Ak-Sar-Ben, King of Beers.

On draught by all customers of Omaha Brewing Association during fair week.

CITY PRISONERS ON A STRIKE.

They Declare Against the Fare Paid Up by the Boarding House. There was a strike at the city jail yesterday morning and it was with the greatest difficulty that the members of the chain gang were persuaded to go to work. The trouble grew out of the meal that was served by Joseph Danbarn, who made his initial allowance yesterday as jail caterer. The portion served each man was not up to the standard weight as prescribed by the contract.

The members of the chain gang, who are employed in cutting weeds about the city, and do hard work, were not given their regular allowance. None of the prisoners consented to do their labor.

Would Not Tolerate Bloomers.

Friday night Detective Savage saw Grace Tauter, a white woman, approach a negro man and start away with him. He placed both under arrest, charging disorderly conduct. The girl stated to Judge Herka yesterday morning that she would run out of Grand Island for wearing bloomers, but had had a thirty days sentence suspended upon getting out of town. She pleaded guilty to disorderly conduct and was fined \$15 and costs.

Held to the District Court.

The state has filed its papers in the cases against William Donnelly and William Carter, who were bound over by Justice Wilcox for trial before the district court on a charge of keeping gambling devices.

Minor Police Matters.

Lewis Bignor, who forged the name of Charles Brannard to an order for \$3 upon Mr. Leslie, was arrested yesterday by Officer Marcell. He pleaded guilty, and said a sentence was preferable to starvation. He was held to the district court for trial.

R. Ritchie, one of the race track followers from across the river, was picked up on the street Friday night by Detective Savage and taken to the police station. Ritchie was arrested yesterday morning in court as the friend of Ritchie, who asked for a continuance, and said: "Judge, make the bond for my appearance a very small one." His honor required a \$100 bond, which was not furnished.

G. H. Carpenter, white, and the acknowledged "society" companion, Sophia Wood and colored, and a well known fence to the police, was given ten days at hard labor on the chain gang on conviction of vagrancy.

Proclamation.

By his royal highness, Ak-Sar-Ben, king to Omaha Brewing Association, behold our royal edict. It is my command that you brew a special beer for my faithful subjects during the week of our visit to the city of Omaha during the great fair, and call it Ak-Sar-Ben beer.

MAY BE ANOTHER BOND ISSUE

Only Difference Now Said to Be a Question of the Amount.

STATEMENT MADE BY A CHICAGO BANKER

Claims to Have Authentic Information to the Effect that the Syndicate Will Take Another Block of United States Securities.

CHICAGO, Sept. 14.—Charles Hutchinson, president of the Corn Exchange bank, in an interview in the Post today says that arrangements for a new issue of bonds are about completed. "I have it on the best authority," he said, "that the Morgan-Belmont syndicate is negotiating with President Cleveland. The only point undecided is the amount, the president desiring to make it \$25,000,000, while the syndicate wants at least \$50,000,000. My information is from New York."

SOME ANXIETY IN WASHINGTON.

WASHINGTON, Sept. 14.—The feeling of apprehension that resulted from yesterday's heavy withdrawals of gold for export had almost entirely disappeared from the Treasury department this morning, but it has given place to one of anxiety for the future. None of the higher officials now in Washington, so far as can be learned, are in Mr. Carlisle's confidence to the extent of knowing his views or his purposes as to the future, and hence no one is able to speak with any degree of certainty as to what would be done in the event of a continuation of the present. The consensus of opinion, however, is that there will be no issue of bonds in the near future in any event, and that an issue before Congress has an opportunity to act is extremely improbable. Nor is it thought that the urgency for an issue before that time will be extreme. It is argued that the shrinkage in the holdings of cotton wool by my usual and far below that of any recent year, and that grain shipments surely must soon begin, and that improved business will stiffen money rates, a card of which therefore is expected. The fact, too, that the United States has since January 1, 1894, exported more than \$120,000,000 in gold in excess of her imports, is claimed, is a strong argument in favor of a speedy return to normal conditions.

What action Congress will take in the matter is probably not known, but it is probable that the administration will present some plan for the retirement of the United States notes now outstanding. These amount to over \$24,000,000, and the presence in our currency is regarded as a constant menace to our financial stability. That some measure of this kind will be taken is thought that Mr. Carlisle is now working out a scheme by which this volume of currency can be retired without any serious financial disturbance.

CAUTIONS IN NEW YORK.

NEW YORK, Sept. 14.—The bear sentiment developed in Stock exchange securities yesterday was again operative today, causing extreme activity in the dealings, attended by pronounced weakness in many of the leading stocks. The exchange market showed no reflection of today's heavy outpouring of gold aside from an insignificant fractional decline in the rate for demand. The unsettled influence of the gold export discussion on the treasury situation was supplemented by rumors of impending advance in the money market. Thus far the firm tendency of money rates has only been indicated on small loans.

IN THE DISTRICT COURT.

City Appeals in Case of Firemen Suit for Pay.

The test suit over the right of twenty-seven members of Omaha's fire department to regular pay for services by them during the summer of 1894, has been taken on appeal by the city of Omaha from Justice Smith's court to district court for further hearing. Some weeks ago The Board announced the bringing of this test suit by Edward Leader in justice court. Leader was a stoker in the fire department during the summer of 1894. The Board of Fire and Police Commissioners made an order under a prospective shortage of funds that the firemen should take rotation vacations. Twenty-seven of the men, including the chief, assistants, captains, drivers and stokers, so the city claims, were included in this list, but when the suit was filed the city authorities failed to produce testimony to show that any of the men had received notification that they would be expected to take the vacation mentioned, or extra work during the period and be docked on their pay. The plaintiff, who has sued to recover the sum of \$46.67, says this is what befell him. He was paid for but twenty days service in July and August and had no notice from Chief Galligan, who was in charge at that time, of the new order of the board.

About \$1,500 is involved in the whole bunch of claims. The firemen say they expect the city will settle this sum, because on the trial before the district court it is said the city failed to show that it had notified its members of the conditions under which they were to do double work for nothing.

Called the Court as a Referee.

Levi Altschuler has gone to law with Thomas McGuire and Mary McGuire as defendants on account of a beating he received with a heavy iron-tipped neckyoke. An altercation arose between Altschuler and McGuire early last August. McGuire, according to Altschuler's story, grabbed a big heavy neckyoke, three feet long and three inches in thickness. With this he proceeded to pound Altschuler until he felt satisfied that he had gained his point and convinced Altschuler that he was mistaken about the dispute. Altschuler then took to his bed and says he remained there a whole month recuperating from the effects of the set-to. He further declares that Mary McGuire aided and abetted her husband in directing the blows. Ten thousand dollars damages were claimed.

Want the Case Reopened.

The defendant in the recent injunction suit brought by the grand lodge of the Knights of Pythias against Forest Lodge No. 54 of this city and its officers have made another move for the purpose of getting the case reopened and the injunction a second time. Motions are filed to attain this end by Henry Rothman, Anton M. Back, L. A. Goldsmith and J. C. Patterson. They alleged in support of this new move that the petition of the grand lodge of this state does not state sufficient facts to warrant the issuance of an injunction and that the facts alleged in the petition are untrue. The injunction was asked to restrain a squandering of lodge funds by the officers. The officers deny any purpose to do this.

Settled with the Company.

Peter Boyer and the Omaha Street Railway company have patched up an agreement to dismiss the \$5,000 damage case brought by Boyer against the company. This was a case in which Boyer was injured, he declares, by the street car when running the wrong way. Boyer at the time, last October, was standing on the track at Twentieth and Vinton streets, proposing to catch a northbound car for Omaha. While intently watching for a train of cars, and standing on the north track, his car approached from behind and on the track on which he stood, the motor-man being on the rear end. The trailer, Boyer says, struck him, breaking his left arm and otherwise injuring him.

Hotel Accommodations.

For 200 at the New Murray, 14th and Harney St., \$2.50 per day and upwards.

Ak-Sar-Ben, King of Beers.
