

COUNCIL BLUFFS NEWS.

Office, 12 Pearl Street—H. W. Tilton, Manager and Lessee.

MINOR MENTION.

Chrysanthemums. J. R. McPherson, Tel. 244. A marriage license was issued yesterday to J. M. Nielsen of Omaha, aged 27, and Mary E. Frank of Hoyt, Kan., aged 25.

The Ladies' Aid society of St. John's Episcopal church met yesterday afternoon at 2 o'clock. The club's football team will play a game with the Omaha team.

City Physician Treynor is looking up several cases in which patients physicians and parents have failed to report contagious diseases to the city clerk as required by law. Informations may be filed.

Regular meeting of Woman's Christian Temperance union will be held at Broadway Methodist Episcopal church today at 2 o'clock p. m. All members urgently requested to be present. Mrs. T. S. Moleworth, secretary.

Farm loans made in western Iowa at lowest rates. No delay in closing loans. Fire and tornado insurance written in best of companies. Bargains in real estate. LOUGREE & TOWLE, 235 Pearl St.

Money to loan on improved Iowa farms. Largest loans in Iowa. W. T. Talley, 192 Main street, rooms 2 and 3.

This weather suggests warm and comfortable things. "Colorado Elder" had comforts at the Council Bluffs Carpet company's and the big line of furniture and drapery suggestions. They are cheap, durable, beautiful.

Change in Time Card. Burlington route. Note changes, effective Sunday, November 3. G. M. Brown, ticket agent.

Nicest line of overcoats in town. Metcalf Bros.

Hardman and Standard pianos. 113 N. 16th.

PERSONAL PARAGRAPHS.

Mrs. Ed Jeffries is dangerously ill at her home on Nicholas street.

Henry Loring left yesterday for a business trip to Connersville, Ind.

I. M. Treynor has been engaged as pastor in All Saints' Episcopal church here. He will begin his duties next Sunday.

William Swan of Chicago is in the city for a brief visit with his parents, Mr. and Mrs. Henry Swan on Sixth avenue.

Miss Sylvia Messmore has accepted a position as teacher in the Garden Center school and will leave for that place tomorrow.

"He Registered."

An amusing incident happened Saturday afternoon in the Second precinct of the Third ward. An enthusiastic voter who had neglected to register came up town, and seeing a crowd filling in and out of a store on Main street, near Tenth avenue, supposed it was the place to register. He went in and the store referred to was 919, and the crowd was registering a purchase of their winter underwear, caps, gloves, mittens and shoes. He also registered at the store. Mr. Hughes' the cheapest place in the city to trade. If you haven't registered there is ample time to do so yet, for our line is complete and full of bargains.

Miss Badollet's class of St. Paul's church will give a reception Wednesday evening, November 6, at the residence of Mrs. E. H. Lougee, 515 Oakland avenue. All friends are cordially invited.

The Ladies' Aid society will mix religious gifts and give them to the old and infirm. Get your order in early. 715 Fourth street. Will announce later.

For fine work we are strictly up to date. Bluff City Laundry, phone 314.

REPUBLICANISM IN THE AIR.

Returns Last Night Looked Like a Close Contest.

Yesterday was election day in Council Bluffs. There was but little excitement, but a fair vote was polled in all the precincts of the city. At 6 o'clock, when the polls closed, the republicans claimed to have won the day, and later developments tended to show that they were not far wrong. At 11 o'clock only four city precincts had been heard from officially. In the first precinct of the Sixth ward, Arnd, republican candidate for treasurer, had a majority of 75 over Hardin and Morgan, republican candidate for sheriff, had a majority of 36 over Sturh. In the Second of the Third ward republican ticket ran pretty evenly, with a majority of about 25. In the First of the Fourth ward, republican candidate for governor, had a majority of 24 over Babb, while Pusey had a majority of 105 for the senate, and Morgan 22 over Babb for the house of representatives. C. G. Saunders stated at that hour that the indications were that the city would go republican by about 500, and the county by about 1,000. Morgan was nearly up with his ticket in the city, but Arnd was a little behind, although he would be elected by a good majority. Sturh made quite a gain in Minden, a German settlement, but it was offset by a large majority for Morgan in Lyon.

We have sold 2,000 nothings such in Iowa and Nebraska and never had a kick. We now have ready for immediate delivery 1,000 more at bedrock prices. Write for prices on all kinds of glass, china, buttons, oils, etc., stating quantity desired. Council Bluffs Paint & Oil Co.

A plant thoroughly equipped with the newest machinery, the best work by skilled employees, prompt deliveries and fair treatment among the things that makes the Eagle "that good laundry." Telephone 157.

Chrysanthemum display; largest variety; finest plants; lowest prices. J. F. Wilcox.

The Hardman piano improves with use.

A. Lundberg's tailor shop on Main street, near Willow avenue, was found to be on fire last night shortly after 8 o'clock. How it started was a mystery. He had left the building only a little while before, after putting out his lights. There had been no fire in the stove. When the firemen arrived the pipe was found to have been knocked down, but as there was no fire that does not seem to throw much light on the situation. A man who passed the place just before the fire was discovered stated that he heard a pop like the sound of an explosion. Mr. Lundberg states that his loss in made-up goods will amount to several hundred dollars, which was covered by \$2,000 insurance.

At midnight the fire broke out again, and the building and contents were entirely destroyed.

Nicest line of overcoats in town. Metcalf Bros.

Chambers' dancing academy now open for pupils. Call after 10 a. m. Circulars.

The Hardman piano was many friends.

CHEEROKEE'S TOUGH RESORTS.

Iowa Citizens Inclined to Put a Stop to a Bad Crowd.

CHEEROKEE, Ia., Nov. 5.—(Special.)—Cheerokee has about the toughest lot of joints to be found anywhere. There is a block on Maple street, commonly known as "Boiler avenue," and most every day a row of some kind occurs in one of these dives. The worst one is that run by Faust and Simmons. A couple of days ago there was a crap game started in this place, and before night the players were throwing for big stakes. Charles Hill, one of the local toughs, is trying to make a record as a bad man for himself, and a barber by the name of Joe Brown was the first to play. Brown threw the dice and won \$5, but Hill grabbed all the stakes. Then a fight ensued and Brown got the worst of it. Hill dodged him up battle. Brown went to his shop chafing under his defeat and got a revolver. He returned to the saloon and Hill came at him again. Brown pulled his revolver and tried to shoot Hill, but friends of the men prevented any further trouble. Hill was

arrested and taken before Mayor Primrose, who had him \$100 and costs. Brown was allowed to go uncommitted upon promising a good behavior bond. There is some talk of a general uprising of citizens, who will ask that the dives on "Boiler avenue" be blotted out.

CHEEROKEE'S PROPOSED HOSPITAL. CHEEROKEE, Ia., Nov. 5.—(Special.)—The commissioners for the new hospital for the insane, to be erected at this place next summer, will meet at Des Moines November 20 for the purpose of adopting plans and specifications for the plant, at a cost of \$1,000,000. The matter has been delayed for a considerable length of time on account of the illness of General Ed Wright, one of the commissioners, who resides at Des Moines, who has been confined to his room for some months.

The commission is composed of five members: The three superintendents of the Iowa state asylums, located at Iowa City, Mount Pleasant and Clarinda, and General Wright and Jed Lake, chairman, of Independence. The new hospital to be erected here will be the largest one in the state.

CROSSED THE WILDS OF AFRICA. American Explorer Sends Word of His Success. PHILADELPHIA, Nov. 5.—A cablegram was received in this city last night from Dr. Donaldson Smith, dated Adra, bearing the word "successful." This news establishes the safety of the plan to push across the continent from New York to the Cape of Good Hope, and a half has been accomplished in the wilds of eastern Africa, and at the same time puts an end to the doubt as to his safety which had been felt by those interested in the expedition for the past few months.

Dr. Smith entered Africa on the eastern coast a year ago last June to push across the country of the Gallura and Masaito, two lakes, which had been recently discovered by another expedition, then on his way to the interior he had to fight his way through a forest of thorns and complete the line of exploration from the lakes to the east coast, a distance of several hundred miles.

Dr. Smith had 150 Africans, and at first by an Englishman who was subsequently obliged to return to London. Dr. Smith later took some of his expedition a few weeks ago, for the Geographical Society of London, and some months later was reported to be pushing on by another party which met him at the coast. This expedition has since that time been on its way to the interior of the continent.

At the present time represented by a blank space on the map of Africa the significance of the explorer's brief message will be realized immediately. He has undoubtedly made many discoveries of much value.

WILL VISIT PRESIDENT DIAZ. Collis Huntington Will Look Into the Mexican Railway System. SAN FRANCISCO, Nov. 5.—C. P. Huntington expects in a week or two to make a trip to the City of Mexico. His Mexican National railway concession requires his personal attention, it is said. There are other reasons which make his proposed visit somewhat in the nature of a necessity. The failure of his negotiations with J. Edward Simmons of New York, president of the Panama railroad, and the fact that the latter road and the Pacific Mail had had no small effect, it is said, in bringing about a desire for a conference with President Diaz, such a meeting would naturally have been his main object the perfection of some sort of an arrangement governing New York and San Francisco freight shipments to the Pacific Mail and the Tehuantepec railroad.

A local paper says that Edward Adams, an expert accountant in London, and C. P. Huntington, an English civil engineer, have been sent here by an English and Scotch syndicate which is negotiating with C. P. Huntington with a view to purchasing the Guatemala Central railroad. They are to examine the books of the company in the city and will then go to the Central American republic to examine the country with respect to leave on the next steamer for the southern country and will probably be busily engaged there for five or six weeks.

BOTH WANTED THE CROSSING. Little Misunderstanding Wreaks Two Passenger Trains. DALLAS, Tex., Nov. 5.—The southbound train on the Gulf, Colorado & Santa Fe, and Missouri, Kansas & Texas railways, both tried to make the crossing near the packery at the same time at about 6:50 o'clock yesterday morning. The "Katy" engine got across first, and the engineer, seeing that the engine was going to strike his train, very skillfully stopped the baggage car over the crossing to receive it. The "Katy" baggage car was smashed up, and the engine and the train derailed and turned half over. The engine and the coaches remained on the track. The engine of the southbound train struck the baggage car and was derailed, but nobody was seriously injured. Even the baggage agent in the "Katy" car, that was knocked into splinters, escaped uninjured. The blame of the collision has not been definitely located. The men on both trains claim that they complied with the requirements of the law.

The regular northbound passenger train on the Missouri, Kansas & Texas was wrecked yesterday about four miles from Waxahatchee, between the station and Stacy, who resulted in the engineer being instantly killed, the fireman scalded and a number of passengers more or less injured, none seriously.

Sugar Bounty Suits Filed. NEW ORLEANS, Nov. 5.—The sugar planters of Louisiana have filed suits in the United States circuit court under the agreement with the Washington authorities, who will aid in speedy trial and appeal to the supreme court.

WEATHER FORECAST. Fair and colder promised for Southeast Nebraska. WASHINGTON, Nov. 5.—The forecast for Wednesday is: For Nebraska—Fair; northwesterly winds; colder in the southeast portion. For South Dakota—Generally fair; continued cold, northwesterly winds. For Missouri—Fair; clearing in the western portion; winds shifting to northerly and colder. For Iowa—Fair, preceded by rain in the western portion; much colder; northwesterly winds; much colder; northerly winds.

Local Record. OFFICE OF THE WEATHER BUREAU. OMAHA, Nov. 5.—(Weather record of temperature and rainfall, compared with the corresponding day of the next four years.)

BEGINS TO LOOK SERIOUS.

Discharge of the Hero of the Hinckley Fire Creates a Bitter Feeling.

GOOD PROSPECTS FOR AN A. R. U. STRIKE.

In Spite of the Reassuring Statements of President Hill the Great Northern Situation Begins to Assume a Threatening Aspect.

MINNEAPOLIS, Nov. 5.—There are some threatening aspects in the Great Northern strike situation, which lead to a belief that the strike may become general among the American Railway union men in this system by tomorrow. The discharge of Engineer William Best, the hero of the Hinckley, Minn., fire at West Superior, is very distasteful to the men. Best was president of the American Railway union at that point and a member of the grievance committee. It is charged that he was discharged for those reasons.

A Devils Lake, N. D., special says: The strike went into effect at 2 o'clock this morning. Train No. 15, a through fast freight, arrived this morning and is still standing on a side track. Three engine crews responded to the call of the foreman, but so far no train crews have been secured. Only part of the employes are out. The city council last night adopted a resolution declaring that in case of a strike the company's property and its operation of trains would be protected at all hazards. This was voted on by the city council.

In view of the fact that Devils Lake was a strike center in the last strike is deemed significant.

ST. PAUL, Nov. 5.—A special from Devil's Lake, N. D., says: Since the strike was ordered no freight trains have departed and but one has arrived. The latter was a local freight train. Passenger trains are not interfered with, Mayor Kelly and the city council are determined that no such disgraceful scenes as were enacted in the last strike shall occur. The business men generally are provoked and disgusted with the state of affairs. The elevators are full to their capacity with wheat and unless cars are furnished promptly they will not be able to take more grain, which will cause complete stagnation of business and jobbers will quickly feel the effect in the country markets at maturity. The strikers are quiet and orderly and have made no motion toward interfering with the city or country markets. The men simply refused to answer the call. They seem to be determined.

STRIKERS ARE UNDER ARREST. Great Northern Employees Run Against the Police. KALISPEL, Mont., Nov. 5.—Roy Goodwin, director of the American Railway Union, who has just been released from jail, where he was sentenced by the United States court with E. V. Debs and others, called a meeting of the order here last night. Only ten employes of the Kalispel division were present. Several employes being discharged from the service.

It was voted to strike and Goodwin called the strike to take effect at 11 p. m. At the appointed hour the train crews responded promptly, and when it was announced that the balance of the employes of the company were to stand in favor of the company, and expressed a determination to defeat the strike. Goodwin was denounced as an agitator and a scoundrel, and one section of the men went to the Kalispel division area three miles from Kalispel, and one section of the men, about thirty, are discharged from the service.

At midnight a mob of about fifty strikers went to the Kalispel engine house and the engine and the engine house were burned. Sheriff Baldwin sent patrolmen to the track with rifles and loaded two freight trains that came in at 1 a. m.

Superintendent Ryan acted promptly, and succeeded to end the strike. Warrants were sworn out against Goodwin and other strikers. At 4 a. m. Goodwin was arrested.

ACTIVE ON THE COAST. SAN FRANCISCO, Nov. 5.—The threatened boycott of the Great Northern Railway has caused a little comment among local railroad men and especially among the men of the American Railway Union.

The dissatisfaction of the Hill men has a peculiar significance in this city, Oakland and Sacramento. Hill is generally admitted that on the success of a failure of a strike on the Great Northern railway system at this time hinges the future of all organized railroad labor west of the Missouri river.

Incidentally it may be said that on the southern Pacific railway system there has been the same activity of late on the part of labor unions. Within the past month, it is officially declared by the local American Railway union, that the strikers of that order have been successfully organized on the Pacific coast. All this work has been effected through the instrumentality of James Hogan, of Salt Lake City, who is the general western representative of E. V. Debs and one of the nominees for congress in the coming election in Utah on the people's party ticket.

Hogan, it is said, has three traveling delegates in this state, who have reported to him that American Railway union sentiment is stronger than ever on the coast and promised within three months to bring almost every railroad employe in California and Oregon into the camp.

CLEVELAND, Nov. 5.—First Assistant Grand Chief T. S. Ingraham of the Brotherhood of Locomotive Engineers, who represented Chief Arthur during the latter's absence in Europe, said yesterday that so far as was known at headquarters the engineers on the Great Northern had no grievances whatever. He believed it highly improbable that they would be in any way involved or take part in any strike on the road.

Deaths of a Day. WASHINGTON, Nov. 5.—News has reached the State department of the death on October 21 last at Antigua, W. I., of James H. Fox, United States consul at that place.

NEW YORK, Nov. 5.—William Libbey, a former member of the House of Representatives in business with A. T. Stewart, died suddenly at his home today. Mr. Libbey was found unconscious in a room. A doctor was called in and it was found that the patient had ruptured a blood vessel. He never regained consciousness and died several hours being found.

MEET TO ARRANGE THE SETTLEMENT.

Premieraries of the Vanderbilt-Mariborough Wedding.

NEW YORK, Nov. 5.—All the parties directly interested in the marriage settlement of Miss Consuelo Vanderbilt met at the residence of Mrs. Vanderbilt on East Seventy-second street today.

The date of the marriage of Miss Vanderbilt will be celebrated on all the duke's estates. The bells will be rung in all the churches where he has property and the employes will be given a holiday and a dinner. The newspapers here eagerly await reports from New York of the preparations for the wedding, but the Sun, referring to the so-called rehearsal of the ceremony, says: "The rehearsal was essentially American and vulgar. No clergyman here would permit it."

The Westminster Gazette this afternoon prints a cartoon headed: "The Duke's Return from the Land of Dollars." The cartoon represents the duke of Marlborough reclining in the stern of a pleasure boat, with his bride seated on top of a pile of dollars.

WHALEBONE WILL BE HIGHER. Close of the Most Unprofitable Season for Years.

SAN FRANCISCO, Nov. 5.—Five more of the whaling fleet arrived from the north today. They were the steamers Narwhal and Orca, the brig Hidalgo and the bark Alice Knowles and Lydia.

With the arrival of the Orca the last hope of a catch in the late season dies. The Rosario brought news that the whalers had gone to the whaling grounds in the north and had a chance for the blubber blubber to redeem themselves. According to Captain McGregor there were any number of whales to the westward, but they were inaccessible on account of the ice. McGregor says that this is the worst year he ever experienced in the Arctic. He caught but two whales.

The catch of the Arctic fleet amounted in all to twenty-six whales, the smallest known in many years. The yield of bone from the catch will be about 40,000 pounds, which means that whalebone will be high this year. Bone is now selling for \$2.75 a pound and it is estimated that the price will be advanced to \$5 before the sale begins.
