

WAR SCARE ALL OVER NOW

Attitude of the Porte Has Undergone a Decided Change.

REFORMS TO BE UNDERTAKEN IN EARNEST

European Powers Will Interfere Only to Assist the Porte in Putting Down the Allied Misconduct of the Armenians.

CONSTANTINOPLE, Nov. 20.—As intimated in these dispatches during the last few days, the attitude of the Porte or the sultan has undergone a decided change since the other fleets began to join the British fleet in the naval demonstration in Salonica Bay.

There is no doubt that the pressure brought to bear upon the sultan has been strong enough to make him take personal charge of the work of reform in Armenia and it is now hoped that there will be no further bloodshed, except in the case of putting down the insurrections which have broken out against Turkish rule in different parts of Asia Minor.

The Armenian clergy will be able to induce their co-religionists to lay down their arms, especially as the sentiment of the whole of Europe is now in favor of the sultan, whose evident desire to meet the views of the powers is thoroughly appreciated and has undoubtedly tilted over a most difficult crisis in the east.

A dispatch from Tiflis, Russian Transcaucasia, says that the Armenian Catholics have received a reply to the communication which they recently sent to the Russian ambassador in Constantinople. It is as follows: "The Armenians of Constantinople are now reassured. They are threatened with no danger."

AMERICAN MISSIONARIES SAPP

CONSTANTINOPLE, Nov. 20.—The six representatives of the powers held a conference yesterday to discuss certain supplementary measures which will be taken to assist in the restoration of order in Asia Minor, and it is understood that some form of common action will be proposed by the powers.

The concentrating of Turkish troops at Marash for the advance upon Zeitoon, which will be the next step in the campaign, continues as actively as possible under the circumstances. The commanding general declares that unless the Armenians of Zeitoon and its vicinity are driven out, a fortnight the campaign is likely to be further protracted and difficult, as heavy snows are predicted to descend upon the region.

THE TRIED THE PRISONERS.

The police are not making so many arrests today, and a number of Armenians have been released from the different prisons where they have been confined for some time past. The reason given for their unexpected release is that the police have not been able to find evidence against them which would justify their further incarceration.
