The now famous dancer, "La Loie" Fuller, Alleged that the Doctors Killed Edward has been secured by Messrs. Paxton & Burgess for a one-night engagement at Creighton hall in the near future, the theater being taken for that evening.

SOUTH OMAHA NEWS

At a caucus of leading democrats yesterday to fix up a slate for the campaign. Dr. T. H. Ensor was chosen to lead. When the neeting adjourned Dr. Ensor announced that A jury in the trial of Barney McGinn for he would be a candidate for mayor. Until the murder of Edward McKenna was secured yesterday the democrats were undecided at 11:20 o'clock yesterday, after seventythree jurors of the regular panel and eight ber of friends who were anxious for him to talesmen had been examined. The following men constitute the fury: H. B. Wetherall. Thirty-second and I streets, South Omaha; Charles A. Ring, 1338 South Twenty-fifth avenue; Joseph Rapp, 3110 California; Frank A. Hall, 1801 North Twenty-seventh street; ticket will win.
Dr. Ensor said that he would go into the J. D. Gilbert, Twentieth and Farnam streets;

says, to make a square fight on his record as a business man and a democrat.

Bugbee, 1218 Sherman avenue; James B. Bruner, ex-county superintendent of schools, Bugbee and Bruner are talesmen, Bugbee having served on the Seljan jury early in for its favorite. The Smiley men claim that their candidate will get the nomina-tion on the first ballot, but the Blanchardites As mon as the jury had been secured the witnesses in the case at the request of both sides were instructed by the court to resay that the struggle will not be settled so easily. The convention will be held on Satmain outside of the court room and in the urday, the 21st. ballway during the entire progress of the

Will Try to Stop Briggs. The opening statement of the case was made by County Attorney Baldrige, whose statement did not vary from the story of the It is expected that there will be a lively time at the meeting of the city council this after. evening when Jack Walters springs a rescase as developed by the testimony at the clution directing the chief of police to pre-The statement of what the defense proposed to show was made by T. J. Mahoney, and was in the nature of a surprise to all in the court room. This statement was to the effect that the theory of the defense will be that the death of McKenna was not caused by the builet wound inflicted by McCaused by the builet wound inflicted by McCaused by the builet wound inflicted by McCaused by the statement of the death of the death of the death was not caused by the builet wound inflicted by McCaused by the statement of the death of the death was not caused by the statement of the death of the dea

Ginn, but was due to the doctor who at-tended McKenna. Mr. Mahoney made the terded McKenna. Mr. Maheney made the bold statement that it would be proved by the testimony of the best surgeons in the go. As a reason for not allowing Briggs to proceed Walters cites the case of H. J. Abrams, who owned the store of H. J. by a physician he would be alive today. Centinuing, he said that it would be shown hat McKenna's death was caused by blood oisoning, resulting from the careless maner in which the attending physician pros-cuted his search for the bullet. The evi-Abrams, who owned the store on N street near Twenty-fifth street, which was burned dence will show, he stated, that the bullet down last summer. The city council restruck McKenna in the lower part of the fused to allow Abrams to erect a sheet iron abdomen, moving in a downward direction, structure, and he build a neat brick block, structure, and he build a neat brick block, which is an ornament to the street. Walters and that it struck the pubic bone, splitting the bullet in two pieces, one of which passed backward and downward along the insists that it is not right to refuse one man a permit and then in six months allow polyic wall and the other passing downward into the grain. These, pieces, it would be another to violate the law.

would not have caused death if Cattle from California. they had been allowed to remain, but in searching for them, first with a probe and John Sparks, a well known cattle man afterward by means of abdominal incision, the intertines were out and larcerated and inflammation resulted from the fact that Aside from this feature of the defense, the statement of what the defense would show was practically the same as was brought out at the former trial, involving self-defense and provocation on the part of Mc-Henry Robbins, 5825 Florence boulevard, and of Drs. Impey and Masthews was taken. If any of the cattle are diseased, the cars of the shorting will be fumigated before being used again. "When the new system of rates on live and told the story as it has appeared in print. Driving north, he sow McGinn standing at the corner of Twenty-fourth street and Ames avenue and when McKenna got off

However, the democrats road company. It preserves the entire sysfeel entirely satisfied with the arrangement tem and also control of the block of Oregon and are confident that the head of the Railway and Navigation stock which secured the \$13,000,000 collateral trust bonds, the new Short Line company paying the race wholly unpledged, and he would not make promises of any kind to the salcon make promises of any kind to the salcon men, gamblers, railroads, packing houses or the stock yards company. He intends, he says, to make a square fight on his record as a business man and a democrat. The fight for the mayoralty nomination between Blanchard and Smiley in the republican camp still goes on. Both men have compared with \$2,788,575 for the old company the state of the new company will be \$1,852,270, as compared with \$2,788,575 for the old company. This reduction in charges is accompany its favority. pany. This reduction in charges is accom-plished by converting one-half the present \$10,894,000 consolidated 5s into 5 noncumulative "A" income bonds, likewise one-half the \$3,476,000 Utah Southern general and extension 7 per cent mortgages. The other half gets new 5 per cent bonds and by con-verting the \$13,000,000 collateral trust 5 per cent bonds into noncumulative "B" bonds to receive interest, if earned, 3 per cent for three years, and 4 per cent there

The "B" bonds have two directors in the company. Any income from the Navigation stock to secure their own 3 or 4 per vent George Briggs from erecting a sheat iron building at the northwest corner of Twenty-fifth and N streets, as he now pro-The erection of the building as contemplated, would be in direct violation of the plated, would be in direct violation of the each. The present \$26,180,200 common stock city ordinances, and Walters insists that he pays \$12 per share in four installments and will prevent Briggs from disobeying the law if possible. Other members of the city per cent gold bonds and 50 per cent of stock council are rather inclined to shut one eye in the new company, the other half of stock in the new company, the other half of stock in the new company, the other half of stock in the new company, the other half of stock in the new company, the other half of stock in the new company, the other half of stock in the new company, the other half of stock in the new company. council are rather inclined to shut one eye in the new company, the other half of stock and allow the work to go on, just for the going to the holders of the \$14,370,000 considered of giving men work and covering up the unsightly hole where the building is to of 100 per cent of their holdings, making

Stock Dealer Expresses His Views or

"It is about time the railway companies were getting together and formulating some plan to relieve the South Omaha stock yards and those interested therein," said a promi nent live stock dealer yesterday. "They have had plenty of time and opportunity to amicably adjust their differences with the stock John Sparks, a well known cattle man from Amedee, Cal., arrived in the city yesterday, and was a guest of the managers of the stock yards. Mr. Sparks came ahead of a train load of cattle, which he intends to dispose of at this market. It requires about rejected. Then the railroad people got their saven days to bring a shipment from seven days to bring a shipment from heads together and fixed up an arrangement Amedee. As the entire state of California is to suit themselves, which, we understand, outside of the quarantine lines, as issued by was satisfactory to the stock yards comthe Department of Agriculture, the shir- pany; but it appears that it is not the in-ment will be unloaded at the quaranties tention of the roads to mete out to home pens, and will be inspected as provided by industries even the benefits extended to law. The cars will also be inspected, and Kansas City and other Missouri river mar-

stock was put in on January 1, it was said the rates would be no higher than they were heretofore, but this is not the case, rates materially advanced the expense of transportation to the shipper; and this did not satisfy the roads. They applied an arbitrary charge of \$1.50 terminal charge on every car of live stock originating in Ne-H. Stoddard of Aspin, Wyo., was at the yards yesterday with four cars of cattle.

George L. Dare left yesterday afternoon for Cripple Creek, where he will engage in business.

Shippers from outside of the state do not have to pay this, neither do Nebraska shippers have to pay a terminal charge at Kansas City. They pay the Kansas City Stock Yards company 50 cents per car for unleading stock and this amount is taken out of the revenue of the company. At Omaha the shipper has to pay this 50 cents."

Caused by the Salt Drippings from Refrigerator Cars. The Central Rallway club has started an inquiry with regard to the injury caused to bridges, track and trucks by the dripping of salt water from refrigerator cars. A committee having the subject in charge recently sent out circulars consisting of four questions which were designed to bring out the experience of each of the important roads handling these cars in regard to whether this difficulty had been found to be serious, and asking for information pertaining to proposed remedies therefor, Fourteen different railways and also several refrigerator companies replied and the information obtained is valuable. Few have realized that such a small matter

as the dripping of salt water from passing freight trains could have any important effect upon the safety of structures, but the re-ports of several of the large roads indicate that this difficulty has been underestimated by those who have considered it trivial. The troubles experienced are almost wholly confined to the tracks upon which the loaded cars are hauled, and the effect is most noticeable on curves and at points where the trains stop and start, as under such curcumstances the brine which may have collected in the pipes during a run is thrown violently to the outlets from which it escapes in larger quantitles than when running quietly.

SHORT LINE MATTER SUBMITTED Testimony Taken on the Question of

the Division of Surplus.

There was a full attendance at the court of Master-in-Chancery Cornish of the Union Pacific yesterday when the term opened The first case taken up was the division of certain amounts of surplus throughou the system. The morning was spent in taicing testimony on this question. Freight Traffic Manager Munroe and Assistant General Freight Agent S. W. Eckles of Salt Lake being the witnesses. The consideration of the Short Line con-

troversy was brought to a close and sub-mitted to the court. At vesterday afternoon's session of the naster's court a formal hearing was held on the subject of corporate expenses, the de-termination of amounts apportioned each of the several roads in the Union Pacific sys-

tem. Alexander Miller of Boston, the as-sistant comptroller for the receivers, was the principal witness.

He Was at Cripple Creek.

"Colonel" Marley of the Michigan Central

road has just returned from a trip through the west. When asked concerning the condition of the ratiroad business in that sec tion he replied: "Very dull, I never saw it much duller. You express surprise that railroading around Cripple Creek and other mining towns that are enjoying booms should not be good. It would be if the people there had the money with which to purchase transportation, but they haven't. The fortune-seekers who have gone out are only too anxious to come east, but they can't raise the price of a ticket. I saw nearly thirty fine-looking young fellows sleeping on the floor of the depot at Colorado Springs night before last. There are, at the least calculation, three times as many laborers in this district as can possibly be provided with employment. Yes, if all of these people had morey the eastbound passenger traffic would enjoy a big beom right off. It's a good place to keep away frem."

Raising the Truck Above Floods. DENVER, March 10.-The Florence & Cripple Creek Rallway company today let a contract to Carlisle, Ditman & Welthree to raise its roadbed about twenty feet through Eight Mile canyon to get it out of the way of the summer floods that have forced a sus-position of traffic for weeks every summer since the road was built. The work will be excavated in solid rock.

Do Not Care to Hant Hay. Freight matters are not as lively as they were at this time last week. The low prices offered for grain prevent much of a move-

ment in that direction. There has been, and still is, a considerable movement of hay, but the railroad men say that there is no money in transporting hay. As one official said yesterday, "Of course, we take all the hay that comes our way, but we're not break-

ing our necks running after it."
The amount of merchandise that has been moving westward for the last foringht is somewhat reduced just now, but will doubt-PRESERVES THE ENTIRE SYSTEM INTACT

less pick up again soon. The largest westbound movement at present is in the implement trade. Large invoices of all kinds of
agricultural implements are going west, and
such a movement is said to always indicate
of Oregon Railway and Navigagood returns from that quarter a few months

> Opposes the Commission Bill. When asked its opinion of the bill now before the Utah legislature creating a railroad commission, the Railway Age repited:

"It is probably as bad a bill on the subject as could well be drafted, unconstitutional in at least two particulars, and probably in many more." It criticises the English, as well as the law, of the bill, and then proceeds to discuss its probable effects. It says the passage of such a law would discourage investment in rallways in the state; that outrallway building in a state in the condition of Utah, to be subject to such a commission and such regulations as are suggested; then it reviews the results of the attempts of other states to regulate railway traffic.

Statement Shows a Deficit. ST. LOUIS, Mo., March 10.—A meeting of the stockholders of the Missouri Pacific and St. Louis, Iron Mountain & Southern Railway companies was held here today. Over four-fifths of the stock was represented. The annual report shows gross earnings, \$22,-672,603; operating expenses, \$17.021,140; net earnings, \$5.659.863; revenue from other sources, \$1,081,880; total income, \$6,732,744. Fixed and other charges against the income, \$7,332,992; deficit, \$590,247. This deficit is accounted for by the expenditure of \$1,056,-441 for betterments. The freight earnings senger traffic an increase of \$244,450,

Jim Hill Revives an Old Rumor. NEW YORK, March 10 .- President J. J. Hill of the Great Northern railway is in this city, and the story has been revived that he is trying to get control of the Northern Pacific. A director of the North-ern Pacific said last night that if the Great Northern desires possession of the Northern Pacific, it must buy it. The Northern Pacific is to be reorganized as an independent property. It will naturally seek to reach an agreement with the Great North-ern on a division of territory and on rates, but there will be no alliance.

Innugurates a Rate War. DENVER, March 10 .- A passenger rate war which may extend to eastern business was inaugurated today when the Union Pacific, Denver & Gulf reilroad made a cut of about 70 per cent in fares to Colorado points. The Rio Grands and Santa Fe comptly met the reduced rates. of this move on the part of the Gulf is to bring about a settlement of the coal rate war between the Santa Fe and the Gulf. Homeseckers Moving West.

Yesterday's westbound trains carried a few passengers traveling on the homeseekers' excursion rates. It is expected that today's trains will carry a much larger number of excursionists, as those who started from the east yesterday will then be due here. The bulk of the traffic comes from east of the Mississippi river.

Railway Notes and Personals. "Colonel" H. H. Marley, traveling passen-ger agent of the Michigan Central, is in the

A party of about twenty-five music lovers of Lincoln passed through here yesterday on the Burlington. They were returning home from the Paderewski recital given in Kansas City.

A number of St. Louis newspaper men passed through Lincoln yesterday enroute from Denver to St. Joseph, over the Burling-ton. They had just completed a tour of inspection of Cripple Creek, Mercur and other mining camps in Utah and Colorado, traveling in a special car, the "Izaak Walton,"

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYS-PEPSIA OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in

gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic, and being an every day occurrence, is given but little attention. Because dyspeosia is not imminediately fatal, many people do nothing for the trouble. It is now well known among able physicians that the whole constitution is gradually undermined and weakened, that the nerves and vital organs are writunally afthe nerves and vital organs are esclosisty af-fected by any form of d, spepsia. This is plain, as every organ, every nerve in the body is nourished by the blood and the blood is replenished from the food digested. If the food is properly digested, the blood is pure, the nerves steady, but if supplied from a sour, fermenting, decaying mass, the blood is villated, poisoned, and the result is shown in sleeplessness, lack of energy, poor appe-tite, nervousness. Every trifle is magnified tite, nervousness. Every trifle is magnified and the dyspeptic sees nothing but the dark

side of everything.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and it is now beart's Dyspessia Tablets and it is now becoming rapidly used and prescribed as a
radical cure for every form of dyspepsia.

It is not claimed to cure anything except
dyspepsia and stomach weakness in its various forms, but for this it has been shown
to be unequalled. The eminent specialists,
Reed and O'Leary, have recently stated that
they considered Stuart's Dyspepsia Tablets
an unfailing specific for disorders of the dian unfailing specific for disorders of the di-gestive organs, and the remarkable cures made in cases of long standing dyspepsia proves that this remedy has extraordinary

Merit.

Stuart's Dyspepsia Tablets have been placed before the public and are soid by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

A Watch for Nothing SENT POSTPAID IN EXCHANGE FOR 100 COUPONS, OR, IF YOU PREFER. FOR 2 COUPONS AND \$1.00 IN CASH.

The watch is nickel, good timekeeper quick stem wind and set. You will find one coupon inside each 2 ounce bag and two coupons inside each 4 ounce bag of BLACKWELL'S CENUINE
