

HOUSE BOWS TO THE SENATE

Abandons Its Cuban Resolution that Harmony Be Obtained.

HALF BREEDS HAVE NO TRIBAL RIGHTS

Children of Indian Mothers and White Fathers Not Entitled to Be Carried as Charges Against the Government.

WASHINGTON, March 25.—(Special Telegram.)—An additional conference was held today between the senate and house committees on foreign affairs relative to the Cuban question. As a result of talks had with several members of the conference committee upon its completion it seems altogether likely that the house members will recommend to their body the senate resolutions, thereby considerably clearing the present complicated situation. The senate conferees insist upon the letter of their resolution, and in order that congress may get itself out of the present dilemma the only thing left seems to be that the house must adopt its resolution for that of the senate. To the student of diplomacy these resolutions show the difference between freedom and freedom. It is the old fight on the tariff question over again, but in a different dress. Chairman Hitt of the foreign affairs committee of the house stated to the Bee correspondent today that he had never seen so many petitions upon a single question during his legislative career as have been filed in the Cuban case.

CONFERENCE GETTING TOGETHER

Probability that the Senate Resolutions Will Be Accepted. WASHINGTON, March 25.—The conferees of the two houses on the Cuban resolutions held another meeting today, but again adjourned without reaching a conclusion. They, however, went far enough to justify the belief that another session, which will be held tomorrow, will conclude the conference. The indications favor the passage of the resolutions by the senate, and the acceptance of the senate resolutions, which is opposed as the whole resolutions are through senate under the present rules, are well understood by the conferees, and the conviction is gradually forming upon them that the safest course to pursue is that which will require no further action by the senate. The house members of the conference are loath to give up their resolutions, but it is understood they will do so if it is not necessary to secure the concurrence of the two bodies.

Senator Cameron's contribution to the senate resolutions, that the friendly offices of the United States should be offered to the president to the Spanish government for the recognition of the independence of Cuba, is antagonized by the house conferees, one of whom stated that it would be equally diplomatic and proper to offer friendly offices to Great Britain for the attainment of Canada's independence. On the other hand, the clause of the house resolution looking to the extension to the interest of the United States, is opposed by the senatorial side of the conference, although the house conferees think it more tenable than the other clause. Concerning the expression of sympathy with the insurgents and the recommendation that the United States should accord them belligerent rights, there is no difference of opinion. In case the senate resolutions are accepted by the conference, the question will again be thrown into the house, and in all probability more debate will be had in that body when the conferees make their report and several members are preparing speeches in anticipation of the opportunity. Cuba's most important matter of words is of small importance and that congress should present a solid front to other nations in the matter.

SALARIES OF LETTER CARRIERS

Postoffice Committee Agrees to an Amendment of Law. WASHINGTON, March 25.—Representative Sperry of Connecticut from the postoffice committee has reported to the house the bill agreed upon by the committee fixing the maximum salary of letter carriers in cities of more than 75,000 population at \$3,500 per year, and in cities of less than 75,000 inhabitants at \$3,000 per year.

Free delivery service, says the accompanying report, is now a source of quite a large income to the carriers, and should not become a law it would become more than self-sustaining. It is believed that the carriers, who are faithful, having full knowledge of the routes, and are in a position to do their duty, would be willing to continue in the discharge of their duties and would not be looking for other positions if their change in salary could be obtained. Mr. Allen attacked the high salaries proposed to be given to district attorneys and criticized the manner in which these salaries were being put through the senate. He declared that the offices of the district attorney were given frequently in payment of political debts, and instead of requiring a high degree of legal talent, they were given to "shysters," who could not earn a living out of office.

Mr. George attacked the entire policy of giving high salaries to district attorneys, and said that the salaries of the district attorneys were being put through the senate. He declared that the offices of the district attorney were given frequently in payment of political debts, and instead of requiring a high degree of legal talent, they were given to "shysters," who could not earn a living out of office.

Advisory Board of the A. P. A.

WASHINGTON, March 25.—The advisory board of the A. P. A. was in session here practically all of today. Judge Stevens of Missouri presided, Dr. J. B. Dunn of Boston was secretary and among the other members were Dr. Thompson of Missouri, Dr. Colt of New York, General L. A. Sheldon of California, Colonel Crosby of Baltimore and J. W. Ford of New York. Many prominent members of the advisory board are in the city. C. T. Beatty of Chicago, supreme secretary of the supreme council; C. P. Johnson, state president of Illinois, and J. H. Traylor, national president of Michigan, are here to appear before the board and present their political views and unusual precautions were taken to insure secrecy.

Filling Vacancies in the Board.

WASHINGTON, March 25.—A number of vacancies will occur in the board of managers of the Soldiers' Home this year, and the republican members of the house military affairs committee have decided to recommend to the full committee the appointments of General Franklin of Connecticut, ex-representative Thomas Henderson of Illinois, G. T. Beale of Maine, and Representative George W. Steele of Indiana to fill the vacancies. Messrs. Franklin and Steele will succeed themselves. Mr. Henderson will take the place now held by General John C. Black of Chicago and Mr. Beale will succeed General Franklin of Connecticut, who declined reappointment.

WASHINGTON, March 25.—The president today sent to the senate the following nominations: Postmasters—Guy Northrop, Pass Christian, Miss.; Patrick J. Ryan, Durand, La. War—the following named non-commissioned officers to be second lieutenants: Corporal H. A. Slevert, Twelfth infantry; Corporal H. Shaw, Twenty-first infantry; Corporal R. S. Turman, Sixteenth infantry; Sergeant W. B. Cochran, Fifth infantry; Sergeant H. A. Rethers, First infantry.

Considered the Hawaiian Cable.

WASHINGTON, March 25.—The senate committee on foreign relations today briefly considered the Hawaiian cable question, but deferred action until next Wednesday, when the committee will make an effort to discharge the question. A bill has been drafted by the committee embodying what are believed to be the best features of the Scribner and Spaulding bills, but omitting all names, which the committee will make the basis of its discussion.

SENATOR ALLEN OBJECTED

Resolution Authorizing General Harrison to Accept a Decoration Goes Over.

GALLINGER PROPOSES AN AMENDMENT

Plants of Connecticut Offers a Resolution Providing for an Adjournment of Congress Early in May.

WASHINGTON, March 25.—Both the floor of the senate and the galleries were well-nigh deserted when the session opened today, as there was promise that the exciting Cuban debate would give way to the routine of appropriation bills.

Following this Mr. Sherman presented a favorable report on the resolution authorizing ex-President Benjamin Harrison to accept a decoration conferred upon him by Brazil and Spain, which he was president. Mr. Sherman asked immediate action. "Let that resolution go over," interposed Mr. Allen.

One objection was sufficient to prevent immediate action, so the resolution went over. Mr. Gallinger proposed an amendment to the constitution to be known as article XVII, providing that neither congress nor any state shall pass any law respecting an establishment of religion, or prohibiting the free exercise thereof, or using the credit of the United States, or any state, or any money raised by taxation for the purpose of founding, maintaining or supporting any church, or any institution, society or undertaking which is wholly or in part under sectarian or ecclesiastical control, or which is in aid of any such institution, society or undertaking. The bill was passed authorizing the Kansas City, Watkins & Gulf Railway company to build a bridge across the Black river in Louisiana.

Resolved, by the Senate and the House of Representatives.

Resolved, by the Senate and the House of Representatives, that the president of the senate and the speaker of the house of representatives be authorized to close the present session by adjourning their respective houses on the 24 day of May at 2 o'clock p. m.

Without any further comment the resolution was referred to the committee on appropriations and the senate turned to the consideration of the legislature appropriation bill.

The question of reforming the fee system of the United States district attorneys and marshals occasioned much debate. Mr. Hoar proposed the change from fees to salaries by means of an appropriation bill, as it was a large subject needing separate treatment. Mr. Allen attacked the high salaries proposed to be given to district attorneys and criticized the manner in which these salaries were being put through the senate. He declared that the offices of the district attorney were given frequently in payment of political debts, and instead of requiring a high degree of legal talent, they were given to "shysters," who could not earn a living out of office.

Confirmation of the Senate.

WASHINGTON, March 25.—The senate in executive session confirmed the following nominations: John J. Brice of California, to be fish commissioner; R. L. Miller of Virginia, to be consul of the United States at Hull, England; Ethelbert Watts of Pennsylvania, to be consul of the United States at Horgen, Switzerland; J. T. Wright of South Dakota, to be an Indian inspector; John Lane of Washington, to be an Indian inspector.

Postmasters: Missouri, J. E. Schuck, at Jackson, Kansas, L. Goodfellow, at Fort Leavenworth, Montana, D. H. Brooks, at Bozeman, Nebraska, Mary F. Ballantine, at Syracuse.

Favorable to the Arbitration Bill.

WASHINGTON, March 25.—The house committee on labor today decided to report favorably the bill introduced by Representative Erdman in relation to arbitration between carriers engaged in interstate commerce and their employes. The measure has been advocated by representatives of a number of labor organizations.

Indians Will Give Up Lands.

WASHINGTON, March 25.—The secretary of the interior today sent to the house an agreement negotiated with the Indians of the San Carlos reservation, Arizona, for the relinquishment of a part of the reservation. He also submitted a draft of a bill to carry it into effect.

"Jack, the Kissers" Jailed Again.

Mr. Stratton, a transient Irishman, whose home is near Eighteenth and St. Mary's avenue, has a habit of pushing people off the sidewalk in front of his shop, throwing ashes on the heads of those living in the neighborhood and naming and hurling words of abuse at the bystanders. He has been arrested several times in the last month ago he earned the sobriquet of "Jack the Kissers" and was sent to jail for a month for doing a small job, and when no one was about he kissed the woman who was engaged in kissing her behind the back, and yesterday went back to jail with a son of a bitch on his head. GENERAL CASEY DIES SUDDENLY

Taken Ill While Attending to His Duties. WASHINGTON, March 25.—Brigadier General Thomas Lincoln Casey, retired, for many years chief of engineers of the United States army, died at 3 o'clock this afternoon. He had been specially designated by congress to be in charge of the construction of a new congressional library opposite the capitol, and since his retirement from the office of chief of engineers, owing to his having reached the age limit, he had been engaged as an engineer that congress, being dissatisfied with the slow progress made in the work while under the control of the architect who had been in charge, had elected General Casey to take charge of the construction. The dead man was best known through the fact that the Washington monument was erected by his design, and he remained for several years in an unfinished state.

He was taken sick about 11 o'clock at the building he was superintending, and was removed to his home, where he died at 3 o'clock this afternoon. He was very popular. General Casey had been feeling ill for some time, and during his recovery from an affection of the kidneys, which he rallied with great difficulty. Previous to today, he had not been at the library since last Tuesday, March 19th, and on that day, accompanied by his son, he visited the building, but was immediately compelled to lie down, suffering from excruciating pains in the chest, and he was taken to his home, where he died at 3 o'clock this afternoon. A doctor was summoned, who relieved him considerably, and about noon the general was taken to the hospital, where he died at 3 o'clock this afternoon. The message announcing his death was received at the library shortly after 3 o'clock, and there was a great shock to the officials there, with whom he was very popular.

General Casey was of New England ancestry, and was born in 1838. He was appointed a lieutenant in the army in 1858, and was graduated at the head of his class and appointed brevet second lieutenant, Corps of Engineers, in 1860. He was an assistant engineer at Fort Monroe, engineer on the staff of the commanding general of the Department of Virginia, he was ordered in 1862 to the coast of Maine, where he performed the permanent defenses and field fortifications upon the coast of Maine. Having passed through the grades of lieutenant and captain, he was promoted to major in 1865, lieutenant colonel and colonel for faithful and meritorious services during the war. To him was committed the construction of the Washington national monument, the construction of the Medical Museum and library, and the construction of the monument to the grave of President Jefferson, the one at Washington's headquarters at Newburg, N. Y., the one at the birthplace of Washington, and the one at the birthplace of George Washington.
