Texas Authorities Take Active Steps to Prosecute the Entire Gang.

GRAND JURY HANDLES THE MATTER

Charges of Conspiring to Commit Felony Lodged Against Dan Stuart and His Condjutors in the Great Flasco.

DALLAS, Tex., Oct. 8 .- A puzzling turn was taken by Governor Culberson and his administration this morning which created some surprise, not only at the headquarters of the Florida Athletic club, but among the people generally who heard of it. It looks as if the glove contest affair has reached the war-tothe-knife stage so far as Governor Culberson Hot Springs. His manner was so deliberate and Attorney General Crane are concerned. Attachment papers were received by Sheriff Cable from Austin to be served on W. K. Wheelock, secretary of the Florida Athletic club; W. A. Brady, manager of J. J. Corbett; really Martin Julien, manager of Bob Fitzpimmons, and Joe Vendig. These parties are summoned as witnesses before the Travis county grand jury. W. A. Brady, accompanied by John Farrell, arrived in the city at 9 a. m. on a Hot Springs are in Dallas negotiating with Central train, coming from San Antonio. They the managers of the affair indicates beyond at once proceeded to the headquarters of the Florida Athletic club, where Mr. Brady met Mayor Waters and City Attorney Martin of Hot Springs, who have been here several days in consultation with President Dan Stuart. While Mr. Brady was talking to the Arkaneas men Sheriff Cable entered the office of the club and announced that he had attachments for W. K. Whielock, W. A. Brady, of much ability. He knows as well as myself Martin Julien and Joe Vendig. The latter is the eastern representative of the Florida Athletic club. Vendig and Julien had not at force the law as I find it, will that hour reached the city. Brady and end of my authority and stop, and that is just Wheelock gave bonds in the sum of \$150 what I shall do. I am not disposed just each for their appearance.

The first man to introduce himself to was Sheriff Cable. Julien also gave bond. The charge is against Dan Stuart, and is under article 960, title 18, chapter 1, penal code of Texas, which provides to prevent a misdemeanor." that a "conspiracy entered into in this state for the purpose of committing any felony in any other of the states or territories of the day, says that reliable Australians have United States or in any foreign territory shall be punished in the same manner as if the conspiracy so entered into was to commit the offense in this state."

The persity for such conspiracy under the

Texas code is "confinement in the penitenti-ary for not less than two or more than five A meeting to select the battlefield will take time tomorrow. The governor's action is regarded as harsh to an extreme

HOT SPRINGS CONFIDENT. HOT SPRINGS, Ark., Oct. 8.—All appearances lead people here to believe that the Corbett-Fitzsimmons fight will take place in this city. Last Sunday Mayor Waters left for Dallas, prepared to bring the contest here. Last night telegrams were recontest here. Last fight leagrams were re-ceived from Mayor Waters from Dallas say-ing that it was practically settled that Hot Springs would get the big fight. The fact that rooms at one of the hotels were already being engaged today by sporting men con-firms the belief here that the tip is a straight one, The Methodist Pastors' association has called a meeting for tomorrow to take such action in the premises as they may deem

LITTLE ROCK, Ark., Oct. 8 .- "You can say for me that I would not convene the legislature in special session to stop it if they were to fight in the state house yard." Governor Clark used this language in cor versation with an Associated press reporter today in reference to his probable action in the event that the Corbett-Fitzsimmons con-test should be advertised to take place in and emphalic that there could be no possible doubt of 'be earnestness of the governor. Governor Clark was in a most amiable frame of mind and talked freely concerning the latter phase of the situation. "I do not really know anything about it," he began, but I have heard a great many rumors about chemes to hold the contest in Arkansas. It Mayor Waters and City Attorney Martin of doubt that Hot Springs wants it and they will very likely get it."

Will you interfere should they attempt to bring it off there?"
"My position in that regard is well known You may say that I will do everything in my power to prevent the fight; that I will go as far as the law, as it now stands, gives me authority to go, and no farther. Mr. Martin is city atterney at Hot Springs and is a lawyer or any one else just how far my authority as an officer who has taken the cath to en Martin Julien, accompanied by Ernest Roe-ber, arrived at 11 a. m. on the "Katy" train off in Arksnass, but you can say for me that from the south and proceeded to the Oriental I would not convene the legislature in special session to stop it if they were to fight in the state house yard. I shall see the law enforced, but I will not put the people to the expense of a special session of the legislature

TESTING THE LICENSE LAW. AUSTIN, Tex., Oct. 8.—The case of the tax ellector of Williamson county a minst the state comptroller to furce the latter to issue a prize fight license was submitted to the suprem court at noon today on oral arguments. Thi case is brought under the law passed by Dan Stuart at moon received a tele-gram which reads: "Reliable purities in Mel-bourne, Australia, cable an offer to Corbett and Fitzsimmons of \$20,000." Mr. Stuart had no reply to make. Joe Vendig was attached on his arrival tonight as a witness to appear before the grand
jury at Austin. Secretary Wheelock of the
Florida Athletic club, Brady, Julien and Vendig go to Austin tomorrow night.

SAN ANTONIO, Tex., Oct. S.—Delaney,
Daly, Donaldson and Joe Corbett, trainers of
the champion, were arrested today by Deputy
Sheriff Nasher on an attachment from the Joe Vendig was attached on his arrival toa felony, and they desire an opinion as to the force of the law licensing fighting in case the other law is inoperative. Ex-Governor Travis county grand jury citing them to appear at Austin tomorrow. They were given the option of giving bond and going by themselves, but they elected to go with the officers, as by submitting to custody the expense of the trip is thrown on the state. Corbett does not know what the move means. When asked he said: "I hear that they are going to charge us with conspiracy to violate a law of the state. I was not aware that we were conspiring for any such purpose, because as soon as we learned there."

Travis county grand jury citing them to appear the other law is inoperative. Ex-Governor Hogg, representing the state along with the attorney general, also submits the following propositions: If there was no penal law prohibiting prize fighting the comptroller would have no authority to issue a license for reasons: (i) That the legislature had no right to pass a law to license a crime within the class of maid in se, and (2) because the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the class of maid in se, and (2) because the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the class of maid in se, and (2) because the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass a law to license a crime within the comptroller would have no suthority to issue a license for reasons: (ii) That the legislature had no right to pass

It was decided that no deduction should be allowed on Iowa and Mississippi river traffic, except lighterage. A reduction in rates between Kansas City and Aurora, Mo., and between St. Louis and the same point was agreed to. Twenty thousand pounds was agreed upon as the minimum car load weight on apples on the lines of the Fort Scott & Memphis road. Road machines and wheeled scrapers were made subject to third class rates.

Passenger representatives of the Chicago-Omaha lines held a meeting here today and decided to adopt the same agreement for the government of business westbound between these points as in effect eastbound. The eastbound agreement provides for the maintenance of rates and the redemption of all tickets found on the market disturbing the All the western roads put a big open cut

n westbound freight rates into effect today. The cut applies to all Colorado common points. The rates to these points now are: Fifth class, and classes A. B. C. and D., 50 cents; class E., 40 cents. The old tariff rates were: Fifth class, 92 cents; class A., \$1.07; class B., 82 cents; class C., 67 cents; class D., 58% cents; class E., 40 cents.
"The apparent reduction," said a prominent traffic manager, "will not affect our revenues in the slightest degree, for the very good reason that these reductions were made months ago. BALTIMORE, Oct. 8.-The chilly weather this forenoon had a bad effect on the base ball cranks, for the crowd that turned out was nothing like as big as yesterday's. Then, too, the threatening weather this morning had not entirely disappeared, and many were kept away by the fear of rain. The grounds and the were not yet completely dried from the rain of last night, but no mud was to be seen, and in practice the players seemed to get along very well. There were not more than 2,500 people on hand when the Cleveland players arrived and were received in silence, not so much as a hiss being heard. The Spiders got away from the hotel without any trouble. A squad of policemen was on hand and kept the crowd, which numbered about 300 men and boys, back from the omnibus. The practice work of both teams was snappy and vigorous.

SECOND NIGHT OF THE BIG RACE

Great Riding by Edghill Fails to Re-cover Lost Ground.

A good sized crowd of enthusiasts gath-ered at Charles Street Bleycle park last evening to witness the second installment of the great six-day class A bicycle race notwithstanding the cool weather, and they were well repaid for their trouble, as they were well repaid for their trouble, as they witnessed as pretty and exciting a race as any crank could wish to see.

The performance of the first evening was repeated and the crowd was kept too busy cheering the riders to think of being cold. At no time during the two hours riding did the interest and enthusiasm lapse. The riders simply yied with each other in setting the pace.

the interest and enthusiasm lapse. The riders simply vied with each other in setting the pace.

Harry Edghill, the messenger kid, worked with might and main to regain the laps he had lost on Monday evening, but to no avail. Toozer and the rest of the riders hung to him for dear life, and it was impossible for him to break away from them. Three times during the evening did he break away at an eighteen-second clip in an endeavor to take a lap, but he could not pull away from Toozer and Murray. At the sixtleth mile Pegau punctured his wheel and Toozer and Edghill quickly took advantage of his mishap and gained a lap on him, thus giving Toozer a lead of one lap. Parker and Wall had a collision, and consequently Parker lost four laps and Wall lost eix. Murray developed a terrific burst of speed at the sixty-second mile, and for a mile and a half looked as if he would surety gain a lap on the crowd, but Harry Edghill got a kink in his back, put his nose to the handle bar and fairly made the track smoke, and closed up the gap, with Toozer, Parker and Pegau tied fast to his wheel

At the finks the boys started to spurt long before the final lap, and maintained a terrific speed to the end, Harry Edghill finishing first, but being only two feet ahead of Parker, and Toozer and Murray coming in neck and neck for third place. Edghill won the special prize for the evening. Following is the score:

Mayor Vetoes Further Appropriation for

the Health Fund. TO CONSIDER AT ADJOURNED MEETING

George Stebbins' Proposition to Fur nish New Quarters for City Juil and Police Court Referred to a Committee.

It took the city council just forty minutes to clean up the business on the clerk's deak last night.

The mayor's veto of the resolution by which \$625 was transferred to the health fund was not acted upon. There were not votes enough present to override the veto and the council adjourned to 7:39 o'clock next Tuesday night, when the message will be considered in adjourned systion. In vetoing the resolution the mayor said:

the resolution the mayor said:

1 return herewith, without my approval, resolution No. So of October 4, appropriating \$625 out of the general fund for the Board of Health, to be available only for the salary of the city physician and certain designated officers. I have vetoed this resolution for two reasons. The Board of Health has incurred liabilities which amount to \$837.67 over and above the amount set aside for the board. These liabilities should be taken care of first, and any surplus remaining could be devoted to such purposes as the board might direct. The resolution in question ignores entirely this overfirsfi and no provision is made for its payment. There are b. Its new in the hands of the comptroller which cannot be inserted in the appropriation ordinances for lack of funds in the health fund. It is therefore improper to make an appropriation for a specific purpose when the money should be expended in other ways.

Another reason for vetoing this resolution is that it sweetifes the officers to be emissioned.

The above liberal offer is made to advertise old reliable Diamond Dyes and to get their book upon home dyeing into the homes of women who want to dress well by making their old clothing look like new.

In some towns dealers sell imitations of Diamond Dyes simply because they can make

more profit on these weak, adulterated sub-stitutes. Some of these dyes claim to color both cetton and wool with the same package, but this is an impossibility, as the user soon finds when she has tried to color cotton with a dye that is not especially made for that purpose. Diamond Dyes have different dyes for cotton from those that are used for wool and are the only package dyes on the market that can be relied upon to give colors that will not fade or crock. The fact that Dis-mond Dyes have been the standard home dyes for nearly twenty years and that their sale increases from year to year, is proof positive that they never had an equal.
