NEW YORK, Sept. 28.-Although the championship season in this city does not come to an end until Monday, the destination of the pennant of 1895 was decided by the result of this afternoon's contest between the New Yorks and Baltimores. The Orioles won the game and the pennant in the eighth inning on a combination of hits and errors. If ever nine ball players worked hard to keep the question in doubt another day it was the New Yorks. They played ball at all stages, but still the Orioles were too fast for them. Jennings really won the game himself. His phenomenal catch of Batton's fly in the eighth inning, when two were on bases, in which he completed a double play unassisted, was all that saved the Giants from tieing the score, as the hit went on a straight line for right field. The Orioles were loudly cheered as they marched off the field. Dark-ness put an end to the game. Attendance, Scoret

BETWEEN OMAHA AND TOLEDO. One Franchise in the Western League

that Has Two Claimants. CHICAGO, Sept. 28.—The managers of the Western Base Ball league have made but little progress in the settlement of the two vacant franchises. Grand Rapids wishes its franchise to be transferred to Columbus, and this may be granted. Toledo and Omaha are lighting for the franchise of the Terre At a meeting of the circuit committee this afternoon it was decided to defer action on the franchise question until the annual meeting of the league, November 20.

Members of the committee said that the rules governing conduct in the field would be made far more sweet than before and be made far more severe than before, and that the fines for profaulty and other ill

behavior would be made much heavier than those of the National league.

There was much gossip regarding the new management of the Minneapolis club. Fred Pfeffer, Arlie Latham of Cincinnati and Dave Foutz of Brooklyn were talked of as manager for the team. It was said that President Ben Johnson strongly favored Foutz, and that the Brooklyn man will very probably secure the place.

QUAKERS BAT OUT A BIG LEAD. Philadelphia Cricketers Do Some Ex-

cellent Work at the Wickets. PHILADELPHIA, Sept. 28.—Cap Mitchell's cricketers from Oxford and Cambridge received something of a surprise today, when the Gentlemen of Philadelphia finished their first innings in the third and deciding match of the series for the magnificent total of #04. As the British collegians made but 198 in their first, they will have to accumulate 206 more to avert a one-innings to accumulate 205 more to avert a one-innings defeat. The ideal weather and the uncertainty of the result of the three matches, in which Philadelphia and England have thus far taken one each, brought to the grounds of the Merican Cricket club at Haverford over 10,000 people. Bohlen of the American team piled up an even 100 runs. The Englishmen resume their play on Monday.

OMAIIA WON THE ODD GAME.

Closing Context Sees the Gate Citys Fifteen Runs Hebhad.

Yesterday afternoon, in the test of a "cold norther," the Omahas and the Gate City Cricket club battled for the supremacy.

To such as may not be in the secret it may be as well to state that up to yesterday in the such of the secret it may be as well to state that up to yesterday in the secret it may be as well to state that up to yesterday in the secret in the secret did norther, and the secret it may be the better article and the secret it may be the better article and the secret in the secret did not two. From this it will be seen that yesterday's match was, as it were, a deciding one, while how much of interest was affached to it may be the better article at which the secret in some of the secret in the sec in spite of all drawbacks, however, both sides made a very creditable showing. Captain Hill of the Gate City team, winding the toss, sent his opponents to the wickets. The Omahas started their innings with Captain Lawrie and Doyle, but before much could be done by either batsman the first named was dismissed by a "shooter" from Neale. New, the next comer, failed to do more than "break his duck" before he was disposed of by a "catch" at the "slips." Doyle was bowled at last by Robb, but not until he had put up 25. G. H. Vaughan followed New and did the "veni, vidi, vici" act to the tune of 13 before a "catch" disposed of him also. Messrs. Ford and W. Vaughan, after contributing 5 and 7 respectively, succumbed to Neale. Cameron, who followed Ford, was responsible for 8, while Brotchie covered himself with slory while achieving 9 runs and a "not out." Gilbert with 4 and Potter with 2 brought the innings of their side to a close, when the "telegraph board" showed a total of 93 runs for the Omahas.

Bowers and McPherson opened the defense for their side, and after making 9 between them they were prevailed upon to take an unlimited period of repose, Branton, who came in on the fail of the first wicket, slashed about indiscriminately for 18, Shephard—an unusual thing with himfailed to "come off." while Neale and Robb, the two next batsmen, nearly changed the tide of the battle, with 11 and 13 respectively. Hill and Lawrence, with 4 each, and Stribling with 5 "not out," were the only others to do aught worth recording, and when the last wicket fell the Gate City team was 15 runs behind its opponents. It will be observed that the "extras" present rather a formidable appearance, but when the high wind, the cold weather and the nature of the ground are taken into consideration, some allowance will be made. HURRYING UP THE BIG FIGHT. Rumor that the Club Will Try to

Head Off the Governor.
HOUSTON, Tex., Sept. 28.—A special from Austin to the Post says: The Florida Athletic club has notified Corbett and Fitzsimmons to appear in Dailas to fight October 10, it being the latest date possible before 10, it being the latest date possible before a decision or a law could be got through the legislature to stop the fight. Fitzsimmons says he has had no such notice and would pay no attention to it if he had, as the agreement calls for the fight October 31, and he will either fight in Dallas or claim the forfeit on that date.

CHICAGO, Sept. 28.—There is a sensational story afloat tonight to the effect that the Florida Athletic club of Dallas has changed the date of the Corbett-Fitzsimmons fight to October 7. The object of setting ahead the date is to get the start of the governor and pull off the fight before the legislature can convene. A circuis is to exhibit in Dallas the early part of October, and it is said the club has made an arrangement to secure the big tent for an arena. The whole story, however, lacks confirmation. In any event the date cannot be changed without the consent of both principals.

Cannot Fight in Indian Territory. WASHINGTON, Sept. 28.-If the promoters of the Corbett-Fitzsimmons fight enter tain the opinion that in case the fight is not allowed to come off in Texas they can fight in the Indian Territory they are certain to be disappointed. Attorney General Harmon has but one opinion in regard to exhibitions of this kind, and when questioned today said that there will be no fighting on any territory over which the United States had jurisdiction. He did not think there was a law against prize fighting, nor did it much matter whether there was or not. If it became necessary they could find a law to fit the case, and it might be stated on his authority that the fight would not be permitted in any territory of the United States. tain the opinion that in case the fight is no

-Crum Takes the 120 Yards Handleap-Chase Beats His Own World's Hurdle Record.

NEW YORK, Sept. 28 .- This was ladies' day at Travers Island, and more than half of the 5,000 guests of the New York Athletic club members were of the fairer sex. The weather was cool and bracing, making an almost perfect day from an athletic standpoint. The English athletes, who were so badly beaten last Saturday, as well as several of those who will take part in the games between the Cambridge and Yale universities next Saturday, were present, and the fact that some of them were entered in the competitions today attracted an unusually large crowd. Early in the afternoon it was announced that Wefers, the crack sprinter, would not run in the fifty and 120-yard dashes, as he was saving himself to make a world's record in the 300-yard run, which was the seventh event. This he accomplished with a magnificent burst of speed, all hough he was conceding liberal handicaps to the other contestants, in the time of 31 1-5 seconds. With Wefers out of the two short races Bradley of the London Athletic club eemed to have a cinch, but Stage of Cleveland beat him for the fifty-yard run by two feet in 5 2-5 seconds. Crum did not start in the short dash, but he lined for the 120 yards handicap run, which he won with an allowance of one yard in 12 seconds, and he exhibited no symptoms of the leg trouble of

which he complained last Saturday.

The hurdle races attracted much attention, as Stephen Chase and Godfrey Shaw were the as stephen Chase and Godfrey Shaw were the scratch men. Chase won the first trial heat from Oakley, to whom he conceded four yards, in 15% seconds, which equaled his own world's record. In the second heat Shaw was second to Hatch. The final heat, however, was a great race between Chase and Show and the world's champion heat the Englishman by five yards and broke his own world's record one-lifth of a second.

In the mile and a half run, handleap, Wilkins, the Londoner, was on the ninety-yard mark, while George Orton, the Canadian champion, was on the fifty-yard line. The race, in the absence of Conneff, who was out of condition, lay between these two. In the final lap Orton overtook the Englishman, bu Wilkins let out a link and forged shead, win ning from Orton by a yard after a hard struggle. Wilkins' victory was a popular one, as it was the first winning made for the English visitors since they arrived here.

CENTER ISLAND, N. Y., Sept. 28 .- The international challenge cup offered by the Seawanahake-Corinthian Yacht club of New York for half-raters has been successfully defended, and it will remain on this side of the Atlantic unless some other country sends over a faster boat than Spruce IV. The match, which was concluded today, consisted of the best three out of five races, sailed over the Long Island sound course. The first race was won by the American and the secand by the Briton. On the third day Ethelwynn withdrew after making one round. The choice of the fifth course was gained by Mr. Brindery on the toss of a coin. He selected the triangular. The course was sailed cleanly over, and the Ball brothers pushed their vessel through the water faster from the start than Brand could. Ethelwynn gained on every leg of the six except one, and on that she lost but a second. Spruce also arried more sail than Ethslwynn at almost every period of the race. On one point of sailing, pointing into the wind when beating, Spruce did the better work, but Ethelwynn was always the faster tooter, and, beating ahead, not only maintained but increased her

The wind was from the northeast and not stronger than six knots an hour. The racers were sent away on a beat to windward. In tackng to the first mark Spruce went about twice to Ethelwynn's once, and Ethelwynn beat to the mark by two minutes and fifteen seconds. Then came a reach to the second mark with the wind abeam, when Sprucz was supposed to be at her best, but Ethelwynn reased her lead by forty-five seconds. Charles Day Rose. Mr. Rose was not present at the moeting.

Secretary Elleson said to the representative of the Associated press this morning:

"The meeting will be wholly a formal one. I know of no business to come before the meeting except to confirm in writing our telegram of the last week challenging in behalf of Mr. Rose. A letter to the New York Yacht club will be dispatched this afternoon. All the details as to the date of the races, etc., will be arranged later with the New York Yacht club, and as Mr. Rose's challenge imposes no conditions as Rose's challenge imposes no conditions as to the place where the races shall be sailed, our task promises to be an easy one. It rather remains for the New York Yacht c'ub to tell what conditions it wants, and I have little doubt that we will find no difficulty in complying. Our members generally are pleased at the prospect of a race and of seeing our flag as a challenger for the

America's cup. HARRY REED A POOR INVESTMENT. Backed at Odds On He Quit at the

Half and Arapaboe Won. NEW YORK, Sept. 28 .- A good card at Bravesend today was ruined by scratches which left the stake races with six starters in the Speculation stakes at six furlongs, when only four started out of eighteen. The wholesale scratching was due to the appearance of Harry Reed, with only ninety-three pounds on his back, and he went to the post at 1 to 2. Hugh Fenny was heavily backed, opening at 2 to 1 and closing at 8 to 5. None of the others were wanted at any price. From the fall of the flag Arapahoe started to run Harry Reed off his feet and pushed along to the eighth in 6.11%, the quarter in 0.23%, and the three-eighths in 0.35% and the half in 0.45. This was all Harry Reed wanted and he gave it up. Arapahoe wan easily by two lengths in 1:15. Hugh Penny could not extend himself and was a bad last. In the second special Ramapo, Sir Excess and Flying Dutchman were scratched, leaving Clifford and Rey el Santa Anita to go, and the former was a 1 to 4 shot. He should have been 1 to 20 on the result, for he won in a canter, Harrington was the choice in the opening race and ran as usual. Preston ran close behind at a good rate, and when it came to the finish Harrington gave it up and was beaten by half a length. Only three started in the second race, with April Fool as the favorite and Deer Slayer the outsider. Again the favorite fell, for Deer Slayer won easily. The third race gave a victory for Woodwine, who won all the way. Cassette, at 5 to 1 for the place, beat the others. Mack Briggs was a strong favorite for the last race, He got the best of the start, but could not hold it and was beaten by a length by Tom Crewell. Summaries:

First race, six furlongs: Presion (8 to 1) won, Harrington (6 to 1) second, Stoneeli (15 to 1) third. Time: 1:155%.

Second race, mile and a sixteenth, celling: Deer Slayer (7 to 2) won, April Fool (1 to 2) second, Sabil (2 to 1) third. Time: 1:155%. contend in both. The worst showing was n the Speculation stakes at six furlongs.

CINCINNATI, Sept. 28.—The Gibson House takes, a handleap for 3-year-olds, was sardily won at Oakley today by Prime Minhardily won at Oakley today by Prime Min-ister, at 6 to 1 in the betting. Handspun and Simon W were the choices, and both were heavily backed. Neither were placed. The feature of the day was the remarkable run of Semper Lex, with Bergen up, in the fifth race, a mile. He was practically left at the post and was a sixteenth of a mile behind the leaders on the back stretch, but he gradually moved up and finally won under Bergen's masterly riding in a hot drive. The attendance was immense, ne gradually moved up and finally won under Bergen's masterly riding in a hot drive. The attendance was immense, weather perfect and track fast. Summaries: First race, purse, five turiongs: Ramiero (1 to 4) won, Belle of Fordham (15 to 1) second, Motilia (4 to 1) third. Time: 1:02%. Getting the New Track in Shape.

SAN FRANCISCO, Sept. 28.-An enormous arrount of work has been accomplished at the Ingleside race course during the past the Ingleside race course during the past week and the officers of the Pacific Jockey club are now confident that everything will be in readiness for the opening day on Saturday, November 2. There is no doubt that San Francisco will shortly have one of the best equipped race tracks in America, and certainly the best winter track.

Three hundred men are now at work on the new track. The grand stand is fast approaching completion, while the Stables have come up like mushrooms in the past week. Both tracks will be ready inside of a week. Both tracks will be ready inside of a week. This has been an herculean task, as 355,000 cubic yards of dirt were used in the construction of the two tracks. There is a perpendicular fill of sixty-four feet on the first quarter, which is over 200 feet at the base. Five times as much dirt has been

utilized in making the Ingleside track as on any other course in America. A steeple-chase course in the shape of a figure 8 has yet to be constructed inside of the two regular tracks. Four hundred thousand dollars will have been expended by the Jockey club before the gates are thrown open to the public in November. This club will race a month, when the Californias and the Pacifics will alternate every two weeks during the season.

Chilly Day for Speciators and Talent. ST. LOUIS, Sept. 28.—The last day's rac-ing was cold and bitter; the attendance was light. The betting was lively and the talent got the worst of it, only one favorite out of six winning. Ashland was jumped on near the half mile post in the first race and almost hamstrung. It is not thought he will be able to race any more this season. There will be no racing at the fair grounds until Wednesday, October 16, when another season will open. Summaries:
