TANNER WANTS TO BE A SENATOR.

Washington Quid Nunes Talk About Illinois Politics. CHICAGO, Nov. 15 .- A News Washington candidate for governor," said Senator Shelby M. Cullom today, commenting upon the resig-

outlook for Tanner, It is current gossip here today among Illinois republicans that Tanner's goal is the United States senate, where he will sit beside his political patron. Senator Cullom. If Tanner is elected governor it is believed that he will be elected to the senate to succeed Senator Palmer, and there is more than usual interest taken in the name of the nominee for lieutenant governor. In the senate Tanner, it is said, would take his place with the "silent statesmen" like Quay, Murphy and Cameron, who take little or no stock in speechmaking, but pull wires with alacrity. It is one of Mr. Tanner's political characteristics to leave speechmaking exclusively to others.

ADDRESSED BY EX-PRESIDENT HARRISON

Ex-Secretary Foster Speaks of His Observations of the Work in Heathen Lands-Brahmins the Most Obdurate.

NEW YORK, Nov. 15,-The Carnegie Music hall was filled tonight with a great crowd of Presbyterians interested in foreign missions. The platform was occupied principally by ministers. The announcement that ex-President Harrison was to preside proved a great attraction. When the ex-president arrived he was heartily applauded. Hon. John W. Foster, ex-secretary of state, was also on the platform. Rev. John R. Davis acted as chairman, and introduced ex-President Harrison as "A great and good man."

General Harrison began his speech by saying that the Presbyterian church had been greatly celebrated for its power of resistance. special says: "John Tanner is a certain It had stood fast for love and liberty. CHICAGO, Nov. 15.—Senator Hill of New York is going on the lecture platform, and Chicago will be the city of his debut. and reform of their religion.

After passing the allusion to Brahma, General Foster discussed the great Chinese empire, and the work and prospects of missions there. Notwithstanding the supersti-tions character, and low grade of merality of the mass of the people, it was claimed the gospel had developed some of the most striking examples of regeneration and fruitsentations. The warrant was placed in the hands of detectives, who arrested Franz. According to the testimony of the detectives of our religion. The recent riots he asserted of our religion. The recent riots, he asserted, and not from religous intolerance. The American missionaries had not been great sufferers, and the government had shown a greater readiness to punish the off inders and repair the losses than was evinced by our authorities when riots against the Chinese occurred in the United States. But the missionaries were in China in conformity with the treaty and local law and they should be maintained and protected there. No backward steps in the mission work in that great empire could be contemplated by the mission boards, as it was a most hopeful field and called for the hearty support of the

HAMPERED BY THE WAR. General Foster said the work in Corea had been retarded by the late war, but even this impediment would doubtless result in enlarged opportunities for the missions. He gave considerable attention to the mission field in Japan, praising the country for its beauty, the people for their polite and cleanly habits, the government for its progressive ideas. But the latter he criticised for accepting so readily the results of western civilization and failing to encourage the great cause of it-the Christian religion.

Considerable progress was being made by the missionaries notwithstanding the recently developed spirit of excessive patriotism, which sought to revive the old religions, and among the converts to create an independent Japanese Christianity. The mission schools were doing good work, and in this country more probably than in any other in Asia the intellectual and ruling classes had been reached.

Rev. F. B. Clark, D. D., president of the United Societies of Christian Endeavor, spoke of missionary work in general and the limitless needs of the heathen world, and paid a glowing tribule to the men and women who are devoling their lives to mission work, Referring to the Armenian atrocities, he said: "Eyen when we come to the land of Mahommedan superstition and bigotry we find that though the unspeakable Turk has ruled for a though the unspeakable furk has ruled for a thousand years, the capacity to die for the faith of the gospel has not been crushed out by the long series of tyrannous reigns. God is still in the heavens. The imprisoned and murdered Christians call to him for vengeance, the awful tyranny and the petty interference of the past must alike come to an end in the better days that are coming and either by some justifiable revocoming, and either by some justifiable revo-lution on the part of the subject races or the interference of the enlightened Christian nations will bring better days and better prospects to the aid of the sultan."

Pope is Getting Very Weak.

CLEVELAND, O., Nov. 15.—Rev. J. M.

Koudelka of this city has just returned from a visit to Rome. In regard to the pope's health he said: "I was shocked to find how he is broken in health. He had to be carried into the room in a chair, for he could not walk, and his form and face were most emaciated. His mind and sight are as vigorous as ever, however."

"Of course, it is impossible to tell how leng he may yet live, but I confess I should not be surprised to hear of his death at any time." Pope is Getting Very Weak.
