

MAY SAVE SEVEN THOUSAND

One Plan of Retrenchment Favored by the Board of Education.

WILL CLOSE SEVERAL SMALL SCHOOLS

Elaborate Ideas of Retrenchment—Aired at a Special Meeting—Nothing in the Way of Saving Money Settled.

The Board of Education held a meeting last night for the purpose of conferring with the committee of business men on the subject of retrenchment in the schools.

The matter came up in the shape of a report from the committee on the examination of the schools which had been referred to the committee to close some of the outlying schools.

The committee submitted a long report, recommending that the Ambler, Davenport, Fort Omaha and Duval High schools be closed, and explaining in detail the practical operation of the schools if this recommendation were carried out.

The committee also recommended that the Lincoln and Bancroft schools be consolidated in such a way as to dispense with one teacher in each building.

The aggregate saving for the school year by putting this entire plan in operation would be about \$7,000. This was the sum which had been discussed at the last meeting of the board.

Pierson moved to lay the report on the table, to be considered at a meeting to be called for the purpose of considering it.

Tukey called attention to the fact that the city council would meet to make the annual levy of taxes before the board met at another meeting, and some definite plan of retrenchment should be agreed on before that time.

An chairman of the committee which had been appointed to take action on this report before the council met, and he therefore moved as a substitute for the board proceed to the immediate consideration of the report.

Edwards objected to the consideration of the report at this time, saying that the board should not keep them waiting while it indulged in a long-winded discussion of the question.

Johnson objected to immediate consideration. He said the members of the board knew that the council would not give the board all it asked for, and they might as well wait and see how much they could get and then act accordingly.

Roll call on the substitute stood as follows: Ayer, Anderson, Gratton, Jordan, Lowe, Tukey, Rhodes—6.

The question recurring on the motion to lay over, Lunt amended to lay over until the next regular meeting of the board, which was then adopted as amended.

CUTTING OFF REPAIR FORCES. Johnson then tried his hand, and presented what he called a minority report from the committee on buildings and property.

This committee consisted of Messrs. Tukey, Pierson, Gratton, Johnson and Bandhauer. It developed that the report introduced by Johnson had never been considered by the committee, on the ground that it was not properly a committee report.

the lowest class of the first grade during the two weeks beginning January 27, and not thereafter, this recommendation being made in view of the fact that the school year had been shortened, and in accordance with the recommendation of the superintendent. The report was adopted.

Edwards introduced a resolution, which was laid over, to make the Long annex a separate school to be known as the "Saunders school."

A resolution by Tukey was adopted, instructing the city treasurer to make a demand on Henry Bolin, late city treasurer, for all moneys due the school district.

A Broom Sale. 500 dozen brooms on sale Friday at 74c each. Remember, we mean the best. Large size for soap, 2c; economy evaporated cream, 6c; Minnesota flour, best on earth (warranted) 85c; evaporated peaches, new, 5c; 2-pound package buckwheat, self-rising flour, 3c; 2-pound package pancake, self-rising flour, 3c; breakfast oatmeal, 5 pounds for 10c; 10 pounds navy beans for 25c; Valencia raisins, 12c; strictly fresh eggs, 12c; country butter, 12c; separator butter, 12c; and 21c 11c and 12c; separator butter, 12c.

Leaders in butter and eggs. Friday and Saturday wool felt boots with heavy rubber covers will be sold at Drexel Shoe Co.'s for \$2; economy evaporated cream, 6c; Minnesota flour, best on earth (warranted) 85c; evaporated peaches, new, 5c; 2-pound package buckwheat, self-rising flour, 3c; 2-pound package pancake, self-rising flour, 3c; breakfast oatmeal, 5 pounds for 10c; 10 pounds navy beans for 25c; Valencia raisins, 12c; strictly fresh eggs, 12c; country butter, 12c; separator butter, 12c; and 21c 11c and 12c; separator butter, 12c.

Friday and Saturday wool felt boots with heavy rubber covers will be sold at Drexel Shoe Co.'s for \$2; economy evaporated cream, 6c; Minnesota flour, best on earth (warranted) 85c; evaporated peaches, new, 5c; 2-pound package buckwheat, self-rising flour, 3c; 2-pound package pancake, self-rising flour, 3c; breakfast oatmeal, 5 pounds for 10c; 10 pounds navy beans for 25c; Valencia raisins, 12c; strictly fresh eggs, 12c; country butter, 12c; separator butter, 12c; and 21c 11c and 12c; separator butter, 12c.

HAVENS MADE PRESIDENT

Officers Elected by State Poultry Association—Last Night.

NEXT SHOW AT LINCOLN BY CUSTOM

Large Attendance at the Exhibit—Yesterday and a Larger Expected Today—Time of Show May Be Changed.

The clucking and crowing, quacking and gobbling and other music which issued from the beaks of bantam fowls will continue for one more day at the rooms of the show of the State Poultry association.

The show of the State Poultry association will be open until late at night. Tomorrow all the birds will have gone back to roost upon their own sticks.

Yesterday was a busy day at the show. The majority of the premium awards were made, and the dens were marked with the blue and red ribbons which made the owners as happy as if they owned no more fowls.

The birds themselves partook of the pleasure, for they peaked at the gaily colored ribbons and then preened up their plumage with as much vanity as a military show at the toilet.

The attendance was the best of the show. The morning was stormy and in consequence visitors were rather scarce, but the lack was made up in the afternoon and in the evening. The doorkeeper was kept busy all the while, but his face was wreathed with smiles as he ushered the people among his pets.

The visitors consisted largely of women and children. A big crowd is expected today, the last of the show. It is supposed that there will be many children and women in attendance, especially because of the following: "Sassaparilla" will be there, although some of the tonics have already made the acquaintance of the 400 which are displaying their fine feathers. The youth is entertained surely by the 2,000 birds, from the tiny sprightly bantams and games, the pigeons and chicks, up to the whoppers in the turkey, goose, duck and chicken line.

It is an ever-varying sight, for each one of the birds is marked with different hues of silver and gold, red, blue and every other color. The judges were busy yesterday in making the awards. They had a difficult time of it, for there are so many magnificent specimens on exhibition and it is hard to pick out the ones which merit the prize. All the awards could not be obtained for publication last night.

MEETING OF THE ASSOCIATION. The association met in the Board of Trade rooms last night. It was the annual business meeting.

There was some dissatisfaction expressed regarding the date of the convention and show. It was urged that the show occurred so late in the season, on the third Tuesday in January, that the breeders, who will be exhibiting their stock in shape for the spring. The date of the convention could not be changed by the association because it is fixed by a legislative act.

A motion was made to allow the breeders of the three classes, American, Asiatic and Mediterranean, to suggest their districts and second choice for judges for the next show in their various classes. Heretofore this matter has been left to the board of directors, but the board has not met for a month after the convention it has been unable to get the best judges, from the fact that they have been glibbed up by poultry associations. The matter will be discussed at a five-minute recess was allowed for the breeders of the classes to make their selections. At the end of the hour a first and second choice were handed in as first and second choice respectively: American class, Theodore Hughes of Trenton, Mo.; F. W. Hittcock of Greenfield, Wis.; Asiatic class, Sharpe Butterfield of Windsor, Can.; Theodore Hughes of Trenton, Mo.; Mediterranean class, Theodore Hughes of Trenton, Mo.; F. W. Hittcock of Greenfield, Wis.; Liberty, Ia.

On the call for reports from officers it was announced that the officers had not expected to be called upon until they returned from office. In consequence the reports were deferred.

ELECTION OF OFFICERS. The next order of business was the election of officers, and nominations were called for. President Lewelling was re-nominated, but he declined in a neat speech, in which he already held the office. Dr. Gaiser of Tecumseh and W. H. Havens of Fremont were then placed in nomination. The balloting resulted in the election of Havens by a vote of 18.

The remaining officers were unanimously elected without opposition. They were: Vice president, Dr. A. Gaiser of Tecumseh; secretary, L. Lyman of Lincoln; treasurer, E. E. Greer of Beatrice.

The following were elected to compose the board of directors with the officers: E. O. Spencer of Lincoln, F. F. Goodson of Omaha, Rev. J. W. Seyborth of Geneva, E. C. Worden of Auburn, W. A. Irwin of Tecumseh.

Just before adjourning the following resolution was unanimously passed: "Whereas, C. M. Lyman declines to act further as the president of the Nebraska State Poultry association, and whereas, he has faithfully discharged his duties as an officer for the past four years, and whereas, under his management and careful attention the association has been incorporated and has been recognized and legalized by the legislature as a state institution and \$1,000 has been appropriated for its use and benefit, and whereas, by his efforts it has grown enormously, and from an exhibit of 370 birds in Lincoln in 1883 to nearly 4,000 birds at our present 1896 show; therefore, be it resolved, That we, the members of the Nebraska State Poultry association, do hereby extend our hearty thanks to our retiring president and wish him all success and happiness in the future."

Another resolution was unanimously passed extending the thanks of the association to Dr. Gaiser for his work in handling the birds in the show rooms and for his efforts to make the show a success.

With that the convention adjourned sine die. The place for holding the next show will be decided at a meeting of directors, to be held a month from tomorrow. Lincoln will probably be selected, as the custom has been to hold it at that city every year. In order to permit the members of the legislature to visit it.

Ladies who value a refined complexion must use Pezani's Powder. It produces a soft and beautiful skin.

Work Will Proceed Without Delay. The permit for the erection of the new block at Eighteenth and Farnam streets at a cost of \$25,000 was granted by the building inspector yesterday afternoon. Some delay has been caused on account of a conflict of the plans with the ordinance and the delay has been caused by a resolution passed by the council granting a special permit. The resolution was signed by Mayor Wood yesterday afternoon, and the work of construction will now proceed.

Dewitt's Little Early Risers the pills that cure constipation and biliousness.

Marriage Licenses. Permits to wed were issued to the following parties yesterday: Age Name and Address. Carrie D. Clarke, Omaha, 27; Fred O. Herman, Harrison county, Iowa, 29; Isaac Coulbhead, Harrison county, Iowa, 29.

At the Arcade—C. L. Slesick, Winnetka; J. J. Buchanan, J. H. Harris, Hastings; J. J. Johnson, H. D. Pettibone, Minneapolis; New York; D. E. Clemen, S. Tilden; D. M. Wallace, Howells; M. H. Lenany, Plainview.

LEMLY STILL IN THE LEAD

Record of Votes Falls to Materially Change His Majority.

Will Not Allow First Ward to Fill Council Vacancies.

HASCALL AND WHEELER FORCES ACTIVE

Caused Another Meeting at Which Previous Action is Rescinded—But No Choice is Made—What Voting Showed.

At some time yesterday one or two of the republican members of the city council resented the action of the caucus in leaving the filling of vacancies in the council to the voters of the First ward and at 10 o'clock last evening the dissatisfying resolution was rescinded in caucus.

This caucus was held last night. It was a surprise to the First warders and the call members of the caucus to most of the fourteen members of the council who attended it.

It was the work of Cadet Taylor and two or three others who are the backbone of the Hascall and Wheeler scheme. They began sending out messengers to members at 9 o'clock in the afternoon calling them to the caucus, and later hacks were started to bring in those who had not traveled before.

At 10 o'clock when fourteen members were present in the committee room designated. They were: Taylor, Kennard, Lemly, Prince, Mercer, Benawa, Axford, Christie, Saunders, Thomas, Blingwood, Allen, Knott and Burdette.
