The Hair Conquered

For the first time in the history of the world a preparation has been discovered which restores gray hair to its natural color without the use of dye. Mme. Yale's Hair Tonic has the marvelous power of giving the natural coloring matter circulation, consequently restoring the gray hairs to their own original color. The complete mastery of this marvelous compound over the hair of both men and women has created a genuine sensa-tion all over the world and its discovery has been hailed with endless joy. There will be no more gray hair to worry over, and it will be no longer necessary to use injurious artificial dyes. Yale's Hair Tonic will stop hair from falling in 24 hours. It is a positive cure for any ailment of the hair or disease the scalp. It is absolutely pure and free rom everything injurious. It contains nothing gressy or sticky; has a delightful, deli-cate oder and makes the most perfect hair dressing known for general use.

FOR BALD HEADS It is the edy on earth known to make the hair grow on Bald Heads. Be sure that you get the Be ware of counterfeits and imitations. Make sure that every bottle has Mme. M. Yale's photo on and is labeled Mme. M. Yale's Excelsor Hair Tonic.

Why School Retrenchment Affects Only the Children.

LATTER WITHOUT STRONG ORGANIZATION

Mensures Adopted to Cut Expenses All of Remote Benefit Save that Shortening the School Year.

The members of the Board of Education labored for four hours Monday night to effect retrenchment in the expenses of the schools. Their efforts resulted in a prospective saving of \$19,000, of which \$15,000 was effected by cutting the school year down to nine months and robbing the school children of one month's instruction. The members who constituted the majority made frequent and vigorous speeches in favor of economy; they declared that it was in the air, the people were united in demanding it and the board must recognize the necessities of the situation. Then they provided for lopping off the commercial department of the High school, saving \$1,500, and discharging the supervisors of music and drawing, involving an additional economy of less than \$2,500. Neither of these changes becomes operative until next September, nearly a year hence.

But it is a significant fact that the same But it is a significant fact that the same members were unanimously and violently opposed to the resolution which provided for a readjustment of the salaries of the janitors that promised a saving of nearly \$5,000. They stubbornly refused to dispense with the services of an attorney, on condition that the city council should pass an ordinance instructing the city legal department to attend to all Board of Education matters requiring legal advice. No one had the requiring legal advice. No one had the temerity to propose any plan for changing the present arrangement by which teachers of mediocre ability receive the highest salary merely by virtue of the fact that they have served in the schools for a speci-

fied length of time.

A resolution was also passed which provided that the services of the training school force should be dispensed with at the end of the year. But since the contracts with these teachers will expire any way at the time specified and the resolution did not say anything about abolishing the training school, this could scarcely be classified as a measure of economy. The vote to dismiss the supervisors of

music and drawing on the ground of economy is regarded as the seizure of a plausible pretext for executing the long-cherished plan of a certain element to get rid of Miss Fan-nie Arnold, whose religious affiliations have long been an eyesore to these members. At the beginning of the year a desperate At the beginning of the year a desperate effort was made to pass a similar measure, but it was defeated on account of the over-whelming public sentiment which protested against it. It was freely predicted by those who are familiar with the situation that by the time the measure goes into effect the members will discover a pretext to fill the position with some one who stands in better favor with the radical element.

As was predicted, the recommendation of a minority of the finance committee for a readjustment of the salaries of the janitors was met with a vigorous opposition. It is well known that there is a close organization among the forty or more janitors and that this organization has a well defined political value. For the past two years its influence has been called into play to further the ambitions of members of the combine and dis-tinguished services in this particular have seen rewarded with pronotion and increased salaries. This being the case, it was scarcely expected that any measure that affected their interests would find favor with a majority of the board. The following table indicates the detailed effect of the rejected plan of readjustment, had it been adopted by the No. Old

Colds lead to coughs, coughs to Pneunonia and Consumption; therefore, it is all mportant to check a cold before it reaches the lungs. Munyon's Cold Cure will post tively break a cold inside of twenty-four hours if taken as soon as the cold manifests tself. When the cold reaches the lungs or brenchial tubes the Cough Cure should be used alternately every half hour with the Cold Cure. The Cold Cure is guaranteed to prevent pneumonia if used in the beginning of a cold. Pneumonia, or inflammation of the lungs, can be controlled by the use of

these two cures.

The Cough Cure positively cures bronchitis, tickling in the throat, hoarseness of voice, soreness of the chest, difficulty in breathing, hacking cough and all pulmonary diseases where the lungs are not too far consumed or covered with tubercles. If you are ailing step into the nearest drug store and get a 25c vial of one of Munyon's Remedies. No matter what your disease, or how many doctors have failed to cure, it will give you relief.

advantage of the Market.

A great many complaints are coming in Omaha, because the rates are lower to Kansas City. The stock men interested are very much aroused over the present situation and demand that immediate action be taken to remedy these evils. The Live Passenger association, has written Captain Stock exchange at South Omaha has ap-Palmer that a rate of one fare for the round pointed a committee of seven, made up of a

Tickets will be sold February 11 and 12, good returning until and including February as follows: "On January 1 of this year the railroad ompanies doing business in Nebraska instituted the weighing system as a basis of freight charges on live stock, in place of so many dollars per car, as has heretofore been in vogue. The people admit this principle of charging freight on this class of business to be correct, knowing, as they place February 12 and 13, and it is expected that 500 will be in attendance. Election of officers and outlining the work to be accomplished during the present year will be the order of the session. "The basis upon which the railroads ap-pear to have arrived at their present tariff evening a musical and literary program was rendered, the singing of Jules Lombard, was by taking the minimum weight, plus 1,000 pounds, and dividing it by the dollars which received two encores, a violin solo by Arton Spoerl and the recitation by Mrs. Etta Matheson being special features. The com-mittee on arrangements was Mrs. E. A. Hull, Mrs. S. M. Peiffer, Mrs. M. Hay, Mrs. S. W. per car, which gave the cents per hundred which they charge upon live stock to this market. The minimums used in this state are the same that are used in all other states, namely: Fifteen thousand pounds for a standard car of hogs and 19,000 pounds for a standard car of cattle, so that if the shipper leads within the minimum, plus Cure. "In addition to these charges is a charge of \$1.50 per car, called a switching charge, which is arbitrary and additional to the cents per hundred pounds. It was not known that this charge was going to be made until after the 'ssuance of the new freight tar-iffs, when it was discovered in a foot note intended to continue to act as engineer for at the bottom of the sheet. This operates the State Board of Irrigation and also as a discrimination against the South Omaha live stock market, because it is excessive over any of our competitors.

In discussing the matter last night Mr. In discussing the matter last night Mr. Howell said: "I shall resign my position with the state board os soon as the old work, over which I have had supervison, is completed, which, without doubt, will be in a few weeks. If this work was out of the way I would resign at once, but as matters stand at this time, if I should step out, work that is partially completed would have to be gone over again from the beginning, which would do a great injustice to the state and to the people upon whom the extraction. "Heretofore the railroads have paid the stock yards company \$1.50 per car for doing tompany would set a trainload of cattle on the sidetrack, disconnect the engine and go and get the money for making the haul. The stock yards company would then take up the responsibility and switch the cars to the chutes, unload them and switch them back to the railroad company's sidetracks. For this work it charged \$1.50 per car, which looks like a reasonable charge. "To the commission men who are doing which would do a great injustice to the state and to the people upon whom the exstate and to the people upon whom the expense of constructing the irrigation ditches must fall. Had Too Much Rope.

Ed Moore and Pete Carroll were arrested last night with over 100 feet of new rope in their possession. Their stories of the manner in which they became owners of the rope were somewhat conflicting, but Pete finally in a burst of confidence admitted that he had stolen it from Tom Murray's treasures. subjected to any more charges than if shipped to other markets. The reason of the in-crease in revenue to the railroad companies is because the figuring was made on too low a minimum. In other words, a farmer in

Fall of Twenty Degrees Predicted by Wednesday Evening.

Observer Welsh has been instructed to hoist the cold wave signal. Temperature will fall 20 or 25 degrees by this evening.

WASHINGTON, Jan. 21.—The forecast for Wednesday is:

For Nebraska—Fair and colder, with a which he has to pay a higher rate in cents, pay. For Nebraska-Fair and colder, with a which he has to pay a higher rate in cents per 100 pounds, and which increases his freight a like proportion of dollars. For illustraold wave Wednesday night; north winds. For Missouri-Fair in the northwestern For Missouri-Fair in the northwestern portion; rain in the southeastern portion; northeast winds, becoming variable.

For South Dakota-Fair; colder, with a cold wave; northwest winds.

For Iowa-Fair; colder in the northwestern portion Wednesday; much colder Wednesday night, with a cold wave; winds becoming northwest.

For Kansas-Fair weather; colder Wednesday night; winds becoming north. a like proportion of dollars. For illustration, say a farmer's rate was \$25 per car under the old system, it would be 12½ cents per 100 pounds, provided he did not load over 20,000 pounds. But the farmer has 25,000 pounds of cattle to ship, so in place of his freight being \$25 it is \$31.25, or \$6.25 per car more then it was under the old rate.

"Another thing that is noticeable in the new tariff is the fact that necessary has

new tariff is the fact that no change has been made in railroad rates to Chicago from been made in railroad rates to Unicago from Nebraska points, and in this a discrimina-tion against the South Omaha market can easily be seen, for the reason, as stated be-fore, that the operation of the new tariff increased the rate to this market and has not changed it to Chicago, so that if Chi-cago were a competitor for Nebraska business to 1805, she will be a harder competitor to in 1895, she will be a harder competitor to meet in 1896 under the new tariff. This can readily be seen if it be applied to the owner

of a bunch of cattle in Nebraska.
"The South Omaha market does not want to be considered in the capacity of a spocu-lator's market, but as legitimate in every respect. The stock comes here and is sold to packers, who prepare it for food and distribute it among the people, and a very small percentage of the fat stock is sold to the speculators. So we believe the industry is worthy of the consideration of the rail-reads and we least that the discrimination roads, and we insist that the discrimination against us in favor of Chicago is due to carelessness and is not intentional."

Rio Grande Ready to Come In. CHICAGO, Jan. 21 .- A conference of the lines interested in the rate troubles in Colorado was held at the office of Chairman Caldwell. The Rio Grande Western was present and there were chances when the meeting adjourned that the road would be-come a member of the Western Passenger association. All the roads of the association are very anxious to bring this about, as it will go a long way toward settling the troubles that have existed between the Colorado lines for a year past. With the difficulties in that state wiped out, the path of the Western association will be as clear as it is possible for it to become, considering the opposing interests of many of its mem-

Sheriff Staltzer took the prisoner to the county jail in Omaha.

Christmann Answers a Councilman. Police Judge Christmann takes exceptions to the remarks of a member of the city council who criticised him for sending so many prisoners to the county jail and thus running up the expenses of the city. A look at the court records shows that during the months of October, November and December, 1895, the judge sent to the county jail nineteen prisoners, five on full fare and fourteen on bread and water, The bills for the three months as presented by the county commissioners amount to \$51.75. This amount, the judge contends, is not unusually large, as most of the petty criminals are given thirty minutes in which to leave the city or take a dose of bread and water. As a rule vagrants and the like prefer to leave town at once rather than run the chance of a slim diet in the county

To Dissolve the Injunction. On Friday of this week the mayor, the city attorney and Judge Doane will go to Lincoln and appear before one of the judges of the United States court and file a motion to dissolve the injunction in the water works case. If the court does not the city council will be prevented from passing the ordinance which was introduced naming the rates to be charged for water in the city. The inquest was brief. Chief Redell and Patrolman Dilion were called upon to testify to the facts regarding the fire, which were already known through newspaper accounts. Henry Door, the stepson, gave evidence which developed nothing new. He said that his mother was mentally unbalanced, in his epinion, for some time, but that she had been apparently sane since last September, and therefore he thought she was safe alone. He testified that he thought that his mother set fire to the bed herself.

Arrested After Many Days. John Wood was arrested by Officer Bloom yesterday afternoon on an old complaint sworn out by William Burns, charging him with larceny. Wood and Burns were for-merly roommates at the Dodge hotel on Thirteenth street. One morning Burns woke up and was surprised to discover that his friend had departed in the night and had-taken with him the contents of a trunk the value of which was about \$35. The police were notified but were unable to find Wood until yesterday.
