

MORGAN'S DEATH SENTENCE

It Will Be Pronounced by Judge Scott Saturday.

CONDUCT OF PRISONER IS UNCHANGED

Silently Indifferent to the Situation, He Shows No Emotion, but Eats Heartily and Sleeps Well All the Time.

WOMAN'S CHRISTIAN ASSOCIATION

Annual Report of Officers Elected Yesterday.

The Woman's Christian association held its annual meeting yesterday afternoon in the rooms of the Commercial club.

The report of the officers showed forth the extent and purpose of the work.

The association of eighty women carries on their distinct and important institutions, the Bar Street Home for Old Ladies, a home for children and a lodging house at 706 South Eighteenth street.

There seems to be no doubt but that Morgan will receive his sentence with as much indifference and unconcern as he did the verdict of the jury.

When the verdict was returned Morgan did not show a sign of emotion and it is expected that when the sentence is pronounced he will be just as self-possessed.

Morgan's companions seem to believe in his guilt. After the trial of the case, Sanford Morgan's intimate companion at his rooming house, said: "He is the right man."

Under the provisions of the statutes 100 days must elapse between pronouncing of sentence and its execution.

The motion for a new trial in the case was filed just before court adjourned yesterday.

Minnie B. Stevens, the former wife of Arthur Johnson, has filed another paper in the district court, in which she makes further effort to get possession of Arthur Johnson's property.

The body must be well nourished now, to prevent a relapse. If your appetite is poor take Hood's Sarsaparilla.

Why Olen Goes. Mr. Kern, who manages Olson & Co.'s business here and whose remarks but express the sentiments of Mr. S. E. Olson, when asked why it was his house had decided to give up their business in Omaha, replied: "We have no fault to find at all with Omaha."

Omaha Gets a New Train. The Overland Limited, via Union Pacific-Northwestern, that formerly took an Omaha sleeper east daily at 8:45 p. m., now leaves at 10:30 p. m. and in its place at a quarter to 6 every evening, the NORTHWESTERN line starts a new complete train in OMAHA from OMAHA and for OMAHA, arriving in Chicago at 4:45 o'clock next morning.

A Clean Sweep. Is what the OMAHA-CHICAGO SPECIAL will be after the first of the year. It is because it is a complete OMAHA train from UNION PACIFIC DEPOT, OMAHA. City ticket office, 1401 Farnam street.

Minor Matters in Court. Austin B. Reeve is suing J. H. Van Cleave in the district court for \$2,983 on notes.

John B. Lewis and the former Mrs. Hattie Lewis have entered into a stipulation by the terms of which the latter releases the former from all claims of alimony in consideration of the transfer of some property to her and the payment of \$250 attorney's fees.

Amos H. Jackson has begun suit in the district court against N. B. Falconer and Walter S. Jardine to recover possession of a \$502 judgment, which he holds against Falconer. The judgment was obtained as a lien against some property of Falconer's which he transferred to Jardine by quit claim deed.

A Singular Form of Monomania. There is a class of people, rational enough in other respects, who are certainly monomaniacs in doing themselves. They are constantly trying experiments upon their stomachs, their bowels, their livers and their kidneys with frisky nostrums.

THEIR FINANCES IN GOOD SHAPE

Omaha Fair and Speed Association Membership Session.

A meeting of the stockholders of the Omaha Fair and Speed association was held at the rooms of the Commercial club Monday afternoon, at which Dudley Smith, F. D. Brock, G. W. Waites, W. R. Howard, D. S. Farrell, G. W. Keiser, J. A. Wainfield, O. J. Pickard, William King, W. G. Clarke and C. S. Montgomery were elected directors for the ensuing year.

The report of the treasurer showed that the cash receipts had aggregated \$92,810.04 and the disbursements \$92,174.48. Unpaid subscriptions aggregating \$11,756.49 were reported. The only debt reported was that upon the state fair grounds, \$14,000.

In delivering his annual address President Z. T. Lindsey said: "I wish to take this opportunity of expressing my thanks to the stockholders and friends of this association for the uniform kindness shown me. The directors, who have worked faithfully, given of their money so liberally and made no end of costly sacrifices in carrying on the association, I want to thank deeply and to say that I have words to express. So far as I know, not \$500 worth of the material used in building the fairgrounds has been furnished by the association. I have no charge of a money-making scheme can ever be made against us. The money has been done purely from public spirited motives and every dollar entrusted to us has been conscientiously used for the good of this association. We did not stand with contractors, politicians, land owners or any one else, and we ask the closest investigation of all our work. I want to state the importance of a harmonious action with the Nebraska State Board of Agriculture, as the two associations, with the Knights of Ak-Sar-Ben, in one sense, form a great attraction for the Transmississippi exposition of 1898 should in no way interfere with the Nebraska State fair, which is being planned for the month of October in the evening. The two organizations can in that year be of mutual benefit. With such broad-gauge business men as will comprise the State Board of Agriculture, Transmississippi Exposition company, Knights of Ak-Sar-Ben and Omaha Fair and Speed association, we may look forward to the achievement of great results."

"We held a joint meeting with the State Board of Agriculture at the Millard hotel September 25, at which time we promised a partnership in building a new exhibition building to the grounds, both by street cars and steam cars; to increase the water supply; to build 120 hog pens, making 400 in all; to build a new office building, and to build a new educational building and to build a new building for the Douglas County Agricultural Society, which would enable it to get out of the agricultural building. This, of course, would leave very much more room in that building and be a very great relief."

The Modern Mother Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Plans for a Trust Company to Assist Cattle Growers. There is a movement on foot in which a number of local capitalists are interested for the forming of a large trust company for the purpose of assisting the cattle raisers of the Wabash and other stock raising sections without being compelled to sell at a disadvantage on account of lack of ready money or security of feed. The subject has been under consideration for some time and a preliminary meeting was held at the Omaha office of the company already perfected. The names of the stockholders in the prospective company are not divulged, but are as follows: W. A. Paxton, Herman Kuntz and John A. Reighton are interested in sufficient to indicate the character of the organization. It is a corporation with a capital stock of at least \$1,000,000 and its headquarters will be located at South Omaha.

Tom Majors Incubating a Boom. He would be Department Commander of the Nebraska G. A. R. Tom Majors is in the city, and he is said to be endeavoring to corral a few votes to assist him in his ambition to be department commander of the Grand Army of the Republic in Nebraska. The annual meeting of the department will be held in this city Wednesday, February 12, and Majors is already beginning to build fences for the honors of that place, as nearly as can be ascertained from the sentiment of the members of the department. The annual meeting is not in favor of the Majors' candidacy. A number of the veterans have declared themselves in favor of J. H. Culliver, of Norfolk, and it is understood that he will receive their support.

Renewing Old Acquaintances. William E. Cameron, who was governor of Virginia from 1882 to 1886 and at that time made a reputation as an executive that was not confined to his own state, is in the city on a trip through the northwest in the interests of the National Association of Manufacturers. On his showing, a bill against him in thirty-four years and he says he is continually opening his eyes at the evidence of industrial and civil development in the west where he saw deserts and prairie.

Would Send His Daughter to Jail. John Bodley, living at Shely station, asked for a warrant yesterday for the arrest of his step-daughter, Mary, who he alleges took \$54 in money from his house under pretense of getting her clothes. Mary was arrested some time ago, charged with the theft of some money from the house of Gilder of South Fourteenth street. The girl was acquitted and when she returned home her parents refused to receive her. A writ of replevin was issued by Matron Cummings which has been very pleasantly renewed on the occasion of his visit here.

And Now She Wants Her Money. Tressa Knoke stated to the city prosecutor yesterday that she had paid some money to Mrs. L. Dresser of 1314 Farnam street, who runs an employment bureau, under the promise that she would be given a situation. She states that she paid the fee several days ago and that she has been sent to places that existed and to others where she had never heard of. She has been at last Tressa demanded the return of her money, she alleges that Mrs. Dresser refused to return the amount.

DECISION SOMEWHAT MISLEADING. Omaha saloon men and brewers were somewhat excited yesterday over the decision of the supreme court in the case of Finkelshteyn. The language of the syllabus was far from clear and the natural conclusion from its wording was that keepers of saloons, the licensees for which had been paid by the brewers, could not be held responsible for the payment of debts due the brewers for goods sold and delivered.

Reception to School Teachers. On the evening of Monday, December 16, the Young Woman's Christian association will tender a reception to the teachers of the city at its rooms in The Bee building from 8 to 10 o'clock. Cards will be issued to all teachers engaged in either private or public work in the city. The regular reception committee of the Young Woman's Christian association will be represented by a special receiving committee of teachers as follows: Miss Grace Garrett of Farnam, Miss M. Corby of Pacific, Miss Redfield of Lincoln, Miss Shields of Kellom, Miss Reed of Central, Miss Milroy of Dodge, Miss Pitch of Leavenworth, Mrs. Hodge of Bancroft, Miss Knight of Kellom, Miss Root of Kellom and Miss Bruner of Pacific.

HE HAD BLOWN OUT THE GAS

"Shorty" Brock Found Dead in His Room at State Hotel.

A man registering the name of "Shorty" Brock was found dead in his room at the State hotel on Douglas street at 10 o'clock yesterday morning.

Brock reached the State hotel at 12:30 in the morning and asked for lodging. He was shown to room 52, and left word with the night clerk to call him at 6 o'clock in the morning. When A. W. Miller, the clerk, went to the room at the time specified he found Brock lying upon the bed, and the gas escaping from a light near the door.

A doctor was hastily called, and though there was a slight pulsation of the heart, all attempts at resuscitating the man proved unavailing. There was nothing found in the room except the clothing worn by Brock and a large leather pocketbook containing \$40 in two \$20 bills, a large check from the Farnam Street lodging house, and a few papers. The pocketbook was found under the pillow.

Among the papers was one signed U. S. Brock, in the same handwriting as that upon the register. An inquiry at the Farnam Street lodging house developed the fact that Brock had slept at that place the night before and had left a small black valise. Upon being opened at the morgue, the valise was found to contain several letters, all addressed to U. S. Brock, and among them were two from his father, Thomas Brock, one dated at Ashland, and the other at Hancock, La. Brock had told Goldsmith several times that he was a speculator at the bucket shop, but had never shown him any papers concerning this statement. He was always reported as well supplied with funds, and though he drank occasionally, it was rarely that he was intoxicated.

It was first supposed that Brock had committed suicide, but the fact that he had been drinking during the night is thought to prove that he blew out the gas while intoxicated, and that his death was accidental. Thomas Brock, father of the dead man, has been telegraphed.

The verdict of the coroner's jury was that Brock came to his death through his own carelessness in blowing out the gas.

INTENSE SUFFERING from Dyspepsia and Stomach Troubles. Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour, he had constant acid eructations in the stomach, he had pains like rheumatism in the back, shoulders and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart was affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment, I finally bought a small package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour water risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children, invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co. of Marshall, Mich., and sold by druggists everywhere at 50 cents per package.

CANT COMPETE WITH THE JAPS. Dealers in Surgical Instruments View the Situation with Alarm.

Physicians and dealers in surgical instruments are deeply interested over the recent visit to Omaha of an agent for a big firm in Japan that is manufacturing surgical instruments and offering them to physicians at just about one-half the price that has heretofore been obtained.

The industry is a new one in Japan and local dealers are watching the result of the trial orders. If the instruments prove as satisfactory as the samples shown Japanese manufacturers will get the business that has formerly gone to American manufacturers.

There is already a heavy duty on surgical instruments that are imported, but labor is so cheap in Japan that the manufacturers there can still make the goods, pay the duty and sell the goods here at about half the price now demanded for them.

FOR YOUNG MEN ONLY

'TIS A BLACK CLAY WORSTED SUIT FOR \$6.50.

It is not a proper present? A neat, genteel for evening or dress suit, ready to be worn to parties, balls, theater, church or for to express regards for one's best girl.

In this case \$6.50 covers a ten-dollar bill. In other words, the identical clay worsted honorable clothing dislers sell at \$10.00 is sold here at \$6.50.

We say honorable—that is—"honorable." Because that particular cloth—clay worsted—represents more description, more trickery, more mystery, more grades, than any fabric known. Hard to distinguish quality, and most people just as quickly select an inferior grade in preference to the superior.

Occasionally you'll find a store that'll deal with you honorably. To our knowledge—very few—in this particular instance. But it matters little what other do—what we do—a pure worsted suit for \$6.50—pure worsted insures fast black. As to a question of workmanship and trimmings? Most emphatically assure it as fine as any \$10.00 suit might contain.

Precise fitting—coat, vest and trousers—14 years up to 36 breast.
