### CORBETT INSISTS ON A FIGHT

Will Go Anywhere, Provided the Purse is Made All Right.

MAY NOW TRY THE INDIAN TERRITORY

Laws of the Cherokee Nation Do Not Prohibit Such Exhibitions and

the Pederal Judge Will Not Interfere.

ATLANTA, Ga., Oct. 3 .- When Champion James J. Corbett was shown the dispatches that both houses of the Texus legislature had passed the anti-prize fight bill he said: "We are under contract with Dan Stuart and the Florida Athletic club, and propose to live up to our part of the contract. We are going Texas under the terms of our contract, and I am going there to fight. I expect to the world may justly be proud of- live up to my part of the agreement. I am bargains that, considering the sterling anxious to fight and will go anywhere to pull it off, provided the purse is all fight."

Manager Brady said: "The next move will be to try Laredo; but one thing is certain, we are not going into Mexico unless we have an iron-clad guaranty that we will not be troubled. We know how to take care of corselves in this country, but are not going to take any chances with foreign governments. We are willing, however, to go into the Indian territory if Stuart wants to take us there, for I believe the fight could be pulled off there. We will go at once to Texas and Corbett will continue his training. He is fit

go in the ring right now."
ARDMORE, Okl., Oct. 3.—The Chicksaw tribal authorities are understood to be favor-able to allowing the Corbett-Fitzsimmons mill o take place in this nation for a satisfactory pecuniary consideration. With them it is a question of revenue. Kilgore, the federal judge at Ardmore, claims there are no legal impediments so far as his jurisdiction is concerned. There is no tribal law prohibiting physical culture exhibitions. Another prospective point is on the Red river, this side of the Texas border, and is only eight or ten miles from Danison, Tex.

AUSTIN, Tex., Oct. 3.—The senate this morning concurred in a few minor house amendments to its bill preventing prize fightng, and the bill was sent to the governor this afternoon. The balance of the special session will be devoted to matters of state interest suggested by the governor this morning. Governor Culberson has signed

NEW BRUNSWICK PROPOSED.

BOSTON, Oct. 3.—It is reported in sporting circles that arrangements are rapidly progressing to pull off the prize fight between Corbett and Fitzsimmons near Frederickton, N. B., and it is stated that a party of prominent sporting men have been in New Bruns-wick the past ten days arranging for the battle. The location is said to be about thirty miles east of Frederickion, on the property of a well known English gentleman who is a sportsman of considerable note. A prominent Boston sporting man says the plans are such that New Brunswick officials would all be at sea if they attempted to prevent the battle, Although be would not impart positive knowldge, and would not give names for fear of the publicity, yet he declared it was all

Why," said he, "at \$20 per ticket \$80,000 can be raised, as it will be easy enough to dispose of 4,000 or even twice that number of

BOSTON, Oct. 3.—In an interview ex-Champion John L. Sullivan said: "I never inthorized or asked any man to suggest my ame as referee for the Corbett-Fitzsimmons fight and, what is more, I would not, under any circumstances or for any amount of money, accept the job." Sullivan is in fine health and spirits, and has not looked so well

WOULD USE THE TROOPS. WASHINGTON, Oct. 3.—Since the action yesterday of Texas' legislature, having rendered it practically impossible for the Corbett-Fitzsimmons prize fight to take place has in the Indian Territory to prevent the fight, and it is believed enough law can be found to stop it. In the opinion of the attorney general it would be a public disgrace for the federal authorities to permit an exhibition of this character, and it might be positively stated on his authority that the fight will not take place in United States. ight will not take place in United States erritory. Although the attorney general would not discloss his purposes it is thought to be almost certain that if found necessariv the United States troops would be ordered out to

Charles N. Boudinot of the Choctaw nation, was at the Interior department today and consulted Secretary Smith. It had nothing to do with the proposed fight in the Indian country. Mr. Boudings said to an Associated press reporter that he knew of nothing in the laws of the nations of the territory to prevent the fight. He added, however, that if the United States take the matter in hand the fight could be prevented. He said that in some things the tribes were recognized as inde-pendent sovereignties, but the United States was making surveys and holding courts and otherwise interfering with the tribes. If they were recognized as free states they ought to be allowed to conduct their own internal affairs, but if the United States could interfere in one case there was no reason why I could not interfere in another.

CHOCTAWS WILL FORBID IT. ATOKA, I. T., Oct. 3.—The Choctaws here are sanguine that the council which meets at Tuskahoma Monday will pass a bill similar to the one passed by the Texas legis ature yesterday. Governor Gardiner is a full-blood Choctaw Indian, and his opposition to the fight will rival even that of Governor Culberon. The statutes of Arkansas of 1884 are in force in his country, and they are silent so far as they pertain to prize fighting, and there is nothing in the federal statute books which would warrant the marshal to take a hand to prevent the fight coming off. The attorney general has signified his willingnes out the militia to the assistance of the Choctaw tribe if requested to do so. It is not believed that the governor has the authority to call upon the United States government to prevent the fight in the absence of a law prohibiting it on the statute books of the Chectaw nation. Unless the bill is passed there is nothing here to prevent the mill being pulled off. If it were possible for the Florida Athletic club to get permission of the council to fight the federal authorities would interfere if requested to do so by

Governor Gardiner. A representative of Dan Stuart was here today, and the general impression is that an attempt will be made to secure a place two miles below here on Boggy creek for the scene of the contest. It is about three hours'

western sport, is in constant communication with Dan Stuart tonight. Business men will offer a purse for the fight.

MAY TAKE IT TO MEXICO. SAN ANTONIO, Tex. Oct. 3.—Charles Campbell and several other parties in this city, among them a Mexican official, have made a proposition to Dan Stuart to get a concession in Mexico to pull off the fight there. Stuart says absolute trainently from interference is guaranteed. The gentlemen, who have very high and induential connections in Mexican official life and are received. 

of non-interference. There is a bull ring at each place capable of seating from 18,000 to 20,000 people. These will have to be repuired, and the railroads touching these points have volunteered to defray the expense of repairs. The gentlemen who have received

the concessions are under contract to turn them over to Dan Stuart free of cost. They are to get their remuneration from the buil hts. Already they have contracts with most famous troup of toreadors in Mexico fights. and have received six bulls, which are said o be the most feroclous animals in the coun-DIAZ SETS HIS FOOT DOWN.

CITY OF MEXICO, Oct. 3.—The Assoclated press agent today endeavored to se-cure the opinion of General Diaz on the quas-tion of allowing the prize fight between Cor-bett and Fitzleamons on Mixican territory, but the president was in seclusion with memers of his family, on account of the death his father-in-law, Manuel Romers Rubio, n intimate friend of the president, however, said the question had already been decided on application of the governor of Chilauhau, who had telegraphed for the president's opin-

General Diaz is opposed to the PASO, Tex., Oct. 3.-Telegrams are thick and fast between this city and Dallas in regard to bringing off the Corbettzeimmons fight across the river in Juarez, Some time ago a guarantee fund of 000, Mexican money, was offered to have fight there. SAN FRANCISCO, Oct. 3 .- A local pape ays there is a strong probability that an ef-ort will be made to have the Corbett-Fitzmmons fight take place in San Mateo county inder the auspices of the Colma Athletic men from San Francisco got the officials in San Mateo county to allow prize fighting. A strong undercurrent of influence was brought to bear on those officials and the several fights which have been held at Colma would put in motion to get the franchise. It is openly stated that the prize fighting permit at Colma was obtained with a view of getting some big fight, the Corbett-Fitzsimmons physical contest proferred. Dan Stuart, the anager of the fight, said today that he had three places in view, two of which he named as Mexico and Indian territory. The third place he omitted to mention. It is believed that he had California in mind.

STUART STILL CONFIDENT. DALLAS, Tex., Oct. 3.-Dan Stuart said to a reporter today: "This is somewhat embarrassing, but the glove contest will come off on time. I am not prepared to say where. I shall need a few hours for thought and consultation. The matter, however, will be determined within the next twenty-four hours. We have three eligible places within easy reach of Dallas and with very little if any additional cost to the ticket holders."

New Laredo, Mex., Colberts Ferry and Ardmore in the Indian Territory and Texarkana, Ark., were referred to as points of nquiry, but Stuart had no answer for the

Telegrams came to him from various soints making propositions, but they were laid aside for later consideration at the club's headquarters. The passenger traffic departments of several big railway systems leading out of Dallas had representatives present trying to have the glove carnival removed to points on their respective lines. The places mentioned on the outside and unofficially were Ardmore on the Santa Fe and Colbert's on the Missouri, Kansas & Texas. Texarkana and New Laredo are named as second choices. Private telegrams were re-ceived by parties in Dallas that the Chickasaw legislature had prepared a bill to be introduced this afternoon to license glove contests in the Chickasaw nation. There is no law against glove contests in the na-tion, but a license law would prevent any trouble.

FITZ TALKS OF TRICKS. CORPUS CHRISTI, Tex., Oct. 3 .- When the Associated press correspondent appounced the Associated press correspondent announced the legislature's action of yesterday to Fitz-simmons he did not show much surprise. "It is only a part of the game of Corbett and his gang," he said. "He selected Texas for the baitleground because he thought the fight could not come off here. He had a tip

get out of the ring." The training quarters are finished, and Fitzsimmons is working just as hard as if he was going to fight Corbett tomorrow. Martin Julian, his manager, said: "We have spent a great deal of money preparing for this battle, relying upon Dan Stuart and his advisers. I am surprised that Mr. Stuart has not yet advised me of any change In the arrangements. I have a contract with the Florida Athletic club and I shall see that it is carried out to the letter. Fitzsimmons will stay here and train until October 31 when he will go to Dallas, ready to go into the ring and win the grandest victory of the century

"Will you let Fitzsimmons fight at New aredo?" was asked of Julian.
"It would be impossible for me to say anything until after October 31 and our present contract with the Florida Athletic club is satisfactorily carried out, but if Fitzsimmons does not get at Corbett before Christmae he will be broken hearted. He will be ready to go into the ring in the best possible condition of his life at the proper time and place. If the Florida Athletic club cannot pull off the fight I can produce parties who can carry out the contract, offer the same purse, and pay a forfelt of \$4,000 if the fight is not pulled off

The crowd was a thousand larger today than yesterday, fully 8,000 being in the stands and on the field. The Clavelands began to do business in the first inning, when Burkett smashed a safe to center. A wild pitch by Hoffer sent Burkett to second, and he scored on McKean's beauty to center, the latter taking second on the throw in. Carey's hot one got away from Cuppy and Kelley went to third, scoring on McAleer's fumble. Baltimore made its second run in the sixth. After Keeler went out on a pop fly to McKean, Jenninga singled. Kelley struck out and Brodie singled. Jennings scored while Brodie was being run down off first. Cleveland added A one in the fifth. Burkett got to first on a tht slow one, but was forced by Childs. READY FOR THE COLLEGIANS. Yale Confident of Avenging Her Defeat in London Last Year.

NEW YORK, Oct. 3.—Nothing remains unione in the way of preparations for the Yale-Cambridge dual athletic meet of Saturday, which will take place on Manhattan field. That it will be a memorable meet is without question, and that Yale will get revenge for her defeat last year by Oxford in London no one doubts. The visiting athletes have experienced difficulty in getting accli-mated, but they are enjoying health good enough to render the meeting highly interest-ing. Alexander Jordan, who acted as starter the New York-London games, has been invited to act in the same capacity on Satur-lay. Mr. Jordan has accepted the position and if he acquits himself as well as he did two weeks ago every one will be satisfied. The track and field are in fine shape. All the Yale men are in fine condition, thanks to Mike Murphy, Yale's able trainer. Even with Sanford out, the Yale boys are confident of a glorious victory. Many prominent persons will attend the games, including Mayor Strong, William C. Whitney, Chauncey M. Depew, Cornellus Vanderbilt, John Jacob Astor, Sir Julian Pauncefote, and probably the young duke of Marlborough. From the social point of view the meet will eclipse anything of the kind ever seen in this coun-
