Eastern writers are working strenuously to have "Lucky" Baldwin banished from the turf, and while there is evidently much justification for their work, it is not prob-able that they will succeed. Baldwin has been racing some twenty-five years now, and but few of his horses have ever performed consistently. Every year they have provoked scandal. When called upon for explanation Baldwin always beat an alarm, howled about jockeys pulling his horses and trainers "ptiffing" them. And despite all this, with few exceptions, he has employed trainers and managers of the reputation on the turf. This year he fairly outdid himself, and several weeks ago wher Rey El Santa Anlta started unfit when favorite, it is said to have been done by Bald-win's orders over the protest of his trainer, there was much grumbling and a week later when Santa Anita won from much the same field, the stowards landed on Baldwin hard and his expulsion was recommended. Instead of acting on these recommendations, however, the powers what be decided to give the case further investigation, and it is exceedingly doubtful now whether much punishment will come to the man who has won three American Derbies. Baldwin has been pour-ing red-hot shot into some of the inner circle out Gowanus since the stewards took a kick at him, and it looks as if the powers had weakened. The in-and-out running of other men's horses-as pointed out by Baldwin in

his recent manifesto-has nothing to do with staff. As everybody interested in the game to a medical degree. Anita and others of his own string. Last Monday night they again turned the trick on Gotham's hig crowd of suckers by smiling pleasantly on each other through ten rounds. The Australian forgot himself once or twice, and had Georgie going the wrong way fast, but he was warned and after that played tag with the champion to the end.

The edict from Cambridge was to the effect that Harvard would not meet Yale again in any kind of athletic competition for the present, at least. It is understood, however, that Harvard will row in the race at Poughkeepsie next summer with Pennsylvania, banqueted. "Hughey" was compelled to Columbia and Cornell. The most unique feature of the foot ball orld today is the eleven from the Carilsle Irdian school in Pennsylvania. The team is composed of real Indian young men and singularly enough they are putting up a great game. Their center rush is Lone Wolf and he is a terror. In the game with the University of Pennsylvania Wednesday he worried Bull almost frantic and kept the whole line watching him. Aithough Penn-sylvania won by the big score of 36 to 0, the Indians gave the crack university team a bis cars in the first half, when they had the all on Pennsylvania's two yard line. The The Quakers took a brace and withstood the ific rushes of the Indians and after a fearful truggle saved themselves from being scored gainst. The Indiana put up the best game the season and broke the Penneylvania line, tackling the runners very effectively. Full Back Brooke met with a severe accident which will prevent his playing for two r three weeks.

HASTINGS, Oct. 31 .- To the Sporting Edior of The Bee: I see by the Sunday issues of The Bee that you are giving considerable pace in your Sunday paper again this year to foot ball, and as I have seen no mention of the team at this place. I thought if you would allow me a little space in your valuable paper I would give you a few facts concerning our eam. The team was organized last fall under the

suspices of the Young Men's Christian assoclation, and, as foot ball was comparatively a new feature in the realm of sport at this place, no small amount of interest was maniest and the game soon sprung into popular favor. Five games were played las fall each resulting in a victory for the Hastings Hastings at Harvard, 18 to 9; York at Hastings, 12 to 0; Harvard at Hastings, 40 to 0; Hastings at York, 12 to 4; and Crets t Hastings, 16 to 0, making what we con dered a pretty good record for the first

The team has been reorganized this year nd new material added which has strengthened the team much more than last year They are not fully up to the standard as yet in team work, but with a little more prac tes will be in good shape. The individual work of Barnett, Johnson, Webster, Rohrer and Heiler is hard to beat, and the team be hind the line is undoubtedly as strong as any in the west. Their offensive play is decidedly strong, it being the cause of most of their victories. A game with the second eleven of the State university, played here on October 19, resulted in a victory for Hast-ings by a score of 14 to 0. They have had poor access in booking games this year, but stand

in readiness to meet any team in the state and any communications addressed to Walter Garver will receive prompt attention. Fol-lowing is the line up of the team: n Increace next season. When Fred Pleffer arrives in New York

lowing is the line up of Parker-Center, Garver-Right Guard, Carruthers-Left Guard, Willis-Right Tackle, Finley-Left Tackle, Dungan-Left End, Heiler-Right End, Dowd-Quarter Back, Phelps-Quarter Back, Phelps-Quarter Back, Johnson-Half Back, Webster-Half Back, Rohrer-Half Back, Barnett-Full Back, When Hugh Jennings arrived at his home at Asoca, Pa., he was not at the depot by all the populace and a brass band and es-scorted to O'Maily's hall, where he was banqueted. "Hughey" was compelled to
