RUSSELL'S ELECTRIC LIGHT PLANT JOB

He Has Anticipated Action of the Board and Purchased Machinery Through Broatch of Omaha for the Soldiers' Home.

LINCOLN, Sept. 26 .- (Special.)-There will be an important meeting of the Board of Public Lands and Buildings tomorrow. It is expected that among the numerous subjects which will come up for discussion, and possibly for final settlement, will be the penitentiary situation, the McKelvey affair at the Geneva Industrial school and the electric light plant for the Grand Island Soldiers' and Sailors' home. In regard to the latter there is likely to be trouble. Last winter the legislature made an appropriation for extending the connections of the Grand Island electric light plant to the Soldiers' home and for maintaining the same for two years. But the Board of Public Lands and Buildings, which has acquired a habit of reading things into laws which do not exist, has construed dependent electric plant, the board has taken time by the forelock and already purchased through the connivance of Boiler Inspector Perkins and Fire and Police Commissioner track. It is said that there will be bidders will register a hearty kick at this "under was to be purchased on bids submitted the bidders argue that they should have had opportunity to bid on the whole plant i not for pieces of it. One of the reasons which the board is said to advance for the and Electric company charges too much for illuminating the Soldiers' home. Be this as it may, it is considered certain by good at-torneys in Lincoln that the law of last winter conferred no powers on the board to buy

AL BEEMER AFTER RELIEF.

Ex-Warden Beemer is again in the city and it is likely that he will be present at the board meeting to see what it can do in the way of installing him as major dome of the penitentiary. He was approached by a correspondent of the Bee and asked a hypo-

inquired the correspondent, "that Tom Majors had been elected governor last fall and had retained you as warden. Suppose, also, that Dorgan had been bought out, as he has been, do you think the Board of Public Lands and Buildings would have contract or installed a 'superin terdent' at the pen under the plea that they "I do not think they would," replied Mr.

Beemer, and he, evidently, was sincere in the One of the members of the board is now on record as saying that he believed the arrange-ment for conducting the affairs of the peni-tentiary as mapped out by Governor Hol-comb would be "cheaper for the state" than the Churchili-Russell plan.

It grows evident day by day that there is a strong effort being made to depose Superin-tendent McKelvey from the Girls' Industrial school at Geneva. What this mysterious in-fluence is it is difficult to determine. It is well known that Secretary of State Piper was opposed to his retention, and it was hinted today that, as his vote in the board he really held the balance of power and that

TOM MAJORS GETS HIS MAN IN. The presence of Tom Majors at the capito The State Banking board met and appointed Dr. S. W. McGrew one of the bank examiners. McGrew is an Auburn man and Majors has been pushing him for the position for several months. Some of the members of the board and a large number of republicans have been bitterly opposed to his appointment, but the man was actually forced on the board by the dictation of Majors. McGrew is in no re-spect eligible according to the letter or spirit of the law, which provides that an appointed to this responsible position shall have had a certain number of years' experience in banks.

From the adjutant general's office today was issued general order No. 11, which adds two more aides-de-camp to the official staff of the governor. They will rank as colonel and are Captain George Lyon of the First and Captain E. H. Tracy of the Second regiment, Captain E. H. Tracy of the Nebraska National Guards.

Aside from being a stockholder, McGrew is

PLATTSMOUTH, Sept. 26 .- (Special Telegram.)-A clever piece of jail-breaking was this city whereby all made good their escape. Their exit was made by locating a weak place in the jail floor near the washstand, where constant damp has caused it to rust almost through. By the use of a piece of iron off the bedstead a hole was made through the sheet steel about eighteen inches long and twelve inches wide. Through this ole James Kelly, held for grand larceny, John Knox, Albert and Frank Able, hel for horse stealing, escaped. This was done by digging out under the outside wall, which is laid almost on top of the ground. said to know nothing of the practical working The job was performed about 9 o'clock last night, but was not discovered till late this morning. Kelly, who is held for robbery, is an all-round crook, having served a term the penitentiary. He is about 30 years be offered for his capture.

Four wagon loads of products for display were taken from this place to the fall grounds yesterday, including a much wide: range of products than is usually collected for a similar purpose. The most notable thing about the exhibit of this township and the fact that makes it extraordinarily unique in its way is that the entire exhibit is the product of the open fields and not selected from a few damp spots in a canyon.

It is only from canyon exhibits that the North up display will meet any serious rivairy this year.

Nemaha County People Object to the Banking Board's Choice.

AUBURN, Neb., Sept. 26 .- (Special Telegram.)-J. C. Bousfield, president of the Farmers and Merchants bank of Auburn, has retained counsel and will contest the legality of Dr. S. W. McGrew's appointment as bank examiner, made by the State Banking board today, McGrew not being eligible under the law, which, to hold the position, req three years' experience, Mr. Bousfield resents several persons who were eligible for the position. He left for Lincoln tonight. The appointment of Dr. McG:ew was a surprise and is very unfavorably received by a great many of the best citizens and business men of Auburn. The law requires the ex-aminers to have had three years actual experience in banking; this McGrew has never had. He was a country doctor, then kept a drug store, and during Harrison's administration was a meat inspector at South Omaha packing houses. The state board was notified McGrew was appointed he would be enolned from holding the position. Several aplicants for the position who are qualified inder the law threaten to commence eedings in the courts to test the validity of the appointment.

PERISHED FOR WANT OF CARE. Baby in a St. Paul Family Dies Under

Suspicious Circumstances ST. PAUL, Neb., Sept. 26 .- (Special.) -A complaint was made to F. J. Taylor, county attorney, Monday that the infant child of Mr. and Mrs. Charles Zimmons, living about two miles northeast of town, was receiving improper care by the mother refusing to surse it and provide it with proper food, and from the general abuse and mistreatment of its paronts the infant would die unless something was done immediately. was about fifteen days old, and when visited by a number of citizens Monday night was und to be wrapped in wet clothing placed in a room by itself. A coffin had been ordered, a grave arranged for and a woman engaged to prepare the remains for burial, although the child was found to be still alive. The party returned to town after giving the parents some very pointed advice and sent a doctor to visit the baby, but on Tuesday morning the child was dead. Public sentiment demanded an investigation. The coroner was called for, who at once im-paneled a jury and took testimony. The jury returned a verdict finding that the in fant came to its death from want of proper food and care and general neglect of its parents. No arrests have yet been made, but great indignation prevails.

Chased a Swindler at Lyons. LYONS, Neb., Sept. 26.—(Special.)—A riick soap man was in town yesterday and did a banking business among the unwary for several hours.
