FEW NEW MEASURES INTRODUCED. Present Congress Has Been Conserva-

tive in that Respect. WASHINGTON, Dec. 6 .- The new congress legislation. Fewer bills than usual have been introduced, and most of those were for projects which failed to pass the last congress. Plans for the admission of Oklahoma, Arizona and New Mexico to statehood again made their appearance, the first being pre-sented by General Wheeler, who was chair man of the committee on territories in the last congress, and the other two by the two new delegates of the respective territories, Mersia. Murphy and Catron.

The first bill introduced by Mr. McClellan of New York, who is one of the young democrats and a son of General McClellan, was one to authorize the senate to confirm military nominations made by President Lincoln, which have never been acted upon, and the issue of commissions to the nominees, sating that they were nominated to the rank conferred by Lincoln.

General Grosvenor of Ohlo effered a bill to make the new Chattanooga and Chicka-mauga Battlefield park in Tennessee a na-tional field for military maneuvers by the companies of the United States army and the militia. FRIENDS OF SILVER NOT HOPEFUL.

Do Not Expect to Make a Fight This WASHINGTON, Dec. 6 .- Senator Dubois said today that the friends of silver did not look for any favorable legislation during the present session of congress, and that in view of the hostile attitude of the president he did not believe any special effort would be made in that direction. The silver men, believed, would so far control the committees that they could at any time bring up a free coinage bill, and it was very likely that a number of speeches in advocacy of such a measure would be made during the session. The wisdom of making a prolonged fight with the full knowledge of its hope-lessness, he said, was much doubted by the silver men, and it was altogether likely that they would content themselves with reaffirm-ing their allegiance to the cause rather than prolong the session when no substantial good could possibly result.

The senator, however, was very positive in asserting that no issue of bonds would be authorized or other financial legislation permitted without some substantial recognition given to silver, nor, he continued, would any greenbacks pass the senate, except silver to take extreme the control of the money was imprisoned and kept until the money was forthcoming. The Massachusetts delegation has urged congress to take extreme more providing for the control of the cont for preventing the contraction of the currency which necessarily would be caused by such retirement. MIGHT BRING GERMANY TO TIME. President Now Has the Power Within His Own Hands.

WASHINGTON, Dec. 6 .- Senator Davis, a leading member of the committee on foreign relations, has given considerable study to that portion of the president's message relaling to foreign affairs. The Minnesota senup to this time has been an unusually con- after does not agree with the president in servative one in the matter of proposing new anything except as to Venezuela, and in this particular he would have it much stronger. Mr. Davis noticed particularly that part of the message relating to the manner in which age accounts was appointed. Germany is discriminating against American Germany is discriminating against American meat and other products upon the plea of sanitary precaution, which, the senator thinks, is unfounded in fact. The president, he saye, seems to forget that he has a remdy at hand by reason of legislation passed by the Fifty-first congress, and which still or any part of the appropriation made by the remains on the statute books.

The president may at any time revoke, modify, terminate or renew any such direction as, in his opinion, the public interest may require.

Senator Davie says that if the president should enforce the provision of this law against Germany for a short time there is little doubt but it would soon be found willing to make a place for American products.

It is represented by the committee that the Turkish government refuses absolutely to permit naturalized Armenians to return to their old homes, and also prevents them from bringing other members of their families out of the Turkish

lominton to this country.

Beyond this the Armenains declare that he Turkish government compels all naturalized Armenians doing business in this country to remit taxes on their business and income taxes to the sultan's officers. These taxes are levied arbitrarily, and their collakes are levied arbitrarily, and their col-lection is enforced by unique methods. One Armenian doing business in Massachusetts, it is said, was recently compelled to remit an income tax on \$300. He refused to pay the tax, whereupon his brother in the sultan's deminion was imprisoned and kept to take extreme measures against Turkey, but has received no assurances that any steps will be taken more radical than the passage of a resolution calling upon the president to employ every means repognized by international law for the protection of American citizens and the prevention of all outrages upon Armenians.

WANT IT KEPT FROM Bolln's Bondsmen Interfere in \$10,000

Check Matter. W. W. Marsh, G. W. Wattles and W. A. Smith, bendsmen of Henry Bolln as treasurer of the school board, have taken a band in a suit brought by William A. Pax on against the Midland State bank, Paxton brought suit to recover on a certificate of deposit for \$10,000 assigned to him by Bolin. The three bondsman allege that the \$10,000 was money belonging to the school board. that Bolln received a certificate of deposi for it as such and later transferred the cer tificate to himself. Then, when the defal-cation was discovered in his office, it is al-leged that he assigned it to Paxto: to secure the latter, who was on his bond as city treasurer. The petitioners say that they de not know what the amount of Bolin's defal-cation as treasurer of the school board was, but state that they do know that it will just so much greater, and they will be held just so much more liable if the \$10,000 is given to Paxton. Therefore they pray that that certificate of deposit by declared the property of the school board by the courts.

"Vou Don't Become

a Slave to their Use!"

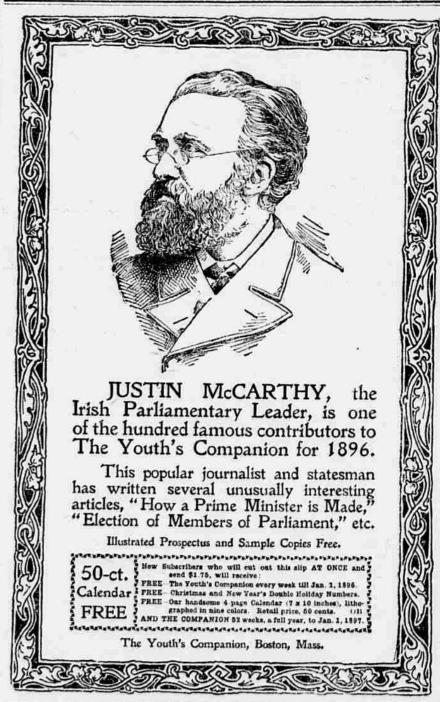

The above words have been truthfully spoken concerning Dr. Pierce's Pleasant Pellets by one who has had abundant opportunity to observe their more favorable action as compared with that of other pills.

Most pills and medicines in use for constipation, in the long run, 'make a bad matter worse.'' like such agents, Dr. Pierce's Pellets exert such a tonic or strengthening effect upon the membranes of the stomach and bowels, as to produce lasting benefit. Their use can, therefore, be gradually discontinued. With most pills the longer they are taken, the more dependent upon their use the patient becomes. Not so with the "Pellets." Their secondary effect is to keep the bowels open and regular, not to further constipate. Hence, their great popularity with sufferers from habitual constipation.

The Pellets cure costiveness, or constipation, biliousness, sick and bilious headache, dizziness, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver. stomach and bowels. One little 'Pellet" is a laxative, two are mildly cathartic.

They are tiny, sugar-coated granules; any child will readily take them. Sold by all dealers.
