Mine Inspector's Report. DES MOINES, Sept. 4 .- (Special Telegram.)-The biennial report of the state mine inspector was filed today with Governor Jackson. It shows the mining industry in good condition at present, with wages good and employment steady. Mine Inspector Thomas Morgan makes an ex-tended review of the strike of 1394, and says that the loss to the miners was \$980,000 wages not earned. He attributes the whole deficiency, compared with the preceding year, to the strike, as good times prevailed up to the time of the strike, in May and June. He advocates the settlement of all

and argues against any reduction in the standard of wages. 510*510510510510510510505050*000 Saloon vs. Drug Store.
