he calculates that nearly \$4,000,000 will be reout at an early hour this morning in the quired, and that a yearly income of \$400,600 five-story brick Williamson building at the will be necessary to keep it going.
