

READY FOR THE NEXT RAID

Transvaal Being Fortified and the Burglars Arming to the Teeth.

KRUGER WILL NOT VISIT ENGLAND

Volksraad Declines to Give Oom Paul Permission to Accept Chamberlain's Invitation to a Conference at London.

(Copyright, 1896, by Press Publishing Company.) CAPE TOWN, South Africa, March 23.—(New York World Telegram—Special Telegram.)—The Transvaal is being fortified and the burglars are arming to the teeth and other warlike preparations are being made.

Eight forts are being built at Pretoria, the capital, and hostilities to Great Britain is openly and freely expressed there. Embarassment have been sent to the Orange Free State and to Cape Colony. It is reported, to stir up race feeling.

Germany, Austria and France, it is said here, will guarantee the independence of the Transvaal if necessary.

President Kruger will not go to England after all. He desired to accept Colonial Secretary Chamberlain's invitation to come to London and confer with the British authorities with reference to Transvaal affairs. It is asserted, but the Hollanders or Boers objected.

President Kruger's decision to go to London was decided by the Volksraad legislature, which refused to grant permission to go. This action has caused consternation on the Rand.

The Volksraad consists of 48 members, 15 of whom are Englishmen and 33 are "Boers."

Farrar, Phillips and other members of the Johannesburg reform committee, arrested on charges of treason, were allowed to go to the Rand, but being allowed to go to the Rand.

SALISBURY GIVES ENCOURAGEMENT. Answers a Letter of the President of the Peace Society.

LONDON, March 23.—Lord Salisbury has sent a reply to the memorial in favor of Anglo-American arbitration of the Venezuelan question adopted by the Peace society recently. The reply is addressed to Rt. Hon. James Stansfield, who presided at a meeting of the peace association, in which it is stated to be able to inform you that this question is receiving the consideration of the government, and that proposals in the direction indicated by the memorial are now before the cabinet of the United States.

The Daily News (liberal) has an editorial on Lord Salisbury's reply to the memorial of the Peace association, in which it says: "Lord Salisbury's letter is the most hopeful word we have had for a long time from the premier. We hope that it portends a definite clearing of the air in the Venezuelan question."

The Daily News (liberal) has an editorial on Lord Salisbury's reply to the memorial of the Peace association, in which it says: "Lord Salisbury's letter is the most hopeful word we have had for a long time from the premier. We hope that it portends a definite clearing of the air in the Venezuelan question."

It is not perfect, however, whether the question has been advanced a stage or whether the government has merely contented and adopted Lord Salisbury's policy. If Lord Salisbury's letter is a definite word to the effect that he will go far to make his present term of office illustrious and beneficial.

The Chronicle, also liberal, echoes the Daily News' hope that the United States will reciprocate our good will. "If so," the Chronicle adds, "there is no need to trouble ourselves further about Venezuela."

TERRIBLE STORM ON THE PACIFIC. Entire Filipino Groped Said to Have Been Devastated.

VICTORIA, B. C., March 23.—The Canadian-Australian steamer Warrimoo, which arrived here last night, reports encountering a terrific hurricane on the 9th inst., the ship being driven on to the rocks at Suva, Fiji. So fierce was the storm that the steamer was forced to slow down for forty consecutive hours, and its officers assert that not only Suva, but every settlement in the Fijiian group must have suffered a devastating, or, at least, a very severe storm. The damage to the memorable hurricane of three years ago, which laid both the Fijiian and Samoan islands in ruins, is believed to have been as great as that of the present storm.

Five Hundred Thousand Dollars Worth of Property Destroyed. COLON, C. I., March 23.—(New York World Telegram—Special Telegram.)—The storm today destroyed the better half of the commercial part of Colon, a large number of tenement houses, every important Chinese store, the hotels and the government buildings, including the prison, the school, the market and the courts. All the Panama railroad buildings were saved. A few cars here and there were derailed. One life was lost. Business is suspended, and hundreds are homeless. The Panama fire brigade came across the isthmus. The damage was \$500,000.

Important Contracts Awarded. CITY OF MEXICO, March 23.—A Robinson of Monterey has been granted an important concession by Governor Reyes of the state of Nuevo Leon for water works and sewers for the city of Monterey. The concession involves an expenditure of \$1,500,000 and the work will be modern and first class in all respects. A distinguished sanitary engineer of Providence, R. I., named Gray, has charge of the project. He is president of the company and the Cook financial company and other Chicago capitalists are interested. The concession is regarded as very liberal and a valuable one, and Monterey will be the first city in the country to have modern water and sewer facilities.

Made Salisbury a Sunday Call. LONDON, March 23.—The Standard has a dispatch from Cairo which says: "There are already 6,000 troops at Wady-Halfa, and there is no intention of marching upon Dongola until they have 10,000 troops."

The French ambassador, Baron de Courcel, had a long interview with Lord Salisbury at the latter's residence on Sunday. The conference is supposed to have dealt with the subject of the Nile expedition. A visit by an ambassador to the private residence of the prime minister of foreign affairs is an unusual occurrence, and this leads to the supposition that the subject of Baron de Courcel's call was an important one.

British Occupy Akshesh. CAIRO, March 23.—News from the front received here today confirms the report that British-Egyptian advance guards under Major Collier occupied Akshesh on Friday last without opposition. A fort is now being built at that place. The Egyptian army contingent met today in order to discuss the question of the withdrawal of funds from the reserve which the Egyptian army had spent on the British-Egyptian expedition on the Nile, but, owing to the illness of the German commissioner, the meeting was adjourned until Thursday.

Emperor of Ethiopia Goes to Genoa. BERLIN, March 23.—The emperor and empress of Germany started this morning for Genoa, where it is expected they will meet the king of Italy and embark on board the imperial yacht Hohenzollern for a Mediterranean cruise. It is not definitely known this morning where Emperor Francis Joseph will meet his majesty. Previous to the departure of the emperor, General von Hertzberg, the German ambassador to Russia, visited the emperor and presented him with an autograph letter from the czar.

NOT INTENDED FOR PROTECTION.

Cattle Exclusion Only a Preventative Against Disease.

LONDON, March 23.—In the discussion of the second reading of the bill introduced by Mr. Walter Long, the president of the Board of Agriculture, providing for the permanent exclusion of foreign-bred cattle, Mr. J. Martin White, liberal member for Forfarshire, and a merchant of New York City; Mr. R. J. Price, liberal member for Eastern Norfolk; Rt. Hon. Sir George Trevelyan, liberal member for the Bridgton division of Glasgow, and others, opposed the measure, urging that there was no danger in the importation of Canadian cattle, and claiming that the passage of the bill would seriously injure British stock raisers.

Mr. White said that the bill was only intended to give the security necessary to the farmers. Diseases, he explained, remained latent for a long time. Only recently there was an outbreak of pleuro pneumonia in England, and a whole herd had to be killed. Continuing, Mr. Long said a case in 1892, which was only discovered in 1895, had cost the country £15,000, and it occurred in spite of the examination made at the port of entry. The government did not desire to do anything which could injure the cattle or the industry of the loyal and splendid colonies of Canada, and Mr. Long denied that the bill was intended for protection except against diseases.

Hon. A. J. Mundella, radical member for Sheffield, and president of the Board of Trade in the former liberal ministry, thought it would become necessary to exclude Canada from the operation of the bill.

Mr. Balfour, government leader, spoke in favor of the bill, reviewing the points in dispute. He said that the bill was not intended to give the security necessary to the farmers. Diseases, he explained, remained latent for a long time. Only recently there was an outbreak of pleuro pneumonia in England, and a whole herd had to be killed. Continuing, Mr. Long said a case in 1892, which was only discovered in 1895, had cost the country £15,000, and it occurred in spite of the examination made at the port of entry. The government did not desire to do anything which could injure the cattle or the industry of the loyal and splendid colonies of Canada, and Mr. Long denied that the bill was intended for protection except against diseases.

The Times adds that Mr. Long was acting upon evidence and arguments which it is difficult to resist.

The Daily News and the Chronicle, both liberal, have editorials which protest strongly against the long bill, as a measure of barefaced protection.

MINISTERS DENOUNCE SOCIALISTS. Accused of Mixing Lies with a Little Truth.

BERLIN, March 23.—The Reichstag today a question was asked regarding the publication without authorization in January last, by the Voerwarts, of the amnesty decree. The minister for war, General Born, and the minister for interior, Herr Schellendorf, replied that socialist workmen had been induced to steal by their socialist tenets, and therefore socialist connivance at the act. The general proceeded to deliver an indictment of the principle of the amnesty decree, and then cited cases in support of his assertions. He declared, for instance, that Herr Bebel, the socialist leader, had frequently allowed men to be hanged for the sake of the Reichstag as the mouthpiece of gross untruths. His (Bebel's) assertion of arbitrary conduct and injustice in the army, said the general, had done more to injure the army than was above those charges and attacks upon the part of the socialists.

Herr Schellendorf replied that the abstraction of the amnesty decree was a harmless act.

The minister for war pointed out that the publication in the middle class press of drafts of the amnesty decree was a breach of confidence, was in every way reprehensible.

During the course of a stormy debate upon the Reichstag, Baron von Suol-Berebeng, frequently called Herr Bebel to order for violent language. The latter asserted that the amnesty decree was biased, and he accused conservatives of suppressing recalcitancy.

Baron von Hammerstein and several other members of the Reichstag, however, rebuffed Herr Bebel with having mixed truth with lies and then exaggerated the result. The debate was adjourned.

INTERPRETING HOHENLOHE'S TOAST Reference to Bismarck Given a Varied Meaning.

LONDON, March 23.—A dispatch from Berlin to the Times says: "Four hundred past and present members attended Saturday's banquet to commemorate the first visit of the Reichstag in 1871. The socialists were present. It is believed the decision to toast Prince Bismarck unofficially was largely due to Chancellor von Hohenlohe's toast. The toast was very warmly received. There has been much speculation regarding the meaning of the toast. The socialists interpret the toast as a tribute to the man who has been a warning word to the regime of the great times that are past. This may refer to the fact that the Reichstag today lacks the national sentiment needed to make it worthily received by the people."

Thoughtful President Henry. PARIS, March 23.—Prince Henry of Orleans, who on March 12 was presented with the insignia of Knight of the Legion of Honor by the president of the republic, as a token of appreciation of his achievements today and thanked M. Faure, president of the republic, for the honor conferred upon him. The president, in reply, congratulated Prince Henry warmly upon his recent visit to the French coast, and his exertions in China and other countries. Prince Henry has also been presented with the large gold medal of the Geographic society of France.

Found Rifles on the Premises. KIMBERLEY, Cape Colony, March 23.—The preliminary examination of Mr. Hardin Williams, the American manager of the De Bours mines, took place today. Detective Leonard testified to having discovered on the premises 315 rounds of Remington-Union cartridges and 1,950 bayonets. Mr. Williams was remanded until April 2.

Russia Supports France. LONDON, March 23.—A Vienna dispatch to the Times says: "Russia supports the French view of the Dongola expedition. The Paris correspondent of the Times, commenting on the telegram from the French government, says: 'The French view of the Dongola expedition is an unusual occurrence, and this leads to the supposition that the subject of Baron de Courcel's call was an important one.'"

Victory for the Opposition. OTTAWA, March 23.—The government announces its intention to ask the House to remain in session till April 23. This is a triumph for the opposition, as up to the present the government has extended that Parliament will not adjourn until June 2.

Discussed the Egyptian Campaign. CONSTANTINOPLE, March 23.—An extraordinary council of ministers, which lasted all day long, was held on Saturday. The subject under discussion was the British-Egyptian expedition.

Scot the Consul to Investigate. CONSTANTINOPLE, March 23.—Mr. Barmham, the United States consul at Zeitouna, has been ordered to Kilise to report upon the disturbances which took place on March 20.

Miners Get What They Demanded. LONDON, March 23.—A dispatch from Vienna to the Times says: "The strike of the miners in Silesia has ended and the miners have obtained most of their demands."

SPAIN'S POSITION IS CLEAR

Prepared to Notify America to Keep Hands Off of Cuba.

WILL WHIP THE REBELS IN HER OWN WAY

Pleads with European Nations to Make Common Cause Against the United States in the Conflict Now Impending.

(Copyright, 1896, by Press Publishing Company.) MADRID, March 23.—(New York World Telegram—Special Telegram.)—It is an open secret that the Spanish government will be much pleased if President Cleveland sends a message to congress regarding American losses in consequence of the rebellion in Cuba. Such a message will not only give to the Madrid government a long-desired opportunity to take official notice of what has been going on in the United States and Cuba, but it will furnish a pretext for taking the following step:

First, sending a note clearly stating to the United States government Spain's intention to put down the rebellion in Cuba exactly as America did the rebellion in the southern states—that is to say, without tolerating any foreign interference, even in the form of mediation, and without taking the slightest notice of any recognition of Cuban belligerency except to regard it as further reason for insisting upon a stricter regime for neutral and military colonies in America against American interference and the pretensions of the Monroe doctrine.

Second, sending a memorandum to foreign governments, especially European powers, setting forth that Spain is defending a common cause of European nations, defending the rights of the American colonies, and the rights of the American people in America against American interference and the pretensions of the Monroe doctrine.

Third, claiming on the eve of a general election that the policy of the Canovet cabinet has been vindicated, thus casting the onus of a conflict on the United States as Senator Canovet, since March, 1895, has done everything in his power to avert a rupture of cordial relations between Spain and the United States.

It is also an open secret in political circles that the Spanish government will be rejected to be thus enabled to strengthen its position in the coming election, to enhance its credit at court, to obtain liberty of action in the future, and to push its preparations, actively pushed of late, and to push its schemes to secure money for prosecuting the war in Cuba.

The present march into the hands of the government by printing violent and anti-American articles in the last two days. The newspapers say it would be far preferable to know an enemy's intentions than to be deceived by the American government and the people than to have to suffer the consequences of an indirect pressure, which only serves the interests of the Cuban separatists.

An angry feeling against America is noticeably developing in all classes.

INSURGENTS FIRE ON EACH OTHER. Losses Reported to Have Occurred on Both Sides.

HAVANA, March 23.—The insurgents have burned forty houses in the village of Punta Bravura and on the farm of San Ramon, in the Sancti Spiritus district of Santa Clara.

It is stated the insurgent bands commanded by Toledo and Maceo recently fired upon each other through a clump of woods, causing losses on both sides, and has given rise to a very bitter feeling between the two parties. The report that the insurgents hanged five peaceful laborers near Remedios turns out to be incorrect. A dispatch from Cabaiguano de Cuba says that the authorities of Baracoa, that province, have obtained possession of three empty boats which are believed to have belonged to a steamer which recently made a filibustering expedition on that coast.

In spite of denials from insurgent sources, five Spanish soldiers affirm that Quintin Rodriguez, the insurgent leader, was shot in the wounds which he received in a recent engagement with the government forces.

Major Menendez, at Hoyo Colorado, province of Havana, March 22, killed and captured the insurgents, who lost five men, killed Colonel Martin, in the Sancti Spiritus district of the province of Santa Clara, had a brush with the enemy, killing five insurgents and capturing several prisoners and a quantity of baggage.
