Farmers in the State Will Take Advantage of Favorable Conditions.

GRAIN IN GREAT QUANTITIES

Pierce County Agriculturists Preparing for a Prosperous Crop Season and an Abundant

PIERCE, Neb., March 28 .- (Special.)-This section of the country was favored with a drenching rain last night, and the large quantity of small grain sown in the past ten days will be greatly benefited by the downpour. Farmers in Pierce county feel jubilant over the prospects for another bountiful crop this year. New settlers are coming in at a rapid rate from Iowa, Illinois and other eastern

EXETER, Neb., March 28 .- (Special.)-This part of the state was favored with a little more moisture yesterday morning, in the shape of rain. It began about 4 o'clock in morning and continued until 7 o'clock. In all about .12 of an inch fell. The indications are for either rain or snow today. Wheat and rye are looking fine, and farmer are jubilant. The difficulty of purchasing good seed has prevented farmers from putting in more spring wheat and cats, and less corn this year than formerly. Up to the presen time all kinds of fruits are in excellent con-

This places the soil in good condition. Farmers are busy preparing ground and seeding. They anticipate a good crop and are in the best of spirits.

NEBRASKA CITY, March 28 .- (Special.) -The heaviest rain for years fell last night Some cellars were flooded and considerable damage done by water in the warehouses of the Deliunty plow works.
DUNCAN, Neb., March 28.—(Special.)—A

rain fell here Thursday morning, but ncreased in force, until yesterday afternoon it was almost a hurricane. The air is ful of sand and dirt and all kinds of work is a a standstill. Although the county has had but very little snow this winter, yet the ground is damp as deep as parties have dug or post holes where ground was dry last eason. Where this moisture is coming from is the question now. The soil is it fine condition and seeding is in full blast. WINSIDE, Neb., March 28.—(Special.)— Farmers are beginning their seeding and

DUBOIS, Neb., March 28 .- (Special Tele gram.)-A severe rain storm, accompanied by hall, struck this city yesterday evening About 8 o'clock the storm reached its height The wind blew at a terrible gale, demolishing all the railroad corn cribs, blowing down several barns and chimneys and carrying away sidewalks.

BUCKMINSTER JURY DISAGREES Divided as to the Guilt of the Rush

ville Man. RUSHVILLE, Neb., March 28.—(Specia Telegram.)-The jury in the Sam Buckminster murder case was brought into court this afternoon and Judge Kinkaid informed that it could not agree. It is learned that it stood nine for conviction and three for acquittal.

In the Morrison murder case the In the Morrison murder case the state made a showing that three of their main witnesses were out of Nebraska and was granted a continuance for sixty days, the court adjourning this sitting until June 2. The defense, in a very able and forcible presentation, asked that its client be admitted to bail, but the court held that the mitted to bail, but the court held that the presumption of guilt on the part of the defendant was great, for the reason that he had already been found guilty of murder in the first degree, the jury fixing the penalty of death. Bail was therefore denied.

In Behalf of Temperance. SHELBY, Neb., March 28 .- (Special.)-Not always, at least, does Rev. Joe Jones talk for the coin to be derived therefrom. After his temperance lecture in the opera house Thursday the announcement was made that he would be here the next day also. The announcement was revoked after the hats were passed and the small amount of pecuniary assistance from the temperance people to the cause had been counted. Almers are beginning their seeding and though he was not expected he returned yes people on the subject of religion. No contribution was taken up at this meeting.

GREEN RIVER'S NEW RESOURCES Valuable Commercial Discovery of Company in that Place.

GREEN RIVER, Wyo., March 28 .- (Spe cial Telegram.)-The people of this city are highly elated over the discovery just made of the existence of almost pure sodium corbonate in and about Green River, the extent the State Board of Irrigation: Thomas of which is yet to be ascertained. Prof. E. county, John Spurzin, water from the Middle E. Sloscon of the Wyoming university, was recently sent a gailon of water taken from the well just drilled by the Green River Fuel and Oil company. This company was looking for oil, but the analysist informs them that they have struck something of far greater commercial importance, for the water, which bubbles and foams from the 699 foot well, contains 91 per cent pure sodium carbonate, which is worth not less than \$25 per ton. As it crystalizes by natural evaporation, the overflow from the well has deposited two feet of sodium about the well, which many people mistook for snow while the latter covered the surrounding surtace. When the snow disappeared, investigation was made of the white deposit and its value was learned. Five thousand acres have been recently filed upon as mineral

LOUISVILLE, Ky., March 28.-The two three-story warehouses of the Pleasure Ridge Park Distilling company were destroyed by fire this morning, with all their contents, including upward of 30,000 barrels of whisky. It is believed the fire was caused by a spark blown from one of the smoke stacks of the distillery proper. The plant was equipped with a fire service, but as the fire started forty-five feet from the ground, the streams could not reach the flames. The fire spread to the barrels inside the buildings, and in less than ten minutes the first barrel exploded, throwing burning whisky all over the place and putting the fire beyond control. The wind was blowing a gale and fanned the flames to a great height. The efforts of the employes were directed toward saving the distillery proper, and as that was on the windward side of the fire they were able to cut off the flames from it. The cooper shop burned to the ground in less than twenty minutes. The total loss is about \$425,000, of which \$390,000 is on bonded whisky, \$10,000 on free whisky, and the remainder on buildings. The insurance is about \$325,000.

ST. PAUL, March 28 .- At 3:40 this morn ing fire broke out in the five-story brick building, corner Seventh and Cedar streets principally occupied by Yerkes' wholesald grocery. The flames spread with great rapidity, and owing to the high wind the firemen had to confine their efforts to saving adjoining property. The loss on the Yerkes stock and building is estimated at \$70,000. About a dozen people had rooms on the upper floors, and it was at first thought a number had perished. It was later found that all who had rooms in the building had escaped. W. E. Ryder was severely injured about the head and shoulders, but it thought fatally. The quick work of the fire department saved the occupants of the upper stories, and a number of people had to be taken out on the ladders. The fire is supposed to have started from an overturned

CHICAGO, March 28 .- The mystery of the body found in the box by Carl Hass and Philip Griess at Austin Thursday afternoon yet remains unsolved. Three cases of men who have disappeared in the west in or near Salt Lake City have been reported to the authorities, but there seems to be no way of determining the identity of the body. The cases are: Oliver Pike, disappeared at Seattle, Wash., three years ago; an Englishman, employed on a ranch near Salt Lake City. three years ago; Joanes Prosper Chazal, disappeared at Salt Lake City three years ago. seems unlikely, the police say, that the body at the morgue is that of Chazal. The Frenchman is described as being five feet eleven inches in height, while the body is only five feet six inches. The teeth of the Frenchman were filled with a composition of steel, while the teeth of the cadaver are sound and without fillings. THE CAUSE OF LAGRIPPE.

Now Admitted to Be From Deranged Digestion. Careful observation in many cases of La

Grippe extending over several years have gradually developed the fact that it is very generally caused from dietetic errors. In other words, during the prevalence of LaGrippe persons who suffer from indigestion or stomach troubles are almost invariably victims of the epidemic.

This can be readily understood when you remember that the germs of any disease cannot gain a footbold in the system of a man or woman blessed with perfect digeation, because perfect digeation means perfect health, and such persons can bid defiance to La Grippe or to any other prevailing epi-

For this reason physicians have recently introduced into their practice the new prep-aration known as Stuart's Dyspepsia Tableta as an almost certain preventative of La Grippe, as this remedy, by giving perfect digestion and assimilation of the food so fortifies the system against disease that all dan-ger from this epidemic is reduced to a mini-

So popular have Stuart's Dyspesia Tablets become that it is claimed that within one month after being made known to the public one hundred and nine-three druggiets in Detroit, Mich., alone were selling it, and today they pronounce it the most estisfactory remedy they are selling for all forms of stomach derangement. The price at druggists is but 50 cents for

full sized package. It is not a cure-all, but is recommended as a cure for Dyspepsia and stomach troubles only. A little book on Stomach Diseases sent free by addressing Stuart Co., Marshall, Mich.
