

DID NOT LET THE CONTRACT

Board of Public Lands and Buildings Puts the Prison Matter Over.

PROSPECTIVE BIDDER ASKS FOR TIME

Desired to Familiarize Himself with Conditions at Penitentiary Before Submitting His Formal Proposition for Consideration.

LINCOLN, Aug. 26.—(Special).—The Board of Public Lands and Buildings had two meetings today, but did not let the prison contract. On the contrary, the board adjourned until next Saturday at 2 p. m. At the first meeting held this morning three bids were before the board, presented by Al Beaman, Allen Buckner and W. D. Williams. There was also a letter from L. H. Lawton, in which he set out that sufficient time had not been given by the board for proper investigation of existing conditions at the penitentiary, and also that the subcontractors with the parties now carrying on business in the prison made with W. H. Dorgan should be made known to all bidders. As Mr. Dorgan did not have copies of these documents in his pocket an adjournment was taken until 2 p. m. At that time the subcontractors set in duplicate of these contracts and Mr. Lawton held a long interview in the private office of Land Commissioner Russell. He asked for thirty days' time in which to make an investigation of the prison. The board granted him until next Saturday and adjourned. None of the bids were opened today. It is evident that no compliance with any of the requests of Governor Holcomb made in an open letter until next Saturday and adjourned. The board. The prison contract will be relet until the meeting of the next legislature.

Land Commissioner Russell said that no contract would be let until after the contractor to charge the state for any idle labor which it might wish to employ. That must be furnished the state gratuitously. If a contractor had, say 100 convicts, for which he received a specified amount per capita per day from the state, and fifty of these men should have an idle day, the state, under the new contract which will be made, will have the right to set these convicts to work cleaning up the prison grounds without being obliged to pay anything extra. Under the contract with Lincoln as high as \$1 a day has been paid for the use of prisoners by the state in addition to the 40 cents per day per capita.

CONSULTED ON THE POLICE CASE. The supreme court met today in the consultation room and took up the Omaha fire and police commission case. The full bench, Chief Justice Norval and Justices Post and Harrison, were present. The chief justice called all the briefs and papers in the case to be filed and the case docketed. Chief Justice Norval said that there would be no oral argument in this case until the 10th of October. Nothing definitely can be learned as to when an opinion will be handed down, but it is not expected until some time in October. Frank H. Collier, chief counsel for the city, was a visitor today at the state house. He was accompanied by his young son. Last night Mr. Collier was at the Lincoln Hospital for the insane and was entertained over night by Superintendent Abbott. The Chicago attorney says he visits all asylums available, and when he should come across a case similar to his own he proposes to get the patient out in short order and to get to the patient. Mr. Collier visited the governor's office and called on the chief of staff. A party of seven men walked in and Collier addressed them as follows: "Well, gentlemen, I am the governor's private secretary. What can I do for you? "We would like to pass to the penitentiary," replied the spokesman of the party. "Give you penitentiary," said Collier, and he proceeded to write them down on a scratch pad.

"By the way," he continued, "what's your politics, populist?" "That settles it," replied Collier, tearing up the list of names. After removing all the names of populist from the desks of the lady clerks and pinning them on his coat, Mr. Collier left on the 2:15 train for Omaha, accompanied by the little boy, a number of boxes of cigars and two young pups, which he had purchased at Lincoln park. Governor Holcomb has been requested by Secretary Tom Richardson of the western states conference to send twenty-five delegates to Topeka October 1 to participate in the meeting of the National association and a delegate of the gathering is to arrange for the Inter-American exposition at Galveston in honor of the completion of the jetties at Galveston and the securing of the territory at that point. The delegates will be named at an early day. Governor Holcomb went to Hastings this afternoon to participate in the encampment of the National army and the reunion of the Grand Army of the Republic. The J. K. Street Sewer company of South Omaha filed articles of incorporation today. The capital stock is \$30,000.

The attention of Governor Holcomb was today directed to the first paper in the United States to nominate him for president of the United States. It is the Investigator, published at Kalama, Cowlitz county, Wash. The paper names Hon. Thomas E. Watson of Georgia for a running mate as vice president. Omaha people in Lincoln: At the Lincoln-H. T. Think the Thief Was Frisked. FREMONT, Aug. 26.—(Special).—Friday night Peter Miller, a farmer living about six miles north of town, lost thirty-two hogs from his pasture under circumstances which led him to believe they had been stolen. Not being able to get any trace of them, he came to town and secured the services of an officer. While here he met a man who has a very good reputation and whom he suspected of being the thief. The suspect inquired of Miller about his lost hogs. Miller told him that he had nothing to do with the hogs and that the case was in the hands of the law. The suspect didn't think that the right way to hunt hogs, and went home as soon as he conveniently could. About 1 o'clock Sunday morning the hogs came back. They were tracked back to near the farm occupied by the suspected character.

Suicide of a Nebraska Farmer. SCRIBNER, Neb., Aug. 26.—(Special).—Yesterday Scribner and vicinity were shocked to a great extent when the news that Johann Schultz, living about four miles west of town, had committed suicide by hanging. Mr. Schultz was a hard working farmer and for a number years has lived in this vicinity.

No cause for suicide has been given, but it is generally admitted that he became discouraged in that he was unable to pay his taxes. He leaves a large family and a wife. At the inquest Mrs. John Schultz was sworn and testified that her husband had threatened to hang himself for a month, and he avoided self-destruction only for the sake of his large family of small children. The jury returned a verdict of suicide.

Fifteenth District Delegates Meet at O'Neill and Make Nominations.

Senator Allen promised to attend and speak, and the meeting was duly advertised, but only a small crowd was present. The several candidates for judge made speeches, and it was 4 o'clock before the convention was again called to order. Resolutions were then adopted censuring the present judges for their dilatory practices. An informal ballot was taken for two candidates for district judge and resulted as follows: Westover of Sheridan, 44; Murphy of Holt, 43; Ricker of Daves, 19; Golden of Holt, 13; Leer of Keya Paha, 3. A formal ballot was then taken with the following result: Westover, 45; Murphy, 42; Golden, 34; Ricker, 9. Westover and Golden were declared the nominees of the convention. The nomination of Westover as judge of the district court was a foregone conclusion. When the populist county convention was held here a week ago Murphy was nominated as candidate for the convention as candidate for district judge, but winning the delegation. The delegation was given to Murphy, and in the convention today Golden was nominated for the district court. Murphy is a native of Iowa and has lived in his own county. He was a democrat and a candidate for the registration of the land office in this city last year, when another man received the appointment. Golden then joined the populist party.

CLAY CENTER, Neb., Aug. 26.—(Special).—The populist county convention for Clay county met Saturday. It was a very quiet and orderly gathering, but lacking in the enthusiasm which formerly characterized these gatherings. Resolutions were adopted in which they pinned their faith and hope to the free and unlimited 16 to 1 theory, and unanimously favored the nomination of Samuel Maxwell for judge of the supreme court. Delegates were elected to the populist judicial conventions and the convention adjourned.

TRAIN ROBBERS' TRIAL POSTPONED. State Will Make an Effort to Convict Them First. NORTH PLATTE, Neb., Aug. 26.—(Special Telegram).—The trial of the two alleged train robbers was postponed today on the request of the state. It has been decided by Marshal White to allow the state to try them first, and the preliminary hearing will occur in Judge Ray's court tomorrow morning. The man charged with the robbery yesterday, as the authorities failed to collect sufficient evidence to hold him. Some of the officers are inclined to think now that two men did the job and the one left without help. The only thing that breaks down this theory is the fact that a head light was shot out from the front, and the man doing the shooting must have been at least 100 yards ahead. At any rate no other trace of a third man has been found.

Insurance Agent Decamps. TECUMSEH, Neb., Aug. 26.—(Special Telegram).—W. H. Hamlin, an insurance agent of this city, has very unceremoniously left the place and also his bride but a few weeks. An investigation reveals the fact that he took along with him \$150 of one of the insurance company's money for which he was agent and now his bossmen will have to make good the shortage. The lady left agent without bills about town unpaid. No reason can be ascertained for his strange actions, unless it be that he, being of a shiftless disposition and addicted to drink, tired of his surroundings here.

Matlock, filed a suit against the Rock Island for \$5,000.

Worked by Smooth Artists. TECUMSEH, Neb., Aug. 26.—(Special).—A gossamer portion of this county has been worked by a smooth soap agent during the past few days. These agents would sell their unsuspecting victims about 25 cents worth of soap for \$1, agreeing to deliver a prize to the purchaser a few days later in the shape of a handsome bit of choice hosiery. The dollar would invariably be paid, the

Had Not Been Withholding Government Money for His Private Use. WASHINGTON, Aug. 26.—Librarian Spafford, in view of the various conflicting statements regarding the sum of \$22,400 paid by him into the treasury last week, was asked today what the amount really represented. He replied that it was approximately the amount due the treasury on balance of copyright and salary accounts, as he found it. An unfavorable and wholly wrong construction, he said, had been placed upon it as representing a large deficit, whereas it was actually a balance between two accounts, the salary account due the librarian for several months' disbursements and in account with the government for several copyright fees. These accounts had remained unsettled, although constant payments had been made by the librarian to the treasury, and in account with the government for several copyright fees. He emphatically denied the allegations that the city had been made good any wrongful withholding of money due the government. On the contrary, the whole matter involved a balancing of delayed accounts which his regulated library constantly growing, had long been postponed. Choosing a Picture Frame.

In choosing Picture Frames many people look simply to the effect of the frames upon their walls, and how they will harmonize with their furniture and draperies, forgetting that the important thing is the picture itself, which requires a suitable setting in order to show its real worth. Certain rules must be strictly followed in framing pictures. For instance, heavy and ornate bronze and gilt frames should be used only for oil paintings, the rich colors of which cannot be distinguished by the frames. Etchings and engravings require simple mountings; a plain narrow gold frame or one of oak with a narrow lining. White and gilt frames are pretty, but should not be used when the picture has a severe subject. Framing pictures is one of our hobbies, and like everything else we do the prices are much less than others ask.
