CANDIDATES IN FLOCKS.

Meeting of the Ninth District Repub-lican League Yesterday. The meeting of the Ninth District Repubilcan league held in this city yesterday brought out the republicans of southwestern and western Iowa in droves. Every man whose political axe needed grinding was there, as well as a good many whose axes were things of the past or only dimly prospective, but they were all there with an end in view, and that end was the end of dem-

ocratic rule in western Iowa.

Among those who were present were: Congressman A. L. Hager of Greenfield, Chairman H. G. McMillen of the state republican committee of Rock Rapids, Secretary I. M. Treynor of the state committee of Council Bluffs, J. C. The league system now in use is the most perfect ever used. All the officers of the ocal leagues are members of the executive nmittee of the county league, the officers of these are members of the executive committee of the district league, the district league officers are members of the state league, and it is expected that the same sys-tem will be adopted in national league affairs next year. A chain is thus formed which binds the republicans of all the different lo-calities into one organization.

The meeting was held in the farmers' hall of the county court house, H. W. Byers of Harlan presiding. F. R. Conaway of Des Moines, president of the state league, opened the meeting by explaining the purpose of the league, which was, not to further the interests of any particular candidate for nomination, but to promote in every legitimate. ination, but to promote in every legitimate way the success of the republican party, its principles and candidates. The election of officers for the ensuing year resulted as fol-lows: H. W. Byers of Harlan, president; T lows: H. W. Byers of Harlan, president; T. C. Dawson of Council Bluffs, secretary; O. R. Patrick of Glenwood, treasurer; vice presidents, Audubon county, J. A. Nash of Audubon; Cass county, L. F. Mullen of Atlantic; Adair county, W. B. Martin of Greenfield; Sheiby county, C. R. Benedict of Shelby; Mills county, M. H. Byers of Glenwood; Harrison county, M. A. Reed of Woodhins: Montgomery county, R. E. Cook of Red bine; Montgomery county, R. E. The deliberations were mostly of a private nature, and were for the purpose of planning the campaign. Chairman McMillin and Secretary I. M. Treynor, of the state central committee, also met the secretaries of the various county committees for consultation. All the meetings were harmonious and enthusiastic. This was the ninth meeting of the kind held during the past two weeks, the following being the places of the other meetings: Eleventh district, Sioux City; Second, Davenport; Tenth, Fort Dodge; Fifth, Marshalltown: Four h, Nev Hampton; Eiglth, Creston; Sixth, Ockaloss: First Mount Pleasant Ninth, Council Bluffs. Next Tuesday the Third district league will meet at Waterloo, and on Wednesday the Seventh at Des Moines, which will wind up the district meetings. "In goirg through the state," said President Conaway, "we find republicans in a most harmonious condition, and everything points

to success at the polls. General Drake is making a good record in his speeches, and what little feeling was aroused by the defeat of the Harlan man is rapidly being cleared away." Chairman McMillin of the state central committee is anxious to have it understood that the league is not in the least to be con-

sidered as a rival of the central committee.
"It is merely a sort of a dress parade affair," said he, "which keeps the boys together, and gets them out on the occasion of any big demonstration. But the real work of the campaign is done by the state comnittee, and the league co-operates with it.

## SCORED THE WITNESSES.

Genung Makes Pyrotechnic Remarks, Which the Court Called Down.

David Jarred of Hastings was on trial n federal court almost all day yesterday. His defense lay mostly in the line of an arraignment of the witnesses by whom he had been convicted. His attorney, L. T. Genung, tried to show by evidence that the witnesses had induced Jarred to fracture the law in a technical way, for the express purpose of securing from the government the fees which would naturally be theirs. In making his address to the jury he accused the witnesses of all manner of dishonest practices, and charged them with swearing to an excessive amount of mileage and number of days' serv-ice. "You know it, gentlemen of the jury, as well as I do," he went on, "and the marshal knows it, and the district attorney knows it, and the court knows it." But he got no fur-ther, for the court considered this somewhat strong, and called him down.

The case was submitted to the jury at 4 o'clock in the afternoon. After wrestling with the evidence for six hours a verdict of

guilty was returned.
