SUPERVISING ARCHITECT MAKES REPORT

Plans for the Plumbing and Gasht ting Will Be Rendy in a Few Weeks-South Omaha's Building.

WASHINGTON, Feb. 21.-(Special Tele-Architect of the Treasury Aiken was issued today. From the report it is learned that the total amount expended up to date on the new Omaha postoffice is \$864,000; total balauce unexpensed \$210,000; amount of contract Habilities, \$85,000; amount actually available September 30, 1895, \$125,000. The drawings for the plumbing and gasfittings have been made, the specifications written pended pending a report from the treasury as to the amount actually available for that

Drawings are completed for the Sloux City postoffice interior and approaches and speci-lications are about completed. Will be inished between March 1 and 15. Amount available for the Sioux City building on September 30, 1895, \$62,000.

The report also notes the completion of the

Fremont building and its occupancy, and state that of the total amount appropriated, \$60,000, all has been expended except \$206.

The secretary of the treasury will within a few days ask congress for a deficiency appropriation of \$100,000 to complete the Omaha postoffice exterior according to the original drawings. This has been made nec

essary on account of the substitution of granite and consequent increase in cost of superstructure, which has left the exterio sire of the supervising architect that Omaha have one of the finest postoffice buildings in the country and therefore the granite is to be carved according to the original plans. BILL IS LIKELY TO PASS

General Manderson is considerably elated over the action of the senate committee on public lands in deciding to concur in the house bill extending the time for beginning action against the purchase of lands granted to aided railroads, endangered by a recent proclamation of the president, with one of two immaterial amendments. The bill is to e taken up early next week.

A. W. Krech, secretary of the Union Pa-cific reorganization committee, states that the commission bill proposed by the com-mittee is gaining strength, and that condi-tions seemed favorable to the early consideration of the same in the house. Senator Allen will oppose the scating of

Mr. Dupont as penator from Delaware and will deliver a speech on the legal questions which seem to him pertinent to Dupont's admission. Mr. Allen refuses to state how the populists will vote on the question, but there seems to be reason for doubting Du-pont's admission, as it would add another sound money republican to that side.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condi-tion of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you pur-chase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all rep-utable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed.

If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

WASHINGTON, Feb. 21.-Inasmuch as the Venezuelan commission, at the conclusion of ts last meeting, adjourned to meet next Friday, there was no regular meeting today, although three of the members, President Brewer and Messrs. Alvey and White, held a conference with the secretary of the commission, Mr. Mallet-Provost, to compare notes of the progress of the work. The two absent members, Messrs. Coudert and Gilman, were also communicated with. At man, were also communicated with. Senator Squire Has the Fortifications Bill Ready to Report.

EXPENDITURES EXTEND OVER TEN YEARS

Provides for Putting \$87,000,000 Into Fortifications Along the Senboard-List of the Places Selected.

WASHINGTON, Feb. 21.-Senator Squire will, early next week, report from the committee on coast defenses his bill for coast defenses. It appropriates \$87,000,000, the whole or any part to be immediately available on the order of the president. There is an emergency clause to authorize the speedy completion of fortifications in case of war Othewise the expenditure is to be as follows: For the fiscal year ending June 30, 1896, \$1,500,000; for the fiscal year ending June 30, 1897, \$5,500,000, and for each fiscal year thereafter for the pariod of ten years, \$8,000,000.

The fortifications are to be constructed on the plans of the board of fortifications at the following points: New York, San Francisco, Boston, the lake ports, Hampton Roads, New Orleans, Philadelphia, Washington, Baltimore, Portland, Me., Rhode Island ton, Baltimore, Fortland, Me., Rhode Island ports in Narragansett bay, Key West, Charleston, S. and the secretary of war may require permanent works of fortification.

The report will be quite an elaborate one, containing all the evidence taken by the committee on coart defenses and also letters of endorsement on the bill from the secretary of war General Flagler, chief of secretary of war, General Flagler, chief of ordnance, and General Craighill, chief of

WHITES GOT ALL THE GOOD LAND. Ex-Senator Dawes Appears Before the

Indian Affairs Committee. WASHINGTON, Feb. 21.—Ex-Senator Dawes, chairman of the Dawes Indian commission, appeared before the house committee of Indian affairs in support of the bill introduced in the house yesterday. He explained at great length the situation among the five civilized tribes and the manner in which the white Indians were absorbing all the best nation, he said, 1,100,000 acres out of 3,000, 000 were leased to sixty-one firms and indi-viduals. In one case, he said, a white man had married a woman who was one-sixteenth Cherokee. By that marriage, according to the laws of the nation, he became a Cherokee and he now holds 10,000 acres without paying a cent into the nation's treasury. He de-scribed how Pennsylvania coal experts had told the Indians where to "discover coal" and in virtue of their "discovery" had obtained the use of the lands, which they had leased to coal operators forever at ridiculous figures. Every foot of the vast coal deposits was, he said, now covered by these leases. The trouble, he said, was with the Indian courts, which were corrupt, and with the councils, which were dominated by the "white Indians," whom, he said, were the keenest politicians he had ever seen.

In support of his charges as to the cor-ruption of the courts he described how ver-dicts had been openly for sale. In reply to dicts had been openly for sale. In reply to questions as to the legality of the leases made by individual Indians he said that some of them had been ratified by congress under prescribed conditions, but that the question was still open. He said that there was an utter perversion of functions of government is the said that there was an utter perversion of functions of government. in the nations and a change such as was proposed in the bill submitted, which would require executive approval of the acts of the councils, give the United States courts juris-diction of all land cases and provide for the revocation of certain leases, would prevent the real Indians, for whom the government was established, from becoming the prey of designing whites.

WALLER IS NOW A FREE MAN. Liberated from Prison Today and

Will Rejoin His Family. WASHINGTON, Feb. 21.-Secretary Olney Eustis, announcing that Waller, ex-consul at Madagascar, was released from jail today. It is expected that Waller will join his family in the United States.

As Waller is entirely destitute of means our ambassador, Mr. Eustis, has been authorized by Secretary Olney to provide him with transportation to the United States. He had been in prison for nearly a year, hav-ing been arrested on the 5th of March last in Madagascar, and afterward being kept in confinement in the military prisons in France.

The authorities here feel that they have reason to be gratified at the outcome of the case, which, as revealed by the correspondence on the subject, came nearer than the public was aware at one time of leading to an actual severance of diplomatic rela-tions between the two republics. The point at issue was not whether Waller was guilty of the offense charged against him, but resolved itself into a question as to whether the government had a right to insist upon satisfying itself that the American citizen which he was convicted was finally exhibited had had justice. As the evidence upon which he was convicted was finally ex-hibited to Ambassador Eustis our government was entirely satisfied, though it was incidentally shown that there could be no reasonable doubt of the guilt of the prisoner. as was conceded by President Cleveland him MOVE TO INVESTIGATE CARLISLE

Statement that He Refused to Honor a Valid Bid for Bonds.

WASHINGTON, Feb. 21.-Mr. Colson of Kentucky today introduced in the house a resolution to investigate Secretary Carlisle's action in declining to accept the Graves' bid for bonds. The resolution was as follows:

Whereas, It has been charged by William Graves in a statement made by him and given to the public press, that Hon. John G. Carlisle, the secretary of the United States treasury, has refused to deliver to said William Graves \$1,500,000 in bonds of the United States at \$15,3391, ager having accepted the bid of the said William Graves therefor at said figure, although the said William Graves had tendered the secretary of the treasury the amount of said bonds in gold, at the subtreasury in the city of New York, and that the secretary of the treasury has awarded said bonds to J. P. Morgan & Co., for the sum of \$200,000 less than the amount bid and tendered by the said William Graves. for bonds. The resolution was as follows: amount bid and tendered by the said William Graves.

Resolved. That a committee of five members of this house be appointed by the
speaker of this house to investigate said
charge and report to this house in writing
the result of the investigation. That there

Southern Pacific Magnate Close Pushed by Senator Morgan, WASHINGTON, Feb. 21. mThe committee on Pacific railroads was in session today with One Hundred and Seventy-Five Sit Down Mr. C. P. Huntington still on the stand, and Senator Morgan acting as interrogator in chief. The inquiry was coptisued on the lines of the report made by the Pattison commission. Mr. Huntington asserted that many of the statements made in the report were the result of more street talk in San Francisco. He was asked if it were true as was stated in the late Senator Stanford's testimony before the commission that Huntington, Stanford, Hopkins and Crocker had each received \$13,000,000 in stock after the comthat this statement did not accord with his recollection. The four had received \$45,000,000 in stock in the aggregate, and it had

been divided equally.

Senator Morgan pressed the inquiry regard to the destruction of the books of the Contract and Finance company, and quoted the statements of witnesses who had told the Pattison commission that the books were then in existence. Mr. Huntington declared they were not, and said the witnesses who had given this testimony were not reliable. "Are you," asked Senator Morgan, "in-different to public opinion?"
"I am satisfied," said Mr. Huntington,
"if one man thinks well of me. That man is

P. Huntington. Mr. Huntington said in reply to that the Central Pacific had paid dividends to its stockholders for several years after its completion and that according to his recollection the four principal stockholders, himself, Stanford, Crocker and Hopkins, had each received about \$2,000,000 as dividends. There dividends were, he declared, legiti-mate and in no way forced.

Speaking of the San Francisco mass meeting on January 18 last, at which a strong memorial to congress against the Huntington management was voiced and in which it said there were 13,000 people present, Mr. Huntington declared that there were only fifty-two persons there.

The committee adjourned until next Friday to give Mr. Huntington an opportunity view of making his statement on the points developed in this document. Senator Morgan remarked that he wanted to give Huntington an opportunity to answer the aspertions cast upon him, but Mrs. Huntington replied that it would take 100 years to reply to all that his enemies had said about him. "I have a great many enemies." he said.
"and I am proud of them, for I have always hewed to the line, and where there were fingers in the way they were pretty sure to

He said that while he was satisfied that the Pattison commission had done the best it could, he still regarded it as so many words thrown into the air and he was satisfied the public at large would judge him by the work he had done rather than by the reports put out against him. Senator Morgan told Mr. Huntington in reply to this that he felt confident that congress would accept the statements made by the commission unless he could refute them.

Mr. Huntington promised to read the report and make his reply at the next sitting. SENATE COMMITTEE IS FAVORABLE.

Decides on its Report on the Land Grant Extension Bill.

WASHINGTON, Feb. 21. The senate com mittee on public lands today decided to favorably report the house bill extending the time within which suits may be brought by the government to annul unauthorized grants of public lands. The committee made several verbal amendments to the bill and also added canal lands to those which are included in the bill. The decision of the committee was preceded by a hearing of representatives various interests affected by the pro posed legislation. There was a proposition before the committee to include Mcxican white appeared in opposition to this scheme, contending that the Mexican grant question should be settled as soon, as possible in the interest of all concerned, and the amendment was not made.

LINCOLN, Feb. 21 .- (Special Telegram.)-

At 10 p. m., to a medley of patriotic airs, 175 members of the Young Men's Republican club sat down to its fourth annual banque at the Lindell. The handsome dining room was rendered additionally attractive by decoration combining the national colors and potted palms. Hagenow's orchestra furnished the music through a long series of courses, and it was after midnight before the oratorical portion of the program was commenced. The new president of the club, Mr. John B. Cunningham, was inducted into office by the retiring officer, Mr. Fritz Westerman, who delivered an appropriate address. He was followed by Chancellor George E. MacLean, who spoke to the teast, "The Father and the Redeemer of Our Coun-The Father and the Redeemer of Our Country." Mr. W. B. Comstock responded to "Lincoln's Early Manhood," Hon. A. W. Field to "Lincoln as a Lawyer" and Mr. E. P. Strode to "Lincoln as Presideat." Following these General John M. Thayer gave some personal reminiscences of Abraham Lincoln and Prof. J. F. Saylor spoke of "The City of Lincoln as a Monument to the Memory of Abraham Lincoln." W. Morton Smith spoke of the "Lives of Great Men" and H. M. Bushnell on "The Republican Party and the Monroe Doctrine." The post prandial exercises were closed with the in augural address of President Cunningham Among the prominent republicans, young and old, gathered at the banquet were: Hon. G. M. Window and Plate Glass Jobbers. PITTSBURG, Feb. 21.-The executive com nittee of the Window and Plate Glass Jobbers of the United States met yesterday with members of the plate glass company in joint conference. William Glenny of Cir-cirnati, who presided, said after the meet ing that prices of plate glass had not been changed, but were adjusted. The outlook in the plate glass trade, he said, is improving, but the window glass trade is wretched and getting worse. His opinion is that there will be an effort this season to reduce wages in this latter trade, to offset European competi-tion. This would bring about a wage dispute of proportions unequaled by any in this country for many years.
