Wheat Closed at a Net Loss of One and Three-Quarter Cents.

MUCH REALIZING AT THE OPENING

In Addition to the Indifference of Foreign Markets the Northwestern Receipts Were Surprisingly Large.

CHICAGO, Feb. 4.-Wheat broke 2c a bushel today. It wound up with a net loss of 13c. The news all day justified the brenk, but whether it is merely a phase in

break, but whether it is merely a phase in the advance or the beginning of a material decline, the operators were puzzled to determine. There was a notable absence of support by the heavy operators and all other markets sympathized, corn declining 35c and oats 35c. Provisions also had a sharp decline.

There was a good deal of realizing in wheat at the start and a considerable amount of short selling, under which there was a break in the first few minutes of rearly 2c from the high point reached yesterday. The first transactions were at fully 1c decline from yesterday's figures and went off fully 3c more soon. The traders were as nervous and unsettled in their views as they have been for a week. The appearance of an order in the pit to buy or sell 10,000 bushles would set the entire crowd to following in the direction of the order and occasionally they would lend, making the execution of instructions given to a broker exceedingly difficult. After two hours of quite active business the pit simmered down to comparative quiet for a time. The foreign markets signified their emphatic dissatisfaction with the advance here yesterday. Liverpool did not buige this morning, as shown by the unchanged quotations, and in the course of the forenoon advised a decline of 4d. In addition to the indifference of foreign markets, the receipts at Minneapolis and Duluth numbered 60 cars, a suprisingly large increase. A report from policy precisingly large increase. Liverpool did not bulge this morning, as shown by the unchanged quotations, and in the course of the forenoon advised a decline of 4d. In addition to the indifference of foreign markets, the receipts at Minneapolis and Dulluth numbered 604 cars, a surprisingly large increase. A report from San Francisca, saying that three cargoes of wheat brought from Australia had been resold, helped to continue the weakness with which the market opened. The report, however, proved to be a fake and the result was a gradual growth of confidence and a 3d calvance in the price, but the selling again became active and 3d c was lost before noon. May opened at 67%c, sold to 67%c, br ke to 66%c, then gradually to 67%c. Off to 67%c and at noon was at 67%c. The market turned very weak under renewed heavy selling during the last hour and sold 2%c below the high point yesterday, 1%c below the close last night. May went to 66%c. The racted a fraction, closing comparatively steady with 66%c.

Corn ruled quiet and weak. The weakness in wheat had a depressing influence, but the small estimate for tomorrow steadied it. May opened about %c lower at 39%c, fell to 30%c and at noon was about 30%c. There was decided weakness during the last hour and May closed at 30%c, with liberal offerings at that figure.

Oats were quiet and joined in the general weakness. May opened about %c lower at 30%c, fell to 30%c and at noon was about 30%c. The course of the session, when it became active at the expense of values. The

STOCKS AND BONDS. Railroad List Entirely Outelnssed Everything but Sugar.

NEW YORK, Feb. 4.—With the exception of

Sugar, which ranked third in volume of bus ness, the railroad list entirely outclassed the %d. REFRIGERATOR BEEF-Fore quarter, 54d BLEACHING POWDER-Hardwood, f. o. b. St. Louis General Market.

NEW YORK, Feb. 4—With its exception of sustenses, which ranked third is volutelassed the industrials in point of activity today. The grangers, as a group, attracted the greatest share of interest, although Missouri Pacific ranked a close second to St. Paul, which was the leader in extent of trading. The dominating influence upon the general market was that the government's popular loan, for which bids will be opened at moon tomorrow, will be an unqualified success, both in point of extensive bids and high average of prices. As far as can be learned, bids from three New York institutions will foot up nearly 1910,809, without considering the great amount of scattered bids here and at the leading fhancial centers of the country and the probable heavy bids for European account. Some of the foreign applications for bonds are understood to have been cancelled since the free silver victory in the United Statussemate, but it is not believed the withdrawais will be made for other interests.

The market, at the outset, was slightly depressed in sympathy with lower cables for Americans in Londan, but soon proved superior to this influence, and also to foreign selling in this market. Prices recovered and an upward movement started, which was in turn stemed by a determined drive at Missouri Pacific, attended by rumors of a probable receivership, and also to find sensitions between the president of the company and Russel Sage, who are understood to hold jointly the bulk of the floating debt. The stock broke 25; per cent, to 265, but railled to 234, on unqualified denials of the rumors and in sympathy with a general bull flurry late in the day, in which the top figures were recorded. In addition to the expected favorable outcome of the stock broke 25; per cent, to 265, but railled to each success of the board of the stock broke 25 per cent, the success of the stock broke 25 per cent, to 265, but railled to a sympathy with a general bull flurry late in the day, in which the set of the expendity committee he had been preferred. oday:

NEW YORK, Feb. 4.—Lower cables and a top1...1090 2 25 NEW YORK, Feb. 4.—Lower cables and a top-heavy market gave the wheat bears their long looked for opportunity to day, and they jumped on the market vigorously, causing the bulls to put out a large part of their holdings, and breaking the market nearly 2c a 1u. Trading was heavy at intervals, total sales aggregating 6,253,090 bu. The action of the foreign hauses in selling quantities at the opening served to intensify the feeling of weakness and stimulated longs to oven more strenuous efforts toward unloading. May opened at 734c, advanced during the day to 735c, was sold down in the last hour to 723c, and closed nervous and unsettled at that price. The decline brought out a little export business, some 2,000 bu. of spring wheat being worked. This was regarded by the bulls as deministrating that Europe wants to buy American wheat, and is likely to take advantage of a briak in value to replanish her stocks.

Sale, as against 1,494 yesterday and 1,531 on Tuesday of last week. It was the largest day's run since January 22.

Beef steers were in light supply again today, the number of corn fed cattle on the market being very limited. There were, however, some pretty decent cattle among the offerings. The buyers all wanted a few cattle and the market was in consequence a little stronger on handy far steers. The fact that Chicago and Kansas City both reperied cattle as opening very slow and weak was not sufficient to prevent a little better prices being paid here. The trade was not overly active, but practically everything on sale changed hands.

Butchers' stock was more plentiful than on a good many days of late, there being not far from twenty-five loads of cows and heifers on sale. The demand was reasonably good and the market fairly active at just about vesterday's prices.

There did not appear to be many good heavy feeders in the yards, but there were a good many loads of stock cattle. The market on that kind of cattle was steady and the demand just about equal to the supply. Representative sales:

There were, all told, 5.83 head, as against 1,598 yesterday and 3,780 on Tuesday of last week.

The market opened very acarly steady on light hogs, and quiet a number of loads changed hands at 44.0044.05, with the top at 34.10, only 2½c under the best price yesterday. The heaviest packers, however, were on the bear side, and they had the advantage of heavy receipts and lower markets at other points. They set out to bear the market 5500c, and succeeded in getting a good share of the heavy hogs their way, that is, at £3.5. As usual on a lower market, the trade was slow. Representative sales:

Sensational Ending of an Illinois Murder Case. LINCOLN, Ill., Feb. 4.—The finale in the McAfee murder case was a surprise to all, even to those who had been convinced of the guilt of Giles from the day of his arrest. The tramp had maintained his innocence until Saturday, and many believed him, throwing the guilt on a person from here, But a query from his sister, Mrs. Hough,

who had come from Ohio to attend his trial, brought forth a confession. This was re-peated in court, after which Giles told his own story.

He claimed that a revelation from God FIGURES IN A SENSATIONAL CASE. had commanded him to found a new sect, and that after reading the Book of Mormon he became convinced that this was the doche became convinced that this was the doc-trine he sought. It was while he still had this idea in his head that he came to this vicinity. On the fatal Sabbath day he passed him the morning before. He said that an

ANOTHER STEAMER ON THE ROCKS. Passengers Get Ashore with No Danger or Mishap.

NEW YORK, Feb. 4.—The Richard Peck

of the New Haven Steamship company, known as the fastest steamer on the sound, ran on the rocks at White Stone point last night while bound from this city. It is supposed that the pilot lost his bearings. There was a stiff gale blowing at the time and the snow was coming down so fast that it was impossible to see more than a few feet. The steamer had a large number of passengers on board. Some of the passen-gers were frightened and took their chances in getting off the vessel in row boats. At the offices of the company in this city nothing had been heard of the Peck going aground.

Leeds Starts for El Paso. ATLANTIC CITY, N. J., Feb. 4.—Horace Leeds, who will meet Jack Everhardt, the New Orleans lightweight fighter during Dan Stuart's fistic carnival, left for El Paso today. Leeds and Everhardt will fight on February 18. They were scheduled for February 16 18. They were scheduled for February 16, but as that date falls on Sunday and as Leeds has conscientious scruples against Sun-day fighting the date was subsequently changed. Leeds is in good condition and confident of success.

I will never fail to recommend it to others, on every occasion that presents itself " Shot and Killed the Wrong Man.

CHICAGO, Feb. 4 .- Mistaken identity caused the death of John J. Delmo today. Matthew Rollinger, a carpenter, suspected his wfie, with whom he was not living, of undue intimacy with a man named Mueller. Eraly this morning he stationed himself near his wife's bouse and as Delmo, who was rooming there, came out, Rollinger mistook him in the dim light for Mueller and fired, instantly killing him.

Too Much Water in Texas. FORT WORTH, Tex., Feb. 4.-Reports from the Brazos river state it is at a standstill near its mouth, but another heavy rise is coming from above. Houses and cattle have been swept away and other property destroyed. Velasco shipping is endangered by driftwood. At Quintana a loaded barge with three men was swept out to sea but the men were rescued far out by a tug. The

Several Monitors Almost Ready for Use to Be Completed and Manned Before the First of March.

NEW YORK, Feb. 4 .- Navalp officers on duty in this city and Brooklyn declare that in cattle was maintained, good cattle averaging it is the intention of the government to a dime higher than last week. The few steers place the navy on as complete a war footing as possible in time of peace and demonstrate what the United States can do in the way of commissioning, not a flying squadron, for which the United States has no need at this time, but a coast defense fleet to guard our shores, both on the Pacific and the Atlantic. Commodore Montgomery Sicard, commandant of the Brooklyn navy yard, got orders last night to have the new monitor, Terror, ready to go in commission on March 1. The ship has been under construction for years and it will tax the capacity of the yard to finish her in time. The orders are, however, im-

THREW THIS WOMAN INTO JAIL.

CHICAGO, Feb. 4.-Mrs. Lydia Spalding began sult in the superior court today against the Pullman Palace Car company and the Denver & Rio Grande Railway company for \$100,000 damages for alleged false arrest and imprisonment. Mrs. Spalding, who, according to the bill, is a hotel keeper in San Francisco, claims that last June she bought a ticket from the latter city to New York, whence she expected to sail for Europe. She

preferred against her and at no time was she taken in a court. At the time of her arrest she had several thousand dollars in money on her person, and a quantity of valuable jewelry, all of which was taken from her and never recovered. It is charged that the arrest was brought about by employes of the sleeping car with the object of robbery, and that they were successful in that object. Neither of the defendant companies made any complaint or charged her with any offence for which she was arrested, and she claims they are liable for damages.

Murder in the Second Degree. TOPEKA, Kan., Feb. 4.-David Coulter of Valley Falls was today found guilty in the second degree of the murder of Edward Illiston, near Topeks, a few months ago.
Both were boys. Coulter, 19 years, shot
Illiston, dragged his body in a field, stole
Illiston's wagon, and drove to Valley Falls,
twenty-five miles distant. Coulter claimed the killing was accidental.
