GRATEFUL-COMFORTING. COCOA BREAKFAST-SUPPER

"By a thorough knowledge of the natural laws which govern the operations of diseation and nutrition, and by a careful application of the fine properties of well selected Cocca, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strongenough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a property nourished frame."—Civil Service Gazette, Made simply with boiling water or milk. Used by Brokers to Demoralize the Regular

SOME CONCESSIONS TO THE G. A. R.

Some concessions to the grade of the company against Archer. Error from the continuous against archer. Erro

from St. Paul asking them to try to fix up the extension of time on the tickets so that St. Paul will not lose the encampment. The feeling was in favor of making some con-cession and the matter went over until after he meeting of passenger agents, which is called for tomorrow to consider the Grand Army of the Republic rates.

Trunk line roads have been requested by the Oceanic Steamship company to make a material reduction in overland rates. It wants them to enable it to base on a \$64 first class rate and \$58.50 rate from New York to San Francisco in the construction of through rates to Australian ports. These York to San Francisco in the construction of through rates to Australian ports. These are the rates which it claims the Canadian Pacific is basing upon from New York to Vancouver, and it desires to be put in posttion to meet the same rates without cutting its own share of the tariff. The trunk lines have referred the matter to the western roads and the latter will have a consultation with the Canadian Pacific before they take with the Canadian Pacific before they take action, as the Canadian Pacific is a member of the Western Passenger association and they are bound to protect its interests against those of any outsider.

CONSIDER PARTY TICKETS Passenger Men Will Try and Outwit

the Scalpers. There will be a special meeting in Chieago on Wednesday of the general passenger agents of the Chicago-St. Paul roads to consider the troublesome ten-ride party tickets. First-class rates between these two cities are badly demoralized by the manipulation of these tickets in the hands of scalpers. General passenger agents of some of the lines are of the opinion that the tickets should be withdrawn from sale in the entire western territory as the only means of pro-tecting the first-class tickets of the different roads. If such action is taken, it is probable other provision will be made for taking care of theatrical and other special parties at educed rates.

Outlook for the Denver & Gulf. In a recent interview Receiver Trumbull of the Denver & Gulf road spoke very cheerfully of the outlook for that road. He said it had paid all expenses during the last year, as well as the interest on a considerable class of its indebtedness. The net earnings in 1895 exceeded those of 1894 by Several hundred thousand dollars. The system will un-doubtedly be reorganized. At the southern ond of the system, in the hands of a dif-ferent receiver, as required by the laws of Texas, great progress has already been made toward reorganization. Immediately following the reorganization of the road the track

laid. Satherland Succeeded by Foley. Effective February 1, an order has been issued transferring J. A. Foley, now superintendent of the Omaha & Republican Valley branch of the Union Pacific at Lincoln, to this city. Mr. Foley will succeed R. R. Sutherland, who becomes chief train dis-patcher. This change will do away with the Lincoln office and will place both the Re-publican Valley and the Columbus branch inder the superintendency of Mr. Foley. In taking the position of chief train dis-patcher Mr. Sutherland succeeds Charles Keyes, who goes into the office of General Superintendent Nichols.

Railroad Rate Case Postponed. SAN FRANCISCO, Jan. 27 .- The suit of the Southern Pacific company against the railroad commissioners to prevent that body from reducing the existing railroad rates from reducing the existing railroad rates was postponed in the United States circuit court today until February 6. The continuance was made with the consent of all parties concerned. At the request of Attorney General Fitzgerald the railroad company was ordered to file copies of all affidavits on the evidence taken before the Pacific Railroad commission with the defense five days before the case goes on again. days before the case goes on again.

Railway Notes and Personals. J. R. Foley of the Omaha & Republican Valley road is in the city. E. L. Palmer, local agent of the Santa Fe oad, has just returned from Chicago. President Clark of the Union Pacific has gone to New York to attend a meeting of the receivers of the system. Chief Engineer Pegram of the Union Pa-cific has returned from his trip to New York and started out on another trip in connec-

ion with the business of the road. Robert S. Dousman, assistant general auditor of the Milwaukee, who has just resigned, will be succeeded by W. F. Dudley, at present freight auditor of the road. General Solicitor Kelly, accompanied by Miss Kelly, has left for the east. The former will go to New York, while the latter will stop off at Columbus to visit friends. Colonel Edward Brown and Civil Engineer C. W. McMeekin of Des Moines are pros-pecting for a new road between Nevada, Mo., and Eldorado Springs. Work will be begun

when the town of Neyada grants the right-of-way and hands over \$15,000. A. G. Bartley of Magic, Pa., writes: feel it a duty of mine to inform you and the public that Dewitt's Witch Hazel salve cured me of a very bad case of eczema. It als cured my boy of a running sore on his leg."

Agreements of counsel in regard to the trial of a cause are not absolute, although in writing, and are not to be treated as contracts to be enforced under all circumstances. They may be set aside by the court in the exercise of a sound discretion, when their enforcement would result in serious injury to one of the parties and the other party would not be prejudiced by its being set aside. Under our code a trial court has no authority to enter an involuntary nonsuit and judgment of dismissal, because the plaintiff falls by his evidence to establish his cause of action. In such case the proper practice is to instruct the jury to return a verdict for the defendant.

MEET OF LEAGUE MAGNATES

Board of Managers Holds Its Annual Secsion at New York.

MINOR MATTERS TAKE UP THE TIME

Ward's Reservation Case Goes Over Until February-

-Thirty Days' Trial Allowed

for Drafted Players.

NEW YORK, Jan. 27.-The annual meeting of the National Board of Base Ball Managers, convened at the Fifth avenue hotel today. The national board was called to

order by Chairman Young. The morning session was mainly devoted to the consideration and discussion of propositions made by the eastern league.

It was expected that the long-standing dispute between ex-Captain John M. Ward of the New York club and Andrew Freedman would be most productive of friction between the magnates when it should come up in the line of business. When control of the New York club was acquired by Freedman, Ward was a member of the club, although he made no contract. Freedman claims that he still holds the tacit refusal of Ward's services if the latter shall ever again play professional ball. Ward on his part claims that this reservation discredits him as a member of the bar. The subject came up before the board today, but it was unanimously agreed to lay the whole matter over until the spring

meeting in February.

The question of fixing a time limit for the holding of players in reserve was suggested by Chairman Young, who at the time was unaware of the protest which later in the order of business was made by the Eastern league managers. After a brief discussion of the matter by the members of the board the protest made by the managers of the Eastern league was discussed. So far as the individual members of the national board were concerned there was only one opinion, that was that in justice to the minor clubs a time limit for holding players before they are paid for should be established.

The annual election for a chairman secreunaware of the protest which later in the

The annual election for a chairman, secre-ary and treasurer resulted, as it has for years, in the election of Nick Young to the position.

A number of appeals for final decision between players and various clubs were con-sidered and disposed of. George A. Flynn was released by the board from reservation by the Peoria club. The case of John Free-man, who is claimed by both Detroit and Toronto, was laid over until the February meeting. The claim of Detroit to the serv-ices of George Harper, who, after suspen-sion from Detroit, played without protest on the part of Detroit with the Nashville and Rochester clubs, was disallowed. At the final session tonight this addition

At the limit session tonight this addition was made to article 6:

A club making selection of a player as authorized in the preceding paragraph of this article shall have the right, within lirity days, of notice to the secretary of the board of such selection, to withdraw from ruch selection, and on notice to the secretary he shall return to the c'ub the amount deposited with him. A club failing to obey this within the time specified shall not be allowed subsequently to withdraw its claim, and immediately-on signing the player to a formst contract, the secretary of the board shall reput to the original club reserved the amount of such selection. The selecting club shall, within sixty days of its original selection tender the player selected a formal contract as in paragraph "A" of this article, and in case of its failure to do so, the secretary of the board shall remit the amount deposited to the club for whom the player was selected.

The managers then adjourned to mest was made to article 6: The managero then adjourned to mest again at the annual schedule meeting on February 24, when all questions now before the league will be finally disposed of.
