NO CHANGE FOR THE BETTER. CONSTANTINOPLE, Nov. 8 .- There is a change for the better in the political situation here, unless it rests on the fact that the Ottoman bank has advanced the Turkish government the sum of \$1,500,000, which will enable the new minister of finance, Sabri Pashs, to provide for the most pressing needs of the government. The latter, it would seem, consisted in fitting out the army reserves just called out in the porte's attempto make some show of trying to restor order in Armenia, but there are so many other demands upon the Turkish treasur, at the present moment that the money jusadvanced will not go a long way even if it were placed to legitimate uses, which is not likely to be the case. Then, of course, the name of the heir apparent, Mehammed Reshed, is heard mentioned as likely to succeed his uncle, the present sultan, but that report has been in circulation for months past. In fact it was said some time ago that the present sultan had offered to resign in favor of Mahammed Reshed. Mr. Thurman was alone in the parlor when he fell. He thought he was strong him and kill him if it took twenty years. The man who committed the deed is probably the one who had vowed vengeance.
