by the suit brought in the federal court at Council Bluffs to recover lands formerly owned by the Burlington road and sold to farmers in this county. Titles in something like 20,000 arces of land in this county alone is affected by the said, and the owners are very much excited over the matter. A mass meeting of farmers has been called to be held at the opera house here Tuesday afternoon at 1 o'clock, when Hon. Smith McPherson of Pad Oak will address the farmers, outlining his idea of the plans necessary for the farmers to pursue to protect their interests.

DISCUSSED FREIGHT RATES

State Board of Trimsportation Secretaries Return from Kansas.

BOARD OF THAT STATE DISSATISFIED

All Agree that the Present Freight Charges Might Be Equalized Without Injury to Any Interest.

LINCOLN, March 16 .- (Special.)-The sec retaries of the State Board of Transportation have returned from their trip to Topeka, where they met with the railroad commisloners of Kansas. Secretary Dillworth said that in regard to the contemplated move for a reduction in the grain rates, they found around here, but missed the northesstern part of the state. About 75,000 bushels of mind with themsevies. The matter will be presented to the Interstate Commerce commission at an early day for adjustment. Concerning live stock rates the Kansas comnisoloners admitted that the Nebraska state board had gone a great deal farther in their the 14th inst. an item from Plattsmouth, investigation of the subject. The Nebraska stating that "Plattsmouth has the honor of board had figures to prove that the rate for live stock on large cars was higher, while the rate on small cars was proportionately not the only one in the United States." lower, than under the old schedule. How to equalize the two in order to secure a just and equitable rate, was the problem. On a car lead of 27,000 pounds the Nebraska and Kansas stock shippers pay more, on a car load of 16,000 pounds less, than under the old rate. This would make an average of 21,500 pounds. But still it might be possible that one section of the state would be provided with small cars, and another with large ones. Of course all complaints would then emanate from the territory provided with the larger sized cars.

HAS BIG CAPITAL STOCK. The Occidental Building and Loan ecation of Omaha, capital stock, \$10,000,000, filed articles of incorporation today with the secretary of state. This organization was formed in 1889, and the filing today is for the purpose of enabling it to make similar filings in other states. The incorporators are W. W. Lovel, R. C. Patterson, W. J. Broatch, W. S. Curtis and J. W. Robinson. It is pro vided that the corporation may begin doing business, loaning fonds, etc., so soon as \$100,000 in stock shall have been subscribed This afternoon Judge Wakely and G. M

Lambertson, attorneys for the state in the Hill case, called on Governor Holcomb in relation to the remainder of the fees for pery ices. Of the \$15,000 appropriated by the legilature for the prosecution of the case against the ex-state treasurer, there remains about \$6,000 in the governor's hands. The govern nor said today that he had effected a settle-ment with the attorneys, but would not have a statement of the amounts paid over until tomorrow.

Attorney E. S. Abbott of Crete called at the governor's office today in the interest of William Magrew, a convict who is serving a term in the penitentlary for stealing a watch. Three months ago Magrew was sent up from Wayne county. The application for a pardon is based on extenuating circumstances, among which is quoted the fact that he watch was recovered from the person of Magrew after he was arrested. The governor has taken all the papers in the case and the application for pardon under ad-REVIEWS IRRIGATION WORK.

It is announced by President A. G. Wolf-enbarger of the State Irrigation association that the Nebraska irrigation sonual is nov in preparation for the press, and will be ready for free distribution about April 1. The work will contain a complete review of irrigation work done in Nebraska during the past year and will be distributed to those interested in irrigation free of charge, except postage Mrs. James Houston, who secured a ver-dict of \$5,000 against John Gran and his

hondsmen. Thomas Carr and Jerry Herring-ton, for furnishing liquor to her husband, who was killed by the cars while intoxicated. is now suing S. H. Burnham, who signed the supersedeas tond. The case was appealed to the supreme court by Gran and the de-cision of the lower court sustained, but the money has not as yet been paid. Some of the candidates for at the city primaries last Friday are very much dissatisfied with results and claim that they were counted out. The matter bids fair to get into the courts, and taken al-together there is considerable excitement over the new Crawford system of nominating candidates. The city republican central committee met this evening and formally placed in nomination the candidates selected Friday at the primaries. The populists of the city will hold their convention tomorrow. Some of the prominent populists believe that a number of the republican candidates will be endorsed by the convention, but there are others who are loud for straight, middle-of-the-r ad pop candidates. It is now rumored that R. E. Moore has consented to become

a candidate for governor.

Spree of a Man at Grand Island Nearly Ends Fatally. GRAND ISLAND, Neb., March 16 .- (Spe cial.)-Yesterday evening O. Bridges, who claims to be a liquor dealer from Lexington. Neb., called at the Koghler hotel and said he wanted a room He retired about i o'clock. At 11 the odor of gas was detected escaping from his room. The apartment was at once entered, and it was found that the gas jet was turned on full. Bridges was unconscious. It was found that he had also taken some morphine. When he retired he was, in addition, in a considerably intoxicated condition, but this morning he had so far recovered as to state that he came here drunk, had imbibed a little more and didn't really know what he was doing when he went to bed. He took the morphine to steady his nerves, he said, for he had just recov-ered from a severe fever. He emphatically denied that he had contemplated suicide, and stated that he must have turned on the gas after turning it off. Bridges claims he has family at Lexington, and seems glac rough to be alive. His condition will re quire him to remain in bed for several days

BEATRICE, March 16.-(Special Tele gram.)-Charles Stevenson, 13 years of age, residing with his grandfather, seven miles northwest of this city, was severely injured this afternoon by the accidental discharge of a shotgun. Delayed Reports of the Storm NORTH LOUP, Neb., March 16.—(Special.)
-The aggregate depth of the several snows which have fallen here during the past four days is about eight to ten inches and they will add considerable moisture to the ground on thawing. The moisture contained in the now now on the ground will put the surface a excellent condition for early spring work, besides furnishing an admirable protection to the crops of winter grain. The mercury fell to 17 degreen below zero on Sunday morning—the coldest night of the year. PLATTSMOUTH, March 16.—(Special.)—A which

two-inch mow fell here Saturday, which molted almost as fast as it came down, which added greatly to the value of the prospect for this year. Farmers are very confident. LYONS, Neb., March 16.—(Special.)— There was some snow here last week, but none to do any good. Snow has fallen all corn is cribbed here awaiting higher prices. Merchants report trade far better than last year.

Another 1812 Pensioner. FALLS CITY, Neb., March 16 .- To the Editor of The Bee: I notice in your issue of possessing probably the only pensioner of the war of 1812 that lives in Nebraska, i

Litigation at Plattsmouth. PLATTSMOUTH, March 16 .- (Special.)-Judge Archer was entertained Saturday listening to arguments in two replevin suits resulting from the old Plattsmouth Canning ompany litigation. Fred Hermann and Henry Hemple, two stockholders in that long since defunct concern, were made defendants in the suits where creditors sought to secure possesison of a valuable plano be-longing to Mrs. Hermann and a coal yard belonging to Mrs. Hemple. Both defendants aver that the property in controversy is not and never was the possessions of the de fendants.

Fined for Stenling. TEKAMAH, Neb., March 16 .- (Special.)-

George Kelley and Joe Blair, two well known residents of this vicinity, attended public sale of farm property near Craig last week. Several articles were missed and were found in Kelley's and Blair's posses-sion. They were arrested. Kelley has been arrested numerous times for petty thieving and accused of much more, so the county judge gave both a heavy sentence, Kelley getting \$100 and costs and Blair \$50. Iowa Court Holds that Messages Mus

Be Delivered as Directed. SIOUX CITY, March 16 .- (Special Tele gram.)-The refusal of the Western Union Telegraph company to deliver messages to the Stoux City Nursery and Seed company through an intermediate agent in the latter's employ, was held to be illegal by District Judge Ladd today, and the telegraph company temporarily enjoined from refusing ionger to turn over telegrams to such agent. The nursery company's place of business being outside the Western Union's free delivery limits and the two having of communication, except by mail the former asked that the messages be turned over to the Postal Telegraph company, which has a connection with it. This request the Western Union refused on the ground that it would be liable for any miscarriage unless the messages were delivered direct to the Nursery company's manager. The court held that as all companies must act through agents the delivery to the Postal on the nursery company's authority is sufficient. The hearing for a permanent injunction will take place Wednesday.

DES MOINES, March 16 .- (Special Telegram.)-Governor Drake today received a formal invitation from Secretary Herbert of the navy, to attend the launching of the battleship Iowa on March 28 at Philadelphia. The invitation also states that Miss Mary Lord Drake, daughter of the governor, is desired to christen the vessel. The invitation will be accepted and the governor and party will go from here in a special train. The entire membership of the governor's staff will be invited, and the party will include most of the state officers with ladies and a number of other guests. The plan for the trip east, although not complete, includes a day in Washington, one in New York, and then the return home.

· Iowa Farmer Hangs Himself. NEOLA, Ia., March 16 .- (Special Tele gram.)-John Hansen, living two miles south of Shelby, hanged himself today, having once before tried to take his life in this way. He left a note in which he said: "I have tried this once before, but the rope was too short and I could not hang myesif without everybody knowing it."

He asked to be forgiven, and said that poor health had driven him to the act. He leaves several small children, a wife and considerable property, being the owner of a large farm.

LEGISLATURE DOES LITTLE WORK. NOT WELL ENOUGH GUARDED Iowa Solona Hear Some New Bills and Kill Some Old Ones.

DES MOINES, March 16 -- (Special.)-There was a rather slim attendance at the legislative session in both houses this morning, though neither met till 11 o'clock. A large number of protests against an extra session and authorizing any increase in taxation were presented and read. The following bills were introduced in the house: By Reed, providing for the payment of voluntary fire companies; by Finch, prescribing a uniform policy of fire insurance; by Grate, to protect the live stock industry by re quiring all veterinary practitioners to be grad uates of a veterinary college. The conference committee of the house and senate has about agreed upon the draft

of the substitute bill governing mutual build-ing and loan associations. It is now admitted that the clause requiring a deposit of \$100, 000 by outside companies will remain, as well as the filing fees required of these associations.

There are more than 100 new bills on the

general calendar, nearly all of which will provoke more or less debate, so that they can hardly be disposed of prior to April 10. even if not another hour is given to the con-servation of the code. DESERTED WIFE AND CHILD.

Cherokee Man Accused of Great CHEROKEE, Ia., March 16 .- (Special.)-The attention of Overseer of the Poor John Brennan of this place was recently called to a case of wife descrition which has provoked much interest. About month ago Jesse Holbert, an Englishman who is employed as blacksmith at John Reigle's wagon shop, left his wife and went o the Cherokee house to board, and refused o furnish any further means of support to the family. A few days later Mrs. Holbert went to P. F. Fassler's grocery store to buy provisions. She was informed by the pro-prietor that her husband had instructed him ot to sell her any more groceries on time, and refused to pay for them if he did. she was left without a cent the now almost distracted woman did not know what to do. She was too proud to ask aid from the city, and she could not starve. The most pitiful feature of the case is the fact that Claude Vansickles, a son of Mrs. Holbert's by her first husband, is lying at death's door, stricken with consumption, and because the mother would not desert her dying boy is given by her as the cause of the and her story is verified by neighbors and friends of the family. To make matters more serious Holbert refused to pay any more rent for the house his wife was living in, and the owner ordered the woman and her sick son out. Not until then was the city appealed to for help. During all of this misery and suffering Holbert is earning \$10

a week and eating three square meals a day at a good hotel within a stone's throw of the faithful wife.

A friend of Holbert's was seen by the re-Hollow the response of the responser, who gave as the reason, as stated by Holbert, that the boy was lazy and would not work when he was well; that he had secured employment for him at different times and Claude would not go to work that he had always supported his wife's children by her first husband and he had become tired of it.

Iowa Executive Council Completes ar Interesting Table. DES MOINES, March 16 .- (Special Tele gram.)-The state executive council has just completed its tabulated statement of the earnings of Iowa roads for 1895. It shows a considerable improvement of business over the year before, and the most remarkable feature is that while in 1894 a large number of the lines or branches of large systems reported not losses, there are but four which report losses in 1895. The total gross earnings for the state for 1895 were \$37.717,000; 1894, \$35.874,000. Gross earnings per mile are: 1893, \$5,029; 1894, \$4,230; 1895, \$4,438. It appears that 1895 shows a gain of 5.15 per cent over 1894, but a loss of 11.75 per cent as compared with 1893. Net earnings are: For 1895, \$13,588,000; 1894, \$10,365,000. an increase of 21.39 per cent. In earnings 1895 shows an increase over 1894 and 1893. The increase over 1893 is \$9 per mile, or less than 1 per cent, but it is remarkable in view of the fact that the gross earnings are smaller for 1895.

Sensational Breach of Promise Case CRESTON, Ia., March 16 .- (Special Telegram.)-Creston parties have become implicated in the celebrated Seevers seduction breach of promise suit. Sheriff Wants Another Deputy at the Jail at Night.

MAKES A REQUEST FOR MORE ROOM

Inder the Present Arrangement Prisoners Might Overpower the Single Guard and Every Man Get Out.

At the meeting of the county commissioners last Saturday Commissioner Hoctor presented a communication from the sheriff asking that the county jailer be allowed to occupy two rooms in the jail that he might be in attendance at all times. Mr. Hoctor asked unanimous consent to grant the request of the shortff, but this was denied and the matter was referred to the committee on court house and jail, Commissioner Stenberg remarking that a move of that kind meant more than appeared on the face and he should not approve of it until a definite and complete understanding had been reached. Investigation of the cause of this com-

munication revealed a situation which may be regarded as somewhat dangerous. There are now but two jailers. Under former administrations there were always three, but during the last year the county com-missioners reduced the number to two. Sheriff Drexel evaded this provision by detailing one of his deputies as assistant jailer. Under the present plan of operation there are two men detailed for jail work. One of these eleeps at the jail at night, and is, therefore, on duty twenty-four hours in each day. The other man reports at the jail at 7 o'clock in the morning and remains there until 7 o'clock at night. The two men take turns in sleeping at the jail at 7 be the princes remained in the two men take turns in sleeping at the fail cach week. The prisoners confined in the east wing, men of all kinds, and in jail on all sorts of charges, are allowed the freedom of the large dining room in the middle of the jail during the daytime. These men are of the class not regarded as dangerous, but there is no guaranty attached that they are harmless, when the hour for retiring comes the failer When the hour for retiring comes the failer orders them into their respective cells and he then enters the dining room alone, going thence to the room containing their cells for the purpose of locking them in for the night. There is nothing to prevent them from at-tacking him when he thus gets in the same room with them, and as there are generally from fifteen to twenty the jailer would not be able to make much resistance. If they should overpower him they would then have all the keys of the jall in their possession, as the way would be open to secure as the way would be open to secure admission to the office and to the key case containing the keys to every cell. A fail delivery would follow which would eclipse anything in the history of this ounty

heretofore is almost a miracle, as there is almost nothing to prevent it. The sheriff says he is unable to do anything to remedy the situation. His two jailers are now putting in twelve and twenty-four hours each and he cannot ask them to do any more, and the commissioners have refused to allow him another man. SMALLPOX' AT KANSAS CITY.

General Belief that the Twelve Men Will Not Agree. The McGinn jury has been out since about 10:30 o'clock Saturday night, and has given no intimation as to how it stands. Considerable interest is manifested as to the probable rebult, the consensus of cpinion being that the

long delay is indicative of a disagreement. Nearly the entire morning in the criminal court room was taken up in impaneling a new lot of jurors, the second three weeks of the term having expired Saturday last. The usual number of victims asked to be excused on one pretext or another and a few excuse. were granted, but Judge Baker was inclined to be rather strict and a very good showing was required before an excuse was granted. A number of small city cases, appealed from the police court, will be taken up at once and disposed of. The first of these will be the one in which George Peterson and Anton Jergensen are charged with having stelen the doors, windows, steps and various other parts of a house belonging to ex-Coun-cilman P. M. Back. They were fined \$10 and costs in the police court and a jury was im-paneled yesterday to try the case.

DOING GOOD EVERYWHERE

Medical Discovery that Effectually Cures Pfles in Every Form.

For many years physicians have experimented in vain, seeking a remedy which would effectually cure piles and other rectal troubles, without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a lasting, satisfac-

tory cure. Within a recent period, however, a new remedy, the Pyramid Pile Cure, has been repentedly tested in hundreds of cases and with highly satisfactory results.

The first effect of the Pyramid Pile Core is to instantly remove the pain and irritation generally present and from that time on the cure rapidly progresses and before patient is hardly aware of it he is entrely cured. The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to the'r normal condition.

The remely does its work without any justly considered one of the most meritori-ous discoveries of modern medicine. Piles is one of the most annoying and often times dangerous diseases with which humanity is affected. If neglected it fre-

quently develops into Fistula or some equally fatal or incurable trouble, whereas by the timely use of this simple but effective remedy

timely use of this simple but effective remedy no one need suffer a single day from any form of piles unless they want to.

The Pyramid Pile Cure is perfectly harmless, containing no mineral poisons and is also very reasonable in price, costing but one dollar a package. It is sold in drug stores everywhere. The manufacturers of the remedy are the Pyramid Drug Co. of Albion, Mich., who have piaced this excellent preparation before the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not disappoint you. it will not disappoint you.
