NOT UNITED REGARDING BURNT DISTRICT

Charges of Cowardice Against Officer Wittum to Be Considered This Evening-Other Business Last Night.

There were no heads cut off at the meeting of the Board of Fire and Police Commissioners last night, according to the information that was given out to the reporters after the members had come out of executive session. Neither were any police appointments made It was also given out by one of the commissioners that it had been decided to examine no more applicants, as there was a reserve list of forty who had passed the examinations, and this was thought sufficient to sup-

ply any vacancies that might occur. The following resolution was introduced by

Vandervoort and passed: Resolved, That we hereby declare our purpose to enforce the laws of the state and the ordinances of the city and instruct the acting chief of police to govern himself accordingly.

Immediately after the passage of the res olution Chairman Broatch gave earnest ex-pression to the following sentiment, which was concurred in by the other commis-

"I understand that this resolution means that the laws governing the liquor traffic shall be rigidly enforced; that is, that the saloons shall be promptly closed at 12 o'clock and that they shall be rigidly closed day. I simply make this statement for the

efit of the chief." BURNT DISTRICT MANAGEMENT. Immediately thereafter Mr. Broatch said that he had heard from one of the council-men that there were a large number of prostitutes who failed to pay their monthly fines. Vandervoort at once remarked that he old not believe in licensing prostitutes, because

It was against the law. Broatch answered that the prostitutes were not licensed, but fined every month, and he gave expression to the opinion that that was the best way of controlling them, as they certainly had to be controlled. He said that the ordinances of the city permitted this to be done. Thereupon Vandervoort retorted that he did not know of any ordinance permitting it, and jumping up from his seat he found a book containing the ordinances of the city and began to peruse it. he could find the proper place Chairman Broatch put an end to any public argument by adjourning the board into executive ses-

John Kemerling was not appointed be cause he was caught in an intoxicated con dition, as evidence of which the fact that he stuck his head into a store and talked

in a rambling manner, was mentioned.

Frank Urban applied for a transfer from the fire department to the police force, but the application was denied, the expressed sense of the board being to the effect that it was opposed to such transfers and would not consider them. Prof. W. H. Ailen, Mrs. K. M. Kean and Miss

Mr. Broatch stated that Mrs. George Ben nett had made app'ication for the same position to him shortly after the appointment of the board and desired her application to

be considered. The application of Richard Bjorkman of Lincoln for a position on the fire depart-

ment was placed on file with the statement that he would be considered as soon as the local supply gave out.

The following firemen were granted leave

of absence for twenty days: C. O. Matteon of home company No. 6. Captain Edward O'Neill of truck company No. 2, M. E. Gilbert, dr.ver. of water tower; John Reed of engine com-pany No. 2 and Hermas Geske of No. 7 received ten days, Acting Captain Jerry Sullivan of No. 2 and John C. Farrish fifteen, and Assistant Chief Barnes thirty. F. H. Murray sent in a resignation from the fire department, which was accepted.
Of the police force Officer C. F. Bauer was
granted thirty days leave and Detective M.
F. Dempsey ten.

CHARGED WITH COWARDICE.

A charge of cowardice was filed against Special Officer George Wittum, who had been slated for the detective force, by Acting Chief Sigwart. It was stated in the papers that Wittum, with Detective Hoff and Officer Go-dola, went on the trail of the men who attempted to blow the safe in Porter Bros. commission house early Saturday morning. When the officers found the four men sus pected of the job on the track near Gibson Hoff covered three of them, while Godola took care of the fourth. Godola's man, however, was game and drew a revolver and tried to shoot the officer, pulling the trigger, which failed to explode the cartridge. It is charged that as soon as the man leveled the revolver Wittum ran and did not return until the whole affair was over.

Accompanying the charges was a statement from Wittum to the effect that he was not running away, but was simply trying to hurry | cil Bluffs, or write for some assistance. He did not have a re-volver and thought he had better go after some one who had. Consequently when he got to a safe place he whistled shrilly, but he did not think any one heard him. When he got back the men had been disarmed. The complaint against Pipeman Charles E The complaint against Pipeman Charles E. Into the Books. Last evening at the Commercial club rooms a meeting of the Omaha Fair and Speed association was held to hear reports on matters pertaining to the state fair. It was stated that the outlay for grounds and buildings was \$107,000, and of the baiance remaining to be paid it was necessary to raise \$12,000 at once. This is chiefly to pay contractors and laborers.

It is expected that next year an educational building will be required on the grounds. building will be required on the grounds and additional hog pens, the cost of which will be about \$10,000.

SOUTH OMAHA NEWS

The city printing fight came up again in the city council last night, and by a vote of 5 to 2 the Tribune was awarded the contract for the fiscal year at 25 cents per square inch. At the time that the old contract expired, about Aguust I, the council advertised for bids. The Tribune bid 25 cents a square, the Stockman 121/2 cents per square and the Drovers' Journal 6 cents per square for the first insertion and 5 cents for each additional insertion. For several meetings the matter hung fire, none of the bidders being able to obtain the requisite five votes to award a contract. As the last matter of business last night Bulla moved that the Tribune be made the official paper of the city. This motion was seconded and the vote stood: Yeas, Bulla, Franck, Mies, Mullaly and Walters; nays, Blanchard and Hyland. Ryan was absent when the time t

HAD AN ORDER IN HIS POCKET. Lawyer Beckett Springs a Little Surprise on dudge Scott. The September term of the district court

convened at 9:30 o'clock yesterday, with all of the judges upon their respective benches except Judge Blair, who left for the day to

The equity rooms are: No. 6, presided over by Judge Ambrose. and No. 7, presided over by Judge Duffle, while C. R. Scott continues to hold the crim-

inal docket in court room No. 1. Business concentrated at the morning hour in room No. 1, where the jurors, to the num-ber of 150, had congregated to either present themselves for business or to be relieved from jury duty by presenting excuses. In this many were unusually successful, as out of the first twelve who presented themselves each was permitted by the judge of the criminal bench to depart in peace. The jurors throughout were unusually well primed with excuses and were highly successful in

getting away.

BIRTHS.

CONNELL-To Mr. and Mrs. Ralph W. Connell, 614 North Twenty-first street, Monday evening, September 23, a girl.

A good, healthy wholesomeness will make even a homely face attractive. There are many reasons why women should take care to be healthy. One very strong reason is that beauty and illness are very seldom found together. Illness—and especially the kind peculiar to women-makes the complexion bad, the eyes dull and sunken, the manner

listless and the intellect dull. No woman in this condition can be attractive to her friends. Personal appearance counts for much, but comfort amounts to even more. What's the good of living if one cannot enjoy anything? If headaches and backaches and drag-

ging weariness and pain accompany even slight fatigue?

If the system is constantly subjected to a debilitating drain, where is the energy to come from to make enjoyment

Personal comfort and a consideration for the feelings of others are two of the incentives to an effort to secure health. If the illness is in any way connected

with the purely feminine organism (and

the chances are ten to one that it is)

Neuralgia, Rheumatism Can Now Be Cured.

Old Time Obstinate Diseases are Easily Cured.

Paine's Celery Compound is the Great Specific,

It Restores the Neglected, Famished Nerve Parts.

It Replaces Worn-out Tissues With New, Vigorous Ones.

Paine's celery compound is the one assured emedy for rheumatism and neuralgia that is every day accomplishing all that physicians claim for it!

Both these old-time, obstinate diseases are day speedily and permanently cured by Prof. Edward E. Phelps' great prescription. Neuralgia and rheumatism are merely names for a certain reduced state of the nervous tissues. As far as causes go they do not much differ from nervous debility.

headaches, dyspepsia and sleeplessness. The mischief is the same in every case, servous system robbed of life and substance by over exertion and scanty nutrition. The cure for all these is likewise in the same direction. Strengthen and restore the nerves to their normal condition with Paine's celery compound.

It is the advice of the ablest physicians verywhere.

As soon as all the countless nerve centers and fibers have been made sound and strong, not only rheumatism and neuralgia, but low spirits, kidney trouble, disordered liver and heart palpitation, vanish without a trace to remind one that their presence was not all a fearful dream.

Paine's celery compound does its curative work in a simple, straightforward way. It wastes little time on the minute and puzzling classification of diseases, but bends all its energies at once to feeding the worn out, shattered nervous track, filling the arteries with rich, new blood, and building up the body for its fight against disease,

Low spirits lose their power when the system feels the buoyancy of returning health. such as soon comes from taking Paine's celery compound. The rapid gain in weight that follows its use is a reasonable indication of the strengthening processes that are going on among the vital organs.

Many men and women who recommen Paine's celery compound do so in what to others, may sometimes seem extravagant words. But Paine's celery compound has made them well!

PERSONAL PRIDE

There is more or less personal pride in every boy. Some more, some less. The more would soon overtake the less if every mother would look to the tidiness of her boy's clothes or buy the kind prepared to stay tidy.

But cheap clothes never look tidy, you say. Quite so; even better clothes look untidy sometimes. That depends altogether how a garment is made up and the quality of cloth in use.

The average boy's suit is made for catch sales and for such purposes anything is good enough in the estimation of the makers, cotton cloth in one-half and shoddy wool in the balance. Cloth of that sort can't find storeroom here. Won't have 'em as a gift. We won't have anything but first rate cloth-first rate cheviot or worsted or cassimere. Nor would we have poor cotton lining or glued together in some tenement house. And this sort of clothing will stay tidy to the last thread.

Won't cost you any more than that trash everybody handles, either, and but a trifle above half of the price good clothes are

\$1.00 for a durable every-day school suit. \$1.90 for a braided fancy finished junior suit.

\$2.50 for a double seat and knee (all wool) suit. \$2.75 for a big boy's suit (coat, vest and pants).

Now form your idea of the bigness of our stock. We show several patterns to each price, and our prices are \$1.00-\$1.25-\$1.50-\$1.75 - \$1.90 - \$2.00 - \$2.25 - \$2.50 - \$2.75 - \$3.00 - \$3.25 - \$3.50 - \$3.75 - \$3.90, then follow it up with quarters and halves till you reach the bonton clothes made in this part of the world.

It Came Our Way.

> The past week has been astenishing in the amount of business done by us. Words of praise were heard all over tho store for our beautiful display and the great values we offered. The thousands of visitors to our store fully appreciated the faith we kept with them in holding down prices to their every-day level. We couldn't afford to do otherwise. Our business has been built along these lines and every package that leaves our place bears with it our reputation for excellence and the fairest of prices. New goods come in every day, and every article is a bargain.
