### FOR COPYRIGHT VIOLATION

Case of Wheeler Against Cobbe Thrown Out of Federal Court.

### WANTED EIGHT THOUSAND DAMAGES

Litigation Finally Resolved Involving a Problem Which Judge Shiras Easily Settled--Capital City Gossip.

### Lincoln, Nov. 5.

—(Special.)—The case of Hiram H. Wheeler against J. E. Cobbe for \$8,500 damages for an alleged infringement upon the copyrighted publication of the Nebraska statutes was thrown out of the federal court this morning by Judge Shiras. When the jury had been partially drawn to try the case the defense waived the federal statutes on copyright and claimed that in order to recover the plaintiff should have commenced his action within two years of the alleged violation. The court took this view of the matter and as the chief damage alleged in the suit arose from the sale of 12,000 copies at 50 cents each in the year 1891, for which the plaintiff claimed \$6,000 damages, this decision left only about \$2,500 as the result of subsequent sales.

### SOUTH OMAHA'S POSTOFFICE

Bids for the Sites Opened in Washington Yesterday.

### THIRTY-TWO OFFERS OF GROUND MADE

Prices Range from \$4,500 to \$15,000 and Plots All Over the Townsite—Selection to Be Determined Later.

WASHINGTON, Nov. 5.—(Special Telegram.)—Bids for sites for the new postoffice at South Omaha, Cheyenne, Boise City and Helena, were opened today by Supervising Architect William Alken. Thirty-two bids were presented for the South Omaha site, ranging from \$4,500 to \$15,000. Those bidding were Timothy J. Mahoney, C. M. Polson, Foster & George company, T. J. O'Neill (who submits several propositions as special agents), John M. Glasgow, David Anderson, Charles F. Pals, Frank Pivonka (with the German Savings bank), L. D. Fowler, L. M. Anderson, Z. P. Hedger, South Dakota Land Company and the South Omaha Land company, Kate Tombrink, Annie M. Geary, Fannie Jesselson, James C. Canal and J. M. Westerfield. An appropriation of \$250,000 was secured for the purchase of site and commencement of building at South Omaha. A decision on bids submitted will not be made for a month or more, as the bids will have to be briefed and individually examined by the secretary of the treasury. On the face of the bids the lowest is made by L. M. Anderson, who offers lots 7 and 8, on block 69, at Seventh and 4 streets, for \$4,500.

Secretary Smith has affirmed the decision of the commissioner on the application of Albert Holt, that the interior department cause suit to be brought in the name of the plaintiff to Wilson Pyles for a quarter section of land in Neligh land district. The secretary holds that no sufficient showing was made by plaintiff to warrant the department in recommending a suit for cancellation of the patent involved. In the homestead contest of Reuben A. Slaymaker against Lizzie Slay, from the O'Neill district, the secretary affirmed the decision of the commissioner and holds defendant's entry for cancellation. The secretary also renders decisions in the following cases from South Dakota: Francis A. Smith against George A. Griffin, Chamberlain district, commissioner's decision reversed, Smith's contest sustained and Griffin's entry held for cancellation; Charles F. Rathman against Mary E. Place, Huron district, decision affirmed and contest dismissed; John D. Stull, Watervale district, decision affirmed and Inlay's contest dismissed; Anna Simon against Alva H. Church and John Frank, Chamberlain district, decision affirmed, contest dismissed and Frank's entry held intact.

### CRUISERS RETAIN THEIR SPEED.

Admiral Ramsay Contradicts a Current Report.

WASHINGTON, Nov. 5.—An unfounded statement has been circulated, based on the publication as an appendix of Admiral Ramsay's annual report of the usual tables showing the amount of cruising done last year by our navy vessels, that these vessels have greatly deteriorated in speed and are now far below the requirements in the case of modern navy vessels. As a matter of fact, Admiral Ramsay himself is the authority for the statement that there is no single one of our new vessels which could not, on occasion arise, and they were put in trim, equal or exceed their performance on their trial trips. A quotable case in support of the admiral is the cruiser Boston, which, though designed for a thirteen-knot vessel, has exceeded this in actual service and with-out special preparation has averaged fourteen and one-half knots for hours at a time.

The mistake in the present case has been in assuming that the cruising speeds of the vessels for the year are their best speeds. As a matter of fact, the naval regulations expressly forbid naval vessels to run at full

speed on cruising duty, as otherwise, aside from the possible injury to their machinery from excessive strains, the amount of coal consumed would not only cost a vast sum of money, but the vessels would actually be precluded from making the long cruises. The figures in the case of the cruiser cruiser New York illustrate this point very clearly.

### News for the Army.

WASHINGTON, Nov. 5.—(Special Telegram.)—By direction of the secretary of war the following transfers are ordered: Lieutenant Colonel Evan Miles, Twenty-second Infantry, to First Infantry. He is ordered to report by letter to the commanding general, Department of California, for assignment to station, and upon expiration of sick leave will join station to which assigned; Lieutenant Colonel John M. Patterson, First Infantry, to Twenty-second Infantry.

First Lieutenant Ormon M. Lissak, Ordnance department, is ordered on a tour for the purpose of attaching sights to twelve-inch sea coast rifles.

For instruction in torpedo practice the following officers are detached at Williamsport, Second Lieutenant Wilson Chase, Twentieth Infantry; Second Lieutenant Matthew A. Bates, Ninth cavalry; Second Lieutenant William H. Davis, Seventh cavalry; Second Lieutenant George H. McMaster, Twenty-fourth Infantry; Second Lieutenant Charles B. Sartwell, Jr., Second cavalry; Second Lieutenant William H. Mullan, Twenty-first Infantry.

Two recruits, colored, are assigned to the Nineteenth Infantry, to be sent to join the troops at Fort Robinson, Neb., at once.

### Will Try New Style Boilers.

WASHINGTON, Nov. 5.—Chief Engineer Perry has returned from an extended trip on the lakes on the steamers Zenith City and Victoria, undertaken in pursuance of the investigation that Chief Engineer Melville is making into the respective merits of shell boiler and water tube boilers for use on the water tube boilers of the Zenith City were found to be well adapted to marine uses and gave no more trouble in their management than the old type Scotch shell boilers in place on the Victoria. As a result of this inquiry, backed by experiments ashore, it is probable that one of the twin screw boats which the Union Iron works will build and be equipped with the new style boilers, and that two of the four single screw gunboats to be built on the Atlantic coast will be likewise supplied, thus affording a good opportunity for exhaustive comparative tests of the types of boilers in actual naval service.

### Hope to Avoid Rejection.

WASHINGTON, Nov. 5.—Secretary Herbert has received the report of the trial board upon the ram Kathlamet. The facts are as to the performance of the vessel and her failure to achieve the speed required are substantially as given in the press dispatches. It now remains for the bureau chiefs to devise some plan, if it is possible, to avoid the literal execution of the contract provision for the rejection of the vessel on account of deficient speed.

### BANK USED COUNTY MONEY.

When the Treasurer Wanted It the Cash Couldn't Be Found.

NEW WHATCOMB, Wash., Nov. 5.—The Bellingham Bay National bank has closed its doors by order of the directors, being unable to meet the county treasurer's demand for the county's deposit. No statement of assets and liabilities has yet been given out. The cashier reports the liabilities approximately \$165,000, of which \$77,000 is due to the depositors. The assets are \$187,000. President Morgan says the suspension is due to a steady withdrawal of deposits and a general feeling of distrust since the recent Tacoma bank troubles.

The suspension of the Bellingham Bay National bank precipitated a run on the Bennett National bank, which continued until the close of banking hours. The directors held a meeting and adopted a resolution not to open this morning and directing the president to wire the controller of the currency to place the bank in the hands of the examiner. The directors say that within thirty days sufficient assets can be realized to settle with all creditors.

### Supreme Court Will Meet Today—Pending Cases Not Ready.

LINCOLN, Nov. 5.—(Special.)—The supreme court will meet tomorrow, but there is no prospect that it will hand down a decision on the penitentiary muddle. The petition for mandamus has been filed by Attorney Kirkpatrick and the answer of the attorney general, but it is now thought that each side will file a brief. That of Mr. Kirkpatrick will, it is said, be a strong one. One of the important points that will be urged is the alleged illegality of the action of the Board of Public Lands and Buildings in leasing to A. D. Beemer the penitentiary grounds and plant along with the "convict labor." The bill passed to buy out Dorgan, with an evident intention to do away entirely

with the convict labor system, repeals all acts in connection with it, and provides that the board may lease the "labor of convicts," which Attorney Kirkpatrick will argue, is an entirely different affair from perpetrating the system as carried on by Stout, Mosher and Dorgan. Today the governor and Mr. Kirkpatrick held a lengthy interview in which the case was freely canvassed, with a view making up the briefs to cover this salient point. It may be a week or more before the supreme court hands down an opinion on the case.

The State Banking board has taken possession of the Steele City bank. It is now in the hands of Secretary Townley. The institution is rather a bad way, but it is thought it will pay out. The capital stock was \$50,000, deposits \$7,000, and \$3,000 bills payable. The nominal assets are given at \$17,000. B. Rice is president and owner. Vennor Rice is cashier.

### Reception to a Sutton Minister.

SUTTON, Neb., Nov. 5.—(Special.)—The Methodist people recently gave their pastor, Rev. Mr. Fowler, a reception at the parlors of the church. Refreshments and a social mission were enjoyed by all, a large number being present.

The Sutton Commercial club is the latest organization. Hon. E. W. Woodruff is president, Peter N. Secretary, Carl H. Treasurer. The club has a fine suite of rooms. The object of the club is to promote charity and good fellowship.

Mr. Rice has resigned his pastorate at the Congregational church to answer a call at the Hillside Congregational church in Omaha.

Mr. Dr. Thompson of Strang has been here some time caring for his mother, Mrs. Dr. Clark, who has been ill some weeks of typhoid fever.

Yesterday there was a union service at the German Congregational church, of which Rev. Mr. Hilkenhauser is pastor. It was another day. The following assisted in the service: Revs. Flock, Fowler of Sutton, Wuerschmidt of Hastings, and J. Lich of Lincoln. Good music attended the occasion.

### Nebraska City Minor Mentions.

NEBRASKA CITY, Nov. 5.—(Special.)—P. F. Ware and family left for David City this morning, where they will make their home in the future. Mr. Ware has been in the drug business in this city for several years.

Miss Alice Madir left for a visit to Omaha last evening.

W. S. Recker, who visited Sunday in this city, left for home yesterday.

Mrs. W. R. Graham, accompanied by her husband, left for Atlanta yesterday to take in an accident on that road. Now his father and the Rock Island road are both in court asking for a new trial. The father avers in an affidavit that the jury were allowed to go out during the trial without a verdict, and that one of them, J. W. Fullerton, was approached by the attorney for the road, taken into a saloon and tampered with. Counter affidavits were filed this morning, but the road wants a new trial on the grounds of errors of the court in instructing the jury on admitting and excluding evidence. The elder McGraw says the company has offered to settle the case for a greater sum than that awarded by the jury, but he believes his son is entitled to more money.

### GOSSIP FROM THE STATE HOUSE.

Shot at His Son.

SIOUX FALLS, S. D., Nov. 5.—(Special.)—E. Larson was arraigned before the police justice and fined \$1 and costs for discharging firearms within the city limits. Larson is in the heat of passion fired a shot from a revolver at his son Oscar. Father and son together with the wife of Oscar, were in a saloon on the corner of 4th and Broadway, where they were drinking. The bullet did not hit the young man.

### Brewery Meets Financial Troubles.

NEW ORLEANS, Nov. 5.—Suits have been filed against the New Orleans Brewing association by the State National bank for \$21,000 and by the Metropolitan bank for \$13,000. In the first case attachments were issued, and in the last named case the appointment of a receiver is requested.

### ENGLISH TEAM QUALIFIED

Bubear and Barry Will Be Pitted Against Teemer and Rogers.

### ODDS OFFERED ON THE AMERICANS

Opening Race, a Half-Mile Dash, Won by Teemer in a Hot Finish in 3:22 1/2--Hanson Finishes in the Buck.

AUSTIN, Tex., Nov. 5.—There was an immense crowd in attendance upon today's races and they saw fine sport. The first race was a half mile dash for a purse of \$100, which was beautifully paced and finished with winners, Teemer, Gaudar and Rogers in the order named. The other starters were: Barry, Haines, Wingate, Peterson and Hanson. There was very little distance between any of them and Teemer won by a half length. Time, 3:22 1/2.

The amateur lap and buck mile race with turn will have to be raced over, as a protest was filed by Martin that "Ed Paggies" boat was not a lap race. The protest was allowed. Time of race, 6:27. There were five entries.

Double race, trial heat between English doubles for position in the final, three mile, against Teemer and Rogers, the American crew was won by Bubear and Barry by half a length. Time, 19:34 1/2. This was a close race to the last quarter, when Bubear and Barry's spurt forced them ahead. Bubear and Barry will have to row Teemer and Rogers tomorrow for a purse and the championship, and as their time today was 19:34 1/2, against Teemer and Rogers' corrected time of yesterday of 18:02 1/2, the sports are choosing the Americans as winners and giving odds.

The fourth race was a mile and a half straightaway between Miss Mosenheim of St. Louis and Miss Tilly Ashley of Hartford, Conn. Miss Mosenheim won by half a boat length in 15:17 1/2. She had a good lead all down the course, but Miss Ashley crowded her on the last quarter. Tonight's races are jammed with visitors and tomorrow will be one of the biggest days.

### FLEISHMAN BID UP BUCK MASSIE.

Owner Saved His Horse But Was Compelled to Go High.

CINCINNATI, Nov. 5.—The feature of an excellent day's racing at Latonia today was the Tobacco stakes, selling event, at a mile. Six went to the post, with Lehman the favorite, and Buck Massie second choice. The latter went to the front and was never headed, Lehman giving him a race in the stretch. Massie was in to sell for \$150. Bob Tucker, trainer for Fleishman & Son, ran him up to \$400, when he was sold to the owner, J. M. Murphy. The handicapper, mile and a sixteenth, was a wide win victory for the topweight and fourth race, Simon W. He took a great cut right now. Weather fine; track fast.

no game between the Boston Athletic association and a team from the University of Pennsylvania. Mr. Deale, the representative of the Boston Athletic association, accepted the proposition from the freshman team on his own responsibility last night, but this upon consultation with Boston players that they will not enter a contest against a second team.
