RAISES A QUESTION OF LAW.

Rights of the Council in Filling the DuBois Vacancy. The question has been raised whether the council has the power to fill a vacancy in he office of councilman-at-large for a longer period than until the next election. In appointing Major Wheeler to fill the vacancy caused by the death of Samuel Du-Bois, the council has proceeded on the theory that the appointee would hold for the full term of two years. The charter is silent on the subject, but there is a general state law that provides that in such cases the vacancy shall only be filled until the next general election. City Attorney Connell holds that Major Wheeler is entitled to serve for two years Wheeler is entitled to serve for two years. He says that the generally accepted signification of the term, "general election," refers to the election at which a city ticket is elected, which occurs only every other year. He says that the election of 1896 will not be a general election in the sense that the term is used in the law.

It will be an agreeable surprise to persons subject to attacks of billous colic to learn that prompt relief may be had by taking Cramberlain's Colic. Choiera and Diarrhoea Remedy. # RESULT OF DISCRIMINATION

How Live Stock Rates Affect the Nebraska Cattle Industry.

HURT THE GRAZER WORST OF ALL

Ranchmen Being Forced to Quit Business by the Arbitrary Charges of the Railroads in This State.

Results of the discriminating live stock freight rates against Omaha are becoming marked. Yesterday Omaha received only 1,500 cattle, while Kansas City reported 5,000 and Chicago 16,000. While other markets have all the cattle that they can handle Omaha does not have hardly enough to establish quotations. Formerly Omaha was the third largest live stock market in the country, but has been compelled to give way to St. Louis, which now ranks third so far as cattle receipts are concerned. S. P. Delatour, one of the largest ranchmon

in western Nebraska, writes the following

letter to Blanchard, Shelly & Rogers:

OGALALLA, Jan. 28.—I have just returned from a trip up the river and have concluded that unless the railroads restore the old freight rates that I will reduce my herd as fast as possible and go out of the business. The cattle men, those who have not been forced out of business by the long continued depression, were just beginning to make a little money and now comes this extra tax of fill per car from this point and fill to fill the point and fill to fill the point and fill to fill the point in our county. The high freight raies, excessive charges at the yards and the depredations of thieves and rustlers at this end of the line are too strong a combination for us to buck against. A good many cattle men are preparing to "lie down," notwithstanding we have nearly free grass, free water and free air. There are not half a dozen ranchmen in western Nebraska that, during the past ten years, have made 5 per cent on their investment or carned wages that a common day laborer would accept. The cost of getting our product to the consumer is too high and it will only be a short time when the cattle men of the west will be in the same condition as the producers of wheat, corn, etc., and that is best expressed by one of them who replied, when asked his condition. "Busted, by —." If you do not give us some relief you will soon be in the same fix as the man who killed the goose that laid the golden egg. I have talked with the most of our ranchmen during the past two weeks and have endeavored to give you a correct idea of the feeling in this section.

MAYOR, SUTRO HIGHLY PLEASED. letter to Blanchard, Shelly & Rogers:

MAYOR, SUTRO HIGHLY PLEASED. Delighted with the Attack Made by

President Huntington. SAN FRANCISCO, Jan. 29 .- Mayor Sutro. who is leading the fight against the efforts of C. P. Huntington to secure the passage of a refunding bill by congress for the Central Pacific railroad, is much pleased with the letter which Huntington yesterday caused to be printed in the Louisville Courier-Journal. The mayor says the fact that Mr. Huntington has seen fit to attack him in print is proof that the railway magnate is desperate from realization of the peril of the refunding bill. Mayor Sutro is flooding members of congress, cabinet officers and Presi-dent Cleveland with documents, which he says tend to show the corrupt means used to secure the passage by congress of measure favorable to the Southern and Central Pa rific rallways.

Expects to Hear from the Purchase Nothing more definite concerning the purchase of the Omaha & St. Louis railroad by Cornelius B. Gold of New York is known. A gentleman with whom Mr. Gold spent considerable time while in this city said he thought the latter dld not himself know what disposal of the road would finally be made. He believed that while the purchase was made for the bondholders of the road that something big was in the wind, and that The Bee was not far wrong in its supposition, that the Baltimore & Ohio would ultimately make use of this strip of rallway to secure through connection with Omaha. But this would not be decided for some time yet. He believed that the people of Omaha would hear something within the next thirty days concerning this road that would pleas them greatly.

Freight Men Peel Encouraged. the advance in the hay market. Tuesday there was quite a movement of hay from were filled yesterday. This is the first break in the monotonous duliness in the freight business this season, and every one is in hone: that the market will at seast remain firm and the demand for hay continue. Early in the fall there was a slight movement of hay, but it quickly subsided and since then one has been able to keep count of the cars filled with Nebraska products without great diffi-

culty. Baltimore & Ohio's New System BALTIMORE, Jan. 29.-Major Alexander Shaw, chairman of the finnance committee of the Baltimore & Ohio, and who has direct charge of the financial arrangements of the company, says the formation of the Baltimore & Ohio Northwestern is under consideration. In addition to the Pittsburg & Western. Painesville & Fairport, the new system will include the Valley railroad of Ohio and Akron & Chicago Junction railway,

Baltimore & Ohio Attorneyship. BALTIMORE, Jan. 29 .- Hon. William M. Springer, ex-congressman from Illinois, and no chance for the general counselship of the Baltimore & Ohio railway, for which he is said to be about to apply. President Cowen retains the office at present, and when the legal department of the system is reorganized either Assistant General Counsel Cross or General Attorney Bond will be placed in

CRESCENDO WAS WEIGHTED OUT. BOARD OF

Made a Game Race in Spite of the Handicap and Poor Riding. SAN FRANCISCO, Jan. 29.-Defeated, but it disgraced, J. Naglee Burke's Crescendo, the game son of Flambeau-Janet N, was forced to lower his colors to Walter Hobart's Bright Phoebus in the Naglee stakes bart's Bright Phoebus in the Naglee stakes for meven furlongs at Eap District today, being virtually handleapped out of the race. Crescendo, although practically a 2-year-old, was compelled to concede weight to older horses, a task to which he proved unequal, as Bright Phoebus, the Realization winner, enjoys a reputation as a mud lark, and the track was greatly to his liking today. Star Ruby was first off and made the pace for five furlongs, Miller keeping Bright Phoebus in a good position. Turning into the stretch Star Ruby dropped back beaten, Phoebus assuming the lead. Crescendo, who had been taken all over the track in the meantime, came up fast on the extreme outside and for a furlong remained on even terms with Bright Phoebus. A sixteenth from the wire the latter forged ahead, finally winning by a length and a half, with Croscendo half a dozen lengths in front of Rosebud, who beat Star Ruby a nose for third place. Crescendo was a hot favorite and carried thousands of dollars of the public's money. Had he been judiciously ridden he would doubtless have given the Hobart horse an argument. Coleman and Colema Weightman were the only winning favorites, two outsiders, one second and one third choice capturing the other events. The weather was fine and the track heavy. The attendance was large. Summaries:

Quite a crowd of sportsmen assembled on the Omaha Gun club grounds, across the river, Tuesday afternoon to witness the 199 live bird race between M. C. Boggs and Fred Coal. The conditions were: One hundred pigeons each; thirty yards' rise; eighty yards boundary; American association rules, for \$159 a side and the ptice of the birds. The afternoon was an admirable one for the sport, and although the marksmen were not in the very best of form, a creditable score was made. The figure 1 stands for a kill with the first barrel, the figure 2 for a Vill with the second, an x for dead out of bounds, and a cipher for a miss. J. C. Read acted as referee. The score:

Storted with Two Tame Bouts. HOLYOKE, Mass., Jan. 29.-The Paper City Athletic club inaugurated its existence by a public boxing exhibition at the Empire theater tonight. The principal contest of the evening was between Daniel McConof the evening was between Daniel McConnell of Philadelphia and Thomas Moriarity of this city, formerly of Lowel. The men were to have fought twenty-five rounds at 130 pounds, but the Philadelphia man was no match for Moriarity, and the fight was stopped by the referee in the fourth round to prevent a knockout. The decision went to Moriarity. Edward McGrary of North Adams attempted to stand up for ten rounds before Nick Burley of California, but was overwatched in every way, and was easily knocked out in thirty seconds of the second round. When Eurley appeared in the ring he was announced as Jack McDonough of St. Paul, but the deception was soon exposed.

Association Threatens to Withdraw. ST. LOUIS, Jan. 29.—The St. Louis Fair association does not approve of the recent changes in the rules of the Western Turf congress, and unless some of them are modified the St. Louis race track will withdraw from the congress. This statement is issued on the authority of President Maffit. "That new rule which provides for the appointment of appeals is especially disagreeable to us," said Mr. Maffit, "and we have no intention of abiding by it. We believe in home rule, and the decision of our stewards and judges must be final. Other objectionable changes were made in the rules, and the Fair association will make a decided kick against them. We can get along without the Turf congress, and I, for one, am in favor of getting out of it, if these objectionable rules are forced upon us."

REALTH REPORT. Births and Deaths Within the City

During the Past Year. The annual report of the Board of Health has been completed and is on file in the office of the city clerk. Aside from the general review of the work of the department during the year, which has been previously published, the report presents a variety of statistics relative to the mortality of the city during 1895. The total number of births during the year reached 1,900, of which 971 were males and 929 females. The total num ber of births in the years immediately eding were: In 1894, 1,898; 1893, 1,960; 1892 1.856

The number of deaths was slightly less than in any of the three preceding years. The figures are: For 1895, 1,122; 1894, 1,149; 1893, 1,204; 1892, 1,196. The greatest num-ber of deaths recorded in a single month was in July, when the death roll reached 145. In the same month the maximum number of births, 209, was recorded. The least mortality was in November, when only sixty-five During the year there were 114 cases of

deaths were reported. dipitheria, with forty-one deaths; 346 cases of scarlet fever, with twenty-two deaths; 112 cases of enteric fever, six of measles and twenty-two of whooping cough. There is an apparent discrepancy in the report, as twenty-six deaths from whosping cough are indicated. Among the main causes of death were typhoid fever, twenty-nine deaths; cholera infantum, seventy-eight; croup, twenty-four; phthisis pulmonalis, 108; apoplexy forty-three; heart disease, fifty-five; bron chitis, fifty-eight, and pneumonia, fifty-four

#### AMUSEMENTS.

The offering at the Boyd for the remainder of the present week, commencing this evenng, with matinee Saturday afternoon, will be the comedy "Gloriana." Its clean, wholeome fun should be enjoyed by large audiences. The cast will be as follows: Leopold Fitz-Jocelyn, Garrison Ball; Timothy Chadwick, George L. Stout; Count Exitoff, J. W. Davenport; Spinks, Victor Morley; Richards, a servant, Alfred Leslie; Baron Kronikoft, E. A. Barthope; Major Stonideff, A. G. Thompson; Jessie Chadwick, Miss Flor-ence Hastings; Kittie, a maid, Miss Cath-erine Carlisle; Gloriana, Miss Ada Van Etta. erine Carlisie; Gioriana, Miss Ada Van Etta.
There is no end to the making of books, and the same is true of plays. "Gloriana" is well known as one of the liveliest of farcical comedice, and has enjoyed phenomenal runs in all of the principal cities in this

country as well as in London. Today the advance sale of seats begins for May Irwin's four night engagement in "The Widow Jones," which opens at the Creighton with a matinee Sunday, February An unusual interest has been manifested by playgoers in this engagement, and the house bids fair to be crowded. May Irwin, it is safe to predict, will compel any amount of laughter in her new role, and she will be assisted by an organization of first class peo ple, who can be relied on keeping the ball rolling. "The Widow Jones" will have the usual budget of songs, dances and specialties, all of them new and up to date.

Daniel Sully, the well known comedian, will open a return engagement of three nights at the Creighton, Thursday, February 6, when he will present his popular play, "Daddy Nolan," appearing in the title role. This piece is a great favorite with local playgoers. Mr. Sully will be supported by he same company that assisted him during his recent engagement. Commencing Monday night next and con-

inuing the succeeding two evenings Henry Dixey, the well known actor, will appear E. Dixey, the well known actor, will appear at Boyd's theater, supported by a company of his own selection, in the comedy, first produced in this country by Augustin Daly's company, entitled "The Lottery of Love," and possibly in another comedy widely diferent in character. James O'Neill is meeting with most grat Ifying success wherever he appears this season. A private letter received here yesterday from William Connor, his manager, states that O'Neill's business last Sunday in

of next week, and will probably offer the ro-mantic play, "Monte Cristo," during the whole of the engagement. Mr. A. Toxen Worm, representative of Mr. O'Neill, is in the city. THIRTY DAYS FOR A WIFE BEATER.

St. Louis beat the record of the Grand opera house for this season. Mr. O'Neill will ap-

pear at Boyd's theater on the last two nights

tion on the Chain Gang. "I will give you a light sentence this ime," said Judge Gordon to a wife beater, Herman Leaders, yesterday. "I will senence you to the street gang for thirty days." The complainant was Emma Leaders. woman about half the size of her hus band. She said that last Saturday night she

came home with dirty shoes and wanted to hang his cost in an inner room. "I told him that he should take his shoes off first, because I did not want the floor dirtied after I had worn my hands off scrubbing it," said Mrs. Leiders. "He swore at me, saying that it was his house. Then he sat down and took off his shoes. He picked up one of them and hit me over the head re-peatedly. After that he grabbed me by the throat and choked me."

Mrs. Leaders uncovered her throat and

showed a number of bruises which had been that he had put his hand about her throat and "maybe" made the finger marks. He depended on another defense. "This woman is not my wife. She is only living with me," he said, and looked triumphantly about. It developed, however, that the woman had lived with him for three years, that she had used his name and had always been introduced as his wife and that he had repeatedly promised to marry her. The defense, there-

fore, did not go with the court. Two Men Sent Out to Work. Isaac Kane and Frank Lockwood were yesterday morning sentenced to thirty days each on the street gang by Judge Gordon on the charge of assault and battery, while a third member of the same party, George Duncan, was discharged.

The three men were accused of having as-saulted Minnie Rosenthal. They met her on the street with a baby in her arms, and Kane

and Lockwood, after using profane and insulting language to her, struck her, knocking the baby to the ground. It was shown that in the squabble Duncan had tried to prevent his companions from striking the woman. John Singleton got thirty days on the street yesterday for stealing an overcoat from a boarding house at 117 North Seventeenth street. Singleton had pawned the coat, saying that he had stolen it, although he gave various stories to the police of how he came into its possession.

Singleton seems to be a professional over-

coat thief. There are a number of other cases standing against him, in which he is

charged with stealing and pawning overcosts belonging to other people. As soon as he serves his sentence another of the cases will be prosecuted. Minor Police Court Matters. J. T. Smith of 2023 Hamilton street re-ported to the police yesterday that a saddle was stolen out of his barn Tuesday night. Charles Stracke and Sam Martin, two boys, were arrested yesterday for stealing a half-dozen plated teaspoons valued at 25 cents from Lizzie Rosenstock, who owns an

establishment on Douglas street. Frank Devane was yesterday brought from South Omaha by Detectives Savage and Dempsey and charged with larceny. He is suspected of having stolen a gold watch and chain from the house of Michael McDonald at 1010 South Thirteenth street two days ago. The lowelry has been recovered from a ago. The jewelry has been recovered from a pawn shop.

The Discovery Saved His Life.

Mr. G. Callouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Kuhn & Piles of people have plies, but Dewitt's Witch Hazel Salve will cure them.

# TO SAVE TOURIST BUSINESS

Why Railroads Denied Limitation Asked by Grand Army.

THIRTY DAYS TOO GREAT AN EXTENSION

Would Have Demoralized Summer Excursion Rates to the North -Money Saved If Engamps ment Declared Off.

A prominent railroad man yesterday, in speaking of the recent decision of the Western Passenger association not to grant the thirty days' limitation on tickets to the St. Paul encampment of the Grand Army of the Republic, said: 'Tm not surprised at all, I think that the association was compelled to do it in order to prevent complete demoralization of summer excursion rates.

"The Grand Army is given better terms than any other organization in the country, which is quite right, but when it was not satisfied with tickets at greatly reduced rates, covering the entire encampment, it was wrong. The railroads offered rates of less than 1 cent a mile, and the limit was so that the old soldiers could go to St. Paul, attend all the sessions of the encampment and return to their homes. With this they were not satisfied. They thought these tickets should be made out so as to allow them-selves and all others who desired to purchase such tickets an opportunity to make it a summer vacation. This would have com-pletely knocked out the summer tourist business to the northwest region, which ordi-narily amounts to considerable traffic. If they transfer the encampment to Buffalo, I'm satisfied that the eastern roads will do they transfer the encampment to Buffalo, I'm satisfied that the easiern roads will do no more, and I doubt if they will do as much. If the encampment for the year is declared off, as Commander in Chief Walker says that it will be, it will be the very best thing for the railroads between St. Paul and the Missouri river. The roads will save money if the encampment is not held at all, for they then can prevent anything like demoralization of passenger rates."

#### GREAT WESTERN GRANTS THE RATE Belief that the Other Roads Will Come Around in Time.

CHICAGO, Jan. 29.—One road in the Western Passenger association will grant the thirty-day extension on the Grand Army of the Republic tickets; this is the Great Western, which has appealed to the chairman of the association against the action of the meeting of yesterday in refusing to grant the demands of the Grand Army. Under the association agreement Chairman Caldwell is bound to decide within five days whether or not the road is entitled to relief. If he de-cides against the Western, it will give notice that it intends to give the full limit of thirty days asked by the Grand Army of the Re-public. There was some talk among the other roads today of ignoring the action of the Great Western and allowing that road to become swamped in its efforts to carry all the business, but the chances are that by the time next September rolls around the rate will be generally met, if the encampment is held at St. Paul. The Joint Traffic association dealt out

lation to cheap excursions that practically announces that it will not grant as low a rate as has been given by the western roads and will not extend the time limit as long as the western lines have already done. It has issued orders that no rate be made lower than one fare for the round trip and that the longest limit be three days from the expiration of the meetings for which the reductions are made.

A declaration has also been made that the reduction of the rates to the meetings of the National Educational society at Buffalo are

cold comfort to the Grand / today, for it took action in

unauthorized and must be revoked. The Joint Traffic association claims jurisdiction over all business going through Buffalo and it s claimed that in making the cheap rates for the Educational society the Central association went beyond its powers. the Central Traffic INDIANAPOLIS, Jan. 29.—Commander-n-Chief Walker of the Grand Army of the Republic, who returned from Chicago today, ern Passenger Agents' association, said that he thought the roads would eventually grant the concessions demanded by the Grand Army of the Republic. He was informed that the

Great Western railway would a low the thirty-day extension. The commander will call the executive committee of the council of ad-ministration to meet at Indianapolis on February 7, and if the railroads have not made the concessions by that time the en-

NO BEARING ON THE UNION PACIFIC.

United States Supreme Court Decision Discussed by Railroad Men. Inquiry at Union Pacific headquarters yesterday morning falled to establish any possible significance of the Northern Pacific decision, handed down by Supreme Court Justices Field, Harlan, Brewer and Brow, as bearing on the Union Pacific system. General Manager Dickipson said that it was a matter for the legal department to consider. General Solicitor Kelly is enzate to New York, as are also President Clark and Master in Chancery Cornish. Actuary Alexander of the latter's office said that he soubted if the decision would form a presedent for uniting the various parts of the Union Pacific sys-tem, as the Northern Pacific matter was hardly an analogous case. There the entire system was one corporation, while the various divisions of the Union Pacific, under the hands of different receivers, constituted sep-

arate corporations. Dickinson Denies the Rumor. General Manager Dickinson yesterday emphatically denied that J. A. Foley, now superintendent of the Omaha & Republican Valley railroad, would be transferred from Lincoln to this city, as had been extensively reported. Mr. Foley will remain where he is, as will also R. R. Sutherland, who, it was said, would become chief train dispatcher. Mr. Dickinson said that no such change had

seen made, or had even been contemplated. Giving Mining Men a Rate. CHICAGO, Jan. 29 .- A new proposition has been submitted to the western roads authorizing reduced rates from Denver to New York for the opening of the New York Mining ex-change. The last proposition abandons the idea of a special train and provides for the passage of those interested in the opening of

the exchange going to New York in a body or individually. The roads are voting on the proposition. Railway Notes and Personals. Actuary Alexander of the Union Pacific has gone to Boston.

Traffic Manager Munroe of the Union Pa-E. G. Davidson, general traveling passen-ger agent of the Colorado Midland, is in town from Kansas City.

Traveling Passenger Agent Morrissey of the Illinois Central, who has been ill in this city for the past fortnight, is reported as being much improved. General Manager Deddridge, General Su-perintendent Clark and Division Superin-tendent Rathburn, of the Missouri Pacific, are on a tour of inspection over the various lines of the system. They were in Omaha vesterday.

yesterday. The painters and decorators have about completed their work in the new city ticket office of the Burlington at Fifteenth and Farnam streets, and City Passenger Agent

Reynolds moved in last night.

General Passenger Agent Buchanan of the Elikhorn has returned from Chicago, where he attended the meeting of the Western Passenger association. He says that no decision was reached in the case of the limited tickets for the St. Paul encampment of the Grand Army of the Republic.

General Solicitor J. W. Blythe of the Chicago, Burlington & Quincy and General Solicitor D. W. Josephs of the Burlington's lines in Missouri were in consultation yesterday with General Manderson, general solicitor of the Burlington system wost of the Missouri, on matters pertaining to the legal department of the road.
