charge of \$1 per car for switching live stock and raise the rate on packing house product from \$1 per car to \$2 per car. The roads which bring in a good deal of live stock and haul out very little dead freight were in favor of an adjustment on that basis. It happens that the Missouri Pacific handles a good deal of the packing house product from South Omaba and, according to the authority quoted, seeing how the matter was going, was shrewd enough to forestall the

action of the other roads by agreeing to absorb the terminal charge on live stock. The Rock Island took the same action for the same reason. Last year the William M. Sage. Looking for B. & O. Two inches of show fell Monday night and farmers are feeling greatly encouraged to prosecute their spring work. The ground has been in good condition all winter, bet-ter than the last two previous winters, but the precipitation has been no greater. There is and has been all winter a most confident feeling among farmers that this is going to be their year for crops. This general feeling is really the most hopeful sign a hand.
